EVALUATION CRITERIA (Total Possible Points)	POINTS AWARDED	COMMENTS
PROPOSED PRICE (65 Points)  Lowest Total Proposed Annual Price on Schedule of Prices receives full weight.  Remaining proposals rated as follows:  Lowest Total Proposed Annual Price / this proposer's Total Proposed Annual Price x 65 points = score  \$ 308,500	65	308,500/308,500 x 65 = 65
REFERENCES (5 POINTS)  Contract Services staff will check a minimum of three references for overall satisfaction with the Proposer's services, with priority given to services provided to County departments. Factors to be considered include, but are not limited to, work quality, completion of work on schedule and within budget, and responsiveness. Each reference is rated as 1.66 points (3 references for a total of 5 points). Each reference survey is comprised of 10 questions rated on a scale of 0-10. The reference score is calculated as follows:  (1) For each individual reference survey: (total number of points given / 100) x 1.66 (2) Add up the scores for all three surveys = overall score for References criteria	4.51	96/100x1.66 = 1.59 97/100x1.66 = 1.61 79/100x1.66 = 1.31
EXPERIENCE (5 POINTS)  Factors to be considered are: experience in providing the type of services requested to large organizations with demonstrated quality and reliability standards having been met in the service provided. Additional weight may be given to experience providing services to agencies of similar size and nature. The score will be determined from staff and proposers experience as documented by the proposer in the proposer's own comprehensive description of its capabilities and as described by proposer's references. A score of zero in this evaluation category may result in rejection of the proposal. Assign the score matching the paragraph that best describes the proposer:  • Extensive related experience: = 5 points  Proposer's staff has extensively engaged in similar services requested. Overall, Proposer's experience is highly extensive when considering all relevant information presented in the RFP  • Meets minimum experience: = 3 points  Proposer's staff has engaged in the services requested. Similar experience with Mid Valley Landfill is not listed as reference only mentioned under experience section, therefore cannot confirm experience.  Subcontractor's staff (MSW) has extensive experience performing the services requested.
STAFFING PLAN (5 POINTS)  The evaluators may award up to maximum of 5 points based on their evaluation of the adequacy of the Proposer's staffing plan to meet all of the requirements of the Scope of Work.  Significant unacceptable weakness in any of the Staffing Plan may result in a low or zero score. A score of zero in this evaluation category is unacceptable and may result in rejection of the Proposal as nonresponsive.  • Extensive staffing plan:  = 5 points  Staffing is appropriate to service and sufficient to ensure full coverage and prompt response at all times. Staff is highly skilled and can be relied on to furnish the most prompt and accurate results. Strong supervision is reflected in staffing plan and will likely result in the most effective service.	3	Page 1 provides biography on 3 primary staff members and 5 support staff members.  Only 2 staff have extensive experience in solid waste, the others have more project management experience.  Contract is for 2 years and only 1500 hours, which rounds out to about 60 hours per month. 2 Staff members is sufficient for the amount of hours requested.
