NOTICE OF INVITATION FOR BIDS FOR AS-NEEDED CHANNEL RIGHT-OF-WAY CLEARING SERVICES – WEST AREA (2016 – AN003)

PLEASE TAKE NOTICE that Public Works requests Bid Submissions for a contract for As-Needed Channel Right-of-Way Clearing Services – West Area (2016-AN003). This contract has been designed to have a potential maximum contract term of 5 years, consisting of an initial 1-year term and four potential additional 1-year option renewals. The total annual contract amount of these services is estimated to be \$630,000. The Invitation for Bids (IFB) with contract specifications, forms, and instructions for preparing and submitting Bids may be requested from Ms. Janet Lee at (626) 458-7167, jalee@dpw.lacounty.gov, Monday through Thursday, 7 a.m. to 5 p.m.

There are no mandatory conference and walk-through for this solicitation; however, it is the Bidders' sole responsibility to do their due diligence and to contact the Contract Manager (CM) to arrange a site visit and familiarize themselves with each site location and its requirements before submitting their bid. Bidders must coordinate with the CM prior to visiting the site. Arranging the date and time of the site visits will be at the CM's sole discretion. The CM's name and contact information can be found in Exhibit A.1, Scope of Work. All site visits should be carried out prior to the established Bid Submission deadline. The Bid Submission due date will not be extended to allow extra time to conduct the site visits.

All interested firms that are included in the Qualified Contractor List resulted from Request for Statement of Qualifications for As-Needed Channel Clearing Services (2015-SQAN007) are invited to submit a Bid provided that they meet the Minimum Requirements identified in this Invitation for Bids.

Minimum Requirements: At the time of Bid submission, Bidders must meet all minimum requirements set forth in the IFB document including, but not limited to:

Subcontractors are not allowed for this service except for the use of services of an arborist and/or a horticulturist.

1. Bidder must have a minimum of three years of experience providing landscaping services similar to the service being solicited.

2. Bidder must demonstrate that they will provide a minimum of five crews to provide the landscaping services. Each crew must consist of a minimum of six personnel, including an on-site working supervisor and five laborers. Bidder's on-site working supervisors on each of the five crews must have a minimum of three years of experience supervising landscaping services similar to the service being solicited.
3. Bidder must provide a minimum of two truck drivers or designate a minimum of two truck drivers within the five crews with an active and valid commercial drivers' license.
4. Bidder must submit a copy of a valid and active State Contractor's Class C-27 (Landscaping Contractor) license.
5. Bidder and/or its subcontractor employee(s) must submit a copy of a valid and active arborist and/or horticulturist certification.
6. Bidder must submit a copy of a valid and active Waste Collector Permit issued by the County Department of Public Health (DPH). Proposers who do not possess the permits at the proposal deadline date may submit other forms of verification including, but not limited to, a copy of DPH's invoice to Proposer for permit fees along with a copy of proof of payment such as a cashier's check, money order, or cancelled check (transpired beyond five days).
7. Bidder and its subcontractor must submit proof of a valid and active State of California Department of Industrial Relations Public Works Contractor Registration pursuant to Labor Code 1725.5. Pending registrations will not be accepted.

A. Bid Submission Requirements:

Bids will be reviewed on a Pass/Fail basis concerning the items listed below. Bids not meeting all of these requirements may be rejected as nonresponsive. All responsive bids will be evaluated according to Section B, Bid Selection.

1. Completed and signed all appropriate forms listed in this IFB, Part I, Forms.
2. Proof of a valid and active State of California Department of Industrial Relations Public Works Contractor Registration pursuant to Labor Code 1725.5.

The deadline to submit Bid Submission is Monday, January 25, 2016, at 5:30 p.m. Please direct your questions to Ms. Lee at the number listed on the first page. Bids must be submitted to the County of Los Angeles Department of Public Works Cashier, located on the Mezzanine Floor, 900 South Fremont Avenue, Alhambra, California 91803, in a package that clearly identifies the Bidder and this IFB. Bids are received only when accepted and time stamped by the Cashier. All other indications of apparent timely delivery may be disregarded.

The deadline to submit written questions for a response is **Thursday, January 14, 2016, at 5:30 p.m.** All Bidders on the Qualified Contractor List will be given a copy of all questions and answers for their information via e-mail only.

Bidders are instructed not to contact any County personnel other than the Contract Analyst listed below regarding this solicitation. All contact regarding this IFB or any matter relating thereto must be in writing and may be mailed, e-mailed, or sent via facsimile to:

County of Los Angeles Department of Public Works
Architectural Engineering Division – 8th Floor
Attention: Ms. Janet Lee
P.O. Box 1460
Alhambra, California 91802-1460

E-mail: jalee@dpw.lacounty.gov
Telephone: (626) 458-7167

If it is discovered that a Bidder contacted and received material information from any County personnel other than the Contract Analyst named in the Notice of IFB and above, regarding this solicitation, the County, in its sole determination, may disqualify their Bid from further consideration.

All interested firms that are included in the Qualified Contractor List are invited to submit a Bid provided that they meet the Minimum Requirements identified in this Invitation for Bids.

B. Bid Selection:

All responsive submitted Bids will receive a composite score (rating) and be ranked in numerical sequence from high to low based on the following criteria:

Proposed Price (100 points)

The proposed price should accurately reflect the Bidder's cost of providing the required products and services and any profit expected during the contract term. Prior to scoring, the proposed prices must be adjusted in accordance with the Transitional Job Opportunities Preference, the Local Small Business Preference, or the Disabled Veteran Business Enterprise Preference, as applicable.

- Transitional Job Opportunities Preference. To the extent permitted by State and Federal law, should one or more of the Bidders qualify for the Transitional Job Opportunities Preference (Form PW-13), the price component points will be adjusted prior to scoring as follows: 8 percent of the lowest price proposed will be calculated, and that amount will be deducted from the prices submitted by all Bidders who requested and were granted the Transitional Job Opportunities Preference. The Transitional Job Opportunities Preference will not reduce or change the Bidder's payment, which will be based on the Bidder's Bid amount.
- Local Small Business Enterprise (SBE) Preference. To the extent permitted by State and Federal law, should one or more of the Bidders qualify for the Local SBE Preference (Form PW-9), the price component points will be adjusted prior to scoring as follows: 8 percent of the lowest price proposed will be calculated, which shall not exceed \$50,000, and that amount will be deducted from the prices submitted by all Local SBE Bidders who requested and were granted the Local SBE Preference. The Local SBE Preference will not reduce or change the Bidder's payment, which is based on the Bidder's Bid amount.
- Disabled Veteran Business Enterprise (DVBE) Preference Program. To the extent permitted by State and Federal law, should one or more of the Bidders qualify for the Disabled Veteran Business Enterprise (DVBE) Preference (Form PW-18), the price component points will be adjusted prior to scoring as follows: 8 percent of the lowest price proposed will be calculated, which shall not exceed \$50,000, and that amount will be deducted from the prices submitted by all DVBE Bidders who requested and were granted the DVBE Preference. The DVBE Preference will not reduce or change the Bidder's payment, which is based on the Bidder's Bid amount.

Subject to such adjustment(s), the lowest Total Proposed Annual Price quoted in the Schedule of Prices (Form PW-2) will receive the full weight of this evaluated item. Other Bids will receive a prorated score calculated as follows: divide the

lowest Total Proposed Annual Price by each other Bidder's Total Proposed Annual Price and multiply the result by the maximum possible points for this evaluation criterion. The Bid with the lowest Total Proposed Annual Price may not necessarily be awarded a contract.

C. Invitation for Bids

The definitions and other rules of interpretation set forth in requests statement of qualifications (SOQ) for the contract for As-Needed Channel Clearing Services (2015-SQAN007), also apply to interpretation of this IFB.

**COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM
APPLICATION FOR EXCEPTION AND CERTIFICATION FORM**

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Company Name:		
Company Address:		
City:	State:	Zip Code:
Telephone Number:		
(Type of Goods or Services):		

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

☐ My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost, and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.

☐ My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost, and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

☐ My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

☐ My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

SAMPLE AGREEMENT FOR
AS-NEEDED CHANNEL RIGHT-OF-WAY CLEARING SERVICES – WEST AREA
(2016-AN003)

THIS AGREEMENT, made and entered into this ____ day of _____, 2016, by and between the COUNTY OF LOS ANGELES, a subdivision of the State of California, a body corporate and politic (hereinafter referred to as COUNTY) and [Name of CONTRACTOR], a [State of Incorporation] [Form of Entity] (hereinafter referred to as CONTRACTOR).

WITNESSETH

FIRST: The CONTRACTOR, for the consideration hereinafter set forth and the acceptance by the Board of Supervisors of said COUNTY of the CONTRACTOR'S Proposal filed with the COUNTY on _____, 2016, hereby agrees to provide services as described in this Contract for As-Needed Channel Right-of-Way Clearing Services – West Area (2016-AN003).

SECOND: This AGREEMENT, together with Exhibit A.1, Scope of Work; Exhibit B, Service Contract General Requirements; Exhibit C, Internal Revenue Service Notice 1015; Exhibit D, Safely Surrendered Baby Law Posters; Exhibit E, Defaulted Property Tax Reduction Program; Exhibit F.1 (Supplemental), Performance Requirements Summary; Exhibit G, Typical Channel Drawing; Exhibit H, Vehicle and Walk Access Drawing; Exhibit I, Channel Right-of-Way Clearing Report; Exhibit J, Waste Discharge Requirements; Exhibit K, Bid Submission Instructions; Exhibit L and Exhibit M were intentionally deleted, Exhibit N, Maps of Channels for the Flood Control Facilities in the West Area; the CONTRACTOR'S Statement of Qualifications and Bid Submission, all attached hereto; the Request for Statement of Qualifications; and Addenda to the Request of Statement of Qualifications, all of which are incorporated herein by reference, are agreed by the COUNTY and the CONTRACTOR to constitute the Contract.

THIRD: The COUNTY agrees, in consideration of satisfactory performance of the foregoing services in strict accordance with the Contract specifications to the satisfaction of the Director of Public Works, to pay the CONTRACTOR pursuant to the Schedule of Prices set forth in the Proposal and attached hereto as Form PW-2, an amount not to exceed \$ _____ per year or such greater amount as the Board may approve (Maximum Contract Sum).

FOURTH: This Contract's initial term shall be for a period of one year commencing on June 1, 2016, or execution between both parties, whichever occurs last. The County shall have the sole option to renew this Contract term for up to four additional one-year periods and six month-to-month extensions, for a maximum total Contract term of 66 months. Each such option shall be exercised at the sole discretion of the COUNTY. The COUNTY, acting through the Director, may give a written notice of intent to renew this Contract at least ten days prior to the end of each term. At the sole discretion of the COUNTY, in lieu of extending the Contract for the full one year, this Contract may be renewed on a month-to-month basis, upon written notice to the CONTRACTOR at least

ten days prior to the end of a term. The Director will provide a written notice of nonrenewal at least ten days before the last day of any term, in which case this Contract shall expire as of midnight on the last day of that term. Where all option years have been exercised, the Director will not provide a written notice of nonrenewal.

FIFTH: The CONTRACTOR shall bill monthly, in arrears, for the work performed during the preceding month. Work performed shall be billed at the unit prices quoted in Form PW-2, Schedule of Prices.

SIXTH: Public Works will make payment to the CONTRACTOR within 30 days of receipt and approval of a properly completed and undisputed invoice. However, should the CONTRACTOR be certified by the COUNTY as a Local Small Business Enterprise, payment will be made in accordance with Board of Supervisors Policy No. 3.035, Small Business Liaison and Prompt Payment Program. Each invoice shall be in triplicate (original and two copies) and shall itemize the work completed. The invoices shall be submitted to:

County of Los Angeles Department of Public Works
Attention Fiscal Division, Accounts Payable
P.O. Box 7508
Alhambra, CA 91802-7508.

SEVENTH: In no event shall the aggregate total amount of compensation paid to the CONTRACTOR exceed the amount of compensation authorized by the Board. Such aggregate total amount is the Maximum Contract Sum.

EIGHTH: The CONTRACTOR understands and agrees that only the designated Public Works Contract Manager is authorized to request or order work under this Contract. The CONTRACTOR acknowledges that the designated Contract Manager is not authorized to request or order any work that would result in the CONTRACTOR earning an aggregate compensation in excess of this Contract's Maximum Contract Sum.

NINTH: The CONTRACTOR shall not perform or accept work requests from the Contract Manager or any other person that will cause the Maximum Contract Sum of this Contract to be exceeded. The CONTRACTOR shall monitor the balance of this Contract's Maximum Contract Sum. When the total of the CONTRACTOR'S paid invoices, invoices pending payment, invoices yet to be submitted, and ordered services reaches 75 percent of the Maximum Contract Sum, the CONTRACTOR shall immediately notify the Contract Manager in writing. The CONTRACTOR shall send written notification to the Contract Manager when this Contract is within six months from expiration of the term as provided for hereinabove.

TENTH: The Director may adjust the rate of compensation set forth in Form PW-2 (Schedule of Prices) annually based on the increase or decrease in the U.S. Department of Labor, Bureau of Labor Statistics', All Urban Consumers Price Index (CPI) for the Los Angeles-Riverside-Orange County Area for the 12-month period preceding the contract anniversary date, which shall be the effective date for any such cost-of-living adjustment. The percentage change in the rate of compensation shall equal 12 times the average monthly change in the CPI over the first nine months of the contract term preceding the

effective date. However, any percentage increase shall not exceed the general salary movement granted to COUNTY employees as determined by the COUNTY'S Chief Executive Office as of July 1 for the prior 12-month period. Furthermore, should fiscal circumstances ultimately prevent the Board from approving any increase in COUNTY employee salaries, no cost-of-living adjustment will be granted.

ELEVENTH: In the event that terms and conditions, which may be listed in the CONTRACTOR'S Proposal, conflict with the COUNTY'S specifications, requirements, and terms and conditions as reflected in this AGREEMENT including, but not limited to, Exhibits A through N, inclusive, the COUNTY'S provisions shall control and be binding.

TWELFTH: This Contract constitutes the entire agreement between the COUNTY and the CONTRACTOR with respect to the subject matter of this Contract and supersedes all prior and contemporaneous agreements and understandings.

[illegible]

IN WITNESS WHEREOF, the COUNTY has, by order of its Board of Supervisors, caused these presents to be subscribed by the Director of Public Works, and the CONTRACTOR has subscribed its name by and through its duly authorized officers, as of the day, month, and year first written above.

84. **Golf Club Debris Basin** – Clearing of right of way 80 feet west of Golf Club Drive and along Chevy Chase Drive, and 420 feet access road along Golf Club Drive (TG 565 B1).

Included in Exhibit N are maps showing the location of the flood control facilities and the jobsite limits included in this Contract. These maps shall be used only to locate the jobsite and do not contain sufficient information to represent the actual jobsite conditions.

The Contractor shall ascertain the existence of any conditions affecting the cost of the work prior to submission of their proposed prices to perform this service, which would have been disclosed by reasonable examination of the jobsite.

C. Work Description

1. General Statement

The work to be performed under this Contract is the annual clearing of vegetation, trash, debris, and brush growing on various flood control channel rights of way, and vegetation growing out of channel lining weep holes, expansion joints, cold joints, construction joints, and cracks at various facilities throughout the County of Los Angeles as determined by the County, at County's sole and absolute discretion. County will provide a priority list of the linear feet work locations to the Contractor prior to the commencement of each annual clearing period and may update the priority list during the annual clearing period. Unless otherwise directed by CM, annual clearing work is to be performed between periods June 1 through September 30 each year. The Contractor shall perform all work necessary to complete this Contract in a satisfactory manner, including Contractor's best efforts in adhering to the County priority list(s) and shall provide all personnel, supervision, tools, supplies, materials, equipment, transportation, and other incidentals necessary to perform the work.

The channel right of way consists of an area on both sides of the channel enclosed between the channel wall and outside chainlink fences, including, but not limited to, excess property adjacent to the channels, access roads, access ramps, channel walls and inverts, fences, and gates.

The channel lining consists of the walls and invert of open rectangular and trapezoidal channels. The linings consist of reinforced concrete, grouted stone, shotcrete, and gunite. Channel soft-bottoms (unlined) are excluded from this Contract.

The Contractor is advised that access is limited along some sections of the channels and he may be required to perform the right of way clearing work from the channel invert or by reaching across the channel with poles or other trimming equipment (see Exhibit G, Typical Channel Drawing).

Cleaning of the channel invert (bottom) is not required except as required in Section C.7, Special Provisions, of this Exhibit. **The Contractor shall remove a) any material deposited in the channel as a result of his operations by the end of each business day and b) vegetation growing out of joints, cracks, and weepholes.**

Although the County intends that all linear feet described herein be cleared annually, the County does not guarantee that any of the linear feet work will be authorized to be performed. If a work location(s) or portions of any work location are not to be cleared annually, County will provide as much advance notice as possible to the Contractor. County will not have

any liability for damages, including loss of profits, for any linear feet work identified in Section B, Work Locations, that is not authorized for clearing.

Please note, should an inconsistency be determined between the Scope of Work and the Performance Requirements Summary (Exhibit F.1), the higher service level in the judgment of Public Works shall prevail.

In general, the Contractor will be required to perform the following:

- a. Remove all existing tree cuttings, trimmings, fallen trees, and fallen branches.
- b. Remove all dead foliage, dead shrubs, dead vines, dead trees, fallen leaves, and other organic materials.
- c. Remove all types of cactus, yucca, palms, castor bean plants, and/or tumbleweeds.
- d. Remove all eucalyptus thatch, pine needle thatch, and all other types of thatch.
- e. Remove all ivy, vines, and ice plant except where such plants exist on embankments steeper than one unit rise to three units of run.
- f. Remove and dispose all other existing debris or trash (e.g., loose concrete pieces, paper, waste, bottles, cans, wood scraps, etc.), from the access roads and channel rights of way.
- g. Haul away and properly dispose of all trimmings or other debris removed from the right of way.
- h. Certain areas along right-of-way fences shall be marked by the Department prior to work; the vegetation in these marked areas shall be trimmed within 1 foot of the right-of-way fence.
- i. Remove all vegetation growing from channel weepholes, expansion joints, construction joints, cold joints, and cracks.

2. Channel Clearing Service

a. Vehicular Access Road

Unless otherwise specified in this Contract, the Contractor shall remove vegetation to maintain a 13-foot vertical clearance above the entire width of the vehicle access road; including bikeways, and maintain the natural contours of the foliage (see Exhibit H, Vehicle

and Walk Access Drawing). The Contractor shall not trim any trees that are beyond 17 feet from the channel wall. All vegetation, weeds, shrubs, brush, ivy, vines, and other growth, whether green or dry, growing or deposited on paved or unpaved vehicle access roads shall be removed. The Contractor shall also remove all vegetation hanging below the channel wall/side slope. The Contractor shall cut all vegetation growing out of joints and cracks flush with the surface of the concrete. The Contractor shall pull out vegetation growing out of weepholes by the roots where possible, if vegetation is too large, it shall be cut loose from within the weephole.

b. Walk Access Road

Unless otherwise specified in this Contract, the Contractor shall remove vegetation to maintain an 8 foot vertical clearance above the entire width of the walk access road and maintain the natural contours of the foliage (see Exhibit H, Vehicle and Walk Access Drawing). The Contractor shall not trim any trees that are beyond 13 feet from the channel wall. The Contractor shall remove all vegetation, weeds, shrubs, brush, ivy, vines, and other growth, whether green or dry, growing or deposited on paved or unpaved vehicle access roads, and paved or unpaved walk access roads. The Contractor shall also remove all vegetation hanging below the channel wall/side slope.

c. Channel Walls

The Contractor shall remove all vegetation overhanging the channel wall and fence and maintain the natural contours of the foliage (see Exhibit G, Typical Channel Drawing). No vegetation shall be left hanging over the channel invert.

d. Right-of-Way Fence

The Contractor shall remove all vegetation, weeds, shrubs, brush, ivy, vines, trees, and other vegetation growing through or hanging over all right-of-way fences. The Contractor shall trim vegetation growing through the right-of-way fences within two inches of the fence fabric unless otherwise directed by the PWR.

e. Greenway Zone

A Greenway Zone is an area that shall be established adjacent to vehicle and walk access roads. The first 5 feet within the Greenway Zone adjacent to a vehicle or walk access road may

contain sacrificial vegetation comprised of low growing shrubs, ground cover, and grasses. The Contractor shall maintain the Greenway Zone by removing tree cuttings/trimmings, fallen tree/branches, weeds and invasive plants, and dead vegetation. All other vegetation shall remain within the Greenway Zone unless otherwise directed to be removed by the PWR. Should the Contractor come across an established native plant or shrub outside of the first 5 feet of the Greenway Zone, the Contractor should trim the plant or shrub if necessary. Should the Contractor come across ornamental grass areas outside the first 5 feet of the Greenway Zone, the Contractor should trim the grass down to a height of 1 inch.

f. Performance Period

Channel right of way clearing services shall be performed during the first 120 days of this Contract's commencement date unless otherwise directed by the CM; and from June 1 through September 30, during the Contract's option years, if exercised by the County.

g. Minimum Crew Requirements

Contractor shall provide a minimum of five crews. Each crew shall consist of a minimum of six personnel including a working supervisor and five laborers. In addition, the Contractor shall provide a minimum of two truck drivers with appropriate valid licenses to transport all debris derived from the as-needed services to a licensed local landfill approved by Public Works and a certified arborist and/or a certified horticulturist for providing directions during maintenance (e.g., for tree trimming, shrubbery pruning, and slope cutting recommendations).

3. As-Needed Services

During the performance periods specified above and throughout the Contract's term, including option years, if any, the Contractor may be called upon by the PWR to perform vegetation, trash, tree trimming/removal, and debris and brush removal services on an as-needed basis at various flood control facilities throughout the County of Los Angeles. The Contractor will be paid for any PWR requested as-needed services performed according to their as-needed hourly crew rate as specified on Form PW-2, Contractor's Schedule of Prices. Each crew for as-needed services shall consist of a minimum of four personnel including a working supervisor and three laborers. Contractor shall have the ability to transport all debris derived from the as-needed services to a licensed local landfill approved by Public Works.

4. Jobsite Maintenance

The Contractor shall leave each jobsite clean and free from rubbish and debris. Failure of the Contractor to comply with the PWR's cleanup orders may result in an order to suspend work until the condition is corrected. No additional compensation will be allowed as a result of such suspension.

The Contractor shall not discharge smoke, dust, or any other air contaminants into the atmosphere in such quantity as will violate the regulations of any legally constituted authority.

5. Toilet Facilities

The Contractor shall provide and maintain portable enclosed toilets if needed for the use of its employees engaged in the work. These accommodations shall be maintained in a neat and sanitary condition.

6. Reporting

A Channel Right-of-Way Clearing Report Form (Exhibit I) supplied by Public Works shall be used by the Contractor to indicate the dates worked, channel name, channel limits, amount of linear footage cleared, amount of material removed (tons), and location to which material was disposed. All debris must be documented per removal activity and reported separately by channel. Contractor must note tonnage of trash/debris and green waste removed from each channel before combining with debris from other locations in order to provide an accurate account of the debris' origin and to fulfill reporting requirement as required in this Exhibit. The form shall be filled out and signed by the Contractor and countersigned by a PWR on every Tuesday for work completed during the previous week. The form will be used by Public Works to verify the Contractor's invoices.

7. Special Provisions

- a. In Section B, Work Locations, the following locations are marked with a double asterisk (**). The Contractor is to perform no work in the soft-bottom inverts at these locations:

- 15. Aliso Creek
- 29. Pacoima Wash No. 2
- 51. Haines Canyon Channel
- 57. Private Drain [PD] 2262
- 58. PD 2441
- 61. Pico Canyon Channel
- 62. Santa Clara River South Fork

- 63. Newhall Creek
- 68. Mint Canyon Channel
- 69. PD 832 (Cordova Mobile Home Park)
- 74. Bouquet Canyon Channel
- 77. Project 1224
- 80. PD 1982
- 81. Upper Hasley Canyon Channel

- b. In Section B, Work Locations, any additional special provisions at a facility are in bolded notations with a single asterisk (*).

D. Right of Way

The Contractor shall conduct all of its activities and operations within the confines of public roadways, parkways, channel rights of way, and limited channel invert areas. The Contractor shall allow County personnel to pass at any given time and shall not obstruct the channel rights of way.

E. Hours and Days of Service

Hours of services shall be primarily performed within the 7 a.m. to 4 p.m. time period, Monday through Friday, each week, except County observed holidays, at which time the service shall be done before or after such holiday. Work within the channels shall not take place on a rainy day. Work hours may be altered, when necessary, with the approval of the Contract Manager.

Holidays Observed by the County of Los Angeles are:

New Year's Day	Columbus Day
Martin Luther King, Jr. Day	Veterans Day
Presidents' Day	Thanksgiving Day
Memorial Day	Day After Thanksgiving
Independence Day	Christmas Day
Labor Day	

The Contractor expressly acknowledges that flash flooding and/or fast running water may be encountered in the channels and rivers following storms.

In addition, water may be released to the channels from various reservoirs by the County, various cities, and private organizations during nonstorm periods without notice to the Contractor. The Contractor shall not attempt to enter the channel bottoms when rapidly flowing water is present since personnel and equipment could be swept downstream. **The Contractor is solely responsible for determining whether or not the channels can be entered safely.** If there is any doubt regarding safety in entering the channels, Contractor shall consult CM.

The closure of beaches due to sewer contamination does not constitute closure of the channels. If the Contractor stops service, the Contractor must notify the CM immediately.

F. Utilities

1. The County will not provide utilities.

2. Utility Lines

Utility owners are required to provide sufficient clearance from energized high voltage lines (600 volts or more). However, if any trees are within 6 feet of or extend through energized power lines, the Contractor shall notify the utility owner to provide further tree trimming. The Contractor shall also notify the PWR of all trees requiring further trimming by the utility owner.

3. Protection

The Contractor shall be responsible for the protection of all utility facilities affected by the work. The Contractor shall not interrupt the service function or disturb any utility without authority from the utility owner or order from the County. All valves, switches, vaults, and meters shall be maintained readily accessible for emergency shutoff.

The Contractor shall immediately notify the PWR, the affected property owner, and the utility owner if any utility is disturbed or damaged. The Contractor shall bear the costs of repair or replacement of any utility damaged.

G. Storage Facilities

The County will provide limited storage facilities for the Contractor's equipment and materials, subject to the following restrictions:

1. The Contractor shall store only equipment/material required to fulfill its responsibilities under this Contract.
2. The Contractor shall not store equipment/material should the Contractor not have assigned work under this Contract for a period greater than two working days.
3. The Contractor shall not hold Public Works liable or responsible for any damage to the Contractor's equipment/material, by whatever means, or for the theft of materials or equipment from the facilities or jobsites.

4. Public Works will determine facility storage space availability when work is requested.
5. The County shall not be responsible for loss or damage to vehicles, accessories, or the contents thereof caused by fire, theft, collision, water, or other causes and the Contractor agrees to park vehicles described in this Contract and/or as directed by the CM. The contractor shall not leave vehicles parked overnight.

H. Removal of Debris and Dump Sites

All debris derived from these services shall be removed from Public Works property and become the property of the Contractor. The Contractor shall not stockpile any debris or trash derived from these services within Public Works' rights of way. All debris and trash shall be removed from Public Works property within 48 hours of clearing a particular jobsite. The Contractor shall legally dispose of all debris and trash on a permanent basis at a licensed local landfill approved by Public Works. Failure by the Contractor to comply with the PWR's cleanup orders may result in an order to suspend work until the condition is corrected. No additional compensation will be allowed as a result of such suspension. Public Works will reimburse the Contractor for the Contractor's disposal fees upon the receipt of an invoice with attached dump tickets. Public Works will not pay for labor and transportation of debris to the dumpsite. Transportation costs to and from the landfill sites shall be included in the Contractor's Unit Prices as listed in Form PW-2, Schedule of Prices.

The Contractor shall not allow any debris from its operations under this Contract to be deposited in the storm drains and/or gutters in violation of the National Pollutant Discharge Elimination System.

The Contractor is advised that due to the nature of this Contract, discarded hazardous waste may be encountered during the performance of this Contract. In the event an unknown substance or hazardous material is discovered, the Contractor shall immediately notify the PWR. The Contractor shall NOT attempt to perform any type of hazardous waste remediation not included under the Scope of Work of this Contract including identifying, containing, cleaning, moving, disposing, etc. The Contractor shall exercise extreme caution in the event unknown waste is encountered.

I. Prosecution of Work

Failure to prosecute the work may result in, among other things, liquidated damages as set forth in Section Y, Liquidated Damages, of this Exhibit.

J. Work by Others Due to Unsatisfactory Work Prosecution

If, as determined by the CM, the Contractor is not prosecuting the work in a satisfactory manner or is not providing for public safety and traffic, the CM will notify the Contractor of such unsatisfactory conditions and will indicate when corrective work shall be completed. If the Contractor fails to comply, Public Works may elect to do the work or have the work performed by others and deduct the cost thereof from monies due to the Contractor. Such action will not relieve the Contractor from liability.

K. Completion and Acceptance

The work may be inspected by the CM for acceptance upon receipt of the Contractor's written assertion that the work has been completed.

L. Special Safety Requirements

1. All Contractor's operators shall be expected to observe all applicable State of California Occupational Safety, Health Administration (Cal/OSHA), and Public Works' safety requirements while at Public Works' jobsites.
2. Hard hats will be worn at all times. Suitable clothing, gloves, and shoes that meet Cal/OSHA requirements are required.
3. Contractor shall inspect and identify any condition that renders any portion of the premises unsafe. Contractor shall notify the Contractor Manager immediately when a condition threatens imminent injury to the publics or damage to property. The Contractor shall be responsible for blocking any unsafe areas by using barricades or traffic cones to alert the public of the existence of hazards and to protect members of the public or others from injury. The Contractor shall cooperate fully with Public Works in the investigation of any accidental injury or death occurring on the premises, including a complete written report to the Contract Manager within five days following the occurrence.
4. Special emphasis shall be placed on public safety during landscape maintenance operations, particularly when adjacent to roadways, sidewalks, and bicycle trails. Contractor shall be responsible for providing all necessary safety measures to ensure public safety within the limits of or adjacent to each particular landscape maintenance operation.

Contractor shall do the following for safety issues:

- a. Public Safety: Contractor shall perform a prework survey to identify potential safety issues and, if any are found, address them before work starts; if any hazards are found, the Contractor will report to

the County's Contract Manager; if the hazards are potentially harmful or pose imminent risk to the public, contact 911.

- b. Emergency Response: When the emergency involves injury to a member of the public, call 911; stay with the injured person until help arrives, if doing so does not pose a risk to the County crews or Contractor, and direct emergency services to the injured person, if practical; secure the site to restrict the public from going through the area. When needed, use appropriate signage and delineations.
- c. Contractor shall file a County of Los Angeles Non-Employee Injury Report form to document the incident and injuries to the public and transmit the forms to Public Works representative (PWR) within two business day or first day of the next business week.

*PWR will provide the report form.

- d. Contractor shall submit a project safety plan and provide training to employees on the above provisions.
 - e. Contractor shall provide traffic control that conforms to the most recent version of the California Department of Transportation Manual of Traffic controls for Maintenance Work Zones wherever work operations encroach upon public streets, highways, bikeways, pedestrian paths, and/or employees of the Contractor are exposed to traffic hazards. Contractor shall ensure that all traffic control configurations, devices, equipment, and setup comply with the California Department of Transportation Manual of Traffic Controls for Construction and Maintenance Work Zones.
- 5. All pesticide, herbicide, etc., application shall be under the direct supervision of a Pest Control Advisor licensed by the State of California.
 - 6. Contractor shall close the bicycle trail portion of the channel access road when the landscape maintenance operation warrants closing the trail to the public. Contractor shall block the access road/bicycle trail and place signs at the point both upstream and downstream of the work area. The upstream and downstream closure points shall be as follows:
 - a. The trail closure signs shall state the date of closure and the date the rail will be reopened.
 - b. The signs shall also state the limits of the closure (where the bicyclist can re-enter the trail).
 - c. The signs shall use 3-inch lettering.

- d. The trail closure signs shall be placed on the trail two weeks prior to the trail closure.
- e. Public Works Bicycle Trail Coordinator shall be notified 48 hours prior to the closure of the bicycle trail.
- f. All questions regarding the bicycle trail closure shall be directed to the Public Works Bicycle Trail Coordinator, Ricardo Gordillo, at (626) 458-3994.

M. Contractor's Equipment

The Contractor shall furnish and maintain in good and safe condition all equipment for the proper execution and inspection of the work. Such equipment and facilities shall meet all requirements of applicable ordinances and laws. The PWR may reject any vehicle or piece of equipment not meeting these requirements and order it removed from the jobsite. The contractor shall promptly remove any vehicle or equipment that is rejected by the PWR from the jobsite and replace it that same day.

The Contractor shall keep pruning and cutting tools sharpened to a condition that will leave a smooth final cut of the cambium edge. The Contractor shall keep such tools clean and free from infectious materials.

All of the Contractor's equipment utilized on this Contract shall comply with Cal/OSHA requirements, if any.

Any aerial equipment utilized by the Contractor shall comply with Cal/OSHA and Federal ANSI-a. 982.2-1979 standards for vehicles mounted with elevating and rotating aerial devices and shall include dielectric certification for a 100 KV test.

The Contractor's aerial tower certificates shall be available on each vehicle at all times for review.

Any heavy equipment utilized by the Contractor for this Contract shall comply with the American Association of State Highway Transportation Officials (AASHTO) H-20 Loading weight requirement.

N. Complaints

Complaints resulting from the Contractor's operations will be referred to the Contractor by the PWR for its prompt handling and satisfactory adjustment. All such adjustments will be at the Contractor's expense whether said complaints arise from Public Works authorities or from private property owners and others.

O. Graffiti Control

The Contractor shall maintain the work, all of its equipment, all traffic control devices, including signage, free of graffiti throughout the duration of this Contract. The Contractor shall respond to any request from the PWR to remove graffiti within four hours of notification. Should the Contractor fail to respond to such request, Public Works reserves the right to make other arrangements for the requested graffiti removal and deduct the cost from any monies due the Contractor.

P. Responsibilities of the Contractor

1. The Contractor shall have a minimum of three years of experience providing landscaping services similar to the service being solicited.
2. Contractor's on-site working supervisors shall have a minimum of three years of experience supervising landscaping services similar to the service being solicited.
3. Contractor shall maintain a minimum of two truck drivers with an active and valid State of California Department of Motor Vehicles Class A or B commercial drivers' license as well as any other required licenses or endorsements required by Federal, State, and local regulations.
4. The Contractor shall maintain a valid State of California Class C-27 (Landscaping Contractor) license.
5. Contractor and/or its Subcontractor(s) shall maintain a valid and active arborist and/or horticulturist certification.
6. Contractor and/or its Subcontractor(s) shall maintain a valid and active Waste Collector Permit issued by the County of Los Angeles Department of Public Health (DPH).
7. Complete all channel clearing work within the time frame specified in this Exhibit's Section C.2.f, Performance Period.
8. Report to specific work locations within 48 hours after being notified by the PWR by telephone. The Contractor shall confirm and meet on-site with the PWR identified for each channel at least 24 hours prior to beginning any work on a particular channel.
9. Contractor shall meet with the PWR prior to commencement of any work.

10. Provide a telephone number at which the Contractor can provide an oral response within a 24-hour period of the PWRs request for work to be performed.
11. Provide at least one person per crew in charge of specific work who can speak, read, and write the English language.
12. Provide transportation for the Contractor's personnel and equipment both to and from, and for travel around the jobsites, as well as transportation of all cleared vegetation, debris, and brush to the closest local landfill approved by Public Works.
13. Be responsible for the security of the Contractor's equipment used at the jobsites during working hours.
14. Perform fueling and servicing of the Contractor's equipment outside regular working hours.
15. Be prepared to provide a truck with an aerial man-lift to reach tree limbs and vegetation that cannot be reached safely from the ground.
16. Replace equipment by the following workday in the event of equipment failure due to unforeseen circumstances.
17. Provide barricades when and where it is necessary to effectively guard the public from danger as a result of the work being performed.
18. Be responsible for payment of all fines, fees, and penalties resulting from traffic control violations, such as, but not limited to, overloading, truck route permits, and equipment defects.
19. Submit all waste disposal receipts obtained from the landfill on a monthly basis to the PWR.
20. Provide the PWR with weekly Channel Right-of-Way Clearing Reports (Exhibit I) on every Tuesday for work completed during the previous week.
21. Be responsible for keys that are issued for the purpose of accessing the facilities. The Contractor will also be responsible for locking all channel gates that were opened during the course of the workday. Crews are not to evacuate a jobsite without locking the gates. Gates serving invert access ramps must be kept locked when not in use. The Contractor will immediately inform the CM of any gates that are missing a lock and/or upon discovering they have misplaced the keys and/or locks. The Contractor will reimburse the County for any keys and/or locks they have misplaced. The Contractor is advised that bikeways and equestrian trails

exist along many of the facilities. The Contractor shall conduct its activities in a manner that will not endanger the users or block access to these additional facilities.

22. The Contractor shall not allow its employees to use private property for any purpose including, but not limited to, eating or coffee breaks. Contractors may not use water or electricity from private property without written permission from the owner. If, for any reason, the Contractor elects to access private property, it shall first obtain written permission from the owner and provide evidence of such permission in writing to the PWR.
23. In performing any work or doing any activity under this contract, the Contractor shall comply with all applicable federal, state and local laws, ordinances, and regulations.
24. The Contractor shall inspect and identify any condition(s) that renders any portion of the premises unsafe. Contractor shall notify the CM immediately when a condition threatens imminent injury to the public or damage to property. The Contractor shall be responsible for blocking any unsafe areas by using barricades or traffic cones to alert the public of the existence of hazards, and to protect members of the public or others from injury. The Contractor shall cooperate fully with Public Works in the investigation of any accidental injury or death occurring on the premises, including a complete written report to the CM within five days following the occurrence.

Q. Responsibilities of Public Works

1. County will determine the need for, and provide, jobsite inspection.
2. The PWR will determine the order in which the channels are to be cleared and will notify the Contractor by telephone 48 hours prior to the start of work for each channel.
3. The PWR will notify the Contractor of any landscaping to be protected in place prior to the start of work.
4. The PWR will provide keys to access the channels as necessary.
5. Public Works personnel will conduct bird nesting surveys for all jobsites prior to the commencement of any work.

R. Best Management Practices

Best Management Practices (BMP) shall be defined as any program, technology, process, sitting criteria, operating method, measure, or device which controls, prevents, removes, or reduces the pollution of storm water. The Contractor shall obtain and refer to the Los Angeles County Department of Public Works Construction Site Best Management Practices (BMP's) Manual. This publication is available from:

County of Los Angeles
Department of Public Works
Cashier Office (Mezzanine)
900 South Fremont Avenue
Alhambra, CA 91803
Telephone (626) 458-6959

The Contractor shall have a minimum of two readily accessible copies of this publication on the project site at all times.

The Contractor shall implement the following BMPs for the prevention of storm water pollution in conjunction with all its activities and operations:

WASTE MANAGEMENT AND MATERIAL POLLUTION CONTROL

WM-4	Spill Prevention and Control
WM-5	Solid Waste Management
WM-6	Hazardous Waste Management
WM-7	Contaminated Soil Management
WM-9	Sanitary/Septic Waste Management

VEHICLE AND EQUIPMENT MANAGEMENT

NS-8	Vehicle and Equipment Cleaning
NS-9	Vehicle and Equipment Fueling
NS-10	Vehicle and Equipment Maintenance

Additional BMPs may be required as a result of a change in actual field conditions, Contractor's activities, or construction operations. When more than one BMP is listed under each specific BMP category, the Contractor shall select the appropriate and necessary number of BMPs within each category in order to achieve the BMP objective.

The Contractor, as a permittee, is subject to enforcement actions by the State Water Resources Control Board, Environmental Protection Agency, and private citizens. The County will deduct, from payments due the Contractor, the total amount of any fines levied on the County, plus legal and staff costs as a result of

the Contractor's lack of compliance with these provisions and/or less than complete implementation of the specified BMPs.

S. Protection and Restoration of Existing Improvements

The Contractor shall be responsible for the protection of public and private property and shall exercise due caution to avoid damage to such property. All property damage resulting from the Contractor's operations shall be repaired within three days at the Contractor's expense and to the satisfaction of the CM. All costs to the Contractor for protecting and restoring existing improvements shall be included in the Total Proposed Price.

T Public Convenience and Safety

The Contractor's operations shall cause no unnecessary public inconvenience. The Contractor shall be responsible for the safety of equipment, material, and personnel under the Contractor's jurisdiction during the work. The County's inspection of the work shall not be considered an approval of the Contractor's safety measures. The Contractor shall be solely responsible for complying with all Federal, State, local laws, ordinances, and regulations, which are applicable to the work.

U. Traffic Control and Access

1. Unless otherwise authorized, traffic shall be permitted to pass through the jobsites without interruption or delay and the Contractor shall conduct its operations within the roadway parking lanes and parkway areas.
2. If, in the opinion of the PWR, it is necessary to close a traffic lane, shifting of traffic from one lane to another shall be performed in such a manner that traffic may move smoothly without any sudden changes from one lane to another.
3. On multilane highways and local streets within unincorporated County areas, all procedures for lane closure, as well as all barricades, signs, lights, and other safety devices required, shall conform to the requirements of the current "Manual of Traffic Controls for Construction and Maintenance Work Zones" issued by the State of California, Department of Transportation. This publication is available from the California Department of Transportation and Building News, Inc., 10801 National Boulevard, Los Angeles, California, 90064, Phone (800) 873- 6397.
4. Traffic lanes on multilane highways within unincorporated County areas shall not be closed during peak hour traffic, which is typically prior to 9 a.m. and after 4 p.m.

5. The Contractor shall comply with all applicable traffic control requirements for the work.
6. Any action on the part of the PWR in directing the Contractor's attention to inadequacy of the required traffic safety devices and services or any action of Public Works to alleviate the Contractor's inadequacies shall not relieve the Contractor from responsibility for public safety or abrogate its obligation to provide and maintain these devices and services. If the Contractor fails to provide and maintain these devices and services and Public Works is required to alleviate said condition, the total charges of labor, equipment and materials, including overhead and transportation, accrued by Public Works for such work will be deducted from the Contract payments to the Contractor.
7. The Contractor shall be responsible for compliance with additional public safety requirements, which may arise during the work. The Contractor shall furnish and install, and upon completion of the work, promptly remove all signs and warning devices.
8. The Contractor shall make a maximum effort to maintain pedestrian access through the work area and vehicular access through driveways to private property. If the sidewalk is to be closed, the Contractor shall post appropriate warning signs.
9. All costs incurred by the Contractor in complying with the above traffic control requirements shall be considered as included in the unit rates specified on Form PW-2, Schedule of Prices.

V. Project Safety Official

The Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with the Contractor's Injury and Illness Prevention Program and Code of Safe Practices. The Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and responsibility to shut down an operation, if necessary. Failure by the Contractor to provide the required Project Safety Official shall be grounds for the County to direct the cessation of all work activities and operations at no cost to the County until such time as the Contractor is in compliance.

W. Prevailing Wage

The Director of the Department of Industrial Relations of the State of California has ascertained the prevailing rate of per diem wages in dollars, based on a working day of eight hours, for each craft or type of worker or mechanic needed to execute any construction or maintenance contract, which may be awarded by

Public Works. The current prevailing wage rates as adopted by the Director of the Department of Industrial Relations are incorporated herein by reference and may be accessed at <http://www.dir.ca.gov>.

The Contractor is required to pay the prevailing wage rate referred to above and is responsible for selecting the classification of workers, which will be required to perform this service in accordance with the Contractor's method of performing the work. Pursuant to Section 1775, of the Labor Code (State of California), Contractor shall forfeit \$50 for each calendar day, or portion thereof, for each worker paid less than the stipulated prevailing wage rates for any public work done under this Contract or by any Subcontractor.

X. Additional Work/Locations

1. The CM may authorize the Contractor to perform additional work including, but not limited to, adding service area(s) arises out of unforeseen incidents including vandalism, acts of God, third-party negligence or any other unanticipated need. If the CM determines such additional work can be obtained in whole or in part by temporarily modifying the Contractor's tasks and work schedules, he or she may direct such modification.
2. Prior to performing any additional work, the Contractor shall prepare and submit a written description of the work with an estimate of labor and materials as provided herein. No additional work shall commence without written authorization from the CM. However, when a condition threatens imminent injury to the public or damage to property, the CM may orally authorize the work to be performed upon receiving an oral estimate from the Contractor. Within 24 hours after receiving an oral authorization, the Contractor shall submit a written estimate to the CM for approval.
3. All additional work provided herein shall commence on the specified date established. The Contractor shall proceed diligently to complete said work within the time allotted.
4. Additional work locations may be added during the contract period. Upon request by the CM, the Contractor shall provide a written quotation for any additional work location(s), based on the linear feet rates quoted in Form PW-2, Schedule of Prices, using the linear feet rates that most closely correspond to, or are adjacent to the additional work locations. Contractor shall be paid for additional work locations at the PW-2 linear feet rates that most closely correspond to, or are adjacent to the additional work locations. Upon CM's negotiation and acceptance of the Contractor's written quotation, and subject to approval of the Director, the additional work location(s) may be added to the contract by amendment or change order.

Y. Liquidated Damages

1. In any case of the Contractor's failure to meet certain specified performance requirements, the County may, in lieu of other remedies provided by law or the Contract, assess liquidated damages in specified sums and deduct them from any regularly scheduled payment to the Contractor. However, neither the provision of a sum of liquidated damages for nonperformance or untimely or inadequate performance nor the County's acceptance of liquidated damages shall be construed to waive the County's right to reimbursement for damage to its property or indemnification against third-party claims.
 - a. The amounts of liquidated damages have been set in recognition of the following circumstances existing at the time of the formation of the Contract.
 - b. All of the time limits and acts required to be done by both parties are of the essence of the Contract.
 - c. The parties are both experienced in the performance of the Contract work.
 - d. The Contract contains a reasonable statement of the work to be performed in order that the expectations of the parties to the Contract are realized. The expectation of the County is that the work will be performed with due care in a workmanlike, competent, timely, and cost-efficient manner while the expectation of the Contractor is a realization of a profit through the ability to perform the Contract work in accordance with the terms and conditions of the Contract at the Proposal price.
 - e. The parties are not under any compulsion to Contract.
 - f. The Contractor's acceptance of the assessment of liquidated damages against it for unsatisfactory and late performance is by agreement and willingness to be bound as part of the consideration being offered to the County for the award of the Contract.
 - g. It would be difficult for the County to prove the loss resulting from nonperformance or untimely, negligent, or inadequate performance of the work.
 - h. The liquidated sums specified represent a fair approximation of the damages incurred by the County resulting from the Contractor's failure to meet the performance standard as to each item for which

an amount of liquidated damages is specified.

2. The Contractor shall pay Public Works, or Public Works may withhold and deduct from monies due the Contractor, liquidated damages in the sum of \$500 for each consecutive calendar day that the Contractor fails to complete work within the time specified unless otherwise provided in this Contract, or approved by contract Manager.
3. In addition to the above, Public Works may use Exhibit F.1, Performance Requirements Summary to evaluate Contractor's performance.

Z. Fish and Wildlife Code

In accordance with California Fish and Game Code, Section 3503, the Contractor shall not take, possess, or needlessly destroy the nest or eggs of any bird, except as otherwise permitted by law. In case of an accidental take, the Contractor shall contact the California Department of Fish and Wildlife at (562) 590-5185.

AA. Oak Tree Ordinance

In accordance with the Los Angeles County Code of Ordinance, Sections 22.56.2060 and 22.56.2070, the Contractor shall not cut, destroy, remove, relocate, or inflict damage upon any oak tree with: 1) a diameter of more than 8 inches when measured 4 1/2 above natural grade; or 2) more than one trunk, whose combined diameter of any two trunks is at least 12 inches as measured 4 1/2 feet above natural grade. The Contractor shall not prune oak tree branches with diameters of more than 2 inches.

The Contractor shall obtain a permit issued by the Forestry Division of the Los Angeles County Fire Department via the PWR before performing any of the work mentioned above.

BB. Request of Work from contractor

The County reserves the right to determine if any work is or will be needed and/or requested under this Contract, at the County's sole and absolute discretion. The Contractor waives all claims against the County for all damages arising from the County's failure to use the Contractor's services including, but not limited to, lost profit.
