See SGV Greenway Network Strategic Implementation Plan Design Guidelines and Standards Section 8 for additional guidelines on sign placement and use.

When grouping destination signs, maximum three destinations can be grouped per MUTCD standards

The order of signs must be hung with straight (up) arrow on top, followed by destinations to the left, and then destinations to the right

Arrow pointing right should appear on far right of sign, arrows point straight (up) and left should appear on the far left of sign

Can include logo to left of Destination Name (e.g. Metro logo), height of logo or icon should not exceed height of capital letter in Destination Name

Sign size: 26.75 inches wide by 7 inches tall
Anti-Graffiti treatment on top

A retroreflective substrate should be used on all directional signs per MUTCD requirements. Refer to latest MUTCD guidelines for the most current level of retroreflectivity requirements.

White border: .5 on all sides
with .875 inch radius rounded corners

All margins within Pantone 34-35C green background:
1.5 inches minimum on all sides
Rounded corners .875 inch radius

NOTE: Convert all text to outlines before sending to fabricator, as they may not have the font
