NOTICE OF REQUEST FOR PROPOSALS FOR BRIDGESTONE RUBBER DAM SYSTEM PRIMARY MAINTENANCE SERVICES (2008-AN045)

PLEASE TAKE NOTICE that Public Works requests proposals for the contract for Bridgestone Rubber Dam System Primary Maintenance Services (2008-AN045). The total annual contract amount of this service is estimated to be \$100,000. The Request for Proposals (RFP) with contract specifications, forms, and instructions for preparing and submitting proposals may be accessed at <http://dpw.lacounty.gov/asd/contracts> or may be requested from Ms. Jeanette Arismendez at (626) 458-4050 or jarismen@dpw.lacounty.gov, Monday through Thursday, 7 a.m. to 5 p.m.

Minimum Requirement(s): Proposers must meet all minimum requirements set forth in the RFP document, including, but not limited to the following:

- Proposer and/or subcontractor must possess a valid General Engineering Contractors License (Class A) issued by the State of California Contractors State License Board to perform the proposed maintenance services at the time of proposal submission.
- Proposer and Project Manager must have at least five years of experience providing rubber dam construction, maintenance, and repair services.
- In addition, Proposer's supervisors, employees, subcontractors, or consultants performing the requested services must have a minimum of five years' experience working and programming Siemens® S7-200 Programmable Logic Controllers for rubber dam facility control.

November 24, 2008
Page 2

A Proposers' Conference and walk-through will be held on **Tuesday, December 16, 2008, at 9 a.m.** at Public Works Headquarters, 900 South Fremont Avenue, Alhambra, California 91803, in Conference Room B. A walk-through of two of the dams will be conducted immediately following the conference. **ATTENDANCE BY THE PROPOSER OR AN AUTHORIZED REPRESENTATIVE AT THE CONFERENCE AND WALK-THROUGH IS MANDATORY.** Public Works will reject proposals from those whose attendance at the conference and walk-through cannot be verified. Attendees should be prepared to ask questions at that time about the specifications, proposal requirements, and contract terms. After the conference and walk through, it may be impossible to respond to further requests for information.

The deadline to submit proposals is Monday, December 29, 2008, by 5:30 p.m. Please direct your questions to Ms. Arismendez at the number above.

The conference facility complies with the Americans with Disabilities Act (ADA). With four business days' notice, Public Works will make all reasonable efforts to provide information in alternate formats and other accommodations for people with disabilities. For the ADA Coordinator, please call (626) 458-4081 or TDD at (626) 282-7829, Monday through Thursday, 7 a.m. to 5:30 p.m.

Very truly yours,

DEAN D. EFSTATHIOU
Acting Director of Public Works

REQUEST FOR PROPOSALS

SECTION 1

INTRODUCTION

A. Proposers' Conference

Each Proposer or an authorized representative must attend a Proposers' Conference and walk-through to be held at the place, date, and time announced in the Notice of Request for Proposals. **ALL INTERESTED PROPOSERS OR THEIR AUTHORIZED REPRESENTATIVE MUST ATTEND THIS CONFERENCE AND WALK-THROUGH.** Proposals received from Proposers not signed in as attending this Conference and walk-through will be rejected as nonresponsive. Proposers are encouraged to be prepared to ask questions concerning the Request for Proposals (RFP), contract requirements, specifications, terms, and conditions. For example, questions may address concerns, if any, that the application of minimum mandatory requirements, evaluation criteria, and/or business requirements would unfairly disadvantage Proposers or, due to unclear instructions, may result in Public Works not receiving the best possible responses from Proposers. Upon conclusion of the Proposers' Conference, Public Works will only provide further clarifications and/or answers concerning this solicitation through an addendum(s) to all who attended the Conference.

B. Minimum Mandatory Requirements

Interested and qualified Proposers, who can demonstrate their ability to successfully provide the required services outlined in Exhibit A, Scope of Work, of this RFP are invited to submit a proposal, provided that they meet the following requirement(s) at the time of proposal submission:

1. Proposer and/or subcontractor must possess a valid General Engineering Contractors License (Class A) issued by the State of California Contractors State License Board to perform the proposed maintenance services at the time of proposal submission.
2. Proposer and Project Manager must have at least five years of experience providing rubber dam construction, maintenance, and repair services.
3. Proposer's supervisors, employees, subcontractors, or consultants performing the requested services must have a minimum of five years' experience working and programming Siemens® S7-200 Programmable Logic Controllers for rubber dam facility control.

C. Contract Analyst

All contact regarding this RFP or any matter relating thereto must be in writing and may be mailed, e-mailed, or sent via facsimile to:

County of Los Angeles Department of Public Works
Administrative Services Division – 9th Floor
Attention Ms. Jeanette Arismendez
P.O. Box 1460
Alhambra, California 91802-1460

E-mail: jarismen@dpw.lacounty.gov
Telephone: (626) 458-4050
Facsimile: (626) 458-4194

If it is discovered that a Proposer contacted and received material information from any County personnel, other than the contract analyst named in the Notice of Request for Proposals and above, regarding this solicitation, the County, in its sole determination, may disqualify their proposal from further consideration.

D. Child Support Compliance Program

Proposers shall: 1) fully comply with all applicable State and Federal reporting requirements relating to employment reporting for its employees; and 2) comply with all lawfully served Wage and Earnings Assignment Orders and Notices of Assignment, and continue to maintain compliance during the term of any contract that may be awarded pursuant to this solicitation. Failure to comply may be cause for termination of a contract and/or initiation of debarment proceedings against the noncompliant contractor (County Code Chapter 2.202).

E. County Rights and Responsibilities

The County has the right to amend this RFP by written addendum prior to the proposal submission deadline. The County is responsible only for that which is expressly stated in this solicitation document and any authorized written addenda. Addendums shall be made available to each person or organization that attended the Proposers' Conference. Should an addendum(s) require additional information not previously requested, failure to address the requirements of such addendum may result in the proposal not being considered, as determined in the sole discretion of the County. The County is not responsible for and shall not be bound by any representations otherwise made by any individual acting or purporting to act on its behalf.

F. GAIN and GROW Programs

As a threshold requirement for consideration for contract award, proposers shall demonstrate a proven record of hiring participants in the County's Department of Public Social Services' Greater Avenue for Independence (GAIN) and General

Relief Opportunity for Work (GROW) Programs or shall attest to a willingness to consider GAIN and GROW participants for any future employment opening if they meet the minimum qualifications for that opening. Additionally, proposers shall attest to a willingness to provide employed GAIN and GROW participants access to Proposer's employee mentoring program, if available, to assist these individuals in obtaining permanent employment and/or promotional opportunities. Proposers who are unable to meet this requirement shall not be considered for contract award. Proposers shall certify compliance on Form PW-10, GAIN and GROW Employment Commitment.

G. Indemnification and Insurance

The successful contractor will be required to comply with the indemnification provisions contained in Exhibit B, Section 5, Indemnification and Insurance Requirements. The contractor will be required to procure, maintain, and provide the County proof of insurance coverage for all programs of insurance along with associated amounts specified throughout the entire term of the proposed contract, without interruption or break in coverage.

H. Injury and Illness Prevention Program

The successful contractor will be required to comply with the State of California's Cal/OSHA's regulations. Section 3203 of Title 8 in the California Code of Regulations requires all California employers to have a written, effective Injury and Illness Prevention Program that addresses hazards pertaining to the particular workplace covered by the program.

I. Interpretation of Request for Proposals

The definitions and other rules of interpretation set forth in Part II, Sample Agreement and Exhibit B, Section 1, Interpretation of Contract, also apply to interpretation of this RFP.

J. Jury Service Program

1. The resultant contract from this RFP will be subject to the requirements of the County's Contractor Employee Jury Service Ordinance (Jury Service Program, Los Angeles County Code Chapter 2.203). Proposers should carefully read the pertinent jury service provisions in the Sample Agreement (Part II, Exhibit B, Service Contract General Requirements, Section 7, Compliance with County's Jury Service Program). The Jury Service Program applies to both Contractors and their Subcontractors. Proposals that fail to comply with the requirements of the Jury Service Program will be considered nonresponsive and excluded from further consideration.
2. The Jury Service Program requires Contractors and their Subcontractors to have and adhere to a written policy that provides that its employees shall receive from the Contractor, on an annual basis, no less than five days of

regular pay for actual jury service. The policy may provide that employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the employee's regular pay the fees received for jury service. For purposes of the Jury Service Program, "employee" means any California resident who is a full-time employee of a Contractor, and "full-time" means 40 hours or more worked per week or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County; or 2) the Proposer has a long-standing practice that defines the lesser number of hours as full-time. Therefore, the Jury Service Program applies to all of a Contractor's full-time California employees, even those not working specifically on the County project. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program.

3. There are two ways in which a Contractor might not be subject to the Jury Service Program. The first is if the Contractor does not fall within the Jury Service Program's definition of "Contractor." The Jury Service Program defines "Contractor" to mean a person, partnership, corporation, or other entity which has a contract with the County or a Subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. The second is if the Contractor meets one of the two exceptions to the Jury Service Program. The first exception concerns small businesses and applies to Contractors that have: 1) ten or fewer employees; and 2) annual gross revenues in the preceding 12 months which, if added to the annual amount of this proposed contract is less than \$500,000; and 3) is not an "affiliate or subsidiary of a business dominant in its field of operation." The second exception applies to Contractors that possess a collective bargaining agreement that expressly supersedes the provisions of the Jury Service Program. The Contractor is subject to any provision of the Jury Service Program not expressly superseded by the collective bargaining agreement.
4. If a Contractor does not fall within the Jury Service Program's definition of "Contractor" or if it meets any of the exceptions to the Jury Service Program, then the Contractor must so indicate in the Contractor Employee Jury Service Program Application for Exception and Certification Form (Form PW-3) and include with its submission all necessary documentation to support the claim, such as tax returns or a collective bargaining agreement, if applicable. Upon reviewing the Contractor's application, the County will determine, in its sole discretion, whether the Contractor falls within the definition of "Contractor" or meets any of the exceptions to the Jury Service Program. The County's decision will be final.

K. Local Small Business Enterprise Preference Program

1. To the extent permitted by State and federal law, the County will give Local SBE preference during the solicitation process to businesses that meet the definition of a Local Small Business Enterprise (Local SBE), consistent with Chapter 2.204.030C.1 of the Los Angeles County Code. A Local SBE is defined as: 1) A business certified by the State of California as a small business and 2) has had its principal office located in Los Angeles County for at least one year. The business must be certified by the Office of Affirmative Action Compliance as meeting the requirements set forth in 1 and 2 above prior to requesting the Local SBE Preference in a solicitation.
2. To apply for certification as a Local SBE, businesses may register at the Office of Affirmative Action Compliance's website at:

<http://oaac.co.la.ca.us/contract/sbemain.html>
3. Certified Local SBEs must request the SBE Preference in their solicitation responses and may not request the preference unless the certification process has been completed and certification affirmed. Businesses must attach their Local SBE Certification Letter to a completed Form PW-9, Request for Local SBE Preference Program Consideration and CBE Firm/Organization Information Form with their proposal. Sanctions and financial penalties may apply to a business that knowingly, and with intent to defraud, seeks to obtain or maintain certification as a certified Local SBE.
4. Information about the State's small business enterprise certification regulations is in the California Code of Regulations, Title 2, Subchapter 8, Section 1896 et seq., and is also available on the California Department of General Services Office of Small Business Certification and Resources website at <http://www.pd.dgs.ca.gov/smbus/default>.

L. Notification to County of Pending Acquisitions/Mergers by Proposing/Bidding Company

The Proposer shall notify the County of any pending acquisitions/mergers of their company. This information shall be provided by the Proposer on Form PW-1, Verification of Proposal. The proposed contract will only be awarded to the entity that submitted the proposal. Any acquisitions and merger will be handled pursuant to Exhibit B, Section 2.B, Assignment and Delegation and evaluated in accordance with the Board's policy regarding contractors engaged in mergers and acquisitions. Failure of the Proposer to provide this information may eliminate its proposal/bid from any further consideration.

M. Prompt Payment Program

It is the intent of the County that Certified Local SBEs receive prompt payment for services they provide to County departments. Prompt payment is defined as 15 calendar days after the receipt of an undisputed and approved invoice.

N. Proposal Requirements and Contract Specifications

1. Persons who wish to contract with the County may respond to this RFP by submitting a proposal in the form described in the following Sections and Attachments. Proposers are instructed to carefully read these Terms, Requirements, Specifications, Conditions, Attachments, and Exhibits.
2. Requirements for proposals are explained in Part I of this RFP.
3. The proposed contract's specifications and requirements are fully described in Part II, Sample Agreement; Exhibit A, Scope of Work; and Exhibit B, Service Contract General Requirements. Proposers are also requested to review Attachment 1, Policy on Doing Business with Small Business; Attachment 2, Debarred Vendors Report; and Attachment 3, County of Los Angeles Lobbyist Ordinance.
4. Dates and times of the Proposers' Conference and for the submission of Proposals are set forth in the Notice of Request for Proposals.

O. Proposer's Charitable Contributions Compliance

California's "Supervision of Trustees and Fundraisers for Charitable Purposes Act" regulates receiving and raising charitable contributions. Among other requirements, those subject to the Charitable Purposes Act must register. The 2004 Nonprofit Integrity Act (SB 1262, Chapter 919) increases Charitable Purposes Act requirements. New rules cover California public benefit corporations, unincorporated associations, trustee entities, and may include similar foreign corporations doing business or holding property in California. Key Nonprofit Integrity Act requirements affect executive compensation, fund-raising practices, and documentation. Charities with over \$2 million of revenues (excluding funds that must be accounted for to a governmental entity) have new audit requirements.

All prospective contractors must determine if they receive or raise charitable contributions, which subject them to the Charitable Purposes Act and complete the certification form attached as Form PW-12. A completed Form PW-12 is a required part of any agreement with the County.

In Form PW-12, prospective contractors certify either that:

1. They have determined that they do not now receive or raise charitable contributions regulated under the California Charitable Purposes Act

(including the Nonprofit Integrity Act) but will comply if they become subject to coverage of those laws during the term of a County contract; or

2. They are currently complying with their obligations under the Charitable Purposes Act, attaching a copy of their most recent filing with the Registry of Charitable Trusts.

Prospective County contractors that do not complete Form PW-12 as part of the solicitation process may, in the County's sole discretion, be disqualified for contract award. A County contractor that fails to comply with its obligations under the Charitable Purposes Act is subject to either contract termination or debarment proceedings or both (County Code Chapter 2.202).

P. Transitional Job Opportunities Preference Program

To the extent permitted by State and federal law in evaluating proposals, the County will give preference to businesses that are certified by the County as Transitional Job Opportunity vendors, consistent with Chapter 2.205 of the Los Angeles County Code. A Certified Transitional Job Opportunity vendor is, and has been such for three years, an entity: that is a nonprofit organization recognized as tax exempt pursuant to section 501 (c)(3) of the Internal Revenue Services Code; set forth, under penalty of perjury, such information as requested by the County on either electronic or hard copy forms, along with their application form and three most recent annual tax returns to Public Works with their proposal response to contracting solicitation for which they are competing; has been in services to program participants; and provided a profile of their program a description of their program components designed to assist program participants, number of past program participants, and any other information requested by Public Works. Transitional Job Opportunities vendors must request the preference in their solicitation responses (Form PW-13) and may not receive the preference until their certification has been affirmed by Public Works. County must verify the Transitional Job Opportunity vendor certification prior to applying the preference. Sanctions and financial penalties may apply to a vendor that knowingly and with intent to defraud seeks to obtain or maintain certification as a Transitional Job Opportunities vendor.

Q. Vendor Registration

Proposers must register on-line with the County's web-based vendor registration system to facilitate the contract award process. Registration can be accomplished online via the Internet by accessing the County's home page at http://lacounty.info/doing_business/main_db.htm and click on "Vendor Registration Information – Self Registration." Being registered will assist the Proposer in receiving notifications of the release of County solicitations that may be of interest to the Proposer.

SECTION 2

PROPOSAL PREPARATION AND SUBMISSION

A. Proposal Format and Content Requirements

Proposals shall be bound and presented in the sequence, with the content, and tabbed in the format stated below. Failure to provide the required information or to strictly comply with these guidelines may be a basis for rejection of the Proposal as nonresponsive at the County's sole discretion:

1. Title page

The title page shall show the Proposer's name, title of the service requested, local address, telephone number, and date of submittal.

2. Table of Contents

A comprehensive table of contents shall list all material included in the Proposal.

3. Letter of Transmittal

A person legally authorized to enter into contracts for the Proposer shall sign the Letter of Transmittal. The letter must include a brief statement of the Proposer's understanding of the work to be accomplished and a list of names of individuals authorized to make representations for the Proposer, their titles, addresses, and telephone numbers.

4. Support Documents for Corporations and Limited Liability Companies

a. Corporations

Proposer must provide a copy of the corporation's "Certificate of Good Standing" with the State of California or state of incorporation and the most recent "Statement by Domestic (or Foreign) Stock Corporation" as filed with the California Secretary of State or state of incorporation. If Proposer's most recent Statement has only the "No change in information" box checked, the Proposer must also submit the most recent Statement, which includes a list of corporate officers. The "Statement of Information" must list the corporate officers.

b. Limited Liability Companies

Proposer must provide a copy of the most recent "Statement by Domestic (or Foreign) Stock Corporation" as filed with the California Secretary of State or state of incorporation. If Proposer's most recent Statement has only the "No change in information" box checked, the Proposer must also submit the most recent Statement,

which includes a list of corporate officers. The "Statement of Information" must list the corporate officers.

5. Experience

Proposer's capabilities and experience shall be described comprehensively in order to provide for a meaningful evaluation, comparison, and assessment. The narrative should discuss each of the following subject areas:

- Background;
- Organization (provide a chart or outline of the firm's organizational structure); and
- Specific information regarding length and quality of experience providing services of the type described in these Specifications. **(Part I, Section 4.E, Evaluation Criteria).** Identify the roles of and submit resumes for the firm, principals, managing employees, on-site supervisors, other key staff, and subcontractors.
- Demonstrate how the Proposer complies with requirements outlined in Part I, Section 1.B, Minimum Mandatory Requirements, if any.

6. Equipment

The Proposer shall submit an inventory of all operable equipment available to be used to accomplish the work. This equipment shall be listed on Form PW-16, Statement of Equipment Form, and may be subject to field inspection by Public Works. An adverse finding as to the equipment to be used may be sufficient cause for rejection of the Proposal. Public Works reserves the right to conduct on-site inspections of equipment listed on this form.

7. Subcontractors

If subcontractors are to be used, submit a description of their proposed assignments, qualifications, experience, staffing, and schedules.

8. Licenses and Certifications

Submit a copy of the Proposer's and/or subcontractor's valid General Engineering State Contractors License (Class A) issued by the State of California Contractors State License Board at the time of proposal submission.

9. Insurance

Submit proof of current, valid insurance coverage that meets the requirements of the RFP or a statement acknowledging that the required insurance coverage will be provided prior to commencing work under the proposed contract.

10. Forms List

Complete and submit the following forms which are included in the RFP package:

- PW-1 Verification of Proposal;
- PW-2 Schedule of Prices;
- PW-3 County of Los Angeles Contractor Employee Jury Service Program Application for Exception and Certification Form;
- PW-4 Contractor's Industrial Safety Record;
- PW-5 Conflict of Interest Certification;
- PW-6 Proposer's Reference List;
- PW-7 Proposer's Equal Employment Opportunity Certification;
- PW-8 List of Subcontractors;
- PW-9 Request for Local Small Business Enterprise (SBE) Preference Program Consideration and CBE Firm/Organization Information Form (Attach Local SBE certification form if requesting SBE preference);
- PW-10 GAIN and GROW Employment Commitment;
- PW-11 Transmittal Form to Request an RFP Solicitation Requirements Review (Submit only if requesting a review. If requesting a review, please submit form as early as possible before the proposal submission to the listed Contract Analyst);
- PW-12 Charitable Contributions Certification;
- PW-13 Transitional Job Opportunities Preference Application;
- PW-14 Statement of Terminated Contracts;
- PW-15 Proposer's Pending Litigations and Judgments; and

PW-16 Statement of Equipment Form

(Proposer should note that any change, edit, deletion, etc., of these forms by the Proposer may subject the Proposer's Proposal to disqualification, at the sole discretion of the County.)

11. Subcontractors' Forms List

The County seeks diverse, broad-based participation in its contracting. Subcontractors, if any, shall be subject to all requirements set forth in the RFP that are applicable to contractors in general. If subcontractors are to be employed, Proposer must submit a statement of their proposed assignments, qualifications, experience, staffing, and schedules. In addition to this statement, the following forms must be completed and submitted for each subcontractor contemplated:

PW-3 County of Los Angeles Contractor Employee Jury Service Program Application for Exception and Certification Form;

PW-4 Contractor's Industrial Safety Record;

PW-5 Conflict of Interest Certification;

PW-7 Proposer's Equal Employment Opportunity Certification;

PW-9 Request for Local Small Business Enterprise (SBE) Preference Program Consideration and CBE Firm/Organization Information Form (Part II of form only);

PW-10 GAIN and GROW Employment Commitment Form; and

PW-12 Charitable Contributions Certification.

12. Additional Information

Additional information that is not presented elsewhere and is essential to a fair evaluation must appear in the last Section of the Proposal and be labeled "Additional Information." If there is no additional information the Proposer wishes to present, this Section will consist of the statement: "There is no additional information we wish to present."

B. Proposal Submission

1. Proposals shall be submitted with four complete sets (one original and three copies) of the Proposal and any related information. Proposals received after the closing date and time specified in the Notice of Request for Proposals will be rejected by Public Works as nonresponsive.
2. Submit Proposals to the County of Los Angeles Department of Public Works Cashier, located on the Mezzanine Floor,

2008-AN045

900 South Fremont Avenue, Alhambra, California 91803, in a package that clearly identifies the Proposer and this RFP. Proposals are received only when accepted and time stamped by the Cashier. All other indications of apparent timely delivery may be disregarded.

3. It is the responsibility of the Proposer to instruct delivery services, such as United Parcel Service and Federal Express, to deliver Proposals directly to the Cashier. Proposals submitted via facsimile or e-mail will not be accepted.
4. Proposals delivered by other means, including United States Postal Service, may be delayed in Public Works' mail system, resulting in untimely delivery to the Cashier and possible failure to meet the Proposal submission deadline. Delayed and missed deadlines for submission of proposals not delivered in strict compliance with this RFP shall be the sole responsibility of the Proposer, not of the County, Public Works, or any Special District.

SECTION 3

GENERAL CONDITIONS OF REQUEST FOR PROPOSALS

A. Acceptance or Rejection of Proposals

The right is reserved to reject any or all proposals that, in the judgment of the Board or Director, are not in the best interests of the County/Public Works/Special Districts. In the event of any such rejection, the County will not be liable for any costs incurred in connection with the preparation and submittal of a Proposal.

Proposals signed by an agent other than the president and secretary of a corporation or a member of a general copartnership must be submitted with a power of attorney or corporate resolution, certified by the secretary or assistant secretary, authorizing such signature; otherwise, the Proposal may be rejected as unauthorized and nonresponsive.

No proposal will be considered unless the Proposer submits a Proposal for all requested items. If the solicitation document requests multiple quotations, no Proposal will be considered unless the Proposer submits a price on all items within each category; however, the solicitation document may not require the Proposer to submit a price on all of the categories.

B. Altering Solicitation Document

The wording of the solicitation document shall not be changed. Any additions, conditions, limitations, or provisions inserted by the Proposer will render their Proposal irregular and may cause its rejection as nonresponsive.

C. County Responsibility

The County will not be responsible for representation made by any of its officers or employees prior to the execution of the proposed contract unless such understanding or representation is included in the proposed contract.

D. Determination of Proposer Responsibility

1. A responsible Proposer is a Proposer who has demonstrated the attribute of trustworthiness as well as quality, fitness, capacity, and experience to satisfactorily perform the proposed contract. It is the County's policy to conduct business only with responsible contractors.
2. Proposers are hereby notified that, in accordance with Chapter 2.202 of the Los Angeles County Code, the County may determine whether the Proposer is responsible based on a review of the Proposer's performance on any contracts, including, but not limited to, County contracts. Particular attention will be given to violations of labor laws related to employee compensation and benefits and evidence of false claims made by the Proposer against public entities. Labor law violations which are the fault of

subcontractors and of which the Proposer had no knowledge shall not be the basis of a determination that the Proposer is not responsible.

3. The County may declare a Proposer to be nonresponsible for purposes of the proposed contract if the Board, in its discretion, finds that the Proposer has done any of the following: (1) violated a term of a contract with the County or a nonprofit corporation created by the County; (2) committed an act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or omission which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.
4. If there is evidence that the highest-rated Proposer may not be responsible, Public Works will notify the Proposer in writing of the evidence relating to the Proposer's responsibility and its intention to recommend to the Board that the Proposer be found not responsible. Public Works will provide the Proposer and/or the Proposer's representative with an opportunity to present evidence as to why the Proposer should be found to be responsible and to rebut evidence, which is the basis for Public Works' recommendation.
5. If the Proposer presents evidence in rebuttal to Public Works, Public Works will evaluate the merits of such evidence, and based on that evaluation, make a recommendation to the Board. The final decision concerning the responsibility of the Proposer will reside with the Board.
6. These terms shall also apply to proposed subcontractors of Proposer on County contracts.

E. Disqualification of Proposers

More than one proposal from an individual, firm, partnership, corporation, or association under the same or different names will not be considered. Reasonable grounds for believing that any proposer has an interest in more than one proposal for the work contemplated may cause the rejection of all proposals in which such Proposer has interest on the basis of nonresponsibility and/or nonresponsiveness. If there is reason for believing that collusion exists among the proposers, such collusion by the participants may be cause for the rejection of their proposals or future proposals on the basis of nonresponsibility and/or nonresponsiveness and may subject such proposers to debarment.

F. Gratuities

1. It is improper for any County officer, employee, or agent to solicit consideration, in any form, from a proposer with the implication, suggestion, or statement that the Proposer's provision of the consideration may secure

more favorable treatment for the Proposer in the award of the proposed contract or that the Proposer's failure to provide such consideration may negatively affect the County's consideration of the Proposer's submission. A Proposer shall not offer or give, either directly or through an intermediary, consideration, in any form, to a County officer, employee, or agent for the purpose of securing favorable treatment with respect to the award of the proposed contract.

2. A Proposer shall immediately report any attempt by a County officer, employee, or agent to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (800) 544-6861. Failure to report such a solicitation may result in the Proposer's submission being rejected on the basis of nonresponsibility and/or nonresponsiveness.
3. Among other items, such improper consideration may take the form of cash; discounts; services; and the provision of travel, entertainment, or tangible gifts.

G. Knowledge of Work to be Done

By submitting a Proposal, Proposer shall be held to have carefully read this RFP, all attachments, and exhibits; satisfied themselves before the delivery of their Proposal as to their ability to meet all of the requirements and difficulties attending the execution of the proposed work; and agreed that if awarded a contract, no claim will be made against the County based on this RFP, including, without limitation, claims based on any ambiguity or misunderstanding. Furthermore, the Proposer has carefully examined the location(s) of the proposed work, and is familiar with all of the physical and climatic conditions, and makes this Proposal solely upon the Proposer's own knowledge. The Proposer has carefully examined these specifications and requirements, both in general and in detail, any drawings attached, and any additional communications sent and makes their Proposal in accordance therewith. If Proposer's Proposal is accepted, the Proposer will enter into a written contract with the County for the performance of the proposed work and will accept payment based on the prices shown in Form PW-2, Schedule of Prices, as full compensation for work performed. It is understood and agreed that the quantities set forth in Form PW-2, Schedule of Prices and this RFP are only estimates, and the unit prices will apply to the actual quantities, whatever they may be.

H. Notice to Proposers Regarding the Public Records Act

1. All proposals in response to the solicitation document will become the exclusive property of the County. At such time as County recommends the award of the contract to the Board and that letter appears on the Board's agenda, all proposals will become a matter of public record and will be regarded as public records, except those parts of each proposal which are defined by the Proposer as business or trade secrets, plainly marked as

2008-AN045

"trade secret," "confidential," or "proprietary." The County will not in any way be liable or responsible for the disclosure of any such records, or any parts thereof, if disclosure is required or permitted under the California Public Records Act or otherwise by law. A blanket statement of confidentiality or the marking of each page of the proposal as confidential shall not be deemed sufficient notice of exception. The Proposer must specifically label only those provisions of the proposal, which are "trade secrets," "confidential," or "proprietary" in nature.

2. In the event County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "trade secret," "confidential," or "proprietary," Proposer agrees to defend and indemnify County from all costs and expenses, including reasonable attorney's fees, in connection with any requested action or liability arising under the Public Records Act.

I. Notice to Proposers Regarding the County Lobbyist Ordinance

The Board has enacted an ordinance regulating the activities of persons who lobby County officials. This ordinance, referred to as the "Lobbyist Ordinance," defines a County Lobbyist and imposes certain registration requirements upon individuals meeting the definition. The complete text of the ordinance can be found in Los Angeles County Code Chapter 2.160. In effect, each person, corporation, or other entity that seeks a County permit, license, franchise, or contract must certify compliance with the ordinance. As part of this solicitation process, it will be the responsibility of each proposer to review the ordinance independently as the text of the ordinance is not contained in this RFP. Each person, corporation, or other entity submitting a response to this solicitation, must certify that each County Lobbyist, as defined by Los Angeles County Code Section 2.160.010, retained by the Proposer is in full compliance with Chapter 2.160 of the Los Angeles County Code and each County Lobbyist is **not** on the Executive Office's List of Terminated Registered Lobbyist. The Proposer's signature on the Proposal submission is its certification that it is in full compliance with Los Angeles County Code Chapter 2.160. See Attachment 3 regarding County Lobbyist.

J. Opening of Proposals

Proposals will not be publicly opened.

K. Proposer Debarment

1. The Proposer is hereby notified that, in accordance with Chapter 2.202 of the Los Angeles County Code, the County may debar the Proposer from bidding or proposing on, or being awarded, and/or performing work on other County contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstance, and the County may terminate any or all of the Proposer's existing contracts with County, if the Board finds, in its

discretion, that the Proposer has done any of the following: (1) violated a term of a contract with the County or a nonprofit corporation created by the County; (2) committed an act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform a contract with the County or any other public entity, or a nonprofit corporation created by the County or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.

2. If there is evidence that the highest-rated Proposer may be subject to debarment, Public Works will notify the Proposer in writing of the evidence, which is the basis for the proposed debarment, and will advise the Proposer of the scheduled date for a debarment hearing before the Contractor Hearing Board.
3. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Proposer and/or the Proposer's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a tentative proposed decision, which will contain a recommendation regarding whether the Proposer should be debarred, and, if so, the appropriate length of time of the debarment. The Proposer and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.
4. After consideration of any objections, or if no objections are received, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
5. If a Proposer has been debarred for a period longer than five years, that Proposer may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Proposer has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.
6. The Contractor Hearing Board will consider requests for review of a debarment determination only where (1) the Proposer has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment and includes supporting documentation. Upon receiving an

2008-AN045

appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.

7. The Contractor Hearing Board's proposed decision will contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board will have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
8. These terms shall also apply to proposed subcontractors of Proposer on County contracts.
9. Attachment 2 is a listing of contractors currently debarred.

L. Proposal Prices and Agreement of Figures

If the total amount arrived at by multiplying the unit price times the quantity does not agree with the total amount entered for the item or if the total amount is not entered, the unit price and the corrected total amount will be considered as representing the Proposer's intentions. If the total amount is entered for the item, but not the unit price, the unit price will be that which is derived by dividing the total amount proposed for the item by the number of units in the item as representing the Proposer's intentions. If the items are incorrectly calculated, the corrected total will be considered as representing the Proposer's intentions.

M. Proposer's Safety Record

A review of the Proposer's safety record will be made before the award. Proposers are required to submit this information, with their Proposal, on Form PW-4, Contractor's Industrial Safety Record form provided. Nonsubmission or an adverse finding as to the Proposer's safety record may be cause for rejection of the Proposal on the basis of nonresponsibility and/or nonresponsiveness.

N. Qualification of Proposer

No award will be made to any proposer who cannot give satisfactory assurance as to its ability to carry out the intended contract, based both on financial strength and experience as a contractor on work of the nature contemplated in the proposed contract. Proposers are encouraged to submit records of work of similar nature, size, or extent to that proposed under these specifications and requirements. A reasonable inquiry to determine the responsibility of a Proposer will be conducted. The unreasonable failure of a Proposer to promptly supply information in connection with such inquiry, including, but not limited to, information regarding

past performance, financial stability, and ability to perform on schedule, may be grounds for a determination of nonresponsibility and/or nonresponsiveness with respect to such Proposer. Unfamiliarity with the type of work required by Public Works may be cause for rejection of the Proposal on the basis of nonresponsibility and/or nonresponsiveness.

O. Qualifications of Subcontractors

Proposers shall list all subcontractors to be used on the List of Subcontractors (Form PW-8). The use of subcontractors shall be subject to Public Works' approval. Subcontractors shall be properly licensed under the laws of the State of California for the type of work, which they are to perform. Alternate subcontractors shall not be listed for the same work.

P. Safely Surrendered Baby Law

The Proposer shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. The fact sheet is set forth in Part II, Exhibit D of this solicitation document and is also available on the Internet at www.babysafela.org for printing purposes.

Q. Term of Proposals

All proposals shall be firm offers and may not be withdrawn for a period of 270 days following the deadline for submission of proposals.

R. Truth and Accuracy of Representations

False, misleading, incomplete, or deceptively unresponsive statements in connection with a proposal will be sufficient cause for the rejection of the proposal. The evaluation and determination in this area will be at the Director's sole judgment and the Director's judgment will be final.

S. Wages, Materials, and Other Costs

It is the responsibility of the Proposer to calculate the Proposal price to take into consideration a possible escalation of wages, materials, and other costs during the contract period. The Board, County, Public Works, District(s), or Director make no representations regarding future costs or the rate of wages that may become necessary to pay employees of the contractor for the work performed during the contract period.

T. Withdrawal of Proposals

Proposers may withdraw their Proposal anytime before the date and hour set for submission set forth in the Notice for Request for Proposals upon presentation of a written request to the Director signed by an authorized representative of the Proposer or by the person filing the Proposal.

SECTION 4

EVALUATION OF PROPOSALS; AWARD AND EXECUTION OF CONTRACT

A. Award of Contract

Subject to the right of the Board to make the ultimate decisions concerning the award of contracts, the County intends to award a contract to the highest-rated Proposer or Proposers based on the evaluation criteria in Part I, Section 4.E, Evaluation Criteria, whose Proposal(s) provide(s) the most beneficial program and price, with all other factors considered. The County retains the right to select a proposal other than the proposal receiving the highest number of points, if County determines, in its sole discretion, another proposal is the most overall qualified, cost-effective, responsive, responsible, and in the best interest of the County. The awardee shall sign and return the agreement within 14 calendar days of its mailing to the awardee for signature by Public Works. The awardee shall submit copies of its proof of insurance coverage, within 14 days after Board approval of the proposed contract or at least 14 days prior to the proposed contract's start date, whichever occurs last. Work under the proposed contract cannot begin before proof of valid insurance coverage is submitted to Public Works.

B. Final Contract Award by Board

Notwithstanding a recommendation by Public Works and/or the Chief Executive Office, the Board retains the right to exercise its judgment concerning the selection of a proposal, the terms of any resultant agreement, and to determine which proposal best serves the interests of the County. The Board is the ultimate decision-making body and makes the final determinations necessary to arrive at a decision to award, or not award, a contract.

C. Evaluation of Proposals

1. All responses to this RFP become the property of the County. Upon receipt of the Proposal as specified and evaluation of Proposals in accordance with the evaluation criteria set forth below, Public Works may recommend the award of a contract to one or more of those submitting Proposals. The proposed contract may be submitted to the Board for consideration and possible approval.
2. The County may require whatever evidence it deems necessary to determine the Proposer's overall and specific abilities to meet the requirements of proposed contract over the entire contract term. This determination will be based on, but not limited to, on an evaluation of the proposer's experience, personnel, financial stability and resources, work plan, cost to perform requested services, and staffing plan.
3. The County reserves the sole right to judge the Proposer's written and oral representations and to review, evaluate, and select the successful proposal(s).

4. The County may make on-site inspections of Proposer's current jobs and/or facilities.
5. The County, in its sole discretion, may elect to waive any error in the form of a proposal or any other disparity, if, as a whole, the proposal substantially complies with the RFP's requirements.
6. The County may utilize the services of appropriate experts to assist in the evaluation process.

D. Initial Review

Proposals will first be reviewed on a Pass/Fail basis. Proposals not meeting all of these requirements may be rejected as nonresponsive:

1. Proposer shows an ability to meet insurance requirements, outlined in Exhibit B, Section 5, Indemnification and Insurance Requirements.
2. Proposer and any subcontractors have met the GAIN and GROW Programs requirements (Form PW-10).
3. Proposer and any subcontractors have completed and submitted the Charitable Contributions Certification (Form PW-12).
4. Proposer and any subcontractors have submitted the Jury Service Program Application for Exception and Certification Form (Form PW-3) stating that they accept and will comply with the program requirements or establish their entitlement to an exception to the program.
5. Proposer and subcontractors, if any, have completed and signed all appropriate forms, and Proposer has completed and signed Form PW-2, Schedule of Prices.
6. Proposer complies with all minimum requirements as outlined in Part I, Section 1.B, Minimum Mandatory Requirements.
7. Proposer and/or subcontractor must possess a valid General Engineering Contractors License (Class A) issued by the State of California Contractors State License Board at the time of proposal submission.

Proposers who do not possess and/or have listed subcontractors who do not possess the required licenses/certificates/permits at the proposal deadline date will be disqualified as nonresponsive.

8. Proposer is signed in as attending the Proposers' Conference and walk-through.
9. Proposal was time stamped by the Cashier prior to the deadline for submission of the Proposal.

E. Evaluation Criteria

An evaluation committee selected by Public Works will evaluate proposals passing the Initial Review. All proposals will receive a composite score (rating) and be ranked in numerical sequence from high to low based on the following criteria:

1. Proposed Price (65 points)

The proposed price should accurately reflect the Proposer's cost of providing the required products and services and any profit expected during the contract term. Prior to scoring, the proposed prices must be adjusted in accordance with the Transitional Job Opportunities Preference or the Local Small Business Preference or both, as applicable.

- Transitional Job Opportunities Preference. To the extent permitted by State and federal law, should one or more of the proposers qualify for the Transitional Job Opportunities Preference (Form PW-13), the price component points will be adjusted prior to scoring as follows: Five percent of the lowest price proposed will be calculated, and that amount will be deducted from the prices submitted by all proposers who requested and were granted the Transitional Job Opportunities Preference. The Transitional Job Opportunities Preference will not reduce or change the Proposer's payment, which will be based on the Proposer's bid amount.
- Local Small Business Enterprise (SBE) Preference. To the extent permitted by State and federal law, should one or more of the proposers qualify for the Local SBE Preference (Form PW-9), the price component points will be adjusted prior to scoring as follows: Five percent of the lowest price proposed will be calculated, which shall not exceed \$50,000, and that amount will be deducted from the prices submitted by all Local SBE Proposers who requested and were granted the Local SBE Preference. The Local SBE Preference will not reduce or change the Proposer's payment, which is based on the Proposer's bid amount.

Subject to such adjustment(s), the lowest Total Proposed Price quoted in the Schedule of Prices (Form PW-2) will receive the full weight of this evaluated item. Other Proposals will receive a prorated score calculated as follows: divide the lowest Total Proposed Annual Price by each other Proposer's Total Proposed Annual Price and multiply the result by the maximum possible points for this evaluation criterion. The Proposal with the lowest Total Proposed Annual Price may not necessarily be awarded a contract.

2. References (5 points)

Public Works will check at least three of the Proposer's references for overall satisfaction with Proposer's services, with priority given to services provided to County departments. Proposer may receive up to a maximum of 5/3

2008-AN045

points for each responding reference up to a total of three responding references. Proposer's references for all contracts with the County during the previous three years must be listed on Form PW-6, Proposer's Reference List. Public Works reserves the right to utilize any reference of Proposer, County or other, listed or not listed. In addition to the references provided, the review will include the County's Contract Database, if applicable, reflecting past performance history on County contracts, and an evaluation of any terminated contract(s) reported on Form PW-14, Statement of Terminated Contracts. If references fail to substantiate Proposer's description of services provided; references fail to support that Proposer has a continuing pattern of providing capable, productive, and skilled personnel and services; or a significant unacceptable weakness in references may result in a low or zero score. Additionally, a Proposer's unacceptable performance on another County contract(s), as documented by either the County's Contract Database or by an unfavorable reference, may result in a low or zero score for this evaluation category. A score of zero in this evaluation category may result in rejection of the Proposal as nonresponsive.

References may be contacted by telephone, facsimile, mail, express delivery, or e-mail. It is the Proposer's responsibility to ensure that accurate and timely contact information is included in the proposal. Public Works will ordinarily not make repeated attempts to contact references and will ordinarily not contact the Proposer to correct bad phone numbers, etc. It is the Proposer's responsibility to ensure that its references respond promptly to Public Works' requests for information.

3. Experience (20 points)

Proposer and assigned project manager must have a minimum of five years' experience providing rubber dam construction, maintenance, and repair services. In addition, the Proposer's supervisors, employees, subcontractors, or consultants performing the requested services must have a minimum of five years' experience working and programming Siemens® S7-200 Programmable Logic Controllers for rubber dam facility control. Failure to demonstrate the minimum lengths of experience performing the service may result in rejection of the Proposal as nonresponsive.

The evaluators may award a maximum of 20 points for the quality and quantity of experience of the Proposer, its key personnel, and subcontractors in providing the requested services to organizations. Greater weight will be given to services provided to agencies of similar size and nature. The evaluators may consider the Proposer's description of its capabilities, resumes of key personnel (Part I, Section 2.A.5), and any other relevant information, including, but not limited to, pending litigation and judgments. The evaluators may consider the safety record of the Proposer and any subcontractors to ensure that they have provided services in a safe

experience may result in a low or zero score. A score of zero in this evaluation category may result in rejection of the Proposal as nonresponsive.

4. Equipment (10 points)

A review of the Proposer's equipment to be used to perform the work, as listed on the Statement of Equipment Form (Form PW-16), will be made. List vehicles separate from other equipment. An adverse finding as to the equipment to be used may be sufficient cause for rejection of the Proposal. Public Works reserves the right to conduct on-site inspections of equipment listed on this form.

The Proposer's equipment will be evaluated based on the following criteria, but is not limited to, the type and quantity of equipment within the organization's fleet, type and quantity of equipment dedicated to the service, date of manufacture/purchase, up-to-date maintenance and service records. The evaluators may award up to maximum of 10 points based on their evaluation of the adequacy of the Proposer's equipment to meet and perform in a timely manner all of the requirements set forth in Exhibit A, Scope of Work, and Exhibit H, Rubber Dam Repair Procedure. Greater weight will be given to the Proposer's whose equipment exceed the requirement.

Significant unacceptable weakness in the Proposer's equipment may result in a low or zero score. A score of zero in this evaluation category may result in rejection of the Proposal as nonresponsive.

5. Optional Interview

The County may, at its option, invite one or more proposers to make a presentation and/or participate in an interview before a final selection is made. Evaluation criteria for presentations and interviews are the same as those for written Proposals. A separate score will not be given for a presentation or interview, but the Proposer's performance may be considered as part of the overall evaluation. The evaluators may, in their sole discretion, limit the offer to give a presentation or interview, if any, to the two or more Proposers who receive the highest scores in a preliminary scoring of Proposals in accordance with the evaluation criteria set forth in this Part I, Section 4.E, Evaluation Criteria.

6. Additional Criteria

These criteria are not exclusive. The County reserves the right to apply additional evaluation criteria.

F. Negotiation

The County reserves the right to negotiate the terms, conditions, and price of the Proposal, in the sole discretion of the County, to achieve the most beneficial program and price for the County. The County, in its sole discretion, may limit the negotiation, if any, to one or more responsive and responsible Proposers who receive the highest scores in a preliminary scoring of Proposals in accordance with the evaluation criteria set forth in this Part I, Section 4.E, Evaluation Criteria. The negotiation with the Proposer(s) will not result in a change in the rating of the Proposers. If a satisfactory contract cannot be negotiated, the County may, at its sole discretion, begin contract negotiations with the next highest-rated Proposer who submitted a proposal, as determined by the County.

SECTION 5

PROTEST POLICY

A. Protest Process

1. Any actual or prospective Proposer may file a protest in connection with the solicitation or award of a Board-approved service contract. The Proposer challenging the decision of Public Works bears the burden of proof in its claim that Public Works committed a sufficiently material error in the solicitation process to justify invalidation of a proposed award.
2. Throughout the review process, the County has no obligation to delay or otherwise postpone an award of contract based on a Proposer protest. In all cases, the County reserves the right to make an award when it is determined to be in the best interest of the County to do so.

B. Grounds for Review

Unless State or Federal statutes or regulations otherwise provide, the grounds for review of any departmental determination or action should be limited to the following:

- Review of Solicitation Requirements;
- Review of a Disqualified Proposal; and
- Review of Public Works' Proposed Contractor Selection.

C. Solicitation Requirements Review

A person or entity may seek a Solicitation Requirements Review by submitting Form PW-11, Transmittal Form to Request an RFP Solicitation Requirements Review, along with supporting documentation. A Solicitation Requirements Review shall only be granted under the following circumstances:

1. The request for a Solicitation Requirements Review is received by Public Works not more than 10 business days after issuance of the RFP;
2. The request for a Solicitation Requirements Review includes documentation, which demonstrates the underlying ability of the person or entity to submit a proposal;
3. The request for a Solicitation Requirements Review itemizes, in appropriate detail, each matter contested and factual reasons for the requested review; and

4. The request for a Solicitation Requirements Review asserts either that:
 - Application of the minimum requirements, evaluation criteria, and/or business requirements unfairly disadvantage the Proposer; or
 - Due to unclear instructions, the process may result in the County not receiving the best possible responses from the Proposers.
5. The Solicitation Requirements Review will be completed and Public Works' determination will be provided to the Proposer, in writing, within a reasonable time prior to the proposal due date.

D. Place to Submit Requests for Review

All Requests for Review should be submitted to the Contract Analyst.

E. Disqualification Review

1. A proposal may be disqualified from consideration because Public Works determined it was a nonresponsive proposal at any time during the evaluation process. If Public Works determines that a proposal is disqualified due to nonresponsiveness, Public Works will notify the Proposer in writing.
2. Upon receipt of the written determination of nonresponsiveness, the Proposer may submit a written request for a Disqualification Review by the date specified. Requests for a Disqualification Review not timely submitted will be denied.
3. A Disqualification Review shall only be granted under the following circumstances:
 - a. The firm/person requesting a Disqualification Review is a Proposer;
 - b. The request for a Disqualification Review is submitted timely; and
 - c. The request for a Disqualification Review asserts that the determination of disqualification due to proposal nonresponsiveness was erroneous (e.g., factual errors, etc.) and provides factual support on each ground asserted as well as copies of all documents and other material that support the assertions.
4. The Disqualification Review shall be completed and the determination shall be provided to the Proposer, in writing, prior to the conclusion of the evaluation process.

F. Proposed Contractor Selection Review

1. Debriefing Process

- a. Upon completion of the evaluation, and prior to entering negotiations with the selected Proposer, Public Works will notify the remaining Proposers in writing that Public Works is entering negotiations with another Proposer. Upon receipt of the letter, the Proposer may request a debriefing within the time specified in the letter. A debriefing will not be provided unless the request is made within the timeframe specified.
- b. The purpose of the debriefing is to compare the Proposer's response to the solicitation document with the evaluation document. The Proposer shall be debriefed only on its response. Because the contract process has not been completed, responses from other Proposers shall not be discussed.
- c. If the Proposer is not satisfied with the results of the debriefing, it may, within five business days of the debriefing, request a review on the grounds and in the manner set forth below for review of Public Works' recommendation for contract award.

2. Proposed Contractor Selection Review

- a. The Proposer may submit a written request for a Proposed Contractor Selection Review if it asserts that its Proposal should have been determined to be the highest-scored Proposal but was not because of one of the following reasons:
 - i. Public Works materially failed to follow procedures specified in the RFP. This includes:
 - (1) Failure to correctly apply the standards for reviewing the Proposal format requirements.
 - (2) Failure to correctly apply the standards and/or follow the prescribed methods for evaluating the Proposals specified in the RFP.
 - (3) Use of evaluation criteria that were different from the evaluation criteria disclosed in the RFP.
 - ii. Public Works made identifiable mathematical or other errors in evaluating Proposals, resulting in the Proposer receiving an incorrect score and not being selected as the recommended Contractor.
 - iii. A member of the evaluation committee demonstrated bias in the conduct of the evaluation.

- iv. Another basis for review as provided by State or Federal law.
- b. Upon completing the Proposed Contractor Selection Review, Public Works will issue a written decision to the Proposer within a reasonable time following receipt of the request for a Proposed Contractor Selection Review, and always before the date the Contract award recommendation is to be heard by the Board. If the Proposer is not satisfied with the results of the Proposed Contractor Selection Review, it may request a review on the grounds and in the manner set forth below for a County Review Panel.

G. County Review Panel Process

- 1. If the Proposer is not in agreement with the results of Public Works' Proposed Contractor Selection Review, the Proposer may submit a written request for a review by a County Review Panel.
- 2. Upon completion of the Panel's Review, the Panel will forward its report to Public Works, which will provide a copy to the Proposer.

**COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM
APPLICATION FOR EXCEPTION AND CERTIFICATION FORM**

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Company Name:		
Company Address:		
City:	State:	Zip Code:
Telephone Number:		
(Type of Goods or Services):		

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

☐ My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.

☐ My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

☐ My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

☐ My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

CONTRACTOR'S INDUSTRIAL SAFETY RECORD

PROPOSED CONTRACT FOR: _____
 SERVICE BY PROPOSER _____
 PROPOSAL DATE: _____

This information must include all work undertaken in the State of California by the proposer and any partnership, joint venture, or corporation that any principal of the proposer participated in as a principal or owner for the last five calendar years and the current calendar year prior to the date of proposal submittal. Separate information shall be submitted for each particular partnership, joint venture, corporate, or individual proposer. The proposer may attach any additional information or explanation of date which the proposer would like taken into consideration in evaluating the safety record. An explanation must be attached to the circumstances surrounding any and all fatalities.

5. CALENDAR YEARS PRIOR TO CURRENT YEAR

	2003	2004	2005	2006	2007	Total	Current Year to Date
1. Number of contracts.							
2. Total dollar amount of Contracts (in thousands of dollars).							
3. Number of fatalities.							
4. Number of lost workday cases.							
5. Number of lost workday cases involving permanent transfer to another job or termination of employment.							
6. Number of lost workdays.							

The above information was compiled from the records that are available to me at this time, and I declare under penalty of perjury that the information is true and accurate within the limitations of those records.

CONFLICT OF INTEREST CERTIFICATION

I, _____

- ☐ sole owner
☐ general partner
☐ managing member
☐ President, Secretary, or other proper title) _____

 of _____
 Name of proposer

make this certification in support of a proposal for a contract with the County of Los Angeles for services within the scope of Los Angeles County Code Section 2.180.010, which provides as follows:

Contracts Prohibited. A. Notwithstanding any other section of this code, the county shall not contract with, and shall reject any bid or proposal submitted by, the persons or entities specified below, unless the board of supervisors finds that special circumstances exist which justify the approval of such contract.

1. Employees of the county or of public agencies for which the board of supervisors is the governing body;
2. Profit-making firms or businesses in which employees described in subdivision 1 of subsection A serve as officers, principals, partners, or major shareholders;
3. Persons who, within the immediately preceding 12 months, came within the provisions of subdivision 1 of subsection A, and who:
 - (a) Were employed in positions of substantial responsibility in the area of service to be performed by the contract; or
 - (b) Participated in any way in developing the contract of its service specifications; and
4. Profit-making firms or businesses in which the former employees described in subdivision 3 of subsection A, serve as officers, principals, partners, or major shareholders.

I hereby certify I am informed and believe that personnel who developed and/or participated in the preparation of this contract do not fall within scope of the Los Angeles County Code Section 2.180.010 as cited above. Furthermore, that no County employee whose position in the County enables him/her to influence the award of this contract, or any competing contract, and no spouse or economic dependent of such employee is or shall be employed in any capacity by the Contractor herein, or has or shall have any direct or indirect financial interest in this contract. I understand and agree that any falsification in this Certificate will be grounds for rejection of this Proposal and cancellation of any contract awarded pursuant to this Proposal.

I certify under penalty of perjury under the laws of California that the foregoing is true and correct.

STATE BELOW THE INFORMATION FOR ALL EQUIPMENT AVAILABLE

[illegible]

COUNTY OF LOS ANGELES

Policy on Doing Business With Small Business

Forty-two percent of businesses in Los Angeles County have five or fewer employees. Only about four percent of businesses in the area exceed 100 employees. According to the Los Angeles Times and local economists, it is not large corporations, but these small companies that are generating new jobs and helping move Los Angeles County out of its worst recession in decades.

WE RECOGNIZE...

The importance of small business to the County:

- In fueling local economic growth.
- Providing new jobs.
- Creating new local tax revenues.
- Offering new entrepreneurial opportunity to those historically under-represented in business.

The County can play a positive role in helping small business grow:

- As a multi-billion dollar purchaser of goods and services.
- As a broker of intergovernmental cooperation among numerous local jurisdictions.
- By greater outreach in providing information and training.
- By simplifying the bid/proposal process.
- By maintaining selection criteria which are fair to all.
- By streamlining the payment process.

WE THEREFORE SHALL:

1. Constantly seek to streamline and simplify our processes for selecting our vendors and for conducting business with them.
2. Maintain a strong outreach program, fully coordinated among our departments and districts, as well as other participating governments to: (a) inform and assist the local business community in competing to provide goods and services; and, (b) provide for ongoing dialogue with and involvement by the business community in implementing this policy.
3. Continually review and revise how we package and advertise solicitations, evaluate and select prospective vendors, address subcontracting, and conduct business with our vendors, in order to: (a) expand opportunity for small business to compete for our business; and, (b) to further opportunities for all businesses to compete regardless of size.
4. Ensure that staff who manage and carry out the business of purchasing goods and services are well-trained, capable, and highly motivated to carry out the letter and spirit of this policy.

County of Los Angeles *Lobbyist Ordinance*

IT'S THE LAW

It may affect you!

Chapter 2.160 of the Los Angeles County Code requires Lobbyists, Lobbying Firms and Lobbyist Employers to register with the Executive Office of the Board of Supervisors. This ordinance imposes extensive reporting requirements on individuals, businesses and other organizations. It places restrictions on the activities of anyone seeking to influence an official action of the County of Los Angeles including actions of the Board of Supervisors or the granting or denial of County contracts, licenses, permits, grants and franchises.

YOU MAY BE CONSIDERED A COUNTY LOBBYIST

If you are compensated to communicate directly (or through agents) with any County official for the purpose of influencing official action, then you may be required to register with the Executive Office of the Board of Supervisors. The requirement to register is the same whether you are an employee of, or on contract with, a firm or organization with business before the County. Additionally, an individual or business entity may be considered a County Lobbying Firm if it receives compensation to influence the County on behalf of any **other** persons or businesses. An individual, business entity or organization that employs or contracts with another individual or firm to represent or make contacts with a County agency on their behalf to influence County action may be considered a County Lobbyist Employer who must also register. If in doubt, it is best to register.

Furthermore, each person or entity who is not otherwise required to register as a County Lobbyist, Lobbying Firm or Lobbyist Employer, but who directly or indirectly expends \$5,000 or more during a calendar quarter to influence official action need not register BUT must report the expenditure to the Executive Office of the Board of Supervisors on a form available from the Executive Office.

REGISTERING IS IMPORTANT

Failure to comply with the ordinance may subject offending Lobbyists, Lobbying Firms, and Lobbyist Employers to **serious penalties including fines up to \$2,000 and denial of contracts, licenses, permits, grants or franchises. Moreover, some violators may be refused permission to address the Board of Supervisors or any County commission.**

HERE'S HOW TO COMPLY WITH THE LAW

Within 10 days of qualifying as a County Lobbyist, Lobbying Firm, or Lobbyist Employer as described in the ordinance, you must register with the Executive Office of the Board of Supervisors.

Registering with the County is easy. To receive a copy of the ordinance and registration forms, or to receive additional information or answers to specific questions, please contact the Executive Office of the Board of Supervisors at the following address or you may call one of the following telephone numbers:

Executive Office of the Board of Supervisors,
County of Los Angeles
383 Kenneth Hahn Hall Of Administration
500 West Temple Street
Los Angeles, California 90012

(213) 974-1093 (213) 974-1578

A copy of the ordinance is available for your review at this County facility or on the Internet.

<http://bos.co.la.ca.us/>

Thank you for your cooperation and attention.

AGREEMENT FOR
BRIDGESTONE RUBBER DAM SYSTEM PRIMARY MAINTENANCE
SERVICES (2008-AN045)

THIS AGREEMENT, made and entered into this ____ day of _____, 2008, by and between the COUNTY OF LOS ANGELES, a subdivision of the State of California, a body corporate and politic (hereinafter referred to as COUNTY) and [NAME OF CONTRACTOR], a [Form of Entity] (hereinafter referred to as CONTRACTOR).

WITNESSETH

FIRST: The CONTRACTOR, for the consideration hereinafter set forth and the acceptance by the Board of Supervisors of said COUNTY of the CONTRACTOR'S Proposal filed with the COUNTY on _____, 2008, hereby agrees to provide services as described in the attached specifications for Bridgestone Rubber Dam System Primary Maintenance Services, including, but not limited to, Exhibit A, Scope of Work.

SECOND: This AGREEMENT, together with Exhibit A, Scope of Work; Exhibit B, Service Contract General Requirements; Exhibit C, Internal Revenue Service Notice 1015; Exhibit D, Safely Surrendered Baby Law Posters; Exhibit E, Rubber Dam Repair Manual; Exhibit F, Service Area Map; Exhibit G, Site Inspection Report; Exhibit H, Repair Procedure; the CONTRACTOR'S Proposal, all attached hereto; the Request for Proposals; and Addenda to the Request for Proposals, all of which are incorporated herein by reference, are agreed by the COUNTY and the CONTRACTOR to constitute the Contract.

THIRD: The COUNTY agrees, in consideration of satisfactory performance of the foregoing services in strict accordance with the Contract specifications to the satisfaction of the Director, to pay the CONTRACTOR pursuant to the Schedule of Prices set forth in the Proposal and attached hereto as Form PW-2, Schedule of Prices, an amount not to exceed \$100,000 per year, or such greater amount as the Board may approve (Maximum Contract Sum).

FOURTH: This Contract's initial term shall be for a period of one year commencing upon Board approval. At the sole discretion of the COUNTY, this Contract may be extended in increments of one year, not to exceed a total contract period of five years. The COUNTY, acting through the Director, may give a written notice of intent to extend this Contract at least 30 days prior to the end of each term.

FIFTH: The CONTRACTOR shall bill monthly, in arrears, for the work performed during the preceding month. Work performed shall be billed at the unit prices quoted in Form PW-2, Schedule of Prices.

SIXTH: Public Works will make payment to the CONTRACTOR within 30 days of receipt and approval of a properly completed invoice. However, should the CONTRACTOR be certified by the COUNTY as a Local Small Business Enterprise, payment will be made in accordance with Board of Supervisors Policy No. 3.035, Small Business Liaison and Prompt

Payment Program. Each invoice shall be in triplicate (original and two copies) and shall itemize the work completed. The invoices shall be submitted to:

County of Los Angeles Department of Public Works
Attention Fiscal Division, Accounts Payable
P.O. Box 7508
Alhambra, CA 91802-7508

SEVENTH: In no event shall the aggregate total amount of compensation paid to the CONTRACTOR exceed the amount of compensation authorized by the Board. Such aggregate total amount is the Maximum Contract Sum.

EIGHTH: The CONTRACTOR understands and agrees that only the designated Public Works Contract Manager is authorized to request or order work under this Contract. The CONTRACTOR acknowledges that the designated Contract Manager is not authorized to request or order any work that would result in the CONTRACTOR earning an aggregate compensation in excess of this Contract's Maximum Contract Sum.

NINTH: The CONTRACTOR shall not perform or accept work requests from the Contract Manager or any other person that will cause the Maximum Contract Sum of this Contract to be exceeded. CONTRACTOR shall monitor the balance of this Contract's Maximum Contract Sum. When the total of the CONTRACTOR'S paid invoices, invoices pending payment, invoices yet to be submitted, and ordered services reaches 75 percent of the Maximum Contract Sum, the CONTRACTOR shall immediately notify the Contract Manager in writing. The CONTRACTOR shall send written notification to the Contract Manager when this Contract is within six months from expiration of the term as provided for hereinabove.

TENTH: The Director may adjust the rate of compensation set forth in Form PW-2 (Schedule of Prices) annually based on the increase or decrease in the U.S. Department of Labor, Bureau of Labor Statistics', All Urban Consumers Price Index for the Los Angeles-Riverside-Orange County Area (CPI) for the 12-month period preceding the contract anniversary date, which shall be the effective date for any such cost-of-living adjustment. The percentage change in the rate of compensation shall equal 12 times the average monthly change in the CPI over the first nine months of the contract term preceding the effective date. However, any percentage increase shall not exceed the general salary movement granted to COUNTY employees as determined by the COUNTY'S Chief Executive Office as of July 1 for the prior 12-month period. Furthermore, should fiscal circumstances ultimately prevent the Board from approving any increase in COUNTY employee salaries, no cost-of-living adjustment will be granted.

ELEVENTH: In the event that terms and conditions, which may be listed in the CONTRACTOR'S Proposal, conflict with the COUNTY'S specifications, requirements, and terms and conditions as reflected in this AGREEMENT, including, but not limited to, Exhibits A through H, inclusive, the COUNTY'S provisions shall control and be binding.

TWELFTH: The CONTRACTOR agrees in strict accordance with the Contract specifications and conditions to meet the COUNTY'S requirements.

[illegible]

IN WITNESS WHEREOF, the COUNTY has, by order of its Board of Supervisors, caused these presents to be subscribed by the Acting Director of Public Works, and the CONTRACTOR has subscribed its name by and through its duly authorized officers, as of the day, month, and year first written above.

SCOPE OF WORK

BRIDGESTONE RUBBER DAM SYSTEM PRIMARY MAINTENANCE SERVICES (2008-AN045)

A. Overview

Public Works currently operates sixteen (16) rubber dams designed and constructed by Bridgestone Industrial products of North America, Incorporated (Bridgestone). Each Bridgestone Rubber Dam (BRDS) has a single airtight ceramic chip armored rubber dam with system appurtenances, and primary components which consist of the following:

- Single airtight rubber dam
- High capacity air blower to inflate the dam
- Automated valve to deflate the system
- Programmable logic controller (PLC) control panel
- Pressure sensors to monitor the status of the system
- Special fail-safe mechanical automatic deflation system

The secondary components to the BRDS are the remote monitoring and control radio network and the computer system which are not included in this maintenance contract.

Bridgestone has informed Public Works that it has decided to discontinue their rubber dam manufacturing business. Bridgestone has offered to provide BRDS maintenance type support services. During this transitional period, Public Works would like to retain a rubber dam maintenance contractor to maintain maximum performance and provide preventative maintenance for the sixteen BRDS sites by conducting necessary facility upkeep.

B. Public Works Contract Manager

Public Works Contract Manager will be Mr. William Saunders of Water Resources Division, who may be contacted at (626) 458-6186, e-mail address: wsaunder@dpw.lacounty.gov, Monday through Thursday, 6:30 a.m. to 5:15 p.m. The Contract Manager is the only person authorized by Public Works to request work of the Contractor. From time to time, Public Works may change the Contract Manager. The Contractor will be notified in writing when there is a change in the Contract Manager.

C. Work Location

Sixteen (16) Bridgestone Rubber Dam System (BRDS) sites will be maintained as part of this contract. Please refer to map on Service Area Map (Exhibit F) for locations.

D. Work Description

The objective of this maintenance contract is to maintain maximum performance and provide preventative maintenance for the sixteen BRDS sites by conducting necessary facility upkeep. Work to be accomplished consists of the inspection and maintenance at all sixteen sites. In addition, the Contractor may be called upon to perform as-needed trouble shooting services and/or repairs to the facilities. The services to be performed by the Contractor shall include, but not be limited to, the following items of work:

1. Inspection: Upon receiving a Notice to Proceed, all locations shall be inspected once during the contract period prior to storm season in accordance with the guidelines listed below. Inspection of all BRDS facilities shall be completed prior to initiating any maintenance and repair work. Completed inspections will be used to quantify needed maintenance and repair work at all 16 facilities and determine how best to allocate limited contract funds.

- a. Rubber Dam Inspection Guidelines

The following inspection tasks are provided as a guide to accomplish the maintenance contract objectives. The contractor shall obtain, review, organize, and incorporate any information into the inspection process. The requirements for inspection shall include, but not necessarily be limited to, the following tasks outlined below. The Contractor shall recommend inspection items not listed or other changes if it is believed to better meet Public Works' maintenance objectives.

- b. General Facility

- i. Visually inspect all electrical power connections affiliated with the facility. Note damaged or vandalized pull boxes, wire access covers, etcetera. Provide electronic photographs.
- ii. Inspect conditions of anti-vandalism measures. Document any damage to protective measures such as metal cages, broken locking mechanisms, etcetera. Provide electronic photographs.
- iii. Visually inspect to assure that all existing lighting is working. Inspect lighting masts affiliated with lighting and antennas. Document any maintenance issues.

- iv. Test the incoming electrical power to the facility. If voltage is not within 10 percent of the equipment rated voltage, document the results.

c. Control House

- i. Inspect the door and lock. Make note of any damaged conditions.
- ii. Inspect manhole covers and floor hatches. Note any damaged or missing items.
- iii. De-energize and inspect electrical power and control circuitry for corrosion, loose contacts or damaged insulation. Document as required. DANGER – Backup power supplies exist at many facilities. Do not touch any energized portions of the system, as it may cause electrical shock and death or serious injury.

d. Rubber Dam

- i. If possible, all rubber dam inspections shall be conducted while there is no river water within the immediate vicinity of the facility.
- ii. While the rubber dam is deflated, check to make sure that no sharp debris is on top of the dam in such a way as to damage the bladder during inflation. Brush aside minor debris as needed for inflation and inspection. Document any major debris preventing the dam from being inflated and inspected. Do not drive over the rubber dam with any type of vehicle.
- iii. Inflate the rubber dam. Note any irregular blower sounds or trouble. Perform visual examination of rubber bladder, check for damage from wear, vandalism, or sharp objects on the foundation. All condition issues and damage shall be photographed and documented.
- iv. If inflation is not possible, obtain authorization from the Contract Manager and begin troubleshooting the system.
- v. Inspect all rubber dam clamping bolts. Missing or damaged clamping mechanisms shall be documented.

- vi. While the rubber dam is inflated, check to make sure that no sharp debris is under the dam in such a way as to damage the bladder during deflation. Brush aside minor debris as needed for deflation. Document any major debris preventing the dam from being deflated. Do not walk on top of the inflated dam.
 - vi. Note any graffiti painted on the inflated rubber dam.
 - viii. Deflate the rubber dam. Note the operation of the deflation valve actuator. Note any problems.
- e. Rubber Dam Bypass Gates
- i. Visually inspect all electrical power connections affiliated with the bypass gates. Note any need for maintenance or damage. Provide electronic photographs.
 - ii. Visually inspect all mechanical aspects of the bypass gates. Note any damage or need for maintenance. Provide electronic photographs.
 - iii. Check to make sure that no debris will damage the gate during operation. If needed, brush aside minor debris. Note any major debris that would prevent inspection.
 - iv. Operate the bypass gate: open fully and close completely. If applicable, verify operation sensors are accurately reflecting gate positions. Note any malfunctions.
- f. Electrical Overload Breaker Box and Rubber Dam Control Panel and Appurtenances
- i. Visually inspect the control house electrical overload breaker box and control panel touch screen. De-energize all electrical equipment. Test and make sure that all electrical breaker switches are functioning properly. Document water and moisture within the box and any malfunctioning items.
 - ii. Check the calibration of the pressure gauge system (transmitter, display, and gauge) and water level monitoring system (transmitter and display). Note any deviation or malfunction.
 - iii. Visually inspect the rubber dam control panel. De-energize all electrical equipment. Test that controller breaker

switches are functioning properly. Document anything malfunctioning.

- iv. Inspect and clean the water level transducer, air pressure transducer, and pressure gauge. Document any malfunction, deviation, or false readings obtained by the input sensors.
- v. Inspect all sensor and motor valve wiring. Document any damage or maintenance issues.
- vi. Visually inspect the control panel programmable logic controller. Note any malfunction indications.

g. Mechanical Automatic Deflation System

- i. Visually inspect the stilling well. If entering the well, follow confined space entry practices. Note sedimentation in the well which could impede proper operation. Document findings.
- ii. Inspect the bucket, valve, and connection of the deflation system. Inspect proper operation. Note any malfunction or maintenance issue.

h. Conclusionary Inspection

Close all breaker boxes and control panels. Energize and test equipment for proper operation. Document functionality of facility after inspection.

2. Maintenance: All locations shall be maintained in accordance with the guidelines below:

a. Rubber Dam Maintenance Guidelines

The following maintenance tasks are provided as a guide to accomplish the contract objectives. The Contractor shall obtain, review, organize, and incorporate any maintenance need into the maintenance contract process. The requirements for maintenance shall include, but not necessarily be limited to, the following tasks outlined below. The Contractor shall recommend maintenance tasks not listed or other changes if it is believed to better meet Public Works' maintenance objectives.

b. General Facility

- i. Maintain and repair all electrical power connections affiliated with the facility. Note damaged or vandalized pull boxes, wire access covers, etcetera. Once authorized by the Contract Manager, missing or damaged covers shall be immediately repaired and/or closed to prevent theft of copper wire. Provide electronic photographs of maintenance work.
- ii. Maintain and repair masts affiliated with lighting and antennas. Document results.

c. Control House

- i. Maintain and repair manhole covers and floor hatches. Replace any damaged or missing items.
- ii. Maintain and repair electrical power and control circuitry damaged by vandalism, corrosion, loose contacts, or damaged insulation. Document maintenance and repair.

d. Rubber dam

- i. Maintain and repair the rubber dam. Refer to Rubber Dam Repair Manual (Exhibit E). All maintenance and repairs shall be photographed and documented.
- ii. Maintain and repair the blower. Maintain blower filters and clean or replace as necessary. Replace or refurbish the blower as necessary.
- iii. Maintain and repair rubber dam clamping bolts. Maintenance and repairs shall be documented.
- iv. Maintain and repair the deflation valve. Replace and refurbish as necessary.
- v. Exhaust the drain line. In "Pressure Control" mode, with the rubber dam fully inflated to design pressure, open the drain valve (or remove the plug) on the downstream side of the dam, and allow moisture to be blown from dam. Close the drain airtight.

e. Rubber Dam Bypass Gates

- i. Maintain and repair all electrical power connections affiliated with the bypass gates. Provide electronic photographs.
- ii. Maintain and repair all mechanical aspects of the bypass gates. Provide electronic photographs.
- iii. Maintain and repair the bypass gate.

f. Electrical Overload Breaker Box and Rubber Dam Control Panel and Appurtenances

- i. Maintain and repair the control house electrical overload breaker box and control panel touch screen.
- ii. Maintain and repair the pressure gauge system (transmitter, display, and gauge) and water level monitoring system (transmitter and display).
- iii. Maintain and repair the rubber dam control panel.
- iv. Calibrate and repair/replace water level transducers, air pressure transducers, and pressure gauges.
- v. Maintain and repair all sensor and motor valve wiring. Document any damage or maintenance issues.
- vi. Maintain and repair the control panel programmable logic controller.

g. Mechanical Automatic Deflation System

- i. Maintain the stilling well. If entering the well, follow confined space entry practices.
- ii. Maintain and repair the bucket, valve, and connection of the automatic mechanical deflation system. Inspect proper operation. Note in writing any malfunction or maintenance issue.

h. Conclusionary Inspection

Test the facility for proper operation after all maintenance and repair work.

SCOPE OF WORK

BRIDGESTONE RUBBER DAM SYSTEM PRIMARY MAINTENANCE SERVICES (2008-AN045)

A. Overview

Public Works currently operates sixteen (16) rubber dams designed and constructed by Bridgestone Industrial products of North America, Incorporated (Bridgestone). Each Bridgestone Rubber Dam (BRDS) has a single airtight ceramic chip armored rubber dam with system appurtenances, and primary components which consist of the following:

- Single airtight rubber dam
- High capacity air blower to inflate the dam
- Automated valve to deflate the system
- Programmable logic controller (PLC) control panel
- Pressure sensors to monitor the status of the system
- Special fail-safe mechanical automatic deflation system

The secondary components to the BRDS are the remote monitoring and control radio network and the computer system which are not included in this maintenance contract.

Bridgestone has informed Public Works that it has decided to discontinue their rubber dam manufacturing business. Bridgestone has offered to provide BRDS maintenance type support services. During this transitional period, Public Works would like to retain a rubber dam maintenance contractor to maintain maximum performance and provide preventative maintenance for the sixteen BRDS sites by conducting necessary facility upkeep.

B. Public Works Contract Manager

Public Works Contract Manager will be Mr. William Saunders of Water Resources Division, who may be contacted at (626) 458-6186, e-mail address: wsaunder@dpw.lacounty.gov, Monday through Thursday, 6:30 a.m. to 5:15 p.m. The Contract Manager is the only person authorized by Public Works to request work of the Contractor. From time to time, Public Works may change the Contract Manager. The Contractor will be notified in writing when there is a change in the Contract Manager.

C. Work Location

Sixteen (16) Bridgestone Rubber Dam System (BRDS) sites will be maintained as part of this contract. Please refer to map on Service Area Map (Exhibit F) for locations.

D. Work Description

The objective of this maintenance contract is to maintain maximum performance and provide preventative maintenance for the sixteen BRDS sites by conducting necessary facility upkeep. Work to be accomplished consists of the inspection and maintenance at all sixteen sites. In addition, the Contractor may be called upon to perform as-needed trouble shooting services and/or repairs to the facilities. The services to be performed by the Contractor shall include, but not be limited to, the following items of work:

1. Inspection: Upon receiving a Notice to Proceed, all locations shall be inspected once during the contract period prior to storm season in accordance with the guidelines listed below. Inspection of all BRDS facilities shall be completed prior to initiating any maintenance and repair work. Completed inspections will be used to quantify needed maintenance and repair work at all 16 facilities and determine how best to allocate limited contract funds.

- a. Rubber Dam Inspection Guidelines

The following inspection tasks are provided as a guide to accomplish the maintenance contract objectives. The contractor shall obtain, review, organize, and incorporate any information into the inspection process. The requirements for inspection shall include, but not necessarily be limited to, the following tasks outlined below. The Contractor shall recommend inspection items not listed or other changes if it is believed to better meet Public Works' maintenance objectives.

- b. General Facility

- i. Visually inspect all electrical power connections affiliated with the facility. Note damaged or vandalized pull boxes, wire access covers, etcetera. Provide electronic photographs.
- ii. Inspect conditions of anti-vandalism measures. Document any damage to protective measures such as metal cages, broken locking mechanisms, etcetera. Provide electronic photographs.
- iii. Visually inspect to assure that all existing lighting is working. Inspect lighting masts affiliated with lighting and antennas. Document any maintenance issues.

- iv. Test the incoming electrical power to the facility. If voltage is not within 10 percent of the equipment rated voltage, document the results.

c. Control House

- i. Inspect the door and lock. Make note of any damaged conditions.
- ii. Inspect manhole covers and floor hatches. Note any damaged or missing items.
- iii. De-energize and inspect electrical power and control circuitry for corrosion, loose contacts or damaged insulation. Document as required. DANGER – Backup power supplies exist at many facilities. Do not touch any energized portions of the system, as it may cause electrical shock and death or serious injury.

d. Rubber Dam

- i. If possible, all rubber dam inspections shall be conducted while there is no river water within the immediate vicinity of the facility.
- ii. While the rubber dam is deflated, check to make sure that no sharp debris is on top of the dam in such a way as to damage the bladder during inflation. Brush aside minor debris as needed for inflation and inspection. Document any major debris preventing the dam from being inflated and inspected. Do not drive over the rubber dam with any type of vehicle.
- iii. Inflate the rubber dam. Note any irregular blower sounds or trouble. Perform visual examination of rubber bladder, check for damage from wear, vandalism, or sharp objects on the foundation. All condition issues and damage shall be photographed and documented.
- iv. If inflation is not possible, obtain authorization from the Contract Manager and begin troubleshooting the system.
- v. Inspect all rubber dam clamping bolts. Missing or damaged clamping mechanisms shall be documented.

- vi. While the rubber dam is inflated, check to make sure that no sharp debris is under the dam in such a way as to damage the bladder during deflation. Brush aside minor debris as needed for deflation. Document any major debris preventing the dam from being deflated. Do not walk on top of the inflated dam.
 - vi. Note any graffiti painted on the inflated rubber dam.
 - viii. Deflate the rubber dam. Note the operation of the deflation valve actuator. Note any problems.
- e. Rubber Dam Bypass Gates
- i. Visually inspect all electrical power connections affiliated with the bypass gates. Note any need for maintenance or damage. Provide electronic photographs.
 - ii. Visually inspect all mechanical aspects of the bypass gates. Note any damage or need for maintenance. Provide electronic photographs.
 - iii. Check to make sure that no debris will damage the gate during operation. If needed, brush aside minor debris. Note any major debris that would prevent inspection.
 - iv. Operate the bypass gate: open fully and close completely. If applicable, verify operation sensors are accurately reflecting gate positions. Note any malfunctions.
- f. Electrical Overload Breaker Box and Rubber Dam Control Panel and Appurtenances
- i. Visually inspect the control house electrical overload breaker box and control panel touch screen. De-energize all electrical equipment. Test and make sure that all electrical breaker switches are functioning properly. Document water and moisture within the box and any malfunctioning items.
 - ii. Check the calibration of the pressure gauge system (transmitter, display, and gauge) and water level monitoring system (transmitter and display). Note any deviation or malfunction.
 - iii. Visually inspect the rubber dam control panel. De-energize all electrical equipment. Test that controller breaker

switches are functioning properly. Document anything malfunctioning.

- iv. Inspect and clean the water level transducer, air pressure transducer, and pressure gauge. Document any malfunction, deviation, or false readings obtained by the input sensors.
- v. Inspect all sensor and motor valve wiring. Document any damage or maintenance issues.
- vi. Visually inspect the control panel programmable logic controller. Note any malfunction indications.

g. Mechanical Automatic Deflation System

- i. Visually inspect the stilling well. If entering the well, follow confined space entry practices. Note sedimentation in the well which could impede proper operation. Document findings.
- ii. Inspect the bucket, valve, and connection of the deflation system. Inspect proper operation. Note any malfunction or maintenance issue.

h. Conclusionary Inspection

Close all breaker boxes and control panels. Energize and test equipment for proper operation. Document functionality of facility after inspection.

2. Maintenance: All locations shall be maintained in accordance with the guidelines below:

a. Rubber Dam Maintenance Guidelines

The following maintenance tasks are provided as a guide to accomplish the contract objectives. The Contractor shall obtain, review, organize, and incorporate any maintenance need into the maintenance contract process. The requirements for maintenance shall include, but not necessarily be limited to, the following tasks outlined below. The Contractor shall recommend maintenance tasks not listed or other changes if it is believed to better meet Public Works' maintenance objectives.

b. General Facility

- i. Maintain and repair all electrical power connections affiliated with the facility. Note damaged or vandalized pull boxes, wire access covers, etcetera. Once authorized by the Contract Manager, missing or damaged covers shall be immediately repaired and/or closed to prevent theft of copper wire. Provide electronic photographs of maintenance work.
- ii. Maintain and repair masts affiliated with lighting and antennas. Document results.

c. Control House

- i. Maintain and repair manhole covers and floor hatches. Replace any damaged or missing items.
- ii. Maintain and repair electrical power and control circuitry damaged by vandalism, corrosion, loose contacts, or damaged insulation. Document maintenance and repair.

d. Rubber dam

- i. Maintain and repair the rubber dam. Refer to Rubber Dam Repair Manual (Exhibit E). All maintenance and repairs shall be photographed and documented.
- ii. Maintain and repair the blower. Maintain blower filters and clean or replace as necessary. Replace or refurbish the blower as necessary.
- iii. Maintain and repair rubber dam clamping bolts. Maintenance and repairs shall be documented.
- iv. Maintain and repair the deflation valve. Replace and refurbish as necessary.
- v. Exhaust the drain line. In "Pressure Control" mode, with the rubber dam fully inflated to design pressure, open the drain valve (or remove the plug) on the downstream side of the dam, and allow moisture to be blown from dam. Close the drain airtight.

e. Rubber Dam Bypass Gates

- i. Maintain and repair all electrical power connections affiliated with the bypass gates. Provide electronic photographs.
- ii. Maintain and repair all mechanical aspects of the bypass gates. Provide electronic photographs.
- iii. Maintain and repair the bypass gate.

f. Electrical Overload Breaker Box and Rubber Dam Control Panel and Appurtenances

- i. Maintain and repair the control house electrical overload breaker box and control panel touch screen.
- ii. Maintain and repair the pressure gauge system (transmitter, display, and gauge) and water level monitoring system (transmitter and display).
- iii. Maintain and repair the rubber dam control panel.
- iv. Calibrate and repair/replace water level transducers, air pressure transducers, and pressure gauges.
- v. Maintain and repair all sensor and motor valve wiring. Document any damage or maintenance issues.
- vi. Maintain and repair the control panel programmable logic controller.

g. Mechanical Automatic Deflation System

- i. Maintain the stilling well. If entering the well, follow confined space entry practices.
- ii. Maintain and repair the bucket, valve, and connection of the automatic mechanical deflation system. Inspect proper operation. Note in writing any malfunction or maintenance issue.

h. Conclusionary Inspection

Test the facility for proper operation after all maintenance and repair work.

i. Additional Maintenance

Additional optional maintenance shall include the replacement of up to seven (7) existing control panel touch screen operator interfaces with new Siemens® MP370 Windows CE® touch screen operator interfaces. The seven existing touch screens have dimmed over time and have become difficult to operate. Replacement of the aging touch screens shall include testing the facility for compatibility and functionality after the maintenance work is complete. Unless authorized by the Contract Manger, all parts and labor shall be guaranteed for one year after maintenance.

Additional required maintenance shall include the replacement of one (1) Raymond Control System® Sure 49 and one (1) Raymond Control System® Sure 24 exhaust valve actuator within the BRDS. The two (2) replaced exhaust valve actuators shall be refurbished and returned to Public Works for future use.

3. Spare Part Inventory: The Contractor shall recommend a spare parts inventory for critical maintenance and repair work. Spare parts shall only be purchased with the written authorization of the Contract Manager.
4. As-Needed Repair: The contract includes repairing any BRDS in the event that serious damage is found which may require consultation by a Bridgestone qualified representative. Please refer to Rubber Dam Repair Manual (Exhibit E) for class A through D type repairs. Guidelines outlined listed below shall be followed for all repair work to the rubber bladder. Proposed repair work shall be authorized by the Contract Manager prior to being undertaken. Unless authorized by the Contract Manger, all parts and labor shall be guaranteed for one year after maintenance.

a. Rubber Dam Repair Guideline

The following repair requirement guideline will be followed to accomplish the contract objectives. The Contractor shall obtain, review, organize, and incorporate any repair need into the maintenance contract process. The repair requirements shall include, but not necessarily be limited to, the following tasks outlined below. The Contractor shall recommend repair tasks not listed or other changes if it is believed to better meet Public Works' contract objectives.

b. Repair Proposal and Authorization

- i. The Contractor shall provide a repair procedure. Refer to Repair Procedure (Exhibit H), cost estimate, and completion schedule for every repair. In the event of multiple repairs, the Contract Manager shall determine prioritization and sequence.
- ii. Proposed repair work shall be authorized by the Contract Manager prior to being undertaken. Upon issuance of a Notice to Proceed, repair work shall be done according to schedule. In accordance with Exhibit A, Section P, Liquidated Damages, failure to make needed repairs on schedule may result in liquidated damages.

c. Prioritization of Contract Work

- i. At the discretion of the Contract Manager, all work shall be prioritized and sequenced.
- ii. Repair work completion is considered paramount. Once undertaken, the Contractor shall diligently pursue the matter to completion.

d. Clear Forecast and Deadline to Complete all Work

- i. Unless authorized by the Contract Manager, repair activities will be restricted to periods where a one-week clear weather forecast is predicted. Greater forecast periods of clear weather will be required where necessary.
- ii. Unless authorized by the Contract Manager, repair activities will be completed before the storm season begins (October 15)

Note that once repair work is determined to be necessary and authorized by the Contract Manager, its timely completion is considered paramount. At the time of requested authorization, the Contractor shall provide a repair plan, cost estimate, and completion schedule for every repair. Once given a Repair Notice to Proceed, liquidated damages of \$500 a day will be assessed if the repair work is not completed on time. Please refer to Section P for additional information on liquidated damages. In the event of multiple repairs, the Contract Manager shall determine prioritization and sequence of repairs.

5. Inspection, Maintenance, and Repair Schedules for Contract Work Activities: At the beginning of the contract, the Contractor shall provide an inspection and routine maintenance schedule. Unless authorized by the Contract Manager, inspection and maintenance work shall not be allowed during storm season (October 15 through April 15) of the service contract year. Each repair authorization request shall contain a work schedule to be approved by the Contract Manager.
6. Documentation: The Contractor shall provide five hard copies and one electronic copy of the following:
 - a. Inspection Report: A draft inspection report using Microsoft Word® shall be provided immediately after inspection of all BRDS facilities is completed. The inspection report shall be submitted prior to the beginning of storm season (October 15) of the service contract year. This report shall be a summary of all inspection activities related to the BRDS, please refer to, Site Inspection Report (Exhibit G). The Contractor shall incorporate comments received from Public Works into the draft report and submit 5 hard copies and one electronic copy of a final report using Microsoft Word® within 14 days of receiving comments. Explanations and photographs of findings shall be included as part of the report.
 - b. Maintenance and Repair Report: A draft maintenance and repair report describing the procedures and techniques used to maintain and repair the facilities shall be submitted prior to the end of the service contract year. This report shall be a summary of all maintenance and repair activities related to the BRDS, please see Repair Procedure (Exhibit H). The Contractor shall incorporate comments received from Public Works into the draft submittal and submit 5 hard copies and one electronic copy of a final report using Microsoft Word® within 14 days of receiving comments. Explanations and photographs of findings shall be included as part of the report.

All documentation becomes the property of Public Works. Public Works reserves the right to determine if any work is or will be needed and/or requested under this Contract at Public Works' sole and absolute discretion. The Contractor waives all claims against Public Works for consequential damages resulting from Public Works' failure to use the Contractor's services, including, but not limited to, lost profit.

The County reserves the right to determine if any work is or will be needed and/or requested under this Contract, at the County's sole and absolute discretion. The Contractor waives all claims against the County for

consequential damages resulting from the County's failure to use the Contractor's services, including, but not limited to, lost profit.

E. Duration, Days, and Days of Service

This is an annual maintenance contract. The sixteen (16) BRDS sites are used during the storm season (October 15 through April 15) to maximize stormwater conservation operations. The rubber dam facilities are also used during nonstorm season for reclaimed and imported water conservation purposes. As such, maintenance and repair activities authorized by the Contract Manager to be done during storm season will be restricted to periods where a one-week (or greater if necessary) clear weather forecast is predicted.

Hours of services shall be primarily performed between the 7 a.m. to 4:15 p.m. time period, Monday through Thursday, each week, except legal holidays, at which time the service shall be done before or after such holiday. Working periods and hours may be altered, when necessary, with the approval of Public Works.

F. Utilities

The County will provide basic utilities. Access to utilities shall include the ability to connect to existing electrical outlets and/or telephone lines where available.

G. Storage Facilities

The Contractor shall provide all required equipment, transportation, and lodging for all of the Contractor's personnel used in conducting the entire maintenance contract. The Contractor shall provide transportation, protection, and storage for all of the Contractor's equipment used in conducting the entire maintenance contract

New and replacement parts can be stored within the facilities with the approval of the Contract Manager.

H. Access to Public Works' Facilities

Public Works shall provide access to existing facilities under its jurisdiction during normal working hours for rubber dam reconnaissance, inspection, maintenance, and repair purposes. Such access shall include the ability to connect to existing electrical outlets and/or telephone lines where available. The consultant shall assure that any connections are done in a safe manner and that none of the equipment interferes with the operational ability of other existing equipment. Keys used by Public Works personnel to access facilities shall not be issued to the contractor. Special coordination shall be required for after-hour availability of Public Works staff.

The BRDS are located next to channel access roads which also serve as bicycle paths. Additionally, hiking and equestrian trails often exist next to the facilities. Recreational paths and trails shall be kept open at all times.

I. Removal of Debris

All debris derived from these services shall be removed from Public Works property and become the property of the Contractor. The Contractor shall dispose of all debris from these services in a legally established area appropriate for type of debris being disposed. Disposal shall be at the Contractor's expense. The Contractor shall not allow any debris from its operations under this Contract to be deposited in the storm drains and/or gutters in violation of the National Pollutant Discharge Elimination System.

The Contractor is advised that due to the nature of this Contract, discarded hazardous waste may be encountered during the performance of this contract. In the event an unknown substance or hazardous material is discovered, the Contractor shall immediately notify the Contract Manager. The Contractor shall NOT attempt to perform any type of hazardous waste remediation not included under the Scope of Work of this Contract, including identifying, containing, cleaning, moving, disposing, etc. The Contractor shall exercise extreme caution in the event unknown waste is encountered.

J. Special Safety Requirements

The Contractor shall provide and require the use of personal protective and lifesaving equipment for all persons working at the BRDS sites in accordance with the requirements of the State of California Occupational Safety and Health Administration (Cal/OSHA) regulations and Public Works' safety requirements while at Public Works' jobsites.

For safety purposes, 24-hour notification shall be given to Public Works prior to entering any BRDS facility. Flammable articles and liquids shall be kept out of the control room. Manhole covers and floor hatches shall be kept covered at all times unless maintenance is being performed. Confined space entry practices shall be followed where appropriate. Proper safety practices shall be followed around high voltage equipment. Walking on an inflated rubber dam will not be permitted.

Where ponded water is present, proper precautions shall be taken to assure that no person, equipment, or construction site are impacted by BRDS maintenance or repair activities. Responsible maintenance methodology shall be used to prevent any unexpected safety hazards caused by quick deflation of the rubber dam causing the release of water.

When work is being performed, proper precautions shall be taken to assure the safety of the recreational public:

1. The Contractor shall only access facilities from gated entry points. Gates shall be locked whenever maintenance work is not being performed.
2. Vehicles used for maintenance purposes shall be equipped with flashing lights for public alerting purposes. Proper safe driving techniques shall be followed.
3. During major repairs, warning and precaution signs shall be posted. Any trails or paths shall be kept open at all times

K. Maps

The Sixteen (16) Bridgestone Rubber Dam System (BRDS) sites are shown on Service Area Map (Exhibit F).

L. Responsibilities of the Contractor

1. The Contractor and/or the subcontractor shall maintain and possess a valid General Engineering Contractors License (Class A) issued by the State of California Contractors State License Board throughout the duration of this Contract. In addition, if repair conditions warrant, the Contractor shall ensure that the necessary electrical license(s) required by the state of California are obtained prior to performing any and all proposed electrical repair work **or** the Contractor must utilize a subcontractor who possesses the necessary electrical license(s) required by the State of California to perform any and all proposed electrical repair work.
2. Contractor's Staffing
 - a. The Contractor shall designate a Project Manager for this service who must have a minimum of five years' experience providing rubber dam construction, maintenance, and repair services.
 - b. Bridgestone may be retained as a consultant, subcontractor, or other position appropriate to the successful completion of the needed facility maintenance.
 - c. The Contractor shall identify the employees or subcontractors or consultants performing the requested services. Any supervisors, employees, or subcontractors that work on the rubber dam control panels shall be properly licensed in the State of California to perform any proposed electrical maintenance or repair work and have a minimum of five years' experience working and programming Siemens® S7-200 Programmable Logic Controllers for rubber dam facility control.

- d. Only staff approved in writing by the Contract Manager shall carry out maintenance or repair of the BRDS. At the discretion of Public Works, alternative qualified personnel or subcontractor shall be obtained to complete any portion of the BRDS maintenance and repair.

M. Responsibilities of Public Works

1. Public Works will determine the need for and provide jobsite inspection.
2. Public Works will coordinate with the Contractor and provide program support in the following manner:
 - a. Provide facility as-built drawings, maintenance manuals, and documentation directly pertinent to facility maintenance and repair where readily available.
 - b. Provide operational coordination necessary to prepare the facility for maintenance and repair.

N. Project Safety Official

The Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with the Contractor's Injury and Illness Prevention Program and Code of Safe Practices. The Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and responsibility to shut down an operation, if necessary. Failure by the Contractor to provide the required Project Safety Official shall be grounds for the County to direct the cessation of all work activities and operations at no cost to the County until such time as the Contractor is in compliance.

O. Prevailing Wage

The Director of the Department of Industrial Relations of the State of California has ascertained the prevailing rate of per diem wages in dollars, based on a working day of eight hours, for each craft or type of worker or mechanic needed to execute any construction or maintenance contract which may be awarded by Public Works. The current prevailing wage rates as adopted by the Director of the Department of Industrial Relations are incorporated herein by reference and may be accessed at <http://www.dir.ca.gov/>.

The Contractor is required to pay the prevailing wage rate referred to above and is responsible for selecting the classification of workers, which will be required to perform this service in accordance with the Contractor's method of performing the work. Pursuant to Section 1775, of the Labor Code (State of California), Contractor shall forfeit \$50 for each calendar day, or portion thereof, for each

worker paid less than the stipulated prevailing wage rates for any public work done under this Contract or by any subcontractor.

P. Liquidated Damages

1. In any case of the Contractor's failure to meet certain specified performance and schedule requirements, the County may, in lieu of other remedies provided by law or the Contract, assess liquidated damages in specified sums and deduct them from any regularly scheduled payment to the Contractor. However, neither the provision of a sum of liquidated damages for nonperformance or untimely or inadequate performance nor the County's acceptance of liquidated damages shall be construed to waive the County's right to reimbursement for damage to its property or indemnification against third-party claims.
2. The amounts of liquidated damages have been set in recognition of the following circumstances existing at the time of the formation of the Contract:
 - a. All of the time limits and acts required to be done by both parties are of the essence of the Contract;
 - b. The parties are both experienced in the performance of the Contract work;
 - c. The Contract contains a reasonable statement of the work to be performed in order that the expectations of the parties to the Contract are realized. The expectation of the County is that the work will be performed with due care in a workmanlike, competent, timely, and cost-efficient manner while the expectation of the Contractor is a realization of a profit through the ability to perform the Contract work in accordance with the terms and conditions of the Contract at the Proposal price;
 - d. The parties are not under any compulsion to contract;
 - e. The Contractor's acceptance of the assessment of liquidated damages against it for unsatisfactory and late performance is by agreement and willingness to be bound as part of the consideration being offered to the County for the award of the Contract;
 - f. It would be difficult for the County to prove the loss resulting from nonperformance or untimely, negligent, or inadequate performance of the work; and
 - g. The liquidated sums specified represent a fair approximation of the damages incurred by the County resulting from the Contractor's

failure to meet the performance standard as to each item for which an amount of liquidated damages is specified.

3. The Contractor shall pay Public Works, or Public Works may withhold and deduct from monies due the Contractor, liquidated damages in the sum of \$500 for each consecutive calendar day that the Contractor fails to complete work within the time specified unless otherwise provided in this Contract.

P:\aspub\CONTRACT\Jeanette\Rubber Dam Primary\7 Exhibit A_SOW.DOC

SERVICE CONTRACT GENERAL REQUIREMENTS

SECTION 1

INTERPRETATION OF CONTRACT

A. Ambiguities or Discrepancies

Both parties have either consulted or had the opportunity to consult with counsel regarding the terms of this Contract and are fully cognizant of all terms and conditions. Should there be any uncertainty, ambiguity, or discrepancy in the terms or provisions hereof, or should any misunderstanding arise as to the interpretation to be placed upon any position hereof or the applicability of the provisions hereunder, neither party shall be deemed as the drafter of this Contract and the uncertainty, ambiguity, or discrepancy shall not be construed against either party.

B. Definitions

Whenever in the Request for Proposals, Contract, Scope of Work, Specifications, Terms, Requirements, and/or Conditions the following terms are used, the intent and meaning shall be interpreted as follows:

Agreement. The written, signed accord covering the performance of the requested service.

Board. The Board of Supervisors of County of Los Angeles and Ex-Officio Board of Supervisors of the Los Angeles County Flood Control District.

Contract. The written agreement covering the performance of the service and the furnishing of labor, materials, supervision, and equipment in the performance of the service. The contract includes the Agreement, Exhibit A - Scope of Work (Specifications), Exhibit B - Service Contract General Requirements, Exhibit C - Internal Revenue Service Notice 1015, Exhibit D - Safely Surrendered Baby Law Posters, and other appropriate exhibits and amendments. Included are all supplemental agreements amending or extending the service to be performed, which may be required to supply acceptable services specified herein.

Contractor. The person or persons, sole proprietor, partnership, joint venture, corporation, or other legal entity who has entered into an agreement with County to perform or execute the work covered by this Contract.

Contract Work or Work. The entire contemplated work of maintenance and repair to be performed, and services rendered as prescribed in this Contract.

County. Includes County of Los Angeles, County of Los Angeles Department of Public Works, Los Angeles County Road Department, and/or Los Angeles County Engineer.

Day. Calendar day(s) unless otherwise specified.

Direct Employee. Worker employed by Contractor under Contractor's state and federal taxpayer identification.

Director. The Director of Public Works, County of Los Angeles, as used herein, includes the Road Commissioner, County of Los Angeles; County Engineer, County of Los Angeles; Chief Engineer, Los Angeles County Flood Control District; and/or authorized representative(s).

District. Los Angeles County Flood Control District, or Los Angeles County Waterworks Districts, or Los Angeles County Consolidated Sewer Maintenance District.

Employee Leasing. Any agreement to employ any worker, at any tier, that is neither a subcontract nor a direct employee relationship.

Fiscal Year. The 12 month period beginning July 1st and ending the following June 30th.

Maximum Contract Sum. The Maximum Contract Sum is the aggregate total amount of compensation authorized by the Board.

Proposal. The written materials that a Proposer submits in response to a solicitation document (Request for Proposals).

Proposer. Any individual, person or persons, sole proprietor, firm, partnership, joint venture, corporation, or other legal entity submitting a Proposal for the work, acting directly or through a duly authorized representative.

Public Works. County of Los Angeles Department of Public Works.

Solicitation. Request for Proposals, Invitation for Bids, Request for Statement of Qualifications, or Request for Quotation.

Specifications. The directions, provisions, and requirements contained herein, as supplemented by such special provisions as may be necessary pertaining to method, manner, and place of performing the work under this Contract.

Subcontract. An agreement by the contractor to employ a subcontractor at any tier; to employ or agree to employ a subcontractor, at any tier.

Subcontractor. Any individual, person or persons, sole proprietor, firm, partnership, joint venture, corporation, or other legal entity furnishing supplies, services of any nature, equipment, and/or materials to Contractor in furtherance of the Contractor's performance of this Contract, at any tier, under oral or written agreement.

C. Headings

The headings herein contained are for convenience and reference only and are not intended to define or limit the scope of any provision thereof.

SECTION 2

STANDARD TERMS AND CONDITIONS PERTAINING TO CONTRACT ADMINISTRATION

A. Amendments

1. For any change which affects the scope of work, contract sum, payments, or any term or condition included in this Contract, an amendment shall be prepared and executed by Contractor and the Board or if delegated by the Board, the Director and Contractor.
2. The Board or County's Chief Executive Officer or designee may require the addition and/or change of certain terms and conditions in this Contract during the term of this Contract. County reserves the right to add and/or change such provisions as required by the Board or the Chief Executive Officer. To implement such changes, an amendment or a change order to this Contract shall be prepared by Public Works for execution by Contractor and the Director.
3. County may, at its sole discretion, authorize extensions of time to this Contract's term. Contractor agrees that such extensions of time shall not change any other term or condition of this Contract during the period of such extensions. To implement an extension of time, an amendment to this Contract shall be prepared and executed by Contractor and the Board or if delegated by the Board, the Director and Contractor. To the extent that extensions of time for Contractor performance do not impact either scope or amount of this Contract, Public Works may, at its sole discretion, grant Contractor extensions of time, provided the aggregate of all such extensions during the life of this Contract shall not exceed 120 days.
4. For any change which does not materially affect the scope of work or any other term or condition included under this Contract, a *Change Order* shall be prepared and signed by the County and the Contractor.

B. Assignment and Delegation

1. Contractor shall not assign its rights or delegate its duties under this Contract, or both, whether in whole or in part, without the prior written consent of County, in its discretion, and any attempted assignment or delegation without such consent shall be null and void. For purposes of this paragraph, County consent shall require a written amendment to this Contract, which is formally approved and executed by Contractor and the Board or if delegated by the Board, the Director and Contractor. Any payments by County to any approved delegate or assignee on any claim under this Contract shall be deductible, at County's sole discretion, against the claims which Contractor may have against County.

2. Shareholders, partners, members, or other equity holders of Contractor may transfer, sell, exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of this Contract, such disposition is an assignment requiring the prior written consent of County in accordance with applicable provisions of this Contract.
3. Any assumption, assignment, delegation, or takeover of any of Contractor's duties, responsibilities, obligations, or performance of same by any entity other than Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without County's express prior written approval, shall be a material breach of this Contract, which may result in the suspension or termination of this Contract. In the event of such a termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default of Contractor.

C. Authorization Warranty

Contractor represents and warrants that the person(s) executing this Contract for Contractor is an authorized agent who has actual authority to bind Contractor to each and every term, condition, and obligation of this Contract and that all requirements of Contractor have been fulfilled to provide such actual authority.

D. Budget Reduction

In the event that the County's Board of Supervisors adopts, in any fiscal year, a County Budget which provides for reductions in the salaries and benefits paid to the majority of County employees and imposes similar reductions with respect to County Contracts, the County reserves the right to reduce its payment obligation under this Contract correspondingly for that fiscal year and any subsequent fiscal year during the term of this Contract (including any extensions), and the services to be provided by the Contractor under this Contract shall also be reduced correspondingly. Except as set forth in the preceding sentence, the Contractor shall continue to provide all of the services set forth in this Contract. The County's notice to the Contractor regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such actions.

E. Complaints

Contractor shall develop, maintain, and operate procedures for receiving, investigating, and responding to any complaints by any individual.

1. Within 12 business days after this Contract's effective date, Contractor shall provide County with Contractor's policy for receiving, investigating, and responding to any complaints by any individual.
2. County will review Contractor's policy and provide Contractor with approval of said plan or with requested changes.
3. If County requests changes in Contractor's policy, Contractor shall make such changes and resubmit the plan within five business days for County approval.
4. If, at any time, Contractor wishes to change Contractor's policy, Contractor shall submit proposed changes to County for approval before implementation.
5. Contractor shall preliminarily investigate all complaints and notify the Contract Manager of the status of the investigation within five business days of receiving the complaint.
6. When complaints cannot be resolved informally, a system of follow-through shall be instituted which adheres to formal plans for specific actions and strict time deadlines.
7. Copies of all written responses shall be sent to the Contract Manager within three business days of mailing to the complainant.

F. Compliance with Applicable Laws

1. Contractor shall comply with all applicable Federal, State, and local laws, rules, regulations, ordinances, or directives, and all provisions required thereby to be included in this Contract are hereby incorporated by reference.
2. Contractor shall defend, indemnify, and hold County harmless from and against any and all liability, damages, costs, and expenses, including, but not limited to, defense costs and attorneys' fees arising from or related to any violation on the part of Contractor or its employees, agents, or subcontractors of any such laws, rules, regulations, ordinances, or directives.

G. Compliance with Civil Rights Laws

Contractor hereby assures that it will comply with Subchapter VI of the Civil Rights Act of 1964, 42 USC Sections 2000 (e)(1) through 2000 (e)(17), to the end that no person shall, on the grounds of race, creed, color, sex, religion, ancestry, age, condition of physical disability, marital status, political affiliation, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project,

2008-AN045

program, or activity supported by this Contract. Contractor shall comply with its EEO Certification (Form PW-7).

H. Confidentiality

1. Contractor shall maintain the confidentiality of all records obtained from County under this Contract in accordance with all applicable Federal, State, and local laws, ordinances, regulations, and directives relating to confidentiality.
2. Contractor shall inform all of its officers, employees, agents, and subcontractors providing services hereunder of the confidentiality provisions of this Contract.

I. Conflict of Interest

1. No County employee whose position with County enables such employee to influence the award of this Contract or any competing contract, and no spouse or economic dependent of such employee shall be employed in any capacity by Contractor or have any other direct or indirect financial interest in this Contract. No officer or employee of Contractor who may financially benefit from the performance of the work hereunder shall in any way participate in County's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence County's approval or ongoing evaluation of such work.
2. Contractor represents and warrants that it is aware of, and its authorized officers have read, the provisions of Los Angeles County Code, Section 2.180.010, "Certain Contracts Prohibited," and that execution of this Agreement will not violate those provisions. Contractor shall comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Contract. Contractor warrants that it is not now aware of any facts that create a conflict of interest. If Contractor hereafter becomes aware of any facts that might reasonably be expected to create a conflict of interest, it shall immediately make full written disclosure of such facts to County. Full written disclosure shall include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this paragraph shall be a material breach of this Contract subjecting Contractor to either contract termination for default or debarment proceedings or both. Contractor must sign and adhere to the "Conflict of Interest Certification" (Form PW-5).

J. Consideration of Hiring County Employees Targeted for Layoffs or Former County Employee on Reemployment List

Should Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, Contractor shall

give first consideration for such employment openings to qualified permanent County employees who are targeted for layoff or qualified, former County employees who are on a reemployment list during the life of this Contract.

K. Consideration of Hiring GAIN and GROW Participants

1. Should Contractor require additional or replacement personnel after the effective date of this Contract, Contractor shall give consideration for any such employment openings to participants in County's Department of Public Social Services' Greater Avenues for Independence (GAIN) Program and General Relief Opportunity for Work (GROW) Program who meet Contractor's minimum qualifications for the open position. For this purpose, consideration shall mean that Contractor will interview qualified candidates. County will refer GAIN and GROW participants by category to Contractor.
2. In the event that both laid-off County employees and GAIN and GROW participants are available for hiring, County employees shall be given first priority.

L. Contractor's Acknowledgment of County's Commitment to Child Support Enforcement

Contractor acknowledges that County places a high priority on the enforcement of child support laws and the apprehension of child support evaders. Contractor understands that it is County's policy to encourage all County contractors to voluntarily post County's L.A.'s Most Wanted: Delinquent Parents poster in a prominent position at Contractor's place of business. County's Child Support Services Department will supply Contractor with the poster to be used.

M. Contractor's Charitable Activities Compliance

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring contractors to complete the Charitable Contributions Certification (Form PW-12), County seeks to ensure that all County contractors which receive or raise charitable contributions comply with California law in order to protect County and its taxpayers. A contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination for default or debarment proceedings or both. (Los Angeles County Code Chapter 2.202)

N. Contractor's Warranty of Adherence to County's Child Support Compliance Program

1. Contractor acknowledges that County has established a goal of ensuring that all individuals who benefit financially from County through contracts are in compliance with their court-ordered child, family, and spousal support obligations in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.
2. As required by County's Child Support Compliance Program (Los Angeles County Code Chapter 2.200), and without limiting Contractor's duty under this Contract to comply with all applicable provisions of law, Contractor warrants that it is now in compliance and shall during the term of this Contract maintain compliance with the employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code Section 1088.5, and shall implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family, or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

O. County's Quality Assurance Plan

County or its agent will evaluate Contractor's performance under this Contract on not less than an annual basis. Such evaluation will include assessing Contractor's compliance with all this Contract's terms and conditions and performance standards. Contractor deficiencies which County determines are severe or continuing and that may place performance of this Contract in jeopardy, if not corrected, will be reported to the Board. The report will include improvement/corrective action measures taken by County and Contractor. If improvement does not occur consistent with the corrective action measures, County may suspend or terminate this Contract for default or impose other penalties as specified in this Contract.

P. Damage to County Facilities, Buildings, or Grounds

1. Contractor shall repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings, or grounds caused by Contractor or employees or agents of Contractor.
2. Such repairs shall be made immediately after Contractor has become aware of such damage, but in no event later than 30 days after the occurrence. If Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined by County, for such repairs shall be repaid by Contractor by cash payment

upon demand. County may deduct from any payment otherwise due Contractor for costs incurred by County to make such repairs.

Q. Employment Eligibility Verification

1. Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all of its employees performing work under this Contract meet the citizenship or alien status requirements set forth in Federal and State statutes and regulations. Contractor shall obtain, from all covered employees performing services hereunder, all verification and other documentation of employment eligibility status required by Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986 (P.L. 99-603), or as they currently exist and as they may be hereafter amended. Contractor shall retain all such documentation for all covered employees for the period prescribed by law.
2. Contractor shall indemnify, defend, and hold harmless, County, its Board, agents, officers, and employees from employer sanctions and any other liability which may be assessed against Contractor or County or both in connection with any alleged violation of Federal or State statutes or regulations pertaining to the eligibility for employment of persons performing services under this Contract.

R. Facsimile Representations

At the discretion of County, County may agree to regard facsimile representations of original signatures of Contractor's authorized officers, when appearing in appropriate places on the change notices and amendments prepared pursuant to this Exhibit's Amendments, and received via communications facilities, as legally sufficient evidence that such original signatures have been affixed to change notices and amendments to this Contract, such that the Contractor need not follow up facsimile transmissions of such documents with subsequent (nonfacsimile) transmission of "original" versions of such documents.

S. Fair Labor Standards

Contractor shall comply with all applicable provisions of the Federal Fair Labor Standards Act and shall indemnify, defend, and hold harmless County and its Board, agents, officers, and employees from any and all liability, including, but not limited to, wages, overtime pay, liquidated damages, penalties, court costs, and attorneys' fees arising under any wage and hour law, including, but not limited to, the Federal Fair Labor Standards Act, for work performed by Contractor's employees for which County may be found jointly or solely liable.

T. Governing Laws, Jurisdiction, and Venue

This Contract shall be governed by, and construed in accordance with the laws of the State of California. To the maximum extent permitted by applicable law, Contractor and County agree and consent to the exclusive jurisdiction of the courts of the State of California for all purposes concerning this Contract and further agree and consent that venue of any action brought in connection with or arising out of this Contract, shall be exclusively in the County of Los Angeles.

U. Nondiscrimination and Affirmative Action

1. Contractor certifies and agrees that all persons employed by it, its affiliates, subsidiaries, or holding companies are and shall be treated equally without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State antidiscrimination laws and regulations.
2. Contractor shall certify to, and comply with, the provisions of Contractor's EEO Certification (Form PW-7).
3. Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State antidiscrimination laws and regulations. Such action shall include, but not be limited to, employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection of training, including apprenticeship.
4. Contractor certifies and agrees that it will deal with its subcontractors, bidders, or vendors without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation.
5. Contractor certifies and agrees that it, its affiliates, subsidiaries, or holding companies shall comply with all applicable Federal and State laws and regulations to the end that no person shall, on the grounds of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract.

6. Contractor shall allow County representatives access to Contractor's employment records during regular business hours to verify compliance with the provisions of this paragraph when so requested by County.
7. If County finds that any of the above provisions have been violated, such violation shall constitute a material breach of this Contract upon which County may terminate for default or suspend this Contract. While County reserves the right to determine independently that the antidiscrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has violated Federal or State antidiscrimination laws or regulations shall constitute a finding by County that Contractor has violated the antidiscrimination provisions of this Contract.
8. The parties agree that in the event Contractor violates any of the antidiscrimination provisions of this Contract, County shall, at its sole option, be entitled to a sum of \$500 for each violation pursuant to California Civil Code Section 1671 as liquidated damages in lieu of terminating or suspending this Contract.

V. Nonexclusivity

Nothing herein is intended nor shall be construed as creating any exclusive arrangement with Contractor. This Contract shall not restrict County from acquiring similar, equal, or like goods and/or services from other entities or sources.

W. No Payment for Services Provided Following Expiration/Suspension/Termination of Contract

Contractor shall have no claim against County for payment of any money or reimbursement, of any kind whatsoever, for any service provided by Contractor after the expiration, suspension, or other termination of this Contract. Should Contractor receive any such payment, it shall immediately notify County and shall immediately repay all such funds to County. Payment by County for services rendered after expiration/suspension/termination of this Contract shall not constitute a waiver of County's right to recover such payment from Contractor. This provision shall survive the expiration/suspension/termination of this Contract.

X. Notice of Delays

Except as otherwise provided under this Contract, when either party has knowledge that any actual or potential situation is delaying or threatens to delay the timely performance of this Contract, that party shall, within one business day,

give notice thereof, including all relevant information with respect thereto, to the other party.

Y. Notice of Disputes

Contractor shall bring to the attention of the Contract Manager any dispute between County and Contractor regarding the performance of services as stated in this Contract. If the Contract Manager is not able to resolve the dispute, the Director will resolve it.

Z. Notice to Employees Regarding the Federal Earned Income Credit

Contractor shall notify its employees, and shall require each subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws. Such notice shall be provided in accordance with the requirements set forth in Internal Revenue Service Notice 1015 (Exhibit C).

AA. Notices

Notices desired or required to be given under these Specifications, Conditions, or Terms herein or any law now or hereafter in effect may, at the option of the party giving the same, be given by enclosing the same in a sealed envelope addressed to the party for whom intended and by depositing such envelope with postage prepaid with the United States Post Office and any such notice and the envelope containing the same shall be addressed to Contractor at its place of business, or such other place as may be hereinafter designated in writing by Contractor. The notices and envelopes containing the same to County shall be addressed to:

Chief, Administrative Services Division
County of Los Angeles Department of Public Works
P.O. Box 1460
Alhambra, CA 91802-1460

In the event of suspension or termination of this Contract, notices may also be given upon personal delivery to any person whose actual knowledge of such suspension or termination would be sufficient notice to Contractor. Actual knowledge of such suspension or termination by an individual contractor or by a copartner, if Contractor is a partnership; or by the president, vice president, secretary, or general manager, if Contractor is a corporation; or by the managing agent regularly in charge of the work on behalf of said Contractor shall in any case be sufficient notice.

BB. Publicity

Contractor shall not disclose any details in connection with this Contract to any person or entity except as may be otherwise provided hereunder or required by law. However, in recognizing Contractor's need to identify its services and

related clients to sustain itself, County shall not inhibit Contractor from publicizing its role under this Contract within the following conditions:

1. Contractor shall develop all publicity material in a professional manner.
2. During the term of this Contract, Contractor shall not, and shall not authorize another to, publish or disseminate commercial advertisements, press releases, feature articles, or other materials using the name of County without the prior written consent of the Contract Manager. County shall not unreasonably withhold such written consent.
3. Contractor may, without prior written consent of County, indicate in its proposals and sales materials that it has been awarded this Contract with County, provided that the requirements of this paragraph shall apply.

CC. Public Records Act

1. Any documents submitted by Contractor; all information obtained in connection with County's right to audit and inspect Contractor's documents, books, and accounting records pursuant to this Exhibit's Record Retention and Inspection/Audit Settlement, of this Contract; as well as those documents which were required to be submitted in response to the RFP used in the solicitation process for this Contract, become the exclusive property of County. All such documents become a matter of public record and shall be regarded as public records, except those documents that are marked "trade secret," "confidential," or "proprietary" and are deemed excluded from disclosure under Government Code 6250 et seq. (Public Records Act). County shall not in any way be liable or responsible for the disclosure of any such records including, with limitation, those so marked, if disclosure is required by law, or by an order issued by a court of competent jurisdiction.
2. In the event County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "trade secret," "confidential," or "proprietary," Contractor agrees to defend and indemnify County from all costs and expenses, including reasonable attorney's fees, in connection with any requested action or liability arising under the Public Records Act.

DD. Record Retention and Inspection/Audit Settlement

Contractor shall maintain accurate and complete financial records of its activities and operations relating to this Contract in accordance with generally accepted accounting principles. Contractor shall also maintain accurate and complete employment and other records relating to its performance of this Contract. Contractor agrees that County, or its authorized representatives, shall have access

to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Contract. All such material, including, but not limited to, all financial records, bank statements, cancelled checks, or other proof of payment, timecards, sign-in/sign-out sheets, and other time and employment records, and proprietary data and information, shall be kept and maintained by Contractor and shall be made available to County during the term of this Contract and for a period of five years thereafter unless County's written permission is given to dispose of any such material prior to such time. All such material shall be maintained by Contractor at a location in County, provided that if any such material is located outside County, then, at County's option, Contractor shall pay County for travel, per diem, and other costs incurred by County to examine, audit, excerpt, copy, or transcribe such material at such other location.

1. In the event that an audit of Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by Contractor or otherwise, then Contractor shall file a copy of such audit report with County's Auditor-Controller within 30 days of Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. Subject to applicable law, County shall make a reasonable effort to maintain the confidentiality of such audit report(s).
2. Failure on the part of Contractor to comply with any of the provisions of this paragraph shall constitute a material breach of this Contract upon which County may suspend or terminate for default or suspend this Contract.
3. If, at any time during the term of this Contract or within five years after the expiration or termination of this Contract, representatives of County conduct an audit of Contractor regarding the work performed under this Contract, and if such audit finds that County's dollar liability for any such work is less than payments made by County to Contractor, then the difference shall be either: a) repaid by Contractor to County by cash payment upon demand or b) at the sole option of County's Auditor-Controller, deducted from any amounts due to Contractor from County, whether under this Contract or otherwise. If such audit finds that County's dollar liability for such work is more than the payments made by County to Contractor, then the difference shall be paid to Contractor by County by cash payment, provided that in no event shall County's maximum obligation for this Contract exceed the funds appropriated by County for the purpose of this Contract.

EE. Recycled-Content Paper Products

Consistent with Board policy to reduce the amount of solid waste deposited at County landfills, Contractor agrees to use recycled-content paper to the maximum extent possible under this Contract.

FF. Subcontracting

The requirements of this Contract may not be subcontracted by Contractor without the advance written approval of County. Any attempt by Contractor to subcontract without the prior written consent of County may be deemed a material breach of this Contract and the County may suspend or terminate for this Contract default.

1. If Contractor desires to subcontract, Contractor shall provide the following information promptly at County's request:
 - a. A description of the work to be performed by the subcontractor;
 - b. A draft copy of the proposed subcontract; and
 - c. Other pertinent information and/or certifications requested by County.
2. Contractor shall indemnify and hold County harmless with respect to the activities of each and every subcontractor in the same manner and to the same degree as if such subcontractor(s) were Contractor employees.
3. Contractor shall remain fully responsible for all performances required of it under this Contract, including those that the Contractor has determined to subcontract, notwithstanding County's approval of Contractor's proposed subcontract.
4. County's consent to subcontract shall not waive County's right to prior and continuing approval of any and all personnel, including subcontractor employees, providing services under this Contract. Contractor is responsible to notify its subcontractors of this County right.
5. County's Contract Manager is authorized to act for and on behalf of County with respect to approval of any subcontract and subcontractor employees.
6. Contractor shall be solely liable and responsible for all payments or other compensation to all subcontractors and their officers, employees, agents, and successors in interest arising through services performed hereunder, notwithstanding County's consent to subcontract.
7. Contractor shall obtain certificates of insurance, which establish that the subcontractor maintains all the programs of insurance required by County from each approved subcontractor. Contractor shall ensure delivery of all such documents to Administrative Services Division, P.O. Box 1460, Alhambra, California 91802-1460, before any subcontractor employee may perform any work hereunder.
8. Employee Leasing is prohibited.

GG. Validity

If any provision of this Contract or the application thereof to any person or circumstance is held invalid, the remainder of this Contract and the application of such provision to other persons or circumstances shall not be affected thereby.

HH. Waiver

No waiver by County of any breach of any provision of this Contract shall constitute a waiver of any other breach of said provision or of any other provision of this Contract. Failure of County to enforce at anytime, or from time to time, any provision of this Contract shall not be construed as a waiver thereof.

II. Warranty Against Contingent Fees

1. Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by Contractor for the purpose of securing business.
2. For breach of this warranty, County shall have the right, in its sole discretion, to suspend or terminate this Contract for default, deduct from amounts owing to the Contractor, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

SECTION 3

TERMINATIONS

A. Termination for Breach of Warranty to Maintain Compliance with County's Child Support Compliance Program

Failure of Contractor to maintain compliance with the requirements set forth in this Exhibit's Contractor's Warranty of Adherence to County's Child Support Compliance Program shall constitute a default under this Contract. Without limiting the rights and remedies available to County under any other provision of this Contract, failure of Contractor to cure such default within 90 calendar days of written notice shall be grounds upon which the County may suspend or terminate this Contract pursuant to this Exhibit's Termination/Suspension for Default, and pursue debarment of Contractor pursuant to Los Angeles County Code Chapter 2.202.

B. Termination for Convenience

1. This Contract may be suspended or terminated, in whole or in part, from time to time, when such action is deemed by County, in its sole discretion, to be in its best interest. Suspension or termination of work hereunder shall be effected by notice of suspension or termination to Contractor specifying the extent to which performance of work is suspended or terminated and the date upon which such suspension or termination becomes effective. The date upon which such suspension or termination becomes effective shall be no less than 10 days after the notice is sent.
2. After receipt of a notice of suspension or termination and except as otherwise directed by County, Contractor shall:
 - a. Stop work under this Contract on the date and to the extent specified in such notice; and
 - b. Complete performance of such part of the work as shall not have been terminated by such notice.
3. All material including books, records, documents, or other evidence bearing on the costs and expenses of Contractor under this Contract shall be maintained by Contractor in accordance with this Exhibit's Record Retention and Inspection/Audit Settlement.
4. If this Contract is suspended or terminated, Contractor shall complete within the Director's suspension or termination date contain within the notice of suspension or termination, those items of work which are in various stages of completion, which the Director has advised the Contractor are necessary to bring the work to a timely, logical, and orderly end. Reports, samples, and other materials prepared by Contractor under

this Contract shall be delivered to County upon request and shall become the property of County.

C. Termination/Suspension for Default

1. County may, by written notice to Contractor, suspend or terminate the whole or any part of this Contract, if, in the judgment of the County:
 - a. Contractor has materially breached this Contract; or
 - b. Contractor fails to timely provide and/or satisfactorily perform any task, deliverable, service, or other work required under this Contract; or
 - c. Contractor fails to demonstrate a high probability of timely fulfillment of performance requirements under this Contract, or of any obligations of this Contract and in either case, fails to demonstrate convincing progress toward a cure within five working days (or such longer period as County may authorize in writing) after receipt of written notice from County specifying such failure.
2. In the event County suspends or terminates this Contract in whole or in part pursuant to this paragraph, County may procure, upon such terms and in such manner, as County may deem appropriate, goods and services similar to those so suspended or terminated. Contractor shall be liable to County for any and all excess costs incurred by County, as determined by County, for such similar goods and services. Contractor shall continue the performance of this Contract to the extent not suspended or terminated under the provisions of this paragraph.
3. Except with respect to defaults of any subcontractor, Contractor shall not be liable for any excess costs of the type identified in subparagraph "2" above, if its failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of Contractor. Such causes may include, but are not limited to, acts of God or of the public enemy, acts of County in either its sovereign or contractual capacity, acts of the Federal or State government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both Contractor and subcontractor, and without the fault or negligence of either of them, Contractor shall not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required delivery schedule.

4. If, after County has given notice of termination under the provisions of this paragraph, it is determined by County that Contractor was not in default under the provisions of this paragraph or that the default was excusable under the provisions of this paragraph, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to this Exhibit's Termination for Convenience.
5. The rights and remedies of County provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.
6. As used herein, the terms "subcontractor" and "subcontractors" mean subcontractor at any tier.

D. Termination for Improper Consideration

1. County may, by written notice to Contractor, immediately suspend or terminate the right of Contractor to proceed under this Contract if it is found that consideration, in any form, was offered or given by Contractor, either directly or through an intermediary, to any County officer, employee, or agent with the intent of securing this Contract or securing favorable treatment with respect to the award, amendment, extension of this Contract, or the making of any determinations with respect to Contractor's performance pursuant to this Contract. In the event of such termination, County shall be entitled to pursue that same remedies against Contractor as it could pursue in the event of default by Contractor.
2. Contractor shall immediately report any attempt by a County officer or employee to solicit such improper consideration. The report shall be made either to County manager charged with the supervision of the employee or to County Auditor-Controller's Employee Fraud Hotline at (800) 554-6861.
3. Among other items, such improper consideration may take the form of cash; discounts; services; the provision of travel; entertainment; or tangible gifts.

E. Termination/Suspension for Insolvency

1. County may suspend or terminate this Contract forthwith in the event of the occurrence of any of the following:
 - a. Insolvency of Contractor. Contractor shall be deemed to be insolvent if it has ceased to pay its debts for at least 60 days in the ordinary course of business or cannot pay its debts as they become due, whether or not a petition has been filed under the Federal Bankruptcy

Code, and whether or not Contractor is insolvent within the meaning of the Federal Bankruptcy Code;

- b. The filing of a voluntary or involuntary bankruptcy petition relative to Contractor under the Federal Bankruptcy Code;
 - c. The appointment of a bankruptcy Receiver or Trustee for Contractor; or
 - d. The execution by Contractor of a general assignment for the benefits of creditors.
2. The rights and remedies of County provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

F. Termination for Nonadherence to County Lobbyists Ordinance

Contractor, and each County lobbyist or County lobbying firm as defined in Los Angeles County Code Section 2.160.010, retained by Contractor, shall fully comply with County's Lobbyist Ordinance, Los Angeles County Code Chapter 2.160. Failure on the part of Contractor or any County Lobbyists or County Lobbying firm retained by Contractor to fully comply with County's Lobbyist Ordinance shall constitute a material breach of this Contract, upon which County may in its sole discretion, immediately suspend or terminate for default or suspend this Contract.

G. Termination/Suspension for Nonappropriation of Funds

Notwithstanding any other provision of this Contract, County shall not be obligated for Contractor's performance hereunder or by any provision of this Contract during any of County's future fiscal years unless and until the Board appropriates funds for this Contract in County's budget for each such future fiscal year. In the event that funds are not appropriated for this Contract, then this Contract may be suspended or terminated as of June 30 of the last fiscal year for which funds were appropriated. County will notify Contractor in writing of any such non-allocation of funds at the earliest possible date.

SECTION 4

GENERAL CONDITIONS OF CONTRACT WORK

A. Authority of Public Works and Inspection

The Director will have the final authority in all matters affecting the work covered by this Contract's Terms, Requirement, Conditions, and Specifications. On all questions relating to work acceptability or interpretations of these Terms, Requirements, Conditions, and Specifications, the decision of the Director will be final.

B. Cooperation

Contractor shall cooperate with Public Works' forces engaged in any other activities at the jobsite. Contractor shall carry out all work in a diligent manner and according to instructions of the Director.

C. Cooperation and Collateral Work

Contractor shall perform work as directed by the Director. The Director will be supported by other Public Works personnel in assuring satisfactory performance of the work under these Specifications and that satisfactory contract controls and conditions are maintained.

D. Equipment, Labor, Supervision, and Materials

All equipment, labor, supervision, and materials required to accomplish this Contract, except as might be specifically outlined in other sections, shall be provided by Contractor.

E. Gratuitous Work

Contractor agrees that should work be performed outside the Scope of Work indicated and without Public Works' prior written approval in accordance with this Exhibit's Amendments, such work shall be deemed to be a gratuitous effort by Contractor, and Contractor shall have no claim, therefor, against County.

F. Jobsite Safety

Contractor shall be solely responsible for ensuring that all work performed under this Contract is performed in strict compliance with all applicable Federal, State, and local occupational safety regulations. Contractor shall provide at its expense all safeguards, safety devices, and protective equipment and shall take any and all actions appropriate to providing a safe jobsite.

G. Labor

No person shall be employed on any work under this Contract who is found to be intemperate, troublesome, disorderly, or is otherwise objectionable to Public Works. Any such person shall be reassigned immediately and not again employed on Public Works' projects or providing services.

H. Labor Law Compliance

Contractor, its agents, and employees shall be bound by and shall comply with all applicable provisions of the Labor Code of the State of California as well as all other applicable Federal, State, and local laws related to labor. Contractor shall comply with Labor Code Section 1777.5 with respect to the employment of apprentices.

I. Overtime

Eight hours labor constitutes a legal day's work. Work in excess thereof, or greater than 40 hours during any one week, shall be permitted only as authorized by and in accordance with Labor Code Section 1815 et seq.

J. Permits/Licenses

Contractor shall be fully responsible for possessing or obtaining all permits/licenses, except as might be specifically outlined in other sections, from the appropriate Federal, State, or local authorities relating to work to be performed under this Contract.

K. Prohibition Against Use of Child Labor

1. Contractor shall:

- a. Not knowingly sell or supply to County any products, goods, supply, or other personal property manufactured in violation of child labor standards set by the International Labor Organization through its 1973 Convention Concerning Minimum Age for Employment;
- b. Upon request by County, identify the country/countries of origin of any products, goods, supplies, or other personal property Contractor sells or supplies to County;
- c. Upon request by County, provide to County the manufacturer's certification of compliance with all international child labor conventions; and
- d. Should County discover that any products, goods, supplies, or other personal property sold or supplied by Contractor to County are produced in violation of any international child labor

conventions, Contractor shall immediately provide an alternative, compliant source of supply.

2. Failure by Contractor to comply with provisions of this paragraph will constitute a material breach of this Contract and will be grounds for immediate suspension or termination of this Contract for default.

L. Public Convenience

Contractor shall conduct operations to cause the least possible obstruction and inconvenience to public traffic or disruption to the peace and quiet of the area within which the work is being performed.

M. Public Safety

It shall be Contractor's responsibility to maintain security against public hazards at all times while performing work at Public Works' jobsites.

N. Quality of Work

Contractor shall provide the County high and consistent quality work under this Contract and which is at least equivalent to that which Contractor provides to all other clients it serves. All work shall be executed by experienced and well-trained workers. All work shall be under supervision of a well-qualified supervisor. Contractor also agrees that work shall be furnished in a professional manner and according to these Specifications.

O. Quantities of Work

Contractor shall be allowed no claims for anticipated profits or for any damages of any sort because of any difference between the work estimated by Contractor in responding to County's solicitation and actual quantities of work done under this Contract or for work decreased or eliminated by County.

P. Safety Requirements

Contractor shall be responsible for the safety of equipment, material, and personnel under Contractor's jurisdiction during the work.

Q. Storage of Material and Equipment

Contractor shall not store material or equipment at the jobsite, except as might be specifically authorized by this Contract. County will not be liable or responsible for any damage, by whatever means, or for the theft of Contractor's material or equipment from any jobsite.

R. Transportation

County will not provide transportation to and from the jobsite and will not provide travel around the limits of the jobsite.

S. Work Area Controls

1. Contractor shall comply with all applicable laws and regulations. Contractor shall maintain work area in a neat, orderly, clean, and safe manner. Contractor shall avoid spreading out equipment excessively. Location and layout of all equipment and materials at each jobsite will be subject to the Contract Manager's approval.
2. Contractor shall be responsible for the security of any and all of Public Works/County facilities in its care. Contractor shall provide protection against vandalism and accidental and malicious damage, both during working and nonworking hours.

SECTION 5

INDEMNIFICATION AND INSURANCE REQUIREMENTS

A. Independent Contractor Status

1. This Contract is by and between County and Contractor and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association, as between County and Contractor. The employees and agents of one party shall not be, or be construed to be, the employees or agents of the other party for any purpose whatsoever.
2. Contractor shall be solely liable and responsible for providing to, or on behalf of, all persons performing work pursuant to this Contract all compensation and benefits. County shall have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, Federal, State, or local taxes, or other compensation, benefits, or taxes for any personnel provided by or on behalf of Contractor.
3. Contractor understands and agrees that all persons performing work pursuant to this Contract are, for purposes of Workers' Compensation liability, solely employees of Contractor and not employees of County. Contractor shall be solely liable and responsible for furnishing any and all Workers' Compensation benefits to any person as a result of any injuries arising from or connected with any work performed by or on behalf of Contractor pursuant to this Contract.

B. Indemnification

Contractor shall indemnify, defend, and hold harmless County, its Special Districts, elected and appointed officers, employees, and agents from and against any and all liability, including, but not limited to, demands, claims, actions, fees, costs, and expenses of any nature whatsoever (including attorney and expert witness fees), arising from or connected with Contractor's acts and/or omissions arising from and/or relating to this Contract. This indemnification also shall include any and all intellectual property liability, including copyright infringement and similar claims.

C. Workplace Safety Indemnification

In addition to and without limiting the indemnification required by this Exhibit's Section 5.B (above), and to the extent allowed by law, Contractor agrees to defend, indemnify, and hold harmless County, its Board, Special Districts, officers, employees, and agents from and against any and all investigations, complaints, citations, liability, expense (including defense costs and legal fees), claims, and/or causes of action for damages of any nature whatsoever, including, but not limited to, injury or death to employees of Contractor, its subcontractors or County,

attributable to any alleged act or omission of Contractor and/or its subcontractors which is in violation of any Cal/OSHA regulation. The obligation to defend, indemnify, and hold harmless County includes all investigations and proceedings associated with purported violations of Section 336.10 of Title 8 of the California Code of Regulations pertaining to multiemployer worksites. Contractor shall not be obligated to indemnify for liability and expenses arising from the active negligence of County. County may deduct from any payment otherwise due Contractor any costs incurred or anticipated to be incurred by County, including legal fees and staff costs, associated with any investigation or enforcement proceeding brought by Cal/OSHA arising out of the work being performed by Contractor under this Contract.

D. General Insurance Requirements

1. Without limiting Contractor's indemnification of County and during the term of this Contract, Contractor shall provide and maintain, and shall require all of its subcontractors to maintain, the following programs of insurance specified in this Contract. Such insurance shall be primary to and not contributing with any other insurance or self-insurance programs maintained by County. Such coverage shall be provided and maintained at Contractor's own expense.
2. Evidence of Insurance - Certificate(s) or other evidence of coverage satisfactory to County shall be delivered to Administrative Services Division, P.O. Box 1460, Alhambra, California 91802-1460, prior to commencing work under this Contract. Such certificates or other evidence shall:
 - a. Specifically identify this Contract;
 - b. Clearly evidence all coverage required in this Contract;
 - c. Contain the express condition that County is to be given written notice by mail at least 30 days in advance of cancellation for all policies evidenced on the certificate of insurance;
 - d. Include copies of the additional insured endorsement to the commercial general liability policies, adding County, its Special Districts, its officials, officers, and employees as insureds for all activities arising from this Contract; and
 - e. Identify any deductibles or self-insured retentions for County's approval. County retains the right to require Contractor to reduce or eliminate such deductibles or self-insurance retentions as they apply to County, or require Contractor to provide a bond guaranteeing payment of all such retained losses and related costs, including, but not limited to, expenses or fees, or both, related to investigations, claims administrations, and legal defense. Such bond shall be

executed by a corporate surety licensed to transact business in the State of California.

3. Insurer Financial Rating: Insurance is to be provided by an insurance company acceptable to County with an A. M. Best rating of not less than A:VII, unless otherwise approved by County.
4. Failure to Maintain Coverage: Failure by Contractor to maintain the required insurance, or to provide evidence of insurance coverage acceptable to County, shall constitute a material breach of this Contract upon which County may immediately terminate or suspend this Contract. County, at its sole option, may obtain damages from Contractor resulting from said breach. Alternatively, County may purchase such required insurance coverage, and without further notice to Contractor, County may deduct from sums due to Contractor any premium costs advanced by County for such insurance.
5. Notification of Incidents, Claims, or Suits: Contractor shall report to County's Contract Manager:
 - a. Any accident or incident relating to work performed under this Contract which involves injury or property damage which may result in the filing of a claim or lawsuit against Contractor and/or County. Such report shall be made in writing within 24 hours of occurrence.
 - b. Any third-party claim or lawsuit filed against Contractor arising from or related to services performed by Contractor under this Contract.
 - c. Any injury to a Contractor's employee which occurs on County property. This report shall be submitted on a County "Non-employee Injury Report" to the Contract Manager.
 - d. Any loss, disappearance, destruction, misuse, or theft of any kind whatsoever of County property, monies, or securities entrusted to Contractor under the terms of this Contract.

E. Compensation for County Costs

In the event that Contractor fails to comply with any of the indemnification or insurance requirements of this Contract, and such failure to comply results in any costs to County, Contractor shall pay full compensation for all costs incurred by County.

F. Insurance Coverage Requirements for Subcontractors

Contractor shall ensure any and all subcontractors performing services under this Contract meet the insurance requirements of this Contract by either:

1. Contractor providing evidence of insurance covering the activities of subcontractor; or
2. Contractor providing evidence submitted by subcontractors evidencing that subcontractors maintain the required insurance coverage. County retains the right to obtain copies of evidence of subcontractor insurance coverage at any time.

G. Insurance Coverage Requirements

1. General Liability insurance (written on ISO policy form CG 00 01 or its equivalent) with limits of not less than the following. (Can be met by a combination of primary and excess insurance coverage):
 - a. General Aggregate: \$2 million
 - b. Products/Completed Operations Aggregate: \$1 million
 - c. Personal and Advertising Injury: \$1 million
 - d. Each Occurrence: \$1 million
2. Automobile Liability insurance (written on ISO policy form CA 00 01 or its equivalent) with a limit of liability of not less than \$1 million for each accident. Such insurance shall include coverage for all "owned," "nonowned," and "hired" vehicles, or coverage for "any auto." (Can be met by a combination of primary and excess insurance coverage).
3. Workers' Compensation and Employers' Liability insurance providing workers' compensation benefits, as required by the Labor Code of the State of California or by any other state, and for which Contractor is responsible. If Contractor's employees will be engaged in maritime employment, coverage shall provide workers' compensation benefits as required by the U.S. Longshore and Harbor Workers' Compensation Act, Jones Act, or any other Federal law for which Contractor is responsible.

In all cases, the above insurance also shall include Employers' Liability coverage with limits of not less than the following:

- a. Each Accident: \$1 million
- b. Disease - policy limit: \$1 million
- c. Disease - each employee: \$1 million

As a condition precedent to its performance pursuant to this Contract, Contractor, by and through its execution of this Contract, certifies that it is aware of, and understands, the provisions of Section 3700 of the Labor

Code, which requires every employer to be insured against liability of Workers' Compensation or to undertake self-insurance in accordance with those provisions before commencing the performance of work under this Contract, and agrees to fully comply with said provisions.

4. Property Coverage: Such insurance shall be endorsed naming County as loss payee, provide deductibles of no greater than five percent of the property value, and shall include:
 - a. Personal Property: Automobiles and Mobile Equipment - Special form (all risk) coverage for the actual cash value of County-owned or leased property.
 - b. Real Property and All Other Personal Property - Special form (all risk) coverage for the full replacement value of County-owned or leased property.

SECTION 6

CONTRACTOR RESPONSIBILITY AND DEBARMENT

A. Responsible Contractor

A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness as well as quality, fitness, capacity, and experience to satisfactorily perform the contract. It is County's policy to conduct business only with responsible contractors.

B. Chapter 2.202 of County Code

Contractor is hereby notified that, in accordance with Chapter 2.202 of County Code, if County acquires information concerning the performance of Contractor on this or other contracts which indicates that Contractor is not responsible, County may, in addition to other remedies provided in this Contract, debar Contractor from bidding or proposing on, being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and suspend or terminate any or all existing contracts Contractor may have with County.

C. Nonresponsible Contractor

County may debar a contractor if the Board finds, in its discretion, that Contractor has done any of the following: (1) violated any term of a contract with County or a nonprofit corporation created by County; (2) committed an act or omission which negatively reflects on Contractor's quality, fitness, or capacity to perform a contract with County, any other public entity, or a nonprofit corporation created by County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against County or any other public entity.

D. Contractor Hearing Board

1. If there is evidence that Contractor may be subject to debarment, Public Works will notify Contractor in writing of the evidence which is the basis for the proposed debarment and will advise Contractor of the scheduled date for a debarment hearing before Contractor Hearing Board.
2. Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Contractor and/or Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, Contractor Hearing Board will prepare a tentative proposed decision, which shall contain a recommendation regarding whether Contractor should be debarred, and, if so, the

appropriate length of time of the debarment. Contractor and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

3. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of Contractor Hearing Board shall be presented to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.
4. If a contractor has been debarred for a period longer than five years, that contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of County.
5. Contractor Hearing Board will consider a request for review of a debarment determination only where (1) Contractor has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.
6. Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.

E. Subcontractors of Contractor

These terms shall also apply to subcontractors of County contractors.

SECTION 7

COMPLIANCE WITH COUNTY'S JURY SERVICE PROGRAM

A. Jury Service Program

This Contract is subject to the provisions of County's ordinance entitled Contractor Employee Jury Service (Jury Service Program) as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy

1. Unless Contractor has demonstrated to County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employee deposit any fees received for such jury service with Contractor or that Contractor deduct from the Employee's regular pay the fees received for jury service.
2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity which has a contract with County or a subcontract with a County contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If Contractor uses any subcontractor to perform services for County under this Contract, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.
3. If Contractor is not required to comply with the Jury Service Program when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the

Jury Service Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Jury Service Program.

4. Contractor's violation of this Section of this Contract may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract and/or bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

SECTION 8

SAFELY SURRENDERED BABY LAW PROGRAM

A. Contractor's Acknowledgment of County's Commitment to the Safely Surrendered Baby Law

Contractor acknowledges that County places a high priority on the implementation of the Safely Surrendered Baby Law. Contractor understands that it is County's policy to encourage all County contractors to voluntarily post County's "Safely Surrendered Baby Law" poster in a prominent position at Contractor's place of business. Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. County's Department of Children and Family Services will supply Contractor with the poster to be used. Information on how to receive the poster can be found on the Internet at www.babysafela.org.

B. Notice to Employees Regarding the Safely Surrendered Baby Law

Contractor shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in County, and where and how to safely surrender a baby. The fact sheet is set forth in Exhibit D of this Contract and is also available on the Internet at www.babysafela.org for printing purposes.

SECTION 9

TRANSITIONAL JOB OPPORTUNITIES PREFERENCE PROGRAM

This Contract is subject to the provisions of the County's ordinance entitled Transitional Job Opportunities Preference Program, as codified in Chapter 2.205 of the Los Angeles County Code.

Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Transitional Job Opportunity vendor.

Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Transitional Job Opportunities vendor.

If Contractor has obtained County certification as a Transitional Job Opportunities vendor by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this Contract to which it would not otherwise have been entitled, shall:

1. Pay to the County any difference between the contract amount and what the County's costs would have been if the contract had been properly awarded;
2. In addition to the amount described in subdivision (1), be assessed a penalty in the amount of not more than ten percent of the amount of this Contract; and
3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).

The above penalties shall also apply to any entity that has previously obtained proper certification, however, as a result of a change in their status would no longer be eligible for certification, and fails to notify Public Works of this information prior to responding to a solicitation or accepting a contract award.

SECTION 10

LOCAL SMALL BUSINESS ENTERPRISE (SBE) PREFERENCE PROGRAM

- A. This Contract is subject to the provisions of County's ordinance entitled Local Small Business Enterprise Preference Program, as codified in Chapter 2.204 of the Los Angeles County Code.
- B. Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Local Small Business Enterprise.
- C. Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Local Small Business Enterprise.
- D. If Contractor has obtained County certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this Contract to which it would not otherwise have been entitled, shall:
 - 1. Pay to County any difference between this Contract amount and what County's costs would have been if this Contract had been properly awarded;
 - 2. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent of the amount of this Contract; and
 - 3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).
- E. The above penalties shall also apply if Contractor is no longer eligible for certification as a result of a change of its status and Contractor failed to notify the State and County's Office of Affirmative Action Compliance of this information.

SECTION 11

PROPRIETARY CONSIDERATIONS

A. Ownership of County Materials

Contractor and County agree that all materials, including but not limited to, designs, specifications, techniques, plans, reports, deliverables, data photographs, diagrams, maps, images, graphics, text, videos, advertising, software, source codes, website plans and designs, interactive media, drafts, working papers, outlines, sketches, summaries, edited and/or unedited versions of deliverables, and any other materials or information developed under this Contract and any and all Intellectual Property rights to these materials, including any copyrights, trademarks, service marks, trade secrets, trade names, unpatented inventions, patent applications, patents, design rights, domain rights, know-how, and any other proprietary rights and derivatives thereof, is and shall be the sole property of County (hereafter collectively, "County Materials"). Contractor hereby assigns and transfers to County all Contractor's rights, titles, and interest in and to all such County Materials developed under this Contract.

Notwithstanding such County ownership in the County Materials, Contractor may retain possession of working papers and materials prepared by Contractor under this Contract. During and for a minimum of five years subsequent to the term of this Contract, County shall have the right to inspect any and all such working papers and materials, make copies thereof and use the working papers and materials and the information contained therein.

B. Transfer to County

Contractor shall execute all documents requested by County and shall perform all other acts requested by County to assign and transfer to, and vest in County, all Contractor's rights, titles, and interest in and to the County Materials, including, but not limited to, any and all copyrights, trademarks, service marks, trade names, unpatented inventions, patent applications, patents, design rights, domain name rights, know-how, and any other proprietary rights and derivatives thereof resulting from this Contract. County shall have the right to register all applicable copyrights, trademarks and patents in the name of the County of Los Angeles. Further, County shall have the right to assign, license, or otherwise transfer any and all County's rights, titles, and interest, including, but not limited to copyrights, trademarks, and patents, in and to the County Materials.

C. Indemnity

Contractor represents and warrants that the County Materials prepared herein under this Contract, is the original work of Contractor and does not infringe upon any Intellectual Property or proprietary rights of third parties. For those portions of the County Materials that are not the original work of Contractor, Contractor

represents and warrants that it has secured all appropriate licenses, rights, and/or permission from appropriate third parties to include such materials in the County Materials.

Contractor shall defend, indemnify and hold County harmless against any claims by third parties based on infringement of copyright, patent, trade secret, trademark, or any other claimed Intellectual Property or proprietary right, arising from County's use of County Materials created and/or prepared by Contractor. Contractor will also indemnify and defend at its sole expense, any action brought against County based on a claim that County Materials furnished hereunder by Contractor and used within the scope of this Contract infringe any copyright, patent, trade secret, trademark, or any other claimed intellectual property or proprietary right of third parties, and Contractor shall pay any costs, damages and attorney's fees incurred by County. County will notify Contractor promptly and in writing of any such action or claim and will permit Contractor to fully participate in the defense thereof.

D. Copyright Notices

Contractor shall affix the following notice to all County Materials: "@ Copyright 2007 (or such other appropriate date of first publication), County of Los Angeles. All Rights Reserved." Contractor shall affix such notice on the title page of all images, photographs, documents and writings; and otherwise as County may direct.

E. Acknowledgement/Attribution

County shall also have the sole right to control the preparation, modification and revisions to, all acknowledgment and/or attribution language for all County Materials resulting from this Contract. County will however, exercise reasonable efforts to honor requests by Contractor seeking removal of all acknowledgment and/or attribution language relating to the Contractor, should Contractor no longer wish to receive attribution for its work on the County Materials.

P:\aspub\CONTRACT\Jeanette\Rubber Dam Primary\8 Exhibit B.DOC

Department of the Treasury
Internal Revenue Service

Notice 1015

(Rev. December 2007)

Have You Told Your Employees About the Earned Income Credit (EIC)?

What Is the EIC?

The EIC is a refundable tax credit for certain workers.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whom you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Allowance Certificate.

Note. You are encouraged to notify each employee whose wages for 2007 are less than \$39,783 that he or she may be eligible for the EIC.

How and When Must I Notify My Employees?

You must give the employee one of the following:

- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you are required to give Form W-2 and do so on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If a substitute Form W-2 is given on time but does not have the required information, you must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 7, 2008.

You must hand the notice directly to the employee or send it by First-Class Mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can get copies of the notice from the IRS website at www.irs.gov or by calling 1-800-829-3676.

How Will My Employees Know If They Can Claim the EIC?

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see the 2007 instructions for Form 1040, 1040A, 1040EZ, or Pub. 596, Earned Income Credit (EIC).

How Do My Employees Claim the EIC?

Eligible employees claim the EIC on their 2007 tax return. Even employees who have no tax withheld from their pay or owe no tax can claim the EIC and get a refund, but they must file a tax return to do so. For example, if an employee has no tax withheld in 2007 and owes no tax but is eligible for a credit of \$825, he or she must file a 2007 tax return to get the \$825 refund.

How Do My Employees Get Advance EIC Payments?

Eligible employees who expect to have a qualifying child for 2008 can get part of the credit with their pay during the year by giving you a completed Form W-5, Earned Income Credit Advance Payment Certificate. You must include advance EIC payments with wages paid to these employees, but the payments are not wages and are not subject to payroll taxes. Generally, the payments are made from withheld income, social security, and Medicare taxes. For details, see Pub. 15 (Circular E), Employer's Tax Guide.

No shame. No blame. No names.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.

Sin pena. Sin culpa. Sin peligro.

**Los recién nacidos pueden ser entregados
en forma segura en la sala de emergencia de

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente. Siempre que el bebé no haya sufrido abuso ni negligencia, padres pueden entregar a su recién nacido sin temor a ser arrestados o procesados.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden empezar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen la custodia legal del menor.

¿Los padres deben llamar antes de llevar al bebé?

No. El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, mientras que entregue a su bebé a un empleado del hospital o de un cuartel de bomberos.

¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adonde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.

Cada recién nacido merece una oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele qué otras opciones tiene.

Es mejor que las mujeres busquen ayuda para recibir atención médica y asesoramiento adecuado durante el embarazo. Pero al mismo tiempo, queremos asegurarles a los padres que optan por no quedarse con su bebé que no irán a la cárcel si dejan a sus bebés en buenas manos en cualquier sala de emergencia de un hospital o en un cuartel de bomberos del Condado de Los Angeles.

RUBBER DAM REPAIR MANUAL

February, 1998

BRIDGESTONE CORPORATION

When the Rubber Dam is damaged due to some reason, the proper repair/ material should be selected in order to obtain the repair quality.

[SELECTION OF REPAIR METHOD]

Type / Size of damage	Repair method	Remarks
Bullet and similar holes	Class - A	Using Repair Kit
Minor surface damage	Class - B	Using Repair Kit
Major surface damage	Class - C	Using Repair Kit
Serious damage of reinforcement Size of damage < 100mm	Class - D	Call the Bridgestone office.
Serious damage of reinforcement Size of damage > 100mm	Class - E (Not described in this Manual.)	Call the Bridgestone office.

Note ; Poor quality of repair may cause more serious damage,
If you have any questions about the repair, please contact Bridgestone.

REMA TIP TOP/NORTH AMERICA INC.
 Casa Grande, AZ
 800-772-7362

Class-ARepair of bullet and similar holes

The Rubber Dam is composed of rubber and reinforcing nylon layers. Therefore, to fix a small diameter hole puncture, the injection tubeless tire type of repair material is applied. This method of repair is suitable for holes up to 12.5mm (1/2") in diameter.

Repair Method Parameter	
Thickness of Rubber Dam Body :	< 20mm (3/4" dia)
Width of penetrated damage :	< 12.5 mm (1/2" dia)

1. Remove object from Rubber Dam which caused leak.

2. Assure affected area is clean and dry.

3. Coat inserting needle with Cold Vulcanizing Fluid and insert in puncture.

Repeat several times.

4. If necessary, cut Sealastic (TT 612) rubber piece to suitable width for hole. Clip Sealastic rubber piece at narrow center into inserting.

BRIDGESTONE

5. Dip Inserting Needle with Sealastic piece into Cold Vulcanizing Fluid.

6. Push inserting tool with rubber piece into puncture down to the tool's handle and then retract tool.

7. Drip soapy water onto the effected area. If no bubbles appear to indicate air leakage, the repair has been successful. If bubbles appear, another Sealastic piece should be inserted adjacent to the first one, as shown in the right below, by the process illustrated in step 4~6.

(Normal Use)

8. Cut off ends of Sealastic piece, leaving 1.5mm (1/16 in).

BRIDGESTONE

9. Roughen surface around the rubber with wire scratch brush.
If the repair is made to the textured (rough) surface area of the Rubber Body (the upstream side), it should be smoothed out with the scratch brush or a Disk Grinder.

10. Mix cement SC 2000 with hardener UT-R20 in the ratio of 25/1 as provided in the example below;

SC2000 = 1000g
Hardener = 40g

11. Apply one coat of cement to the roughened surface.
After first coat has dried, apply second coat of cement to same area.
Permit the second coat to dry.

BRIDGESTONE

12. Apply one coat of cement to the back of the patch (either 80 mm (3in)) round patch or 130 x 160 mm (5 x 6-1/4in) rhomboid patch, depending on which shape and size is most suitable). After first coat has dried, apply second coat of cement. Drying time, depending on temperature and humidity, is usually between 15~30 minutes.

13. Apply patch to affected area of Rubber Dam Body just after second application of cement dries.

14. Press down on the patch with the roller, moving from the center to the edge to force out all air. Use the 12 mm (1/2 in) wide roller followed by the 4 mm (3/16 in) wide roller.

Class-BRepair of minor surface rubber damage

Prompt repair of surface damage to Rubber Dam should be made even if there is no air leak.

Minor Surface DamageOne or Two Damaged Plies

1. Assure affected area is clean and dry.

2. Roughen surface around damaged area with wire brush and hand rasp.

3. Apply one coat of Special Vulc Cement-BL to the roughened surface. After first coat has dried, apply second coat of cement to same area. Permit the second coat to dry.

BRIDGESTONE

4. Cut off equal quantities of Vulc Compound A (Black) and B (White) and mix together until the mixture becomes a uniform color.

5. Apply mixed Vulc Compound and repeat until damaged area is filled. Then, press down on Vulc Compound with roller. Curing time is primarily a function of temperature. For example, at 20~25C (68-77F) curing time is about 24 hours.

BRIDGESTONEClass-CRepair of major surface rubber damage

1. Assure affected area is clean and dry.

2. Roughen surface around damaged area with wire brush and hand rasp.

3. Roughen back side of CN Filler rubber with wire brush or disc sander.

4. Mix cement SC 2000 with hardener UT-R20 in the ratio of 25/1 as provided in the example below;

SC2000 = 1000g

Hardener = 40g

5. Apply one coat of cement to the roughened surface.
After first coat has dried, apply second coat of cement to same area.
Permit the second coat to dry.

BRIDGESTONE

6. Apply CN Filler rubber to damaged area just after second application of cement dries. Press down with roller.

7. Cut edge of CN Filler rubber with knife or sand to smoothen edges as shown below.

BRIDGESTONEClass-DRepair of serious damageSize < 100mm

NOTE 1 : Immediately notify the Bridgestone office in Page 2 of this repair manual of damage described in this section for advice and possible repair assistance.

NOTE 2 : Construction and number of layers of Rubber Dam body varies by the height of the dam.
Notification of a Bridgestone office will permit identification of the body construction and instruction on proper repair methods..

NOTE 3 : Material for repair of extensive damage, as outlined below, is not included in the standard Rubber Dam Repair Kit.

When a Rubber Dam suffers extensive penetrating damage, such as a knife cut from vandalism, the repair method requires that the damaged area be cut and peeled away **LAYER BY LAYER**. CAUTION--do not cut completely through the Rubber Body, but only through individual layers as described in these instructions. The figures below summarize the repair method.

1. Insure affected area is clean and dry.

2. Mark cut line on the rubber body. (Refer to drawing below.)
Note that the inner cut line is 100 mm (4 in) from the wound and progressive cuts are spaced at 150 mm (6 in) intervals.

3. Mark intermediate lines. As the adhesion of rubber layers is very strong, intermediate cutting lines are recommended to pull away individual rubber layer strips one by one. Note the parallel positioning of intermediate lines about 50 mm (2 in) apart.

4. Cut rubber along periphery as well as the intermediate lines.

Note the following:

- # 1. Only cut the other rubber layer, DO NOT cut the first nylon ply underneath it. To safeguard against cutting the next ply, do not try to cut completely through the outer rubber.
- # 2. Cut the lines at the periphery at 45-degree angles as shown below. Intermediate lines can be cut at 90-degree angles.

5. Pry up the edge of the cut rubber with a screwdriver, as shown below.

Remove the 50 mm (2 in) strips of the first layer of rubber with pliers as shown below

6. Draw a new cut line around the exposed rubber layer. This new cut line should be 150 mm (6 in) in from the outer cut line of step 4.

7. As shown in steps 3~5, mark intermediate lines, cut the ply along the lines marked, and pull away the nylon canvas. (Note that step 4 was for removal of the outer rubber ply and this step is for removal of nylon ply.)

8. Draw new cut line on newly exposed second ply, 150 mm (6 in) from the cut line used in step 7.

9. Cut and remove the third layer along the lines drawn above and as described in steps 3~5

10. Buff exposed layers of rubber with a disk sander. Roughen rubber coating on the nylon fabric so that it can bond with the new rubber. Do not buff away too much rubber as it is needed for bonding with the patch.

11. Cut new reinforcing rubber in the shape of the cut out areas to be filled, leaving a gap of 3 mm (1/8 in) as shown below. Vulc compound will be used later to fill this gap. Buff both sides of reinforcing patch with a disk sander.

12. Mix cement SC 2000 with hardener UT-R20 in the ratio of 25/1 as provided in the sample below;

$$\frac{\text{SC2000} = 1000\text{g}}{\text{Hardener} = 40\text{g}}$$

13. Apply one coat of cement to the roughened surface. After first coat has dried, apply second coat of cement to same area. Permit the second coat to dry.

14. Apply new patch to the base of the repair area ply and press down from center to edge with roller to remove air. Apply Vulc Compound A+B into the 3 mm (1/8 in) space between the new reinforced rubber patch and the rubber body.

BRIDGESTONE

15. Apply second patch as shown below and described in steps 10~13.

16. Apply third patch as shown below and described in steps 10~13.

17. Apply a new outer cover to lay over the third reinforcing rubber piece as shown below, extending beyond the original rubber surface by at least 3 cm (1-1/4 in) on all sides.

18. Buff edges of the corners of the outermost patch so that it blends smoothly into the original outer rubber layer. Note that the final patch is raised above the surface of the original rubber.

Inspection report for Beverly Blvd #1dam

Project name	Beverly Blvd #1	No.	IRUS-040309
Size	5.5' H x 200' L x 1 / 0.5	Inspection date	March 9 2004
Owner	LADPW	Inspector	Y.Sato
Installation date	1999		R.Busch
Location	California USA		
Purpose	Groundwater Recharge		
1. Inspection result			
(1) Rubber body damage location No damage was observed in this inspection.			
(2) Control equipments System 6			
(3) Operating condition The dam has been inflated when there was enough water during rainy season. (Mid. of October to February)			
2. Comments			
- The inspection was carried out visually from the downstream side. - No serious damage was observed. - There was a large repaired spot on the bottom layer and the edge was peeled off partially. It is recommended to be repaired.			

Inspection report for Whittier Blvd #2dam

Project name	Whittier Blvd #2	No.	IRUS-040309
Size	7.8' H x 200' L x 1 / 0.5	Inspection date	March 9 2004
Owner	LADPW	Inspector	Y.Sato
Installation date	1999		R.Busch
Location	California USA		
Purpose	Groundwater Recharge		
1. Inspection result			
(1) Rubber body damage location No damage was observed in this inspection.			
(2) Control equipments System 6			
(3) Operating condition The dam has been inflated when there was enough water during rainy season. (Mid. of October to February)			
2. Comments			
- The inspection was carried out above the rubber body and both abutments. - Some minor small bulges were observed under the fin bottom. These bulges were caused by small air path of ceramic layer in the cover rubber. - No other serious damage was observed.			

Inspection report for San Gabriel River #3dam

Project name	San Gabriel River #3	No.	IRUS-040309
Size	6' H x 200' L x 1 / 0.5	Inspection date	March 9 2004
Owner	LADPW	Inspector	Y.Sato
Installation date	1984 (replaced rubber body in 1998)		R.Busch
Location	California USA		
Purpose	Groundwater Recharge		
1. Inspection result			
(1) Rubber body damage location A small surface cut was observed.			
(2) Control equipments The original system was 5, installed system 6X in 2000			
(3) Operating condition The dam has been inflated when there was enough water during rainy season. (Mid. of October to February)			
2. Comments			
- The inspection was carried out from the downstream side. - A small surface cut was observed. It is recommended to be repaired. - No other serious damage was observed.			

Inspection report for San Gabriel River #4 dam

Project name	San Gabriel River #4	No.	IRUS-040309			
Size	7.8' H x 200' L x 1 / 0.5	Inspection date	March 9 2004			
Owner	LADPW	Inspector	Y.Sato			
Installation date	1984		R.Busch			
Location	California USA					
Purpose	Groundwater Recharge					
1. Inspection result						
(1) Rubber body damage location Some damages were observed.						
(2) Control equipments The original system was 5, installed system 6X in 2000						
(3) Operating condition The dam has been inflated when there was enough water during rainy season. (Mid. of October to February)						
2. Comments						
- The inspection was carried out from the downstream side. - There was serious damage. The bottom layer had fire damage. At least 2 layers of fabric were damaged by fire. The rubber body is 3-layer construction. The remaining layer is likely heat-damaged. Judging from the damage condition and age of rubber body, reliable repair is doubtful. It is highly recommend to replace the body. - A small surface cut with a piece of broken glass was observed .						

EXHIBIT G

San Gabriel River No. 4

Inspection report for San Gabriel River #5dam

Project name	San Gabriel River #5	No.	IRUS-040309			
Size	6' H x 200' L x 1 / 0.5	Inspection date	March 9 2004			
Owner	LADPW	Inspector	Y.Sato			
Installation date	1988 (replaced rubber body in 1999)		R. Busch			
Location	California USA					
Purpose	Groundwater Recharge					
1. Inspection result						
(1) Rubber body damage location No damage was observed in this inspection.						
(2) Control equipments The original system was 5, installed system 6X in 2000						
(3) Operating condition The dam has been inflated when there was enough water during rainy season. (Mid. of October to February)						
2. Comments - The inspection was carried out from the downstream side. - No serious damage was observed.						

Inspection report for San Gabriel River #6dam

Project name	San Gabriel River #6	No.	IRUS-040309			
Size	6' H x 200' L x 1 / 0.5	Inspection date	March 9 2004			
Owner	LADPW	Inspector	Y.Sato			
Installation date	1987 (replaced rubber body in 1999)		R. Busch			
Location	California USA					
Purpose	Groundwater Recharge					
1. Inspection result						
(1) Rubber body damage location No damage was observed in this inspection.						
(2) Control equipments The original system was 5, installed system 6X in 2000						
(3) Operating condition The dam has been inflated when there was enough water during rainy season. (Mid. of October to February)						
2. Comments - The inspection was carried out both top and bottom layers. - No damage was observed.						

Inspection report for San Gabriel River #7dam

Project name	San Gabriel River #7	No.	IRUS-040309
Size	6' H x 240' L x 1 / 2.0	Inspection date	March 9 2004
Owner	LADPW	Inspector	Y.Sato
Installation date	1988 (replaced rubber body in 1998)		R. Busch
Location	California USA		
Purpose	Groundwater Recharge		
1. Inspection result			
(1) Rubber body damage location No serious damage was observed in this inspection.			
(2) Control equipments The original system was 5, installed system 6X in 2000			
(3) Operating condition The dam has been inflated when there was enough water during rainy season. (Mid. of October to February)			
2. Comments			
- The inspection was carried out from downstream side. - One nut on left abutment was missing. Recommend to apply a new nut. - Joint edge tape was peeled off partially. Recommend to apply rubber tape. - No other serious damage was observed on the rubber body.			

Inspection report for Citrus dam

Project name	Citrus Basin	No.	IRUS-040309
Size	6' H x 30' L x 1' / 0.0	Inspection date	March 9 2004
Owner	LADPW	Inspector	Y.Sato
Installation date	1988		A. Parry / R.Busch
Location	California USA		
Purpose	Diversion for Groundwater Recharge		

1. Inspection result

(1) Rubber body damage location

No ceramic rubber body

(2) Control equipments The original system was 5, installed system 6X in 2000

(3) Operating condition

The dam has been inflated when there was enough water during rainy season.
(Inflate the dam 20-30% of the year)

2. Comments

- The inspection was carried out visually both top and bottom layer.
- Two major cut was observed as shown in the pictures.
- One of them is cut through the top layer and the other cut is reach to 2 layers.
Even though repair procedure is attached, judging from damaged condition and the age of rubber body, it is recommended to be replaced.
- No other serious damage was observed.

EXHIBIT G

Inspection report for Rio Hondo dam

Project name	Rio Hondo	No.	IRUS-040309
Size	6' H x 25' L x 1 /0.0	Inspection date	March 9 2004
Owner	LADPW	Inspector	Y.Sato
Installation date	1999		R.Busch / A.Parry
Location	California USA		
Purpose	Diversion for Groundwater Recharge		

1. Inspection result

(1) Rubber body damage location

No damage was observed in this inspection.

(2) Control equipments System 6

(3) Operating condition

The dam has been inflated when there was enough water during rainy season.

2. Comments

- The dam was deflated.
- The inspection was carried out top layer only with small light.
- No serious damage was observed.

Inspection report for Santa Fe dam

Project name	Santa Fe	No.	IRUS-040309
Size	6' H x 575' L x 1 / 1.0	Inspection date	March 9 2004
Owner	LADPW	Inspector	Y.Sato
Installation date	1995		R.Busch / A.Parry
Location	California USA		
Purpose	Groundwater Recharge		

1. Inspection result

(1) Rubber body damage location

A small surface cut was observed.

(2) Control equipments System 6

(3) Operating condition

The dam has been inflated when there was enough water during rainy season.
(Inflate the dam 40-50% of the year)

2. Comments

- The inspection was carried out from the downstream side.
- Minor air leak was found. There is a small hole. (approx.10mm)
It is recommended to be repaired as shown in the attachment.
- A minor small bulge were observed in the crease.
It should be the small air path in the ceramic layer.
- No other serious damage was observed.

EXHIBIT G

Inspection report for Walnut Basin dam

Project name	Walnut Basin	No.	IRUS-040309
Size	2.5' H x 25' L x 1' / 0.0	Inspection date	March 9 2004
Owner	LADPW	Inspector	Y.Sato
Installation date	1999		R.Busch / A.Parry
Location	California USA		
Purpose	Diversion for Groundwater Recharge		
1. Inspection result			
(1) Rubber body damage location			
No damage was observed in this inspection.			
 			
 			
(2) Control equipments System 6			
(3) Operating condition			
The dam has been inflated 80-90% of the year.			
2. Comments			
- The inspection was carried out from the downstream side. - No serious damage was observed.			

Inspection report for San Dimas dam

Project name	Ben Lomond Spreading Grounds	No.	IRUS-040309
Size	6' H x 25' L x 1 / 0.0	Inspection date	March 9 2004
Owner	LADPW	Inspector	Y.Sato
Installation date	1999		R.Busch / A.Parry
Location	California USA		
Purpose	Diversion to Spreading Grounds		

1. Inspection result

(1) Rubber body damage location

No damage was observed in this inspection.

(2) Control equipments System 6

(3) Operating condition

The dam has been inflated when there was enough water during rainy season.

(Inflate 50% of the year)

2. Comments

- The inspection was carried out both top and bottom layers.
- No damage was observed.

CITRUS SG DAM

~~REPAIR PROCEDURE~~
DRAFT

March 22, 2004

BRIDGESTONE CORPORATION

EXHIBIT H

This repair procedure shows a general idea of the hot patch repair for typical damage in Citrus SG Rubber Dam. The repair shall be done by the specialists authorized by Bridgestone but it does not mean Bridgestone warrant the quality of the repair.

1. REPAIR MATERIAL

ITEM	SIZE	APPROX. WEIGHT	SUPPLIED BY
Rubber coated fabric (Unvulcanized)	1.56m(W) x 1m(L) x 1.4mm(t) x 1 roll 	2.6 kg	Bridgestone 
Rubber sheet (2.0t) (Unvulcanized)	0.5m(W) x 6m(L) x 2.0mm(t) x 1 roll	7.2 kg	Bridgestone
Rubber sheet (1.0t) (Unvulcanized)	0.5m(W) x 5m(L) x 1.0mm(t) x 1 roll	3.0 kg	Bridgestone
Rubber sheet (0.5 t) (Unvulcanized)	0.03m(W) x 10m(L) x 0.5mm(t) x 1 roll	0.2 kg	Bridgestone
Cement		0.5kg x2	Bridgestone
Fabric mold			Bridgestone
Separation film	1.2m x 1.0m	-	Bridgestone

(Note) -. Cement shall be used if necessary to stick fabric.

The cement should be dried before applying the fabrics and rubber sheet.

-. All material should be stored in a room.

2. REPAIR PROCEDURE

(1) Position and structure of damaged part (Outside of top sheet)

A-A cross section

(2) Remove cover rubber (Outside of top sheet)

(IMPORTANT)

To be cut carefully.
DO NOT DAMAGE the reinforcing fabric.

A-A cross section

(3) Buff the surface (Outside of top sheet)

(IMPORTANT)
The surface TO BE DRIED COMPLETELY
before buffing.

Outer (Rough top) surface

All corners are rounded off

Damaged part

A-A cross section

(4) Apply rubber coated fabric (Outside of top sheet)

(IMPORTANT)

- The surface TO BE DRIED COMPLETELY before applying repair fabric.
- Press the applied fabric with hand roller TO AVOID AIR TRAP.

A-A cross section

(5) Fill gaps with rubber (Outside of top sheet)

(IMPORTANT)
The void TO BE DRIED COMPLETELY
before filling unvulcanized rubber.

A-A cross section

(6) Apply cover rubber (Outside of top sheet)

(IMPORTANT)

- The surface TO BE DRIED COMPLETELY before applying cover rubber.
- Press the cover rubber with hand roller TO AVOID AIR TRAP.

A-A cross section

(7) Open the Rubber Body and remove inner cover rubber(Inside of top sheet)

(IMPORTANT)
To be cut carefully.
DO NOT DAMAGE the reinforcing fabric.

Remove rubber body from the foundation
and place on the flat ground

A-A cross section

(8) Buff the surface (Inside of bottom sheet)

(IMPORTANT)
The surface **TO BE DRIED COMPLETELY**
before buffing.

A-A cross section

(9) Apply rubber coated fabric (Inside of bottom sheet)

(IMPORTANT)

- The surface TO BE DRIED COMPLETELY before applying repair fabric.
- Press the applied fabric with hand roller TO AVOID AIR TRAP.

(10) Fill gaps with rubber (Inside of bottom sheet)

(IMPORTANT)
The void TO BE DRIED COMPLETELY
before filling unvulcanized rubber.

A-A cross section

(11) Apply cover rubber (Inside of bottom sheet)

(IMPORTANT)

- The surface TO BE DRIED COMPLETELY before applying cover rubber.
- Press the cover rubber with hand roller TO AVOID AIR TRAP.

(12) Closing rubber body and Vulcanization

Vulcanizing condition: 145 degrees C. (293 degrees F) x 53minutes x Face pressure 10kg/cm² (143psi)

(Time will be counted up after the heater temperature reaches 145 degrees C)

Cooling condition: After vulcanizing keep the pressure before the heater temperature becomes lower than 50 degrees C. (122 degrees F).
