Monthly Newsletter

November 18, 2024

From the Airport Manager

Salvador Eulloqui (seulloqui@pw.lacounty.gov)

Hello, everyone. I know the holidays are approaching and everyone's schedule will be getting tight. With that being said, I want to remind those who haven't had their hangar inspected to give us a call to schedule your inspection. Also, repairs are still underway to restore service to the self-serve fuel island. We anticipate that we will have it back up and running soon.

Airport Ops & Admin

Ramp safety is always a priority. During the past weeks we have observed gusty winds at the airport. If your aircraft is parked on a tiedown, it is very important to ensure that your aircraft is properly secured and chocked to avoid any incidents due to the wind.

Also, if you have a storage bin on your tiedown, please ensure that is appropriately secured and isn't and won't become a hazard to aircraft, vehicles, and people on the airport.

The airport waste bins are emptied every Monday and Thursday. Please be sure to only deposit trash inside the containers. Do not leave trash on top or outside of the containers. Also, please be aware that the following items are prohibited from being disposed of in the airport waste bins :

- Electronics (including batteries)
- Tires
- Construction Debris
- Liquids and Hazardous Materials
- Furniture and other Large Bulky Items (needs to be broken down)

Thank you for your cooperation.

Airport Events & Activities

Aircraft Display Day
Sunday, November 24
9 a.m. to 1 p.m.

Aviation Commission Meetings

Wednesday, November 27
10 a.m. to 12 p.m.
San Gabriel Valley Airport

Holiday Toy Drive

Public Works is partnering with Los Angeles County Department of Parks and Recreation and Brotherhood Crusade to collect toys for children in need. Toys are being collected from **Tuesday, November 12, through Tuesday, December 10, 2024**.

New, unwrapped, gifts may be deposited into the marked bins located in the airport terminal buildings at each of the County airports. Your contributions are greatly appreciated and help make a positive difference in the lives of underprivileged children.

New ATCT Facilities for Two County Airports

Two of the County's general aviation airports, Brackett Field Airport and San Gabriel Valley Airport, are slated for the construction of new Airport Traffic Control Tower (ATCT) facilities to replace the current facilities.

The initiatives will be funded through the Bipartisan Infrastructure Law (BIL) which is providing \$5 billion over five years starting in Federal Fiscal Year 2022, to upgrade the foundation of the Federal Aviation Administration's (FAA) air traffic control system.

To qualify for the new facilities through the BIL program, the current ATCT facilities at both airports met various criteria based on ownership (they are both owned by the FAA), age (both are over 40 years old), and design characteristics/limitations, among others.

The FAA is currently conducting site selection for the new facilities with design, construction, and equipping the new facilities to follow. Construction of the new ATCT facility at San Gabriel Valley Airport may commence as soon as late 2026. Timing for construction of the new ATCT facility at Brackett Field Airport is yet to be determined.

There will be no interruption in the FAA's airport traffic control services at the airports throughout construction of the new facilities which will bring enhanced safety and efficiency of operations to the airports.
