Doing Business with Local Small Business Enterprise, Disabled Veteran Business Enterprise, and Social Enterprise

The County strongly encourages participation from firms, primes, and subcontractors, which are certified in the County's Local Small Business Enterprise (LSBE), Disabled Veteran Business Enterprise (DVBE), and Social Enterprise (SE) Preference Programs. The County's LSBE, DVBE, and SE Preference Programs require firms to complete a certification process to receive certain benefits allowed only for LSBE, DVBE, and SE, such as a 15 percent price preference, not to exceed \$150,000, when applicable, and LSBE Prompt Payment Program. The following link provides additional information on being a County certified LSBE, DVBE, and SE: <http://dcba.lacounty.gov>. All interested firms that are included in the Qualified Contractor List resulting from RFSQ for Fixed Route and Dial-A-Ride Transit Services (2016-SQPA001) are invited to submit a bid provided that they meet the Minimum Requirements identified in this IFB.

Community Business Enterprise Participation

The County has adopted a Community Business Enterprise (CBE) Program, which includes business enterprises owned by disabled veterans, disadvantaged business enterprises, minority, women, and lesbian, gay, bisexual, transgender, queer, and questioning-owned business enterprises. The County has established an aspirational goal that 25 percent of all County contract dollars shall go to certified CBEs. All bidders shall document good faith efforts it has taken to assure that CBEs are utilized when possible to provide supplies, equipment, technical services, and other services under this contract. The County will evaluate the bidder's good faith efforts to meet the CBE participation goal by reviewing the bidder's documentation. Suggested criteria include, but are not limited to, the following:

1. Bidder attended any preproposal meetings scheduled by the County to inform all bidders of the CBE program requirements for the project.
2. Bidder identified and selected specific items of the project for which a subcontract could be awarded to be performed by CBEs to provide an opportunity for participation by those enterprises.
3. Bidder advertised, not less than ten calendar days before the date the bids are due, in one or more daily or weekly newspapers, trade association publications, minority or trade-oriented publications, trade journals, or other media specified by the County for CBEs that are interested in participating in the project. This paragraph applies only if the County gave public notice of the project not less than 15 calendar days prior to the date the bids are due.

4. Bidder provided written notice of his or her interest in proposing on the project to certified CBEs not less than ten calendar days prior to the submittal of bids.
5. Bidder followed up initial solicitations of interest by contacting the CBEs to determine with certainty whether the CBEs were interested in performing specific items of the project.
6. Bidder provided interested CBEs with information about the project and requirements for selected subconsultants.
7. Bidder requested assistance from minority and women community organizations; minority and women contractor groups; local, State, or Federal minority and women business assistance offices; or other organizations that provide assistance in the recruitment and placement of minority or women business enterprises, if any are available. Bidder used the services and assistance of the Small Business Administration and Minority Business Development Agency of the Department of Commerce, the County of Los Angeles Department of Consumer and Business Affairs (<http://dcba.lacounty.gov> or [323] 881-3964), and other outreach agencies.

To obtain a list of firms that are certified by the County in the CBE Program, send an e-mail request to the County of Los Angeles Department of Consumer and Business Affairs: CBESBE@dcba.lacounty.gov. For additional information, contact the County of Los Angeles Department of Consumer and Business Affairs (Small Business Services). The website is: dcba.lacounty.gov.

8. Bidder negotiated in good faith with the CBEs and did not unjustifiably reject as unsatisfactory bids prepared by any CBE.
9. Where applicable, the bidder advised and made efforts to assist interested CBEs in obtaining bonds, lines of credit, or insurance required by these contract documents.
10. Bidder's efforts to obtain CBE participation could reasonably be expected by the County to produce a level of participation sufficient to meet the goals and requirements of the County.

11. Bidder commits to continue its good faith efforts to include in considering CBE participation throughout the term of the contract. The County shall be notified of any future additions in CBE participation.
12. Bidder is a certified CBE.
13. The Bidder's CBE participation shall be reflected in the CBE Form.
14. Public Works will answer questions from bidders regarding CBE participation.

The County strongly encourages participation by CBEs; however, the final selection will be made without regard to race, color, creed, or gender. The final selection will be based on the bidder's ability to provide the best service and value to the County.

B. Bid Selection

All responsive submitted bids will receive a composite score (rating) and be ranked in numerical sequence from high to low based on the following criteria:

Proposed Price (100 points)

The proposed price should accurately reflect the bidder's cost of providing the required products and services and any profit expected during the Contract term. Prior to scoring, the proposed prices must be adjusted in accordance with the LSBE, DVBE, or SE Preference Programs as applicable.

LSBE, DVBE, or SE Preference Programs: To the extent permitted by State and Federal law, should one or more of the bidders qualify for the County's Preference Programs stated in Part I of Form PW-9.1, Request for County's Preference Programs Consideration and Community Business Enterprise Firm/Consideration Information Form, the price component points will be adjusted prior to scoring as follows: 15 percent of the lowest averaged price proposed will be calculated, which shall not to exceed \$150,000 and that amount will be deducted from the averaged prices submitted by all LSBE, DVBE, or SE bidders who requested and were granted the LSBE, DVBE, or SE Preference Programs. The LSBE, DVBE, or SE Preference Programs will not reduce or change the bidder's payment, which is based on the bidder's proposed price.

Subject to such adjustment(s), the lowest averaged total Proposed Price quoted in the Schedule of Prices (Forms PW-2.5) will receive the full weight of this evaluated item. Other bids will receive a prorated score calculated as follows: divide the lowest average Total Proposed Price by each other bidder's average Total Proposed Price and multiply the result by the maximum possible points for this evaluation criterion.

C. Invitation for Bids

1. All definitions, provisions, requirements and rules of interpretation set forth in the RFSQ, including the Addenda to the RFSQ, for the Contract for Fixed Route and Dial-A-Ride Transit Services (2016-SQPA001), also apply to this IFB.
2. The County reserves the right to cancel this IFB at any time at its sole discretion. In the event of any such rejection of IFBs or cancellation of this

solicitation, the County will not be liable for any costs incurred in connection with the preparation and submittal of an IFB.

Instructions for PW-2, Schedule of Prices and LW-8, Cost Methodology

The Contract's terms and the anniversary of the Living Wage rate increases are not the same dates. For example, the Contract may start from July 1, 2022, and will end June 30, 2023, which covers two different rates of Living Wage.

This means in the same Contract term, for example, the first option term, contractor must adhere to two different rates of Living Wage. Each Contract term has its own Form PW-2 and Form LW-8.

Important: CONTRACTOR IS RESPONSIBLE TO PAY THE REQUIRED MINIMUM LIVING WAGE RATE FOR EACH YEAR REGARDLESS IF THE RATES LISTED ON FORM LW-8s ARE LOWER.

HOURLY RATE LISTED ON LW-8s MUST BE EITHER THE HIGHER OF THE TWO LIVING WAGE RATE IF CONTRACT TERMS SPANS THROUGH MULTIPLE LIVING WAGE RATE YEARS OR YOU MUST CLEARLY SHOW THE TWO DIFFERENT LIVING WAGE RATES IN THE LW-8s PER EACH YEAR'S RATE.

Effective Date	Hourly Rate
January 1, 2019	\$15.79
January 1, 2020	\$16.31
January 1, 2021	\$16.62
January 1, 2022	\$17.14
January 1, 2023	\$17.14 + CPI
January 1, 2024	Previous Year + CPI
January 1, 2025	Previous Year + CPI

For example, contractor's term cover from July 1, 2022, to December 31, 2022, the Living Wage rate is \$17.14 and from January 1, 2023, to June 30, 2023, the Living Wage rate is \$17.14+CPI; therefore, the Contractor's LW-8 for this period must be \$17.14+CPI or higher or Contractor's LW-8 clearly shows the two rates during those periods.

Each Contract term proposed prices indicated in Form PW-2, Schedule of Prices, must be equal to each Form LW-8.

The Contractor shall dispose of all debris from this Service in a legally established area appropriate for type of debris being disposed. Disposal shall be at the Contractor's expense. The Contractor shall not allow any debris from its operations under this Contract to be deposited in the storm drains, catch basins, gutters, manholes, and/or roadways in violation of the National Pollutant Discharge Elimination System regulations.

The Contractor is advised that due to the nature of this Contract, discarded hazardous waste may be encountered during the performance of this Contract. In the event an unknown substance or hazardous material is discovered, the Contractor shall immediately notify the Contract Manager. The Contractor shall NOT attempt to perform any type of hazardous waste remediation not included under the Scope of Work of this Contract, including identifying, containing, cleaning, moving, disposing, etc. The Contractor shall exercise extreme caution in the event unknown waste is encountered.

W. Funding

The County's obligations under this Contract are contingent upon the availability of funds in each fiscal year budget to finance operating and capital costs. The County may use local sales tax funds in accordance with LACMTA's guidelines for the Proposition A Local Return Program to finance this Service. Other sources of funds, such as FTA, may also be used. The Contractor agrees to be bound by applicable provisions of Proposition A Local Return Program guidelines or any other guidelines/regulations pertaining to other funding sources.

AA. Liquidated Damages

1. In any case of the Contractor's failure to meet certain specified performance requirements, the County may, in lieu of other remedies provided by law or the Contract, assess liquidated damages in specified sums. However, neither the provision of a sum of liquidated damages for nonperformance, untimely, or inadequate performance nor the County's acceptance of liquidated damages shall be construed to waive the County's right to reimbursement for damage to its property or indemnification against third-party claims.
2. The amount of liquidated damages has been set in recognition of the following circumstances existing at the time of the formation of the Contract:
 - a. All the time limits and acts required by both parties are of the essence of the Contract.
 - b. The parties are both experienced in the performance of the Contract work.
 - c. The Contract contains a reasonable statement of the work to be performed in order that the expectations of the parties to the Contract are realized. The expectation of the County is that the work will be performed with due care in a workmanlike, competent, timely, and cost-efficient manner while the expectation of the Contractor is a realization of a profit through the ability to perform the Contract work in accordance with the terms and conditions of the Contract at the Bid price.

- d. The parties are not under any compulsion to contract.
 - e. The Contractor's acceptance of the assessment of liquidated damages against it for unsatisfactory and/or late performance is by Contract and willingness to be bound as part of the consideration being offered to the County for the award of the Contract.
 - f. It would be difficult for the County to prove the loss resulting from nonperformance or untimely, negligent, or inadequate performance of the work.
 - g. The liquidated sums specified represent a fair approximation of the damages incurred by the County resulting from the Contractor's failure to meet the performance standard as to each item for which an amount of liquidated damages is specified.
3. Please note, should an inconsistency be determined between the Scope of Work, Liquidated Damages, and the Performance Requirements Summary (Exhibit F.1A), the higher service level in the judgment of Public Works shall prevail.
4. The Contractor shall pay Public Works, or Public Works may withhold and deduct from monies due the Contractor, liquidated damages in the amount shown in Exhibit F.1A, Performance Requirements Summary or the following sums if the Contractor fails to complete work within the time specified unless otherwise provided in this Contract.

a. Permanent Service Vehicles

The above conditions may be invoked if the delivery exceeds the specified delivery date of nine months from date of award or as indicated in the Contractor's Bid, whichever is greater.

Should the Contractor be obstructed or delayed in obtaining the vehicles because of changes in the work or by any default, act, or omission of the County, or inability to obtain materials, equipment, or labor due to Federal government restrictions arising out of the defense or war program, then the time of completion may be

extended for such as may be agreed upon by the County and the Contractor. If there is insufficient time to grant such extensions prior to completion date of this Contract, the County may, at the time of acceptance of final work, waive liquidated damages after hearing evidence as to the reasons for such delay and making a finding that such delay was due to any of the above.

b. On-Time Performance

The Contractor shall notify the Contract Manager of having received a citation within one business day of receiving it and shall provide a timeline for preparing and submitting an action plan to verify and correct the deficiencies.

The Contractor shall be assessed \$500 in liquidated damages for each Service Vehicle that is cited for an engine emissions violation. If such complaint is found to be without merit, or beyond the Contractor's control, the Contract Manager may waive the liquidated damages.

If the Contractor does not submit any required smog check certificates to the Contract Manager bi-annually (every two years) within thirty (30) days after State vehicle emissions testing has been performed, the Contractor may be assessed \$200 in liquidated damages per Service Vehicle for which a smog check certificate was not submitted. The Contractor shall provide a Service Vehicle at no charge to the County if and when the County or Contractor takes a County Service Vehicle to have an emission check performed and/or make repairs to the Service Vehicle before passing an emission check.

n. Permanent Vehicle Rejection

In the event any Service Vehicle is rejected permanently by Contract Manager as a result of vehicle condition, Contractor may be assessed \$200 per day per vehicle, up to a maximum of \$2,000 per Service Vehicle per month in liquidated damages until vehicle is replaced with a vehicle that is satisfactory to the Contract Manager.

Routine preventive maintenance and servicing is required on all Service Vehicles for this Service as recommended by their Original Equipment Manufacturer(s) (OEM). The Service provisions below represent the County's recommended preventive maintenance schedule. If OEM's preventive maintenance schedule is more stringent than the County's, the Contractor shall follow the OEM's recommendations. If County's recommended preventive maintenance schedule is more stringent than the OEM's, the Contractor shall verify with the County as to which recommended preventive maintenance frequency is acceptable prior to deviating from the County's recommendations. Adherence to a preventive maintenance schedule shall not be regarded as cause for deferred repairs. Non-safety repairs may be scheduled and must be made within one week of being identified.

SECTION 1. SERVICE PROVISIONS

The Preventive Maintenance Inspection (PMI) services to be provided by the Contractor shall consist of levels hereinafter referred to as "DVIR," "I," "J/A," "B," and "C" PMI Services. These inspections shall be conducted at vehicle mileage or time intervals as described herein.

2. "I" inspections occur a minimum of once per week. More frequent "I" service may be required by the Contract Manager depending upon demonstrated Service Vehicle condition and/or reliability. This inspection shall be documented and shall indicate all problems found, maintenance/repair required, and maintenance or repairs performed.
3. "J/A" inspection occurs every 30 days regardless of mileage. The "J/A" service occurs as part of every "B," and "C" Service inspection.

4. "B" service occurs every 24,000 vehicle miles or eight months, whichever occurs first. "B" service occurs as part of every "C" Service inspection.
5. "C" service occurs every 48,000 vehicle miles or every 16 months, whichever occurs first.

SATISFACTORY RATED TERMINALS

A terminal rated **satisfactory** is one that is in compliance with applicable laws and regulations. Minor deficiencies or defects may exist as long as highway safety is not jeopardized. Criteria for assignment of a Satisfactory rating include:

- A. Vehicle/equipment condition reflects effective preventive maintenance practices.
- B. Vehicle records reflect compliance with applicable mandated inspection intervals; clearly identify inspection, service, and lubrication intervals; document services and repairs performed; and reflect the actual condition of the vehicles.
- C. Drivers' daily vehicle inspections are performed and documented. Defects noted are corrected promptly.
- D. Vehicles are not operated with out-of-service conditions or defects of a long standing nature.
- E. Drivers' timekeeping records are in use and are current. Retention intervals are complied with.
- F. Drivers' timekeeping records reflect compliance with hours-of-service requirements.
- G. Records reflect compliance with DMV EPN requirements.
- H. Required driver proficiency records are on file.
- I. The terminal/shipper is in compliance with HM/waste requirements.

UNSATISFACTORY RATED TERMINALS

A terminal rated **unsatisfactory** is one showing a lack of compliance which could jeopardize the safety of passengers and/or the motoring public. An Unsatisfactory rated terminal is one in which articulable proof is obtained showing widespread noncompliance with, or willful disregard of, statutory or regulatory requirements. An Unsatisfactory rating shall be assigned for any of the following conditions:

- A. Vehicle or equipment violations of a deliberate or long-standing nature.
- B. More than 20 percent of vehicles in the inspection sample are placed out of service.
- C. Drivers' hours-of-service violations.
- D. Falsified drivers' hours-of-service records violations.
- E. Failure to maintain and/or retain drivers' timekeeping records when that failure precludes a reasonable determination that the carrier is in compliance with drivers' hours-of-service requirements.
- F. Failure to participate in the DMV EPN Program, failure to enroll all drivers, failure to obtain periodic (up-to-date) printouts for all drivers, or utilizing disqualified drivers.
- G. Failure to provide the Department a reasonable opportunity to conduct an inspection pursuant to 13 CCR 1202(a).
- H. Lack of compliance with any HM requirement, which jeopardizes public or environmental safety, or hinders prompt action by emergency response personnel.
- I. Willful disregard of statutory or regulatory requirements.
- J. Violations generally spread over the inspected vehicles and/or maintenance records which, by their nature, should have been detected, documented, and corrected under an acceptable inspection/maintenance program.
- K. Violations generally spread over the inspected drivers' records which, by their nature, should have been prevented, and/or detected and corrected under an acceptable drivers and records management program.

CONDITIONAL RATED TERMINALS

A terminal rated **conditional** is one in which the terminal's compliance is no longer manifestly unsatisfactory, but full compliance has not been demonstrated. In this case, the CHP will return for a follow-up inspection in approximately six months to assign a rating. The new rating will not be conditional; it will be either satisfactory or unsatisfactory. Under certain circumstances when reinspecting a terminal which had been previously assigned an unsatisfactory rating, the CHP is unable to determine that all required corrections have been accomplished by the motor carrier. An example would be a terminal which had received an unsatisfactory rating for excessive drivers' hours of service, and as a result the PUC or DMV had suspended the motor carrier's operating authority or motor carrier permit for a period of time. During the suspension, the carrier could not lawfully operate any of its vehicles, and therefore could not demonstrate compliance with laws and regulations governing drivers' hours of service. Under such circumstances, if all other compliance failures at that terminal had been corrected by the carrier, the CHP will normally assign a conditional rating to that terminal, then reevaluate the hours of service issue later.

ABOUT THIS CHECKLIST

This checklist, while detailed, cannot list all possible items where compliance with law or regulation could be an issue, nor can it explore all possible applications of CHP policy in the assignment of ratings. A motor carrier who examines his or her operations using this checklist as a guide can identify areas where compliance may be weak, and take action to improve those areas. Some of these items may not apply to every type of carrier. Laws and regulations change over time, and staying current with these changes is one of the keys to success for anyone who operates or directs the operation of commercial vehicles. This checklist is not law; it is intended only to assist motor carriers in achieving success in the area of highway safety. It does not bind the CHP to a particular determination regarding the compliance of any motor carrier with laws and regulations in existence at any given moment. Any conflict between this checklist and a law or regulation, or future change in CHP policy, will be resolved in favor of the law, regulation, or policy. This checklist will be revised to reflect significant changes in these areas as soon as possible after they occur.

CONTROLLED SUBSTANCE AND ALCOHOL TESTING PROGRAM

1. Substance Abuse Testing

It shall be the duty of Contractor to take all steps feasible to ensure that those employed personnel, independent contractors' or subcontractors' employees servicing or operating Service Vehicles pursuant to this Scope of Work do not perform those functions under the influence of alcohol, controlled substances, or medication which impairs their judgment or physical ability.

In meeting this duty, Contractor shall, at a minimum, do the following:

- a. Promulgate and Distribute to All Personnel a Written Policy Statement Prohibiting Servicing and/or Operating Service Vehicles While Under the Influence of Alcohol, Controlled Substances, or Any Medication Which Impairs Judgment or Physical Ability

The written policy statement shall indicate Contractor's intention to:

- (1) initiate substance abuse testing as described herein below;
- (2) immediately suspend any personnel testing "positive" for substance abuse from servicing or operating Service Vehicles pending review pursuant to the procedure described herein below;
- and (3) absent overruling on review to permanently prohibit such person from servicing or operating Service Vehicles.

- b. Institute a Comprehensive Program for Substance Abuse Testing for All Personnel Entailing Urinalysis and/or Blood Tests

1. Pre-employment testing of job applicants, independent contractors' and subcontractors' employees all as part of the pre-employment physical examination

Urine and/or blood samples will be taken as part of the pre-employment physical examination process and will be subjected to recognized testing procedures employed by duly licensed clinical laboratory technicians to determine the presence of alcohol and/or any controlled substance as that term is used in the Health and Safety Code, Section 11054, including, but not limited to, marijuana and its derivatives, opium and its derivatives, methaqualone, methamphetamine, lysergic acid diethylamide, psilocybin, or mescaline. Evidence of controlled substance presence in urine or blood of any job

EXHIBIT O.1

applicant shall require denial of the job application. Evidence of a blood alcohol level at the time of testing of greater than 0.04 percent shall likewise require denial of the job application. If Contractor at any time during the period of this Contract uses or contemplates usage of independent contractors' or subcontractors' employees to service or operate the Service Vehicles, the individuals who would perform such functions under such contractual arrangement shall be tested in the fashion described hereinabove and shall be prohibited from performing said functions upon testing "positive" for controlled substance use or blood alcohol concentration in excess of 0.04 percent.

2. Mandatory drug testing within three hours of a traffic accident or incident giving rise to a suspicion of substance abuse

The Provider shall make the necessary arrangements for and require substance abuse testing of all personnel, independent contractors' or subcontractors' employees involved in a traffic accident while operating a Service Vehicle within as short a time as possible following the accident and in no event to exceed three hours thereafter.

The Provider shall make the necessary arrangements for and require substance abuse testing of all personnel, independent contractors' or subcontractors' employees servicing or operating a Service Vehicle as to whom a report has been received from the public or from coworkers or supervisors as to involvement in a physical altercation, being verbally abusive or otherwise acting in a bizarre manner. The Provider shall make arrangements to provide for continued public transportation service prior to ordering the subject individual to report for drug testing, but shall make every effort to have the testing occur within three hours of the reported incident.

In addition to the testing required under Subsection 1.b.1 hereinabove, the testing required pursuant to this subsection shall include testing for the presence of prescription drugs and other over-the-counter medications which are known, on occasion, to cause drowsiness, impairment of judgment, and/or impairment of physical coordination and activity. This classification of substance is intended to include among other things: antihistamines, tranquilizers, painkillers, mood elevators, and psychotropics.

EXHIBIT O.1

All persons testing "positive" for controlled substance abuse or showing blood-alcohol concentration in excess of 0.04 percent shall be immediately suspended from servicing or operating Service Vehicles pending review pursuant to the review procedure set forth herein below. In the absence of an overruling of the suspension pursuant to the review procedure, the Provider shall permanently prohibit these individuals from servicing or operating Service Vehicles pursuant to this Scope of Work.

All persons whose tests indicate a blood-alcohol concentration greater than 0.00 percent but less than 0.04 percent or show the presence of a medication known on occasion to cause drowsiness, impairment of judgment, and/or impairment of coordination, and other physical abilities shall be immediately suspended from servicing or operating a Service Vehicle for a period of twenty-four hours. These individuals shall be given oral explanation and warning confirmed in writing and noted in the personnel file with respect to the potential safety hazard posed by the involved substance.

3. Non-discretionary, Random Substance Abuse Testing

The Provider shall identify all personnel, independent contractors', or subcontractors' employees scheduled to service or operate Service Vehicles pursuant to this Scope of Work and place their names in a data pool susceptible to truly random accessibility either physically as by placement of cards in a tumbler or by programming of an information retrieval system.

Names of individuals shall be chosen for random testing on a schedule designed to test 25 percent of the relevant personnel and affected other personnel quarterly which schedule shall be set forth in a public statement distributed quarterly to all personnel and affected other persons. In no event shall the employee have more than six hours notice prior to his or her appointment for the test.

The testing shall take place on company time at a location that does not require the person tested to expend more personal time in traveling to or from the testing site than would otherwise be expended in traveling to or from a work location.

EXHIBIT O.1

The testing shall be as to controlled substance abuse and/or blood-alcohol concentration as set forth in Subsection 1.b.1. Upon evidence of a blood-alcohol level in excess of 0.04 percent or of the presence of any controlled substance in any tested individual, the Provider shall immediately suspend that individual from servicing or operating a Service Vehicle pursuant to this Scope of Work.

If the finding of substance abuse is not overruled upon review, the Provider shall permanently prohibit any such individual from servicing or operating Service Vehicles pursuant to this Scope of Work.

4. Double Testing

All urine and/or blood samples taken for the testing described hereinabove which test positive shall be processed twice for each subject substance. In those cases where it is necessary to perform a second test on a urine sample, the second test shall use a different methodology to assure the validity of the results.

No disciplinary action set forth herein shall be taken unless the urine or blood tests "positive" for the subject substance in each test.

5. Notification of Suspension and Intent to Prohibit Servicing or Operating Vehicles or Performance of Function with Potential Impact upon Public Safety

The Provider shall, upon receipt of substance abuse test results warranting action hereinunder, notify the subject individual of his immediate suspension and of the Provider's intention to prohibit performance of specified duties. The Provider is not required hereby to terminate employment of the individual altogether.

c. Institute A Review Procedure

The Provider shall provide use of a meeting room and, as to the employee Board member, paid time for the convening of a drug-testing Review Board on an as-needed basis.

An individual must request a review in writing and must deliver that request to any superior within two business days of receipt of the

EXHIBIT O.1

notice of suspension or forfeit his right of review. The superior shall deliver the request to any Board member.

The Board shall consist of a member appointed by the Provider, an employee representative (who shall be an employee of the Provider), and a third party chosen by the other two.

The Board shall decide upon the consequences of the substance testing set forth in Subsection 1.b above within one week of receipt of the request for review.

The Board shall hold short hearings at which the individual tested shall have the opportunity to dispute the fact of substance abuse and present evidence of extenuating circumstances.

The rules of evidence need not be applied. The fact of substance abuse will be presumed from the results of the substance test. Anticipated as the factual basis for rebutting that presumption would be a contrary test result obtained by the individual voluntarily in a relevant time frame from a competent disinterested laboratory.

The Board may make ex parte inquiries to County Health officials with respect to any review proceeding.

The Board has absolute discretion to question extenuating circumstances.

The Board shall vote on whether to sustain or overrule the prohibition intended to be imposed within one week of the hearing. A two-thirds vote is required to overrule the Provider's intended work prohibition.

The decision shall be written but need not be a formal document.

1. Confidentiality

The substance test results and any material presented to the Review Board shall be maintained in a confidential file by the Provider. The confidentiality shall be of a limited nature. The files will not be available for public inspection and the information therein shall not be otherwise published. The County shall have access thereto, however. Statistics generated without specific reference to individuals may be published or made available for

public inspection; and the Provider will not refuse to honor a criminal or civil subpoena relative thereto.

2. Liability

The County shall indemnify, defend, and hold harmless the Provider, its officers, agents, and employees, from and against any and all liability, expense, including defense costs and legal fees, and claims for damages arising from the institution of legal proceedings challenging the right of the Provider to subject its employees to mandatory random drug and alcohol abuse testing, or to require its subcontractors to do the same.
