3. The following revision has been made to the second paragraph on Page 2 of the IFB Notice:

The services requested in this IFB **require payment of** ~~include both prevailing wage and~~ **includes** nonprevailing wage work. For example, **all** activities, **in order to** ~~such as~~ physically **remove** ~~removing~~ the graffiti tags (removing graffiti by using chemical solvents, pressure washing, and painting on various surfaces to remove or cover the graffiti and to perform paint-out projects to beautify surfaces and objects) require payment of prevailing wages; ~~however, other activities needed to perform this work may not be subject to prevailing wage.~~ **Also, patrolling and driving to and from the sites by Contractor's crew to remove graffiti tags requires payment of prevailing wage. Examples of potential non-prevailing wage work are administrative duties associated with performance of this contract such as conferring with the Public Works staff concerning graffiti removal requests, invoicing issues, contract related communications, etc.**

4. The following paragraph has been added to Page 2 of the IFB Notice:

Important Notice: During the bidders' conference that was held on Tuesday, March 6, 2018, Public Works staff may have suggested that patrolling is not subject to the payment of prevailing wage. Any statement to the contrary should be disregarded.

5. The following revision has been made to the last paragraph on Page 4 of the IFB Notice:

In selecting the prevailing wage classification(s) appropriate for the work, bidders may consider the DIR's June 24, 2016, decision regarding Matter of Request for Review of Graffiti Protective Coatings, Inc., Case No. 15-0182-PWH from Civil Wage and Penalty Assessment issued by the Division of Labor Standards Enforcement.

Also, we recommend that you review the Division of Labor Standards Enforcement, Public Works Manual in reference to workers performing work under two or more classifications, specifically, sections 3.2.7.1 and 4.1.4.
