## From the Airport Manager

Salvador Eulloqui ([seulloqui@dpw.lacounty.gov](mailto:seulloqui@dpw.lacounty.gov))

We finally had the opportunity to see the return of the Annual Airport Open House this past weekend (May 4th, 2024)! Hopefully everyone had the opportunity to enjoy it. As planning efforts move forward for the next event, let us know how your experience was with bringing back the event. As always, all thoughts, comments, and ideas are welcome.

## Airport Ops & Admin

We encourage everyone to use the online Airport Tenant Portal to submit hangar/tiedown maintenance related work requests. This is the best and quickest way for airport management to assign and track progress from the time a request is submitted to the time it is completed. This also allows us to monitor any delays and provide status updates to our tenants directly to their online accounts.

Airport security and operational safety are enhanced when we all remain aware of our surroundings and comply with the airport's rules, regulations, and policies. Making sure that only authorized vehicles or persons enter the airport access gates and that the vehicle access gate closes behind you before proceeding in or out of the airport goes a long way towards preventing vehicle/pedestrian deviations or other security/safety issues. Also, if you see something unsafe or that may compromise security, please report it to airport management. Your cooperation is essential.

Swift's UL94 unleaded avgas is anticipated to be available for purchase, in addition to 100LL, at the airport starting June 1st. Please contact airport management if you have any questions.
