REQUEST FOR PROPOSALS – INFORMATIONAL UPDATE FOR UNDERGROUND AND ABOVEGROUND STORAGE TANK CERTIFICATION SERVICES (2009-AN027)

Thank you for attending the Proposers' Conference for Underground and Aboveground Storage Tank (UST/AST) Certification Services (2009-AN027) on July 20, 2009, and for your interest in the Request for Proposals (RFP). Please be reminded that the deadline to submit proposals is **Monday, August 3, 2009, at 5:30 p.m.**

A. The following clarifications and answers are in response to the request for information and clarification submitted by attendees of the Proposers' meeting:

1. *Question: Do subcontractors need to register with the County?*

Response: No, it is not mandatory for subcontractors to register with the County. However, being registered will assist all vendors in receiving notifications of the release of County solicitations that may be of interest to them.

2. *Question: Would it be possible to get a list of dispensers that coincides with Exhibit E, County of Los Angeles Department of Public Works Underground and Aboveground Storage Tank Inventory? Useful information would be the number of dispensers per location, the number of dispensers per product (unleaded and/or diesel), and the number of hoses per product.*

Response: Normally, it's one dispenser with two hoses per tank. Very few sites vary from this norm. No additional information will be available at this time.
