From The Airport Manager

Adam Sikorski (asikorski@dpw.lacounty.gov)

Hello, Fox Field!

As you may already know, I was promoted to the position of Airport Manager last month. I am thankful for this opportunity and the support that I have received. I look forward to continuing to work with every tenant and all stakeholders in maintaining a safe, clean, and operational airport in the years to come. Thank you for helping me achieve that goal.

As the 2024 fire season (hopefully) comes to a close, we reflect on an especially active period. The USFS Air Tanker Base played a crucial role, delivering over one million gallons of Phos-Chek to combat wildfires in our region. You may have noticed increased helicopter activity on our ramp recently; this was due to Fox Field hosting a variety of helicopter contractors for their carding and certification in preparation for the next fire season.

Thank you for your patience and cooperation as we accommodate these essential activities. Your support helps us ensure readiness and safety in the future.

Please allow me to take this time to wish everyone a wonderful holiday season on behalf of the Fox Field staff. As we conclude 2024, we look forward to another year of serving Fox Field in 2025. Thank you!

Airport Ops & Admin

We are continuing to conduct hangar inspections. Please contact airport management to schedule your hangar inspection if you have not already done so.

Thank you for your cooperation.

What a Year 2024 Has Been...

The past 12 months have been busy for the County's five general aviation airports! Following are just some of the events and activities at the County airports this past year.

Brackett Field Airport (KPOC)

- * The airport was selected by the FAA to receive a new and modern Airport Traffic Control Tower. Site selection is currently underway.
- * Design is underway for pavement reconstruction and restriping of the north runway and taxiways. Construction is anticipated to begin in 2028.

Compton/Woodley Airport (KCPM)

- * Recognized and celebrated the airport's 100th anniversary.

General Wm. J. Fox Airfield (KWJF)

- * MH Fuels took over providing retail aviation fueling services from the County in June. They provide self-service 100LL and full-service 100LL and Jet A.

San Gabriel Valley Airport (KEMT)

- * The airport was selected by the FAA to receive a new and modern Airport Traffic Control Tower. Site selection is currently underway.
- * Design is underway for pavement reconstruction and restriping of the runway and taxiways. Construction is anticipated to begin in 2026.

Whiteman Airport (KWHP)

- * UL94 unleaded aviation gasoline is available for sale as of June 1st.
- * Implemented a voluntary nighttime curfew for aircraft operations.
- * Billion Air Aviation took over retail aviation fuel services from the County in June. They provide self-service 100LL and full-service 100LL and Jet A.

Also this year, Public Works secured preliminary approval from the Federal Aviation Administration of over \$55 million in grant funds for a ten-year infrastructure upgrade plan and implemented a comprehensive Capital Asset Management System for the five County airports.

From all of us at Public Works, we wish you a very happy holiday season and a safe and prosperous new year.
