REQUEST FOR PROPOSALS – INFORMATIONAL UPDATE 1 ON-CALL NONEMERGENCY REMOVAL OF HAZARDOUS MATERIAL (BRC0000244)

Please note that the deadline for Proposal submission is **Thursday, February 10, 2022, by 5:30 p.m.**

The following answers are in response to the request for information and clarification and other questions submitted by Proposers for the On-Call Non-Emergency Removal of Hazardous Material (BRC0000244). Questions presented in this Addendum represent the questions asked by the Proposers in the form and context submitted. All addenda and informational updates will be posted at <http://dpw.lacounty.gov/brcd/servicecontracts>. Please check the website frequently for any changes to this solicitation.

Question and Answer to On-Call Non-Emergency Removal of Hazardous Material

1. **Question:** Provide the current contractor's name and pricing?

Response: The current contractor is Ocean Blue Environmental, Inc. A copy of the current contract, which includes its pricing sheet, has been uploaded at the following website: <http://dpw.lacounty.gov/brcd/servicecontracts>.

2. **Question:** Please define "subcontracting". Unless the winning bidder has all equipment, labor, disposal facility, etc. individually owned by them there may be subcontracting taking place. Is this only if a contractor's license is required to perform that type of work per Contractors State License Board?

Response: Please refer to Exhibit B, Service Contract General Requirements, Section 1, Interpretation of Contract, paragraph B, Definitions; however, subcontracting is not allowed for this service. If a proposer makes reference to a subcontractor or if a proposer includes a list of subcontractors to perform the work requested, the proposal will be immediately disqualified. Please disregard any reference to subcontractors in this Request for Proposal (RFP).

3. **Question:** Please define "Contractor will not receive a 10 percent handling fee for this service". How does this apply? Need more detailed explanation.

Response: Disposal of identified materials under Items 5 and 6 will not include the 10 percent handling fee. Please refer to Schedule of prices.

4. **Question:** How often are there pick-ups at each location?

Response: Every quarter (four full days per quarter: January, April, July, and October) and as needed (approx. 10-15 additional requests per month).

5. **Question:** also, the NO subcontracting, is that only in regards to labor or equipment also? Subcontracting is not allowed for this service. If a proposer makes reference to a subcontractor or if a proposer includes a list of subcontractors to perform the work requested, the proposal will be immediately disqualified. Please disregard any reference to subcontractors in this RFP

Response: Please refer to Exhibit B, Service Contract General Requirements, Section 1, Interpretation of Contract, paragraph B, Definitions, However, subcontracting is not allowed for this service. If a proposer makes reference to a subcontractor or if a proposer includes a list of subcontractors to perform the work requested, the proposal will be immediately disqualified. Please disregard any reference to subcontractors in this RFP.

6. **Question:** What is the dollar amount spend to date for each contractor on this contract?

Response: There is only one contractor performing the work under this contract. The total dollar amount spent to date is \$734,166.

7. **Question:** How many contractors are to be selected?

Response: One contract will be awarded by this solicitation for this service.

8. **Question:** If multiple contractors are to be selected how will task orders be issued (price, round robin, etc.?)

Response: Please see response to question No. 7.

9. **Question:** We are a certified LA County small minority business, with significant experience in this field; however, to augment staff and equipment we often use subcontractors, we request the County to be more liberal and allow subcontracting?

Response: Subcontracting is not allowed for this service. If a proposer makes reference to a subcontractor or if a proposer includes a list of subcontractors to perform the work requested, the proposal will be immediately disqualified. Please disregard any reference to subcontractors in this RFP. Please disregard any reference to subcontractors in this RFP. For additional information, please refer to Exhibit B, Service Contract General Requirements, Section 1, Interpretation of Contract, paragraph B, Definitions.

10. **Question:** will requests for rate increases will be allowed after the 1st year?

Response: No, Contractor must honor its submitted price for the entire contract terms including all option terms. However, this contract includes a Cost-of-Living Adjustment in accordance to paragraph tenth of the Sample Agreement included with this Request for Proposal.

11. **Question:** If subcontractors are not allowed, does this mean the Community Business Enterprise Participation is not necessary?

Response: That is correct. The Community Business Enterprise Participation is not applicable to this solicitation regarding subcontracting.

12. **Question:** On Form PW-2 Item No. 6, is disposal also supposed to be included in the unit rate? The description does not mention disposal or recycling.

Response: No. PW will pay disposal fees + 10 percent handling fee, as long as contractor provides invoices paid to the disposal facility.

13. **Question:** Can the prices submitted on Form PW-2 be updated annually based on economic and cost increases?

Response: No. Please see our response to question No. 10 above.

14. **Question:** Will the scope of work include homeless encampment cleanup services?

Response: Yes, some of the work involves scheduled homeless encampment cleanups.

15. **Question:** Is it possible to extend the site visits request deadline, questions deadline, and proposal submission deadline by at least 7-10 days each?

Response: No extensions of time are being considered at this time.

16. **Question:** Please provide information on the quantities of waste collected from each site in the past 12 months.

Response: PW keeps a log of hazardous waste generated at field locations that requires a manifest form. Please refer to the attached file for 2021 (Enclosure A) for total tonnage picked up by the contractor per site. PW currently does not have a comprehensive log of non-hazardous waste generated at field locations. PW currently does not have a comprehensive log of waste generated during homeless encampment cleanups.

17. **Question:** Please provide information on the total contract spend in each of the last 3 years.

Response: 2019: \$675,197; 2020: \$659,471; 2021: \$734,166

18. **Question:** Please provide a list of approved disposal and recycling sites.

Response: Contractor must provide a list of disposal and recycling sites with rates.

19. **Question:** Would a laboratory or a traffic management company be considered vendors or subcontractors? This distinction is important because no subcontractors are permitted on this contract.

Response: The Scope of Work does not involve laboratory testing of material. Proper testing or identification of any unknown substance found at a site would be identified by the chemist onsite. Most hazardous material pickups are performed at County facilities and no traffic management is necessary. In certain cases when PW requests a homeless site cleanup, PW will coordinate the cleanups with the contractor and the LA County Sheriff, and no traffic management is necessary. Subcontracting is not allowed for this service. If a proposer makes reference to a subcontractor or if a proposer includes a list of subcontractors to perform the work requested, the proposal will be immediately disqualified. Please disregard any reference to subcontractors in this RFP. For additional information, please refer to Exhibit B, Service Contract General Requirements, Section 1, Interpretation of Contract, paragraph B, Definitions.

20. **Question:** Re: Page 101 of the RFP, item I – Please clarify when we are permitted to and not permitted to include a 10% handling fee in addition to waste transportation and disposal costs.

Response: Disposal of identified materials under Items 5 and 6 will not include the 10 percent handling fee. Please refer to Schedule of prices.

21. **Question:** Re: Page 101 of the RFP, item L – Please clarify what you mean by "debris" and provide information on the quantity of debris collected in the last 3 years under the current contract.

Response: Any waste collected, or any material used by the contractor during clean ups that becomes waste. For example, boom socks used, oil rags, etc. PW keeps a log of hazardous waste generated at field locations that requires a manifest form. Please refer to the attached file for 2019, 2020, and 2021 (Enclosure A) for total tonnage picked up by the contractor per site. PW currently does not have a comprehensive log of nonhazardous waste generated at field locations. PW currently does not have a comprehensive log of waste generated during homeless encampment cleanups.

22. **Question:** How much is the current contract for?

Response: The current contract's annual amount is \$800,000.
