REQUEST FOR PROPOSALS

SECTION 1

SUMMARY

Los Angeles County Public Works (Public Works), acting on behalf of the County of Los Angeles (County), requests proposals for the Exclusive Contracts for the Service Areas, Altadena/Kinneloa Mesa and South Bay (Contract), which includes *two separate and distinct* services:

- 1. Task 1: Weekly, automated curbside collection in plastic carts, processing and disposal of residential, certain multi-family and commercial premises refuse, recyclables, and green waste in carts, paid by customers and subject to a franchise fee, and**
- 2. Task 2: Collection, transportation, and processing and disposal of abandoned waste discarded in public right-of-way paid by County from its Road Fund, not subject to a franchise fee.**

Services may commence as early as July 1, 2022, for the areas of Altadena/Kinneloa Mesa and South Bay; or thereafter as directed by the Director of Public Works (Director).

Subject to the right of the Los Angeles County Board of Supervisors (Board) to make the ultimate decisions concerning the award of contracts, County intends to award the Contract to the highest-rated Proposer based on the evaluation criteria applicable to Task 1 and Task 2, as set-forth in Part I, Section 5.E, Evaluation Criteria, whose proposal provides the most beneficial program and price relative to Task 1 and Task 2, with all other factors considered.

As specified in the Request for Proposal (RFP), the integrated Contract covering both Task 1 and Task 2 services will be awarded based on determination of the highest-rated Proposer with respect to the Task 1 and Task 2 proposal and services. The recommended Proposer shall be awarded the entire Contract, including Task 1 and Task 2, and shall perform both tasks pursuant to the terms set forth in Part II, Sample Contract. Please note, County, not Customers, will pay Contractor for its services with respect to Task 2.

It is the responsibility of the Proposer to read Part II of the Contract, in its entirety including, but not limited, to Scope of Services and Specifications (Part II, Section 3), Service Standards (Part II, Section 4), Task 1 Services (Part II, Exhibit 3A1), Task 2 Services (Part II, Exhibit 3A2), Additional Services (Part II, Exhibit 3A3), and all performance obligations prescribed in the Contract. Proposers must consider full and timely satisfaction of those performance obligations.

County will pay Contractor's compensation for Task 2 from its Road Fund and other funds. Task 2 will not be funded by the subscription fees collected from Franchise residents. County does not grant Contractor an exclusive right to provide Task 2

Services, and the Contractor is not required to pay the County a Franchise Fee for Task 2.

Proposers are responsible for independently investigating service conditions in the service area prior to proposal submission.

SECTION 2

A. Proposers' Conference

No Proposers' Conference will be held.

B. Minimum Mandatory Requirements

Interested and qualified Proposers who can demonstrate their ability to successfully provide the required services outlined in Exhibit A, Scope of Work, of this RFP are invited to submit a Proposal, provided they meet the following requirement(s) at the time of Proposal submission:

1. Proposer must have three years of experience within the United States collecting and managing refuse, recyclable materials, and green waste from single-family and multifamily residences. Additionally, a Proposer that is a Joint Venture must either meet the three years of experience requirement while operating as a Joint Venture in the United States or the portion of the Joint Venture that is to perform the physical services, reporting, and record keeping required in this contract must meet the experience requirement indicated above. This information must be identified in the proposal and must be included in Form PW-19, Proposer's Compliance with the Minimum Mandatory Requirements of the RFP.
2. Proposer must possess the required valid Waste Collector Permit naming the Proposer as the permittee or a copy of the application for a Waste Collector Permit naming the Proposer as the permittee issued by the County of Los Angeles Department of Public Health at the time of proposal submission. This information must be identified in the proposal and must be included in Form PW-19, Proposer's Compliance with the Minimum Mandatory Requirements of the RFP. Additionally, if a Proposer is a Joint Venture, either the Joint Venture itself or the portion of the Joint Venture that is to perform the physical services, reporting, and record keeping required in this contract must possess the required valid Waste Collector Permit.
3. Proposer must also submit a Proposal Guaranty as outlined in Part I, Section 3.A.15., Proposal Guaranty. This information must be identified in

D. Child Support Compliance Program

Proposers shall: 1) fully comply with all applicable State and Federal reporting requirements relating to employment reporting for its employees; and 2) comply with all lawfully served Wage and Earnings Assignment Orders and Notices of Assignment, and continue to maintain compliance during the term of any Contract that may be awarded pursuant to this solicitation. Failure to comply may be cause for termination of a Contract and/or initiation of debarment proceedings against the noncompliant Contractor (County Code, Chapter 2.202).

E. County Rights and Responsibilities

The County has the right to amend this RFP by written addendum prior to the Proposal submission deadline. The County is responsible only for that which is expressly stated in this solicitation document and any authorized written addenda. All addenda and informational updates will be posted at <http://pw.lacounty.gov/brcd/servicecontracts>. Please check the website frequently

for any changes to this solicitation. Should an addendum(s) require additional information not previously requested, failure to address the requirements of such addendum may result in the Proposal not being considered, as determined in the sole discretion of the County. The County is not responsible for and shall not be bound by any representations otherwise made by any individual acting or purporting to act on its behalf.

F. Defaulted Property Tax and Reduction Program

1. The resultant Contract from this RFP will be subject to the requirements of the County's Defaulted Property Tax Reduction Program (Defaulted Tax Program) (County Code, Chapter 2.206). The successful Proposer should carefully read the Defaulted Tax Program Ordinance, Exhibit E. Proposers should carefully read the pertinent Defaulted Tax Program provisions in Part II, Exhibit B, Service Contract General Requirements, Section 11, Compliance with County's Defaulted Property Tax Reduction Program. The Defaulted Tax Program applies to both Contractors and their Subcontractors, if any.
2. Proposers shall be required to certify that they are in full compliance with the provisions of the Defaulted Tax Program and shall maintain compliance during the term of any Contract that may be awarded pursuant to this solicitation or shall certify that they are exempt from the Defaulted Tax Program by completing Certification of Compliance with The County's Defaulted Property Tax Reduction Program (Form PW-16). Failure to maintain compliance, or to timely cure defects, may be cause for termination of a Contract or initiation of debarment proceedings against the noncompliant Contractor (County Code, Chapter 2.202). Proposals that fail to comply with the certification requirements of the Defaulted Tax Program will be considered nonresponsive and excluded from further consideration.

G. GAIN and GROW Programs

As a threshold requirement for consideration for Contract award, Proposers shall demonstrate a proven record of hiring participants in the County's Department of Public Social Services Greater Avenues for Independence (GAIN) or General Relief Opportunity for Work (GROW) Programs or shall attest to a willingness to consider GAIN/GROW participants for any future employment openings if they meet the minimum qualifications for that opening. Proposers shall attest to a willingness to provide employed GAIN/GROW participants access to the Proposers' employee mentoring program, if available, to assist these individuals in obtaining permanent employment and/or promotional opportunities.

Proposers who are unable to meet this requirement shall not be considered for Contract award. Proposers shall certify compliance on Form PW-10, GAIN and GROW Employment Commitment.

H. Indemnification and Insurance

The successful Proposer will be required to comply with the indemnification provisions contained in Exhibit B, Section 5, Indemnification and Insurance Requirements. The Contractor will be required to procure, maintain, and provide the County proof of insurance coverage for all programs of insurance along with associated amounts specified throughout the entire term of the proposed Contract without interruption or break in coverage.

I. Injury and Illness Prevention Program

The successful Proposer will be required to comply with the State of California's Cal/OSHA's regulations. Section 3203 of Title 8 in the California Code of Regulations requires all California employers to have a written, effective Injury and Illness Prevention Program that addresses hazards pertaining to the particular workplace covered by the program.

J. Interpretation of Request for Proposals

The definitions and other rules of interpretation set forth in Part II, Sample Agreement and Exhibit B, Section 1, Interpretation of Contract, also apply to interpretation of this RFP.

K. Jury Service Program

1. The resultant Contract from this RFP will be subject to the requirements of the County's Contractor Employee Jury Service Ordinance (Jury Service Program, County Code, Chapter 2.203). Proposers should carefully read the pertinent jury service provisions in the Part II, Exhibit B, Service Contract General Requirements, Section 7, Compliance with County's Jury Service Program. The Jury Service Program applies to both Contractors and their Subcontractors, if any. Proposals that fail to comply with the requirements of the Jury Service Program will be considered nonresponsive and excluded from further consideration.

2. The Jury Service Program requires Contractors and their Subcontractors, if any, to have and adhere to a written policy that provides that its employees shall receive from the Contractor, on an annual basis, no less than 5 days of regular pay for actual jury service. The policy may provide that employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the employee's regular pay the fees received for jury service. For purposes of the Jury Service Program, "employee" means any California resident who is a full-time employee of a Contractor, and "full-time" means 40 hours or more worked per week or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County; or 2) the Proposer has a long-standing practice that defines the lesser number of hours as full-time. Therefore, the Jury Service Program applies to all of a Contractor's full-time California

Residential Franchise-Altadena/Kinneloa

Mesa

employees, even those not working specifically on the County project. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program.

3. There are two ways in which a Contractor might not be subject to the Jury Service Program. The first is if the Contractor does not fall within the Jury Service Program's definition of "Contractor." The Jury Service Program defines "Contractor" to mean a person, partnership, corporation, or other entity which has a Contract with the County or a Subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Contracts or Subcontracts. The second is if the Contractor meets one of the two exceptions to the Jury Service Program. The first exception concerns small businesses and applies to Contractors that have: 1) ten or fewer employees; and 2) annual gross revenues in the preceding 12 months which, if added to the annual amount of this proposed Contract is less than \$500,000; and 3) is not an "affiliate or subsidiary of a business dominant in its field of operation." The second exception applies to Contractors that possess a collective bargaining agreement that expressly supersedes the provisions of the Jury Service Program. The Contractor is subject to any provision of the Jury Service Program not expressly superseded by the collective bargaining agreement.
4. If a Contractor does not fall within the Jury Service Program's definition of "Contractor" or if it meets any of the exceptions to the Jury Service Program, then the Contractor must so indicate in the Contractor Employee Jury Service Program Application for Exception and Certification Form (Form PW-3) and include with its submission all necessary documentation to support the claim, such as tax returns or a collective bargaining agreement, if applicable. Upon reviewing the Contractor's application, the County will determine, in its sole discretion, whether the Contractor falls within the definition of "Contractor" or meets any of the exceptions to the Jury Service Program. The County's decision will be final.

L. County's Preference Programs

The County of Los Angeles has three preference programs. The Local Small Business Enterprise (LSBE), Disabled Veteran Business Enterprise (DVBE), and Social Enterprise (SE). The Board of Supervisors encourages business participation in the County's contracting process by continually streamlining and simplifying our selection process and expanding opportunities for these businesses to compete for County opportunities. The Preference Programs (LSBE, DVBE, and SE) requires that a business must complete certification prior to requesting a preference in a solicitation. In no case shall the Preference Programs (LSBE, DVBE, and SE) price or scoring preference be combined with any other county preference programs to exceed 15 percent or \$150,000 in response to any County solicitation. Sanctions and

Residential Franchise-Altadena/Kinneloa
Mesa

financial penalties may apply to a business that knowingly, and with intent to defraud, seeks to obtain or maintain certification as a certified LSBE, DVBE, or SE when not qualified.

1. Local Small Business Enterprise (LSBE) Preference Program

- a. To the extent permitted by State and Federal law and when the price category is scored, the County will give Local SBE preference during the solicitation process to businesses that meet the definition of an LSBE, consistent with Chapter 2.204.030C.1 of the Los Angeles County Code. An LSBE is defined as a business: 1) certified by the State of California as a small business and has had its principal place of business located in Los Angeles County for at least 1 year; or 2) certified as a small business enterprise with other certifying agencies pursuant to the Department of Consumer and Business Affairs (DCBA) inclusion policy that: a) has its principal place of business located in Los Angeles County, and b) has revenues and employee sizes that meet the State's Department of General Services requirements. The business must be certified by the DCBA as meeting the requirements set forth above prior to requesting the LSBE Preference in a solicitation.
- b. To apply for certification as an LSBE, businesses should contact the DCBA at <http://dcba.lacounty.gov>.
- c. Certified LSBEs may only request the preference if the certification process has been completed and certification is affirmed. Businesses must complete and submit Form PW-9, Request for County's Preference Program Consideration and CBE Firm/Organization Information Form and submit a letter of certification from the DCBA with their Proposal.
- d. Information about the State's small business enterprise certification regulations is in the California Code of Regulations, Title 2, Subchapter 8, Section 1896 et seq., and is also available on the California Department of General Services Office of Small Business Certification and Resources website at <http://www.pd.dgs.ca.gov/smbus/default>.

2. Social Enterprise (SE) Preference Program

- a. The County will give preference during the solicitation process to businesses that meet the definition of an SE, consistent with Chapter 2.205 of the Los Angeles County Code. An SE is defined as:
 - i. A business that qualifies as an SE and has been in operation for at least 1 year providing transitional or permanent

employment to a Transitional Workforce or providing social, environmental and/or human justice services; and

- ii. A business certified by the DCBA as an SE.
 - b. Certified SE may only request the preference if the certification has been completed and certification is affirmed. Businesses must complete and submit Form PW-9, Request for County's Preference Program Consideration and CBE Firm/Organization Information Form and submit a letter of certification from the DCBA with their Proposal.
 - c. Further information on SE also available on the DCBA's website at: <http://dcba.lacounty.gov>
3. Disabled Veteran Business Enterprise (DVBE) Preference Program
- a. The County will give preference during the solicitation process to businesses that meet the definition of a DVBE, consistent with Chapter 2.211 of the Los Angeles County Code. A DVBE vendor is defined as:
 - i. A business which is certified by the State of California as a DVBE; or
 - ii. A business which is verified as a Service-Disabled Veteran-Owned Small Business (SDVOSB) by the Veterans Administration.
 - iii. A business certified as DVBE with other certifying agencies pursuant to the DCBA inclusion policy that meets the criteria set forth by the agencies in 1 and 2 above.
 - b. The DCBA shall certify that a DVBE is currently certified by the State of California, by the U.S. Department of Veteran Affairs, or is determined by the DCBA inclusion policy that meets the criteria set forth by the agencies above.
 - c. Certified DVBE may only request the preference if the certification process has been completed and certification is affirmed. Businesses must complete and submit Form PW-9, Request for County's Preference Program Consideration and CBE Firm/Organization Information Form and submit a letter of certification from the DCBA with their Proposal.
 - d. Information about the State's DVBE certification regulations is found in the California Code of Regulations, Title 2, Subchapter 8, Section 1896 et seq., and is also available on the California Department of General Services Office of Disabled Veteran

The Proposer shall notify the County of any pending acquisitions/mergers of their company. This information shall be provided by the Proposer on Form PW-1, Verification of Proposal. The proposed Contract will only be awarded to the entity that submitted the Proposal. Any acquisitions and merger will be handled pursuant to Exhibit B, Section 2.B, Assignment and Delegation, and evaluated in accordance with the Board's policy regarding Contractors engaged in mergers and acquisitions. Failure of the Proposer to provide this information may eliminate its Proposal/bid from any further consideration.

N. Prompt Payment Program

It is the intent of the County that Certified Local SBE receive prompt payment for services they provide to County departments. Prompt payment is defined as 15 calendar days after the receipt of an undisputed and approved invoice.

O. Proposer's Charitable Contributions Compliance

California's "Supervision of Trustees and Fundraisers for Charitable Purposes Act" regulates receiving and raising charitable contributions. Among other requirements, those subject to the Charitable Purposes Act must register. The 2004 Nonprofit Integrity Act (SB 1262, Chapter 919) increases Charitable Purposes Act requirements. New rules cover California public benefit corporations, unincorporated associations, trustee entities, and may include similar foreign corporations doing business or holding property in California. Key Nonprofit Integrity Act requirements affect executive compensation, fundraising practices, and documentation. Charities with over \$2 million of revenues (excluding funds that must be accounted for to a governmental entity) have new audit requirements.

All prospective Contractors must determine if they receive or raise charitable contributions, which subject them to the Charitable Purposes Act and complete the certification form attached as Form PW-12. A completed Form PW-12 is a required part of any agreement with the County.

In Form PW-12, prospective Contractors certify either that:

1. They have determined now that they do not receive or raise charitable contributions regulated under the California Charitable Purposes Act (including the Nonprofit Integrity Act) but will comply if they become subject to coverage of those laws during the term of a County Contract; or
2. They are currently complying with their obligations under the Charitable Purposes Act, attaching a copy of their most recent filing with the Registry of Charitable Trusts.

Prospective County Contractors that do not complete Form PW-12 as part of the solicitation process may, in the County's sole discretion, be disqualified for Contract award. A County Contractor that fails to comply with its obligations under the Charitable Purposes Act is subject to either Contract termination or debarment proceedings or both (County Code, Chapter 2.202).

P. Proposal Requirements and Contract Specifications

1. Persons who wish to Contract with the County may respond to this RFP by submitting a Proposal in the form described in the following Sections and Attachments. Proposers are instructed to carefully read these Terms, Requirements, Specifications, Conditions, Attachments, and Exhibits.
2. Requirements for Proposals are explained in Part I of this RFP.
3. The proposed Contract's specifications and requirements are fully described in Part II, Sample Agreement; any Exhibits; and Attachments. Proposers are also requested to review Attachment 1, Policy on Doing Business with Small Business; Attachment 2, Listing of Contractors Debarred in Los Angeles County; and Attachment 3, County of Los Angeles Lobbyist Ordinance.
4. Dates and times for the submission of Proposals are set forth in the Notice of Request for Proposals.

Q. Security and Background Investigations

Background and security investigations of Contractor's staff may be required at the discretion of the County as a condition of beginning and continuing work under any resulting Contract. The cost of background checks is the responsibility of the Contractor.

R. Vendor Registration

Proposers must register online with the County's web-based vendor registration system to facilitate the Contract award process. Registration can be accomplished online via the Internet by accessing the County's home page at <https://camisvr.co.la.ca.us/webven/default.asp> and click on "New Registration".

Being registered will assist the Proposer in receiving notifications of the release of County solicitations that may be of interest to the Proposer.

S. Time Off for Voting

The Contractor shall notify its employees, and shall require each Subcontractor to notify and provide to its employees, information regarding the time off for voting law (Elections Code, Section 14000). Not less than 10 days before every Statewide election, every Contractor and Subcontractors shall keep posted conspicuously at the place of work, if practicable, or elsewhere where it can be seen as employees come or go to their place of work, a notice setting forth the provisions of Section 14000.

T. Local Small Business Enterprise/Social Enterprise/Disabled Veteran Business Enterprise Utilization

When requested by the County, the Contractor shall provide a copy of their invoice, which includes expenditure information for subcontractors utilized for Contract work which provides information requested by the County, including but not limited to: subcontractor name, business address, telephone number, email address, each subcontractor's Local Small Business Enterprise (SBE) status, Social Enterprise (SE) status, and/or Disabled Veterans Business Enterprise (DVBE) status, as applicable, and the actual monetary amount of the Contract work the subcontractor has performed.

This information shall be transmitted to the County via methods specified by the County, which may include electronic submission by one of the following methods: utilizing electronic live (or dynamic) data, utilizing a County-designated third party software system, utilizing a County approved website, or utilizing other means approved by the County. The County may request subcontractor confirmation of receipt of payment.

The parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure to the Contractor to comply with this Section. The parties agree that under the current circumstances a reasonable estimate of such damages is specified in Exhibit F, Performance Requirements Summary, and that the Contractor shall be liable to the County for said amount.

If in the judgment of the Director of Public Works, or his designee, the Contractor is deemed to be in noncompliance with these terms and obligations, the Director or his designee, at his option, in addition to, or in lieu of, other remedies provided in the Contract, may deduct and withhold liquidated damages from County's payment to the Contractor.

U. Proposer's Acknowledgement of County's Commitment to Zero Tolerance Human Trafficking

On October 4, 2016, the County of Los Angeles Board of Supervisors approved a motion taking significant steps to protect victims of human trafficking by establishing a zero tolerance human trafficking policy. The policy prohibits contractors engaged in human trafficking from receiving Contract awards or performing services under a County Contract.

Contractors are required to complete Form PW-17, Zero Tolerance Human Trafficking Policy Certification, certifying that they are in full compliance with the County's Zero Tolerance Human Trafficking provision as defined in Exhibit B, Section 2.OO, Compliance with County's Zero Tolerance Human Trafficking Policy. Further, contractors are required to comply with the requirements under said provision for the term of any Contract awarded pursuant to this solicitation.

V. Method of Payment and Required Information

The County may, at its sole discretion, determine the most appropriate, efficient, secure, and timely form of payment for any amounts due for goods and/or services provided under a Contract with the County. Proposers/Contractors further agree that the default form of payment shall be Electronic Funds Transfer (EFT) or direct deposit, unless an alternative method of payment is deemed appropriate by the Auditor-Controller (A-C).

Upon Contract award and at the request of the A-C and/or Public Works, the Contractor shall provide the A-C with electronic banking and related information for the Contractor and/or any other payee that the Contractor designates to receive payment pursuant to this Contract. Such electronic banking and related information includes, but is not limited to: bank account number and routing number, legal business name, valid taxpayer identification number, a working e-mail address capable of receiving remittance advices and other payment related correspondence, and any other information that the A-C determines is reasonably necessary to process the payment and comply with all accounting, record keeping, and tax reporting requirements.

Any provision of law, grant, or funding agreement requiring a specific form or method of payment other than EFT or direct deposit shall supersede this requirement with respect to those payments. Upon Contract award or at any time during the duration of the Contract, a contractor may submit a written request for an exemption to this requirement. Such request must be based on specific legal, business or operational needs and explain why the payment method designated by the A-C is not feasible and an alternative is necessary. The A-C, in consultation with Public Works, shall decide whether to approve exemption requests.

W. Proposer's Acknowledgement of County's Commitment to Fair Chance Employment Hiring Practices

On May 29, 2018, the Los Angeles County Board of Supervisors approved a Fair Chance Employment Policy in an effort to remove job barriers for individuals with criminal records. Contractors are required to complete Form PW-18, Compliance with Fair Chance Employment Hiring Practices Certification, certifying that they are in full compliance with Section 12952, as indicated in Section 2.RR, Compliance with Fair Chance Employment Practices, of Exhibit B. Further, contractors are required to comply with the requirements under Section 12952 for the term of any contract awarded pursuant to this solicitation.

X. Community Business Enterprise Participation

The County has adopted a CBE Program, which includes business enterprises owned by disabled veterans, disadvantaged business enterprises, minority, women, and lesbian, gay, bisexual, transgender, queer, and questioning-owned business enterprises. The County has established an aspirational goal that 25 percent of all County contract dollars shall go to certified CBEs. All Proposers shall document good faith efforts it has taken to assure that CBEs are utilized when possible to provide supplies, equipment, technical services, and other services under this contract. The County will evaluate the Proposer's good faith efforts to meet the CBE participation goal by reviewing the Proposer's documentation. Suggested criteria include, but are not limited to, the following:

For additional information, contact the County of Los Angeles Department of Consumer and Business Affairs (Small Business Services). The website is: dcba.lacounty.gov.

8. Proposer negotiated in good faith with the CBEs, and did not unjustifiably reject as unsatisfactory proposals prepared by any CBE.
9. Where applicable, the Proposer advised and made efforts to assist interested CBEs in obtaining bonds, lines of credit, or insurance required by these contract documents.
10. Proposer's efforts to obtain CBE participation could reasonably be expected by the County to produce a level of participation sufficient to meet the goals and requirements of the County.

15. Proposal Guaranty

- a. A Proposal Guaranty is required of each Proposer and shall be made payable to the County in an amount equal to ten percent of the Proposer's proposed annual rate utilizing the Monthly Net Rate, Item 1, from Form PW-2, Proposed Net Rate, multiplied by the estimated number of customers as listed in Part II, Item 16.C.5 of Exhibit 16, Parcel Counts and Number of Customers. The proposal guaranty can either be in the form of cash, a certified check, a cashier's check, or an original bid bond, executed by the Proposer and issued by a California-Admitted Surety, including power of attorney. The County will accept bid bonds with the statement "in an amount equal to 10 percent of the Proposer's proposed annual rate" utilizing the Monthly Net Rate (Item 1) from Form PW-2, Proposed

Net Rate, multiplied by the estimated number of customers as listed in Part II, Item 16.C.5 of Exhibit 16, Parcel Counts and Number of Customers. No other form of proposal guaranty will be accepted. The proposal guaranty may be prepared on the California Admitted Surety's standard form. Proposers shall pay all proposal guaranty premiums, costs, and incidentals.

- b. The successful Proposer's Proposal Guaranty will be retained until the successful Proposer has executed the Agreement and provided all required proof of insurance, performance assurance, and Contractor's documentation. If the successful Proposer fails to execute and deliver the Agreement and fails to furnish the required County-approved proof of insurance and required County-approved contract security, breaches any warranty in Form PW-20 or Form PW-21, makes any misrepresentation, or commits any fraud in connection with the procurement of the Contract, the County may annul the award approval and the proposal guaranty of the Proposer shall be forfeited and liquidated. All other Proposers' proposal guaranties will be returned upon the successful Proposers' execution of the Agreement, providing all required proof of insurance and contract security.
- c. If a bid bond is submitted, it must be payable to County and executed by a corporate surety licensed to transact business ("admitted") as a surety in the State of California. The corporate surety must have an A.M. Best Rating of not less than A:VII, unless otherwise approved by the County. The County may verify the accuracy and authenticity of the proposal guaranty submitted.

Proposers failing to provide the requested proposal guaranty at the time of proposal submission, will result in the immediate rejection of the proposal as nonresponsive.

16. Additional Information

Additional information that is not presented elsewhere and is essential to a fair evaluation must appear in the last section of the Proposal and be labeled "Additional Information." If there is no additional information the Proposer wishes to present, this section will consist of the statement: "There is no additional information we wish to present."

SECTION 4

GENERAL CONDITIONS OF REQUEST FOR PROPOSALS

A. Acceptance or Rejection of Proposals

The right is reserved to reject any or all Proposals that, in the judgment of the Board or Director, are not in the best interests of the County/Public Works/Special Districts. The County further reserves the right to cancel this request for Proposals at any time at its sole discretion. In the event of any such rejection of Proposals or cancellation of this solicitation, the County will not be liable for any costs incurred in connection with the preparation and submittal of a Proposal.

Proposals signed by an agent other than the president and secretary of a corporation or a member of a general copartnership must be submitted with a power of attorney or corporate resolution, certified by the secretary or assistant secretary, authorizing such signature; otherwise, the Proposal may be rejected as unauthorized and nonresponsive.

No Proposal will be considered unless the Proposer submits a Proposal for all requested items. If the solicitation document requests multiple quotations, no Proposal will be considered unless the Proposer submits a price on all items within each category; however, the solicitation document may not require the Proposer to submit a price on all of the categories.

B. Altering Solicitation Document

The wording of the solicitation document shall not be changed. Any additions, conditions, limitations, or provisions inserted by the Proposer will render their Proposal irregular and may cause its rejection as nonresponsive.

C. County Responsibility

The County will not be responsible for representation made by any of its officers or employees prior to the execution of the proposed Contract unless such understanding or representation is included in the proposed Contract.

D. Determination of Proposer Responsibility

1. A responsible Proposer is a Proposer who has demonstrated the attribute of trustworthiness as well as quality, fitness, capacity, and experience to satisfactorily perform the proposed Contract. It is the County's policy to conduct business only with responsible Contractors.
2. Proposers are hereby notified that, in accordance with Chapter 2.202 of the Los Angeles County Code, the County may determine whether the Proposer is responsible based on a review of the Proposer's performance on any Contracts including, but not limited to, County Contracts. Particular attention will be given to violations of labor laws related to employee

compensation and benefits and evidence of false claims made by the Proposer against public entities. Labor law violations which are the fault of Subcontractors and of which the Proposer had no knowledge shall not be the basis of a determination that the Proposer is not responsible.

3. The County may declare a Proposer to be nonresponsible for purposes of the proposed Contract if the Board, in its discretion, finds that the Proposer has done any of the following: (1) violated a term of a Contract with the County or a nonprofit corporation created by the County; (2) committed an act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform a Contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or omission which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.
4. If there is evidence that the highest-rated Proposer may not be responsible, Public Works will notify the Proposer in writing of the evidence relating to the Proposer's responsibility and its intention to recommend to the Board that the Proposer be found not responsible. Public Works will provide the Proposer and/or the Proposer's representative with an opportunity to present evidence as to why the Proposer should be found to be responsible and to rebut evidence, which is the basis for Public Works' recommendation.
5. If the Proposer presents evidence in rebuttal to Public Works, Public Works will evaluate the merits of such evidence, and based on that evaluation, make a recommendation to the Board. The final decision concerning the responsibility of the Proposer will reside with the Board.
6. These terms shall also apply to any proposed Subcontractors of Proposer on County Contracts.

E. Disqualification of Proposers

More than one Proposal from an individual, firm, partnership, corporation, or association under the same or different names will not be considered. Reasonable grounds for believing that any Proposer has an interest in more than one Proposal for the work contemplated may cause the rejection of all Proposals in which such Proposer has interest on the basis of nonresponsibility and/or nonresponsiveness. If there is reason for believing that collusion exists among the Proposers, such collusion by the participants may be cause for the rejection of their Proposals or future Proposals on the basis of nonresponsibility and/or nonresponsiveness and may subject such Proposers to debarment.

F. Gratuities

1. It is improper for any County officer, employee, or agent to solicit consideration, in any form, from a Proposer with the implication, suggestion, or statement that the Proposer's provision of the consideration may secure more favorable treatment for the Proposer in the award of the proposed Contract or that the Proposer's failure to provide such consideration may negatively affect the County's consideration of the Proposer's submission. A Proposer shall not offer or give, either directly or through an intermediary, consideration, in any form, to a County officer, employee, or agent for the purpose of securing favorable treatment with respect to the award of the proposed Contract.
2. A Proposer shall immediately report any attempt by a County officer, employee, or agent to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (800) 544-6861. Failure to report such a solicitation may result in the Proposer's submission being rejected on the basis of nonresponsibility and/or nonresponsiveness.
3. Among other items, such improper consideration may take the form of cash; discounts; services; and the provision of travel, entertainment, or tangible gifts.

G. Knowledge of Work to be Done

By submitting a proposal, Proposer shall be held to have carefully read this RFP, all attachments, and exhibits; satisfied themselves before the delivery of their proposal as to their ability to meet all of the requirements and difficulties attending the execution of the proposed work; and agreed that if awarded a Contract, no claim will be made against the County based on this RFP including, without limitation, claims based on any ambiguity or misunderstanding. Furthermore, the Proposer has carefully examined the location(s) of the proposed work, is familiar with all of the physical and climatic conditions and makes this proposal solely upon the Proposer's own knowledge. The Proposer has carefully examined these specifications and requirements both in general and in detail, any drawings attached, and any additional communications sent and makes their proposal in accordance therewith. If Proposer's proposal is accepted, the Proposer will enter into a written contract with the County for the performance of the proposed work and will accept payment based on the rates shown in Form PW-2, Proposed Net Rate, as full compensation for work performed. It is understood and agreed that the quantities set-forth in Form PW-2, Proposed Net Rate, and this RFP are only estimates and the unit prices will apply to the actual quantities, whatever they may be.

H. Notice to Proposers Regarding the Public Records Act

1. Responses to this solicitation shall become the exclusive property of the County. Absent extraordinary circumstances, the recommended Proposer's Proposal will become a matter of public record when (1) Contract negotiations are complete; (2) Department receives a letter from the recommended Proposer's authorized officer that the negotiated Contract is the firm offer of the recommended Proposer; and (3) Department releases a copy of the recommended Proposer's Proposal in response to a Notice of Intent to Request a Proposed Contractor Selection Review under Board Policy No. 5.055. Notwithstanding the above, absent extraordinary circumstances, all Proposals will become a matter of public record when the Department's Proposer recommendation appears on the Board agenda. Exceptions to disclosure are those parts or portions of all Proposals that are justifiably defined as business or trade secrets, and plainly marked by the Proposer as "Trade Secret," "Confidential," or "Proprietary."
2. The County shall not, in any way, be liable or responsible for the disclosure of any such record or any parts thereof, if disclosure is required or permitted under the California Public Records Act or otherwise by law. A blanket statement of confidentiality or the marking of each page of the Proposal as confidential shall not be deemed sufficient notice of exception. The Proposers must specifically label only those provisions of their respective Proposal which are "Trade Secret," "Confidential," or "Proprietary" in nature. Only those provisions labeled as "Trade Secret," "Confidential," or "Proprietary" in nature at the time of Proposal submission will be accepted. The Proposers will not be granted opportunity to make any change or label any portion of their respective Proposal as "Trade Secret," "Confidential," or "Proprietary" after the submission deadline of the Proposals.
3. In the event County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a Proposal marked "Trade Secret," "Confidential," or "Proprietary," Proposer agrees to defend and indemnify County from all costs and expenses, including reasonable attorney's fees, in connection with any requested action or liability arising under the Public Records Act.

I. Notice to Proposers Regarding the County Lobbyist Ordinance

The Board has enacted an ordinance regulating the activities of persons who lobby County officials. This ordinance, referred to as the "Lobbyist Ordinance," defines a County Lobbyist and imposes certain registration requirements upon individuals meeting the definition. The complete text of the ordinance can be found in Los Angeles County Code, Chapter 2.160. In effect, each person, corporation,

or other entity that seeks a County permit, license, franchise, or Contract must certify compliance with the ordinance. As part of this solicitation process, it will be the responsibility of each Proposer to review the ordinance independently as the text of the ordinance is not contained in this RFP. Each person, corporation, or other entity submitting a response to this solicitation, must certify that each County Lobbyist, as defined by Los Angeles County Code, Section 2.160.010, retained by the Proposer is in full compliance with Chapter 2.160 of the Los Angeles County Code and each County Lobbyist is **not** on the Executive Office's List of Terminated Registered Lobbyist. The Proposer's signature on the Proposal submission is its certification that it is in full compliance with Los Angeles County Code, Chapter 2.160. See Attachment 3 regarding County Lobbyist.

J. Opening of Proposals

Proposals will not be publicly opened.

K. Proposer Debarment

1. The Proposer is hereby notified that, in accordance with Chapter 2.202 of the Los Angeles County Code, the County may debar the Proposer from bidding or proposing on, or being awarded, and/or performing work on other County Contracts for a specified period of time, which generally will not exceed 5 years but may exceed 5 years or be permanent if warranted by the circumstance, and the County may terminate any or all of the Proposer's existing Contracts with County, if the Board finds, in its discretion, that the Proposer has done any of the following: (1) violated a term of a Contract with the County or a nonprofit corporation created by the County; (2) committed an act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform a Contract with the County or any other public entity, or a nonprofit corporation created by the County or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.
2. If there is evidence that the highest-rated Proposer may be subject to debarment, Public Works will notify the Proposer in writing of the evidence, which is the basis for the proposed debarment, and will advise the Proposer of the scheduled date for a debarment hearing before the Contractor Hearing Board.
3. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Proposer and/or the Proposer's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a tentative proposed decision, which will contain a recommendation regarding whether the Proposer should be debarred, and, if so, the appropriate length of time of the debarment. The Proposer and

Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

4. After consideration of any objections, or if no objections are received, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
5. If a Proposer has been debarred for a period longer than 5 years, that Proposer may, after the debarment has been in effect for at least 5 years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Proposer has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.
6. The Contractor Hearing Board will consider requests for review of a debarment determination only where (1) the Proposer has been debarred for a period longer than 5 years; (2) the debarment has been in effect for at least 5 years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.
7. The Contractor Hearing Board's proposed decision will contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board will have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
8. These terms shall also apply to proposed Subcontractors of Proposer on County Contracts.
9. Attachment 2 is the link to a Listing of Contractors Debarred in Los Angeles County.

L. Proposal Prices and Agreement of Figures

If the total amount arrived at by multiplying the unit price times the quantity does not agree with the total amount entered for the item or if the total amount is not entered, the unit price and the corrected total amount will be considered as representing the Proposer's intentions. If the total amount is entered for the item, but not the unit price, the unit price will be that which is derived by dividing the total amount proposed for the item by the number of units in the item as representing the Proposer's intentions. If the items are incorrectly calculated, the corrected total will be considered as representing the Proposer's intentions.

M. Proposer's Safety Record

A review of the Proposer's safety record will be made before the award. Proposers are required to submit this information, with their Proposal, on Form PW-4, Contractor's Industrial Safety Record form provided. Nonsubmission or an adverse finding as to the Proposer's safety record may be cause for rejection of the Proposal on the basis of nonresponsibility and/or nonresponsiveness.

N. Qualifications of Proposer

No award will be made to any Proposer who cannot give satisfactory assurance as to its ability to carry out the intended Contract, based both on financial strength and experience as a Contractor on work of the nature contemplated in the proposed Contract. Proposers are encouraged to submit records of work of similar nature, size, or extent to that proposed under these specifications and requirements. A reasonable inquiry to determine the responsibility of a Proposer will be conducted. The unreasonable failure of a Proposer to promptly supply information in connection with such inquiry including, but not limited to, information regarding past performance, financial stability, and ability to perform on schedule, may be grounds for a determination of nonresponsibility and/or nonresponsiveness with respect to such Proposer. Unfamiliarity with the type of work required by Public Works may be cause for rejection of the Proposal on the basis of nonresponsibility and/or nonresponsiveness.

O. Qualifications of Subcontractors

Proposers shall list all Subcontractors, if any, to be used on the List of Subcontractors (Form PW-8). The use of Subcontractors shall be subject to Public Works' approval. Subcontractors shall be properly licensed under the laws of the State of California for the type of work, which they are to perform. Alternate Subcontractors shall not be listed for the same work.

P. Safely Surrendered Baby Law

The Proposer shall notify and provide to its employees, and shall require each Subcontractor, if any, to notify and provide to its employees, a fact sheet

regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. The fact sheet is set forth in Part II, Part 12B2 of Exhibit 5, of this solicitation document and is also available on the Internet at www.babysafela.org for printing purposes.

Q. Term of Proposals

All Proposals shall be firm offers and may not be withdrawn for a period of 270 days following the deadline for submission of Proposals.

R. Truth and Accuracy of Representations

False, misleading, incomplete, or deceptively unresponsive statements in connection with a Proposal will be sufficient cause for the rejection of the Proposal. The evaluation and determination in this area will be at the Director's sole judgment and the Director's judgment will be final.

S. Wages, Materials, and Other Costs

It is the responsibility of the Proposer to calculate the Proposal price to take into consideration a possible escalation of wages, materials, and other costs during the Contract period. The Board, County, Public Works, District(s), or Director make no representations regarding future costs or the rate of wages that may become necessary to pay employees of the Contractor for the work performed during the Contract period.

T. Contractor Independence

A Proposer or its subsidiary or Subcontractor (Proposer), is prohibited from submitting a bid or proposal in a County solicitation if the Proposer has provided advice or consultation for the solicitation. A Proposer is also prohibited from submitting a bid or proposal in a County solicitation if the Proposer has developed or prepared any of the solicitation materials on behalf of the County. A violation of this provision shall result in the disqualification of the Proposer from participation in the County solicitation or the termination or cancellation of any resultant County contract. This provision shall survive the expiration, or other termination of this Agreement.

U. Conflict of Interest

Proposer shall comply with the provisions under County Ordinance 2.180. Failure to comply with this Paragraph may be considered a breach of contract.

Notwithstanding any other section of the Los Angeles County Code, the County shall not contract with, and shall reject any bid or proposal submitted by, the persons or entities specified below, unless the Board of supervisors finds that special circumstances exist, which justify the approval of such contract:

1. Employees of the county or of the public agencies for which the board of supervisors is the governing body;
2. Profit-making firms or businesses in which employees described in subparagraph 1 above serve as officers, principals, partners or major shareholders;
3. Persons who, within the immediately preceding 12 months, came within the provisions of subparagraph 1 above, and who:
 - a. Were employed in positions of substantial responsibility in the area of service to be performed by the contract; or
 - b. Participated in any way in developing the contract or its service specifications; and
4. Profit-making firms or businesses in which the former employees, described in subparagraph 3 above, serve as officers, principals, partners or major shareholders.

V. Acceptance of Terms and Conditions

Each Proposer understands and agrees that submission of Proposals in response to this RFP constitutes acknowledgment and acceptance of, and willingness to comply with, all terms and conditions of this RFP, including all addenda to the RFP.

W. Contractors with Unresolved Disallowed Costs

If Proposer's/Bidder's compliance with a County contract has been reviewed by the A-C within the last 10 years, Proposer/Bidder must not have unresolved questioned costs identified by the A-C in an amount over \$100,000.00 that are confirmed to be disallowed costs by the contracting County department and remain unpaid for a period of six months or more from the date of disallowance, unless such disallowed costs are the subject of current good faith negotiations to resolve the disallowed costs, in the opinion of the contracting County department.

X. COVID-19 Vaccinations of County Contractor Personnel

Proposers are advised that it must comply with Chapter 2.212 (COVID-19 Vaccinations of County Contactor Personnel) of County Code Title 2 - Administration, Division 4 as a condition of performing work under any awarded contract resulting from this solicitation. Proposers are advised to review the requirements of Chapter 2.212 (COVID-19 Vaccinations of County Contactor Personnel) and the sample contract requirements prior to submitting a proposal to this solicitation.

SECTION 5

EVALUATION OF PROPOSALS, AWARD, AND EXECUTION OF CONTRACT

A. Award of Contract

Subject to the right of the Board to make the ultimate decisions concerning the award of Contracts, the County intends to award a Contract to the highest-rated Proposer or Proposers based on the evaluation criteria in Part I, Section 5.E, Evaluation Criteria, whose Proposal(s) provide(s) the most beneficial program and price with all other factors considered. The County retains the right to select a Proposal other than the Proposal receiving the highest number of points, if County determines, in its sole discretion, another Proposal is the most overall qualified, cost-effective, responsive, responsible, and in the best interest of the County. The recommended awardee shall sign and return the Agreement within 14 calendar days of its mailing to the recommended awardee for signature by Public Works. The recommended awardee shall submit copies of its proof of insurance coverage and original performance bond, within 14 days after Board approval of the proposed Contract or at least 14 days prior to the proposed Contract's start date, whichever occurs last. Work under the proposed Contract cannot begin before proof of valid insurance coverage is submitted to Public Works.

B. Final Contract Award by Board

Notwithstanding a recommendation by Public Works, the Board retains the right to exercise its judgment concerning the selection of a Proposal, the terms of any resultant Contract/agreement, and to determine which Proposal best serves the interests of the County. The Board is the ultimate decision-making body and makes the final determinations necessary to arrive at a decision to award, or not award, a Contract, or to award a Contract to a Proposer other than the highest-rated Proposer.

C. Evaluation of Proposals

1. All responses to this RFP become the property of the County. Upon receipt of the Proposal as specified and evaluation of Proposals in accordance with the evaluation criteria set forth below, Public Works may recommend the award of a Contract to one or more of those submitting Proposals. The proposed Contract may be submitted to the Board for consideration and possible approval.
2. The County may require whatever evidence it deems necessary to determine the Proposer's overall and specific abilities to meet the requirements of proposed Contract over the entire Contract term. This determination will be based on, but not limited to, an evaluation of the Proposer's experience, personnel, financial stability and resources, work plan, cost to perform requested services, and staffing plan.

3. The County reserves the sole right to judge the Proposer's written and oral representations and to review, evaluate, and select the successful Proposal(s).
4. The County may make on-site inspections of Proposer's current jobs and/or facilities.
5. The County, in its sole discretion, may elect to waive any error or informalities in the form of a Proposal or any other disparity, if, as a whole, the Proposal substantially complies with the RFP's requirements.
6. The County may utilize the services of appropriate experts to assist in the evaluation process.

D. Pass/Fail Review

Proposals will be reviewed on a Pass/Fail basis concerning the items listed below. Proposals not meeting all of these requirements may be rejected as nonresponsive:

1. Proposal was submitted electronically using BidExpress method described in Part 1, Section 3.B, Proposal Submission.
2. Proposer will comply with the insurance requirements outlined in Part II, Exhibit 5, Additional Contract Language, Part 4, Indemnification and Insurance Requirements of the Contract, as evidenced by submitting a completed and signed Form PW-15.
3. Proposer has demonstrated that all minimum requirements as outlined in Part I, Section 2.B, Minimum Mandatory Requirements have been met and satisfied, and have submitted Form PW-19, Proposer's Compliance with the Minimum Mandatory Requirements.
4. Proposer and Subcontractors, if any, have completed and signed all appropriate forms and Proposer has completed and signed Form PW-2.

Proposer failing to provide completed and signed Form PW-2, at the time of proposal submission, will result in the immediate rejection of the proposal as nonresponsive.

5. Submit copy of the Proposer's required valid Waste Collector Permit naming the Proposer as the permittee or a copy of the application for a Waste Collector Permit naming the Proposer as the permittee issued by the County Department of Public Health.

Proposers failing to provide the requested valid Waste Collector Permit or a copy of the application for a Waste Collector Permit issued by the County Department of Public Health naming the Proposer as the permittee at the time of proposal submission will result in the immediate rejection of the proposal as nonresponsive.

6. Submit the required Proposal Guaranty as specified in Part 1, Section 3.A.15.

Proposers failing to provide the requested proposal guaranty at the time of proposal submission, will result in the immediate rejection of the proposal as nonresponsive.

7. The County will not allow any Proposer's exceptions, additions, conditions, limitations, modifications or provisions to the RFP and Contract.

If Proposer's compliance with a County contract has been reviewed by the Department of the Auditor-Controller within the last 10 years, Proposer must not have unresolved questioned costs identified by the Auditor-Controller, in an amount over \$100,000.00, that are confirmed to be disallowed costs by the contracting County department, and remain unpaid for six months or more from the date of disallowance, unless such disallowed costs are the subject of current good faith negotiations to resolve the disallowed costs, in the opinion of the County.

E. Evaluation Criteria

The evaluation of the proposals will be based on the criteria and in the manner described in subsection E. It may base its evaluation on any relevant information available to it including, but not limited to, information Proposer submitted in its proposal. Significant weakness in any of the criteria listed in subsection E.1-E.8, may result in a low score or a score of zero. Proposals awarded a score of zero in any of those criteria may be rejected as nonresponsive. All proposals will receive a composite score (rating) and will be ranked in numerical sequence from high to low based on the following criteria:

1. Total Proposed Annual Amount for Task 1 (50 points) (Form PW-2)

Public Works will compare the Proposer's Total Proposed Annual Amount for Task 1 quoted in Form PW-2 with other Proposer's Total Proposed Annual Amount for Task 1. The Proposer with the lowest Total Proposed Annual Amount for Task 1 quoted in Form PW-2, will receive the full weight of this evaluated item (60 points). Other proposals will receive a prorated score calculated as follows:

- a. Divide the lowest Total Proposed Annual Amount for Task 1 by each other Proposer's Total Proposed Annual Amount for Task 1, and
- b. Multiply the result by the maximum possible points (60 points).

For example, four proposals, Company A \$1,000,000, Company B \$950,000, Company C \$900,000, and Company D \$850,000 might be submitted.

- Company D \$850,000 is awarded 60 points
- Company C $\$850,000/\$900,000 \times 60$ points = 56.67 points
- Company B $\$850,000/\$950,000 \times 60$ points = 53.68 points
- Company A $\$850,000/\$1,000,000 \times 60$ points = 51.00 points

The Proposal with the lowest Total Proposed Annual Amount for Task 1 may not necessarily be awarded the Contract.

2. Total Proposed Annual Amount for Task 2 (5 points) (Form PW-2)

The Total Proposed Annual Amount for Task 2 should accurately reflect the Proposer's cost of providing the required products and services and any profit expected during the Contract term. Prior to scoring, the Total Proposed Annual Amount for Task 2 must be adjusted in accordance with the LSBE, DVBE, or SE Preference Programs, as applicable.

- LSBE, DVBE, or SE Preference Program: To the extent permitted by State and Federal law, should one or more of the Bidders qualify for the County's Preference Programs stated in Part I of Form PW-9.1, Request for County's Preference Program Consideration and CBE Firm/Consideration Information Form, the price component points will be adjusted prior to scoring as follows: 15 percent of the lowest price proposed will be calculated, which shall not exceed \$150,000 and that amount will be deducted from the prices submitted by all LSBE, DVBE, or SE Bidders who requested and were granted the LSBE, DVBE, or SE Preference Programs. The LSBE, DVBE, or SE Preference Programs will not reduce or change the Proposer's payment, which is based on the Proposer's bid amount.

Subject to such adjustment(s), the lowest Total Proposed Annual Amount for Task 2 quoted in the Task 2 Service Fees (Form PW-2), will receive the full weight of this evaluated item. Other proposals will receive a prorated score calculated as follows: divide the lowest Total Proposed Annual Amount for Task 2 by each other Proposer's Total Proposed Annual Amount for Task 2 and multiply the result by the maximum possible points for this evaluation criterion. The proposal with the lowest Total Proposed Annual Amount for Task 2 may not necessarily be awarded a Contract.

3. Work Plan (11 points) (Part 1, Section 3.A.6)

The Evaluation Committee will evaluate the Proposers Work Plan based on the extent to which the Work Plan demonstrates that the Proposer is likely to meet or exceed its performance obligations under the Contract and implement the scope of services in accordance with the performance standards prescribed in the Contract. **Higher scores will be given to those Proposers who provide comprehensive and detailed description of how they will implement and exceed the requirements of the scope of services described in the Contract.** The Evaluation Committee may make these determinations from all relevant information presented in the proposal, which may include the work plan, staffing plan, quality assurance plan, schedules, and other documents. If an interview or presentation is scheduled, it may also be considered.

The evaluators may give reduced scores to work plans that omit any of the following, but not limited to:

- (1) Staffing
- (2) Subcontractors
- (3) Customer Service and Communications Protocols
- (4) Billing Procedures
- (5) Emergency Service
- (6) Locations
- (7) Recyclable Facilities
- (8) Equipment
- (9) Environmental Programs
- (10) Unpermitted Waste Screening Protocol
- (11) Public Education and Outreach
- (12) Alternatives to Container Sizes and Difficult to Service
- (13) Special Services
- (14) Transition Roll-Out Plan
- (15) Compliance with Collection Schedule

4. Experience (5 points) (Part 1, Section 3.A.5)

The Evaluation Committee will evaluate Proposer's capabilities with respect to the Service Area listed in Part 1, Section 3.A.6, and for any proposed Subcontractors (Part 1, Section 3.A.6.b). The Evaluation Committee may award a higher score within the allotted 5 points for extensive experience providing similar services as identified in this solicitation (Part 1, Section 3.A.6).

Proposers will be evaluated on the Experience submitted as part of Section 3.A.5 (Experience). The evaluators may give reduced scores to any Proposer that omits or fails to sufficiently address any of the items specified in Section 3.A.5 of this RFP. Failure to demonstrate the minimum

lengths of experience performing the service, may result in rejection of the proposal as nonresponsive.

The evaluators may award higher points for the higher quality and quantity of experience of the Proposer, its key personnel, supervising employees, and Subcontractors, if any, in providing the requested services to organizations. Greater weight will be given to services provided to agencies of similar size and nature of the service area(s). The evaluators may consider the Proposer's description of its capabilities, resumes of key personnel (Part I, Section 3.A.5), and any other relevant information including, but not limited to, pending litigation and judgments and a review of terminated Contract(s) reported on Form PW-13, Proposer's List of Terminated Contracts. The evaluators may consider the safety record of the Proposer and any Subcontractors to ensure that they have provided services in a safe manner. Significant unacceptable weakness in quality or quantity of experience, may result in a low or zero score. A score of zero in this evaluation category, may result in rejection of the proposal as nonresponsive.

5. Performance History/References (20 points) (Part I, Section 3.A.8)

a. Potential Points

Public Works will attempt to contact the required number of Proposer's references to obtain information regarding overall satisfaction with Proposer's services. Priority of scoring the references will be given in the following order: County departments, other counties, cities, governmental entities, nonprofit entities, private companies, etc. Proposer may receive up to a maximum of five points for each responding reference and up to a total of four responding references. On Form PW-6, Proposer's Reference List, Proposers must identify all Contracts with the County of Los Angeles during the previous three years and must identify County's Contacts for each Contract. Proposer's references for all municipal collection contracts for the past five years in Southern California (South of Santa Barbara) must be listed on Form PW-6, Proposer's Reference List. Public Works reserves the right to utilize any reference of Proposer, County, other listed, or not listed. Proposer shall receive zero points for each of the minimum four required references not received.

b. Potential Deductions

In addition to the references provided, the review will include the County's Contract Database and Contractor Alert Reporting Database (CARD), if applicable, reflecting past performance history on County or other Contracts. If references fail to substantiate

Proposer's description of services provided; references fail to support that Proposer has a continuing pattern of providing capable, productive, and skilled personnel and services; or a significant unacceptable weakness in references, may result in a low or zero score. Additionally, a Proposer's unacceptable performance on another County Contract(s), as documented by either the County's Contract Database or Contractor Alert Reporting Database (CARD) by an unfavorable reference, may result in point deductions up to 100 percent of the total points awarded in this evaluation category. A score of zero in this evaluation category may result in rejection of the proposal as nonresponsive.

References may be contacted by telephone, facsimile, mail, express delivery, or e-mail. It is the Proposer's responsibility to ensure that accurate and timely contact information is included in the proposal. Public Works will ordinarily not make repeated attempts to contact references and will ordinarily not contact the Proposer to correct incorrect or inoperable phone numbers, etc. It is the Proposer's responsibility to ensure that its references respond promptly to Public Works' request for information.

6. Disputes, Actions, Contests, and Debarments; Environmental History (4 points) (Part 1, Section 3.A.8)

The number of significant violations in consideration of the size of the company and operation will be factored into the evaluation of these sections.

a. Disputes, Actions, Contests, and Debarments (Part I, Section 3.A.8.a)

The Evaluation Committee will evaluate the number, subject matter and significance of activities such as contract disputes, actions, contests, and debarments listed in response to Part I, Section 3.A.8.a, with respect to Proposer and related entities over the last five years. Such evaluation will take into consideration the probable effect of the activity on the Proposer's financial resources and viability, the risk to the County posed by the activity, and the likelihood of similar activity occurring should the Proposer be awarded this contract. Pertinent supplemental information submitted by the Proposer or included in the Proposer Profile (Part I, Section 3.A.5 of the RFP) such as the size of Proposer's business, scope of operations, reasons for the activity, outcome of the activity, and other relevant data, will be taken into consideration. Should the evaluators determine that the

activity or the likelihood of similar future activity may impair contract performance or place the County, its residents, or the environment at risk they may assign a low or zero score for this evaluation category.

If the proposal does not contain the signed representation and warranty of the Chief Administrative Officer, Chief Executive Officer, or other knowledgeable person required under Part I, Section 3.A.8 (Form PW-20), Contract Services staff may, but is not obligated to, contact Proposer and request submittal. The Evaluation Committee may award low or zero points if the Proposer does not make that representation and warranty.

b. Environmental History (Part I, Section 3.A.8.b)

The Evaluation Committee will evaluate the number, subject matter, and significance of activities with respect to Proposer and affiliates in the State within the past five years listed in response to Part I, Section 3.A.8.b (Environmental History). Such evaluation will take into consideration the probable effect of the activity on the Proposer's financial resources and viability, the risk to the County posed by the activity, and the likelihood of similar activity occurring should the Proposer be awarded this contract. Pertinent supplemental information submitted by the Proposer or included in the Proposer Profile (Part I, Section 3.A.5 of the RFP) such as the size of Proposer's business, scope of operations, reasons for the activity, outcome of the activity, and other relevant data, will be taken into consideration. Should the evaluators determine that the activity or the likelihood of similar future activity may impair contract performance or place the County, its residents, or the environment at risk, they may assign a low or zero score for this evaluation category.

If the proposal does not contain the signed representation and warranty of the Chief Administrative Officer, Chief Executive Officer, or other knowledgeable person required under Part I, Section 3.A.8 (Form PW-20), Contract Services staff may, but is not obligated to, contact Proposer and request submittal. The Evaluation Committee may award zero point if the Proposer does not make that representation and warranty.

7. Financial Resources (5 Points) (Part 1, Section 3.A.10)

The proposal may be submitted to Public Works financial staff for comments and/or evaluation. The Proposer's financial statements or annual reports will be evaluated on the extent to which the statements demonstrate that the

Proposer has financial and business stability ensuring it can continue to perform the work throughout the term of the Contract. Financial statements or annual reports that are incomplete or unaudited (compiled, reviewed, or self-prepared) may be given a low or zero score.

Significant unacceptable weakness in the Proposer's Financial Resources or lack of it in the proposal may result in a low or zero score. A score of zero in this evaluation category may result in rejection of the proposal as nonresponsive. Public Works reserves the right to review Proposer's past financial and business stability as well as performance of work on active and expired Contracts awarded by the County and/or other local agencies, additional business history, and/or other information to demonstrate financial resources and viability, verified by an independent third-party. Although no additional points will be awarded as a result of this review, a favorable finding may result in Public Works not rejecting the proposal as nonresponsive even though the proposal may have scored a zero in this category

8. Optional Interview/Clarification

Director may, at its sole discretion, invite one or more Proposers to make a written or verbal clarification, presentation, and/or participate in an interview before a final selection is made. Evaluation criteria for any additional information provided, is the same as that for written proposals. A separate score will not be given for a presentation or interview, but the Proposer's performance may be considered as part of the overall evaluation. The evaluators may, in their sole discretion, limit the offer to give a presentation or interview, if any, to the two or more Proposers who receive the highest scores in a preliminary scoring of proposals in accordance with the evaluation criteria set-forth in this Part I, Section 5.E, Evaluation Criteria.

9. Additional Criteria

These criteria are not exclusive. The County reserves the right to apply additional evaluation criteria.

F. Negotiation

The County reserves the right to negotiate the terms, conditions, and price of the Proposal, in the sole discretion of the County, to achieve the most beneficial program and price for the County. The County, in its sole discretion, may limit the negotiation, if any, to one or more responsive and responsible Proposers who receive the highest scores in a preliminary scoring of Proposals in accordance with the evaluation criteria set forth in this Part I, Section 5.E, Evaluation Criteria. The negotiation with the Proposer(s) will not result in a change in the rating of the

Proposers. If a satisfactory Contract cannot be negotiated, the County may, at its sole discretion, begin Contract negotiations with the next highest-rated Proposer who submitted a Proposal, as determined by the County.

SECTION 6

PROTEST POLICY

A. Protest Policy Review Process

1. Under Board Policy No. 5.055 (Services Contract Solicitation Protest), any prospective Proposer may request a review of the requirements under a solicitation for a Board-approved services Contract, as described in paragraph C, Solicitation Requirements Review, below. Any Proposer may request a review of a disqualification or of a proposed Contract award under such a solicitation, as described respectively in Sections below. Additionally, any Proposer may obtain copies of Proposals and Public Works evaluation documents as provided in Part I, Section 4, paragraph H. Under any such review, it is the responsibility of the Proposer challenging the decision of Public Works to demonstrate that Public Works committed a sufficiently material error in the solicitation process to justify invalidation of a solicitation or a proposed Contract award as the case may be.
2. Throughout the review process, the County has no obligation to delay or otherwise postpone an award of Contract based on a Proposer protest. In all cases, the County reserves the right to make an award when it is determined to be in the best interest of the County of Los Angeles to do so.

B. Department Level Reviews

Unless State or Federal statutes or regulations otherwise provide, the level of review as provided under the protest policy are as follows:

- Solicitation Requirements
- Disqualification Review
- Proposed Contractor Selection Review

C. Solicitation Requirements Review

Any person or entity may seek a Solicitation Requirements Review by submitting a written request for review to Public Works conducting the solicitation as described in this paragraph. A Request for a Solicitation Requirements Review may be denied, in Public Works' sole discretion, if the request does not satisfy all of the following criteria:

1. The request is made within the time frame identified in the solicitation document (generally within ten business days of issuance of the solicitation document).

2. The request includes documentation (e.g., letterhead, business card, etc.), which identifies the underlying authority of the person or entity to submit a Proposal.
3. The request itemizes in appropriate detail, each matter contested, and factual reasons for the requested review.
4. The request asserts either that:
 - a. Application of the minimum requirements, evaluation criteria, and/or business requirements unfairly disadvantages the person or entity; or,
 - b. Due to unclear instructions, the process may result in the County not receiving the best possible responses from prospective Proposers.
5. Requests for a Disqualification Review not satisfying all of these criteria may, in the department's sole discretion, be denied.
6. The Solicitation Requirements Review will be completed and Public Works' determination shall be provided to the requesting person or entity, in writing, within a reasonable time prior to the bid/Proposal due date.

D. Place to Submit Requests for Review

All Requests for Review shall be submitted to the Contract Analyst.

E. Disqualification Review

1. A bid/Proposal may be disqualified from consideration because Public Works determined it was nonresponsive at any time during the review/evaluation process. If Public Works determines that a bid/Proposal is disqualified due to nonresponsiveness, Public Works shall notify the Proposer in writing.
2. Upon receipt of the written determination of nonresponsiveness, the Proposer may submit a Transmittal Form to Request a Disqualification Review within the timeframe specified in the disqualification document.
3. A request for a Disqualification Review may, in Public Works' sole discretion, be denied if the request does not satisfy all of the following criteria:
 - a. The request for a Disqualification Review is submitted within the timeframe specified in the disqualification review.
 - b. The request for a Disqualification Review asserts that the determination of disqualification due to bid/Proposal nonresponsiveness was erroneous (e.g., factual errors, etc.) and provides factual support on each ground asserted as well as

copies of all documents and other material that support the assertions.

4. The Disqualification Review shall be completed and the determination shall be provided to the requesting Proposer, in writing, prior to the conclusion of the evaluation process.

F. Debriefing Process

For solicitations where Proposals are evaluated and scored in accordance to Section 5, Evaluation of Proposals, the following provisions shall apply:

1. Upon completion of the evaluation, Public Works will notify the remaining Proposers in writing that Public Works is entering negotiations with another Proposer. Upon receipt of the letter, any nonselected Proposer may submit a written request for a Debriefing within the time frame specified in the letter. A request for a Debriefing may, in Public Works' sole discretion, be denied if the request is not received within the specified time frame.
2. The purpose of the Debriefing is to compare the requesting Proposer's response to the solicitation document with the evaluation document. The requesting Proposer shall be debriefed only on its response. Because Contract negotiations are not yet complete, responses from other Proposers shall not be discussed, although Public Works may inform the requesting Proposer of its relative ranking.
3. During or following the debriefing, Public Works will instruct the requesting Proposer of the manner and time frame in which the requesting Proposer must notify Public Works of its intent to request a Proposed Contractor Selection Review, below, if the requesting Proposer is not satisfied with the results of the Debriefing.

G. Proposed Contractor Selection Review Process

Any Proposer that has timely submitted a notice of its intent to request a Proposed Contractor Selection Review as described in paragraph F, above, may submit a written request for a Proposed Contractor Selection Review in the manner and time frame as specified by Public Works. For low-bid solicitations, where applicable, upon selection of the lowest-cost, responsive, and responsible bidder, Public Works will notify the remaining bidders in writing that Public Works is entering negotiations with another bidder. Public Works will instruct the remaining bidders of the manner and time frame in which each remaining bidder must notify Public Works of its intent to request a Proposed Contractor Selection Review, should such remaining bidder desire to have such a review performed.

A request for a Proposed Contractor Selection Review may, in Public Works' sole discretion, be denied if the request does not satisfy all of the following criteria:

1. The request for a Proposed Contractor Selection Review is submitted timely (i.e., by the date and time specified by Public Works).
2. The person or entity requesting a Proposed Contractor Selection Review asserts in appropriate detail with factual reasons one or more of the following grounds for review:
 - a. Public Works materially failed to follow procedures specified in its solicitation document. This includes:
 - i. Failure to correctly apply the standards for reviewing the Proposal format requirements.
 - ii. Failure to correctly apply the standards, and/or follow the prescribed methods, for evaluating the Proposals as specified in the solicitation document.
 - iii. Use of evaluation criteria that were different from the evaluation criteria disclosed in the solicitation document.
 - b. Public Works made identifiable mathematical or other errors in evaluating bids/Proposals, resulting in the Proposer receiving an incorrect score, and not being selected as the recommended Contractor.
 - c. For applicable solicitations where responses are evaluated and scored, a member of the Evaluation Committee demonstrated bias in the conduct of the evaluation.
 - d. Another basis for review as provided by State or Federal law.
3. The request for a Proposed Contractor Selection Review sets forth sufficient detail to demonstrate that, but for Public Works' alleged failure, the Proposer would have been the lowest-cost, responsive, and responsible bid or the highest-scored Proposal, as the case may be.

Upon completing the Proposed Contractor Selection Review, Public Works representative shall issue a written decision to the Proposer within a reasonable time following receipt of the request for a Proposed Contractor Selection Review, and always before the date the Contract award recommendation is to be heard by the Board. The written decision shall additionally instruct the Proposer of the manner and time frame for requesting a review by a County Independent Review, paragraph H, below.

H. County Independent Review

1. Any Proposer that is not satisfied with the results of the Proposed Contractor Selection Review may submit a written request for a County Independent Review in the manner and time frame specified

Residential Franchise-Altadena/Kinneloa

by Public Works in Public Works' written decision regarding the Proposed Contractor Selection Review.

2. A request for a County Independent Review may, in the County's sole discretion, be denied if the request does not satisfy all of the following criteria:
 - a. The request for a review by a County Independent Review is submitted timely (i.e., by the date and time specified by Public Works).
 - b. The person or entity requesting review by a County Independent Review has limited the request to items raised in the Proposed Contractor Selection Review as listed in paragraph G above.
3. Proposer that request a County Independent Review may not add new assertions or documentation to the assertions presented in their Proposed Contractor Selection Review. Proposers may remove assertions presented in their Proposed Contractor Selection Review if they feel that the department response has resolved their assertion.
4. Upon completion of the County Independent Review's, Internal Services Department will forward its report to Public Works, which will provide a copy to the Proposer.

**COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM
APPLICATION FOR EXCEPTION AND CERTIFICATION FORM**

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Company Name:		
Company Address:		
City:	State:	Zip Code:
Telephone Number:		
(Type of Goods or Services):		

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost, and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.

My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost, and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

COUNTY OF LOS ANGELES

Policy on Doing Business With Small Business

Forty-two percent of businesses in Los Angeles County have five or fewer employees. Only about 4 percent of businesses in the area exceed 100 employees. According to the Los Angeles Times and local economists, it is not large corporations, but these small companies that are generating new jobs and helping move Los Angeles County out of its worst recession in decades.

WE RECOGNIZE...

The importance of small business to the County:

- In fueling local economic growth.
- Providing new jobs.
- Creating new local tax revenues.
- Offering new entrepreneurial opportunity to those historically under-represented in business.

The County can play a positive role in helping small business grow:

- As a multibillion dollar purchaser of goods and services.
- As a broker of intergovernmental cooperation among numerous local jurisdictions.
- By greater outreach in providing information and training.
- By simplifying the bid/proposal process.
- By maintaining selection criteria which are fair to all.
- By streamlining the payment process.

WE THEREFORE SHALL:

1. Constantly seek to streamline and simplify our processes for selecting our vendors and for conducting business with them.
2. Maintain a strong outreach program, fully coordinated among our departments and districts, as well as other participating governments to: (a) inform and assist the local business community in competing to provide goods and services; and, (b) provide for ongoing dialogue with and involvement by the business community in implementing this policy.
3. Continually review and revise how we package and advertise solicitations, evaluate, and select prospective vendors, address subcontracting, and conduct business with our vendors, in order to: (a) expand opportunity for small business to compete for our business; and, (b) to further opportunities for all businesses to compete regardless of size.
4. Ensure that staff who manage and carry out the business of purchasing goods and services are well-trained, capable, and highly motivated to carry out the letter and spirit of this policy.

County of Los Angeles *Lobbyist Ordinance*

IT'S THE LAW

It may affect you!

Chapter 2.160 of the Los Angeles County Code requires Lobbyists, Lobbying Firms and Lobbyist Employers to register with the Executive Office of the Board of Supervisors. This ordinance imposes extensive reporting requirements on individuals, businesses and other organizations. It places restrictions on the activities of anyone seeking to influence an official action of the County of Los Angeles including actions of the Board of Supervisors or the granting or denial of County contracts, licenses, permits, grants and franchises.

YOU MAY BE CONSIDERED A COUNTY LOBBYIST

If you are compensated to communicate directly (or through agents) with any County official for the purpose of influencing official action, then you may be required to register with the Executive Office of the Board of Supervisors. The requirement to register is the same whether you are an employee of, or on contract with, a firm or organization with business before the County. Additionally, an individual or business entity may be considered a County Lobbying Firm if it receives compensation to influence the County on behalf of any **other** persons or businesses. An individual, business entity or organization that employs or contracts with another individual or firm to represent or make contacts with a County agency on their behalf to influence County action may be considered a County Lobbyist Employer who must also register. If in doubt, it is best to register.

Furthermore, each person or entity who is not otherwise required to register as a County Lobbyist, Lobbying Firm or Lobbyist Employer, but who directly or indirectly expends \$5,000 or more during a calendar quarter to influence official action need not register BUT must report the expenditure to the Executive Office of the Board of Supervisors on a form available from the Executive Office.

REGISTERING IS IMPORTANT

Failure to comply with the ordinance may subject offending Lobbyists, Lobbying Firms, and Lobbyist Employers to **serious penalties including fines up to \$2,000 and denial of contracts, licenses, permits, grants or franchises. Moreover, some violators may be refused permission to address the Board of Supervisors or any County commission.**

HERE'S HOW TO COMPLY WITH THE LAW

Within 10 days of qualifying as a County Lobbyist, Lobbying Firm, or Lobbyist Employer as described in the ordinance, you must register with the Executive Office of the Board of Supervisors.

Registering with the County is easy. Notice 1015

(Rev. December 2020)

Have You Told Your Employees About the Earned Income Credit (EIC)?

What Is the EIC?

The EIC is a refundable tax credit for certain workers.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whose wages you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Certificate.

Note: You are encouraged to notify each employee whose wages for 2020 are less than \$56,844 that he or she may be eligible for the EIC.

How and When Must I Notify My Employees?

You must give the employee one of the following.

- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you give an employee a Form W-2 on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If you give an employee a substitute Form W-2, but it does not have the required information, you

must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 8, 2021.

You must hand the notice directly to the employee or send it by first-class mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can download copies of the notice at www.irs.gov/FormsPubs. Or you can go to www.irs.gov/OrderForms to order it.

How Will My Employees Know if They Can Claim the EIC?

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see Pub. 596, Earned Income Credit (EIC), or the Instructions for Forms 1040 and 1040-SR.

How Do My Employees Claim the EIC?

An eligible employee claims the EIC on his or her 2020 tax return. Even an employee who has no tax withheld from wages and owes no tax may claim the EIC and ask for a refund, but he or she must file a tax return to do so. For example, if an employee has no tax withheld in 2020 and owes no tax but is eligible for a credit of \$800, he or she must file a 2020 tax return to get the \$800 refund.

Safely Surrendered *Baby Law*

*Babies can be safely surrendered
to staff at any hospital or fire station in Los Angeles County*

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a baby, let her know there are other options. For three days (72 hours) after birth, a baby can be surrendered to staff at any hospital or fire station in Los Angeles County.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés *Sin Peligro*

Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles

Sin pena. Sin culpa. Sin nombres.

En el Condado de Los Ángeles: 1-877-BABY SAFE • 1-877-222-9723

www.babysafela.org

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre o el adulto que lo entregue recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Ángeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California? ?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazaletes con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

CONTRACTOR shall continue to obtain that permit and comply with all its provisions; and

Mandatory Solid Waste Diversion. The State of California has found and declared that the amount of solid waste generated in California coupled with diminishing landfill space and potential adverse environmental impacts from land filling have created an urgent need for State of California and local agencies to enact and implement an aggressive, new integrated waste management program. Through enactment of AB 939, the State of California has directed agencies, such as COUNTY to Divert 50 percent of all solid waste through source reduction, recycling, and composting activities. The California Department of Resources Recycling and Recovery (CalRecycle) had granted COUNTY a timeline to achieve compliance with the AB 939 Diversion requirements to which COUNTY had met. Additionally, with the passage of Senate Bill 1383, COUNTY must meet CalRecycle's targets related to Organic Waste. Continued compliance is based in part on executing and implementing this CONTRACT to secure cooperation with CONTRACTOR'S AB 939 waste Diversion programs, record keeping, and reporting; and

County Waste Management Plan. COUNTY Board of Supervisors adopted the Roadmap to a Sustainable Waste Management Future in 2014. It is a comprehensive plan for a waste free future and is a proactive approach to developing innovative policies for managing waste that further reduces COUNTY's reliance on landfills. It established the following intermediate and long-term disposal reduction targets: 80 percent Diversion from landfills by 2025, 90 percent Diversion from landfills by 2035, and at least 95 percent Diversion from landfills by 2045; and

Task 1: Waste Discarded in Containers. Director has determined to provide for Municipal Solid Waste (MSW) Management Services in portions of Los Angeles County under the terms of this CONTRACT for reasons including the following:

- To assist residents located in the Service Area that discard solid waste in Carts to receive quality MSW Management Services, and
- To provide COUNTY with programs, records, and reports that will help COUNTY comply with AB 939, SB 1383, and other laws.

This CONTRACT requires the Diversion of Organic Waste Waste from landfills as described in SB 1383. Green Waste is defined in Attachment 5-10A and is organic matter generated from landscaping and gardens. Green Waste will continue to be Collected from the Green Waste Container; however, the Green Waste Container may also be used to Collect Food Waste and other Organic Waste specified in SB 1383. Due to the familiarity of the green colored container being referred to as the Green Waste Container, that description will remain unchanged, even if Food Waste is placed inside.

COUNTY issued a 5-year notice under California Public Resources Code (PRC) Section 49520 of COUNTY'S intent to authorize, among other options, the exclusive franchising of MSW Management Services in portions of COUNTY; and

Task 2: Abandoned Waste Collection. Director has also determined to contract for Collection of the following in this CONTRACT:

- Efficient removal of Abandoned Waste and preventing the illegal dumping from becoming a community eyesore, decreasing neighborhood property values, posing a safety hazard, providing a breeding ground for disease carrying rodents, insects, and other vermin, and in general, lowering the quality of life for residents.
- Maintenance of public curbside receptacles.
- Removal of Carts, Dumpsters, and roll-off containers the Director has deemed abandoned.
- Removal of waste from abandoned Homeless Encampments and provide regular Collection from occupied Homeless Encampments.
- Provide emergency services to remove Solid Waste not Collected or prevent it from being illegally dumped in any part of the County of Los Angeles or adjacent counties that in the judgement of the Director creates a danger to public health, safety, or welfare.

Compliance with Law. CONTRACTOR shall perform Contract Services in accordance with all the laws governing the safe Collection, transport, Recycling, and disposal of Residential and Commercial Solid Waste, including but not limited to AB 341, 939 and AB 1826, SB 1383, Recovered Conservation and Recovery Act (RCRA), and Comprehensive Environmental Response Compensation and Liability Act (CERCLA).

CONTRACTOR / "Arranger". Under this Contract, COUNTY may exercise control over the disposal or other disposition of the Solid Waste handled by the CONTRACTOR, commonly referred to as flow control. It may designate or determine the use of any given Solid Waste Facility. Although minimum scope of Contract Services, Service Specifications, and Service Standards are set forth in this CONTRACT, COUNTY has not, and by this CONTRACT does not, supervise Contract Services or assume title to Solid Waste; and

Competitive Procurement. COUNTY issued a Request for Proposals (RFP) or Invitation for Bids (IFB) to provide Contract Services under this CONTRACT. Private waste hauling companies submitted proposals or bids, including their proposed schedule of rates and charges. For franchised services, COUNTY selected a CONTRACTOR based, among other things, on CONTRACTOR'S price proposal and work plan for Contract Services.

Compensation. The following describes the compensation allowed under this CONTRACT:

- Exhibit 7 provides for CONTRACTOR'S compensation under Task 1 Services. Under this CONTRACT, the CONTRACTOR cannot charge its Customers more than the Customer Service Fees in the Customer Fee Schedule in Attachment 7-2 Task 1 Service Fees in Exhibit 7.
- Exhibit 3A2 provides for CONTRACTOR's compensation under Task 2 Services and COUNTY Service Fees in Attachment 7-3 Task 2 Service Fees in Exhibit 7.
- Exhibit 3A2 provides for CONTRACTOR'S compensation for substitute, emergency, and backup services. Under this CONTRACT, the CONTRACTOR cannot charge COUNTY more than the rates in Attachment 7-4 Emergency Service Fees in Exhibit 3A2 or comparable municipal Solid Waste fees.
- In no event shall the aggregate total amount of compensation paid to the CONTRACTOR exceed the amount of compensation authorized by the Board. Such aggregate total amount is the Maximum Contract Sum.
- CONTRACTOR is not allowed to add any surcharges in addition to the fees that were entered on Form PW-2, Schedule of Prices. Any fuel, environmental, or other fees must be included in the original bid and may not be added later.

Franchise Authorization. PRC Section 40059 specifically authorizes COUNTY to prescribe the terms and conditions of aspects of Solid Waste management services, including:

- The nature, location, and level/extent of services;
- The frequency of collection;
- The means of collection and transportation;
- The Service Fees and fees; and
- Whether the services are to be provided by means of nonexclusive, partially exclusive, or wholly exclusive franchise, contract, license, permit or otherwise.

County Code Chapter 20.70 authorizes Director to require franchises in any part of the unincorporated territory of COUNTY that is not served by a Garbage Disposal District.

Franchise Development. COUNTY consulted with representatives of waste haulers in developing the original agreement. COUNTY and representatives of the private hauling industry met many times to discuss the scope of franchise services, service specifications, service standards, and other performance obligations and to address the industry's questions, comments, and concerns.

Start/Stop Contract Services. COUNTY reserves the right to stop and start any Contract Services with Notice to CONTRACTOR and adjust fees as a result of the change in services.

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

This CONTRACT applies to both Contract Services (Task 1 Services and Task 2 Services), unless specifically indicated otherwise. However, Exhibits 3A1 and 3A3 apply only to Task 1 Services, and Exhibit 3A2 applies only to Task 2 Services.

3. Fuel/Power

[for contracts starting late to allow hauler more time to buy trucks]
Within the first six months after Execution, all

Vehicles used for automated Collection must use Liquid Natural Gas (LNG), Compressed Natural Gas (CNG), Renewable Natural Gas (RNG), electric, or other alternatives to diesel fuel, as approved by Director unless Contractor Documentation provides otherwise with respect to Collection at Premises that are difficult to serve as permitted in item O of this Exhibit.

To assist COUNTY in complying with procurement requirements in SB 1383, CONTRACTOR must use RNG for 25 percent of its average fuel usage for its Collection fleet. A monthly average less than 25 percent requires approval of Director.

4. Extra Vehicles

CONTRACTOR shall maintain enough back-up Vehicles to replace similar types of Vehicles in the event of breakdowns, complaints, and emergencies. Director may specify a minimum number of backup Vehicles.

5. Maintenance

CONTRACTOR shall maintain Vehicles reasonably clean, and in good mechanical condition, and well painted, all to the satisfaction of Director. CONTRACTOR shall maintain Records of inspections and maintenance of all mechanical equipment that CONTRACTOR uses to provide Contract Services, including Vehicles. CONTRACTOR will use Vehicles that are safe to operate, in accordance with the requirements promulgated by COUNTY Department of Public Health, California Highway Patrol, South Coast Air Quality Management District, manufacturer, and all other applicable Federal, State, County, and local laws and regulations. CONTRACTOR shall allow Director to view all inspection and maintenance Records and shall provide Director with those Records upon request.

CONTRACTOR is not required to provide new Vehicles on the Commencement Date or to retire Vehicles of any specified age. However, CONTRACTOR shall not operate Vehicles that repeatedly breakdown or leak. CONTRACTOR shall replace a Vehicle that Director determines to be of unsatisfactory operating condition, such as one that is frequently breaking down and delaying services, leaking fluids, making excessive noise, or exhibiting other significant issues identified by Director.

6. Vehicle List

CONTRACTOR shall use only Vehicles that have been submitted to and approved by Director. CONTRACTOR shall submit a complete list of Vehicles, including back-up Vehicles, using Form V, accessible through Director's Solid Waste Information Management System (SWIMS) or similar system as directed by DIRECTOR, and update it as Vehicles change.

CONTRACTOR shall design, print, and install signs on each frame promoting Recycling, Diversion and safe handling of Unpermitted Waste or other topics as requested by Director, with text, graphics, and design approved by Director, up to six times throughout the CONTRACT term. CONTRACTOR shall ensure that the appropriate Director-approved signs are affixed to the Vehicle always. Video and location monitoring is required when maintaining Hot Zones, both for the monitoring and Collection. A side-mounted camera is not required for the Collection of Abandoned Waste or Bulky Items or Hot Zone monitoring. Monitoring equipment must be recording once a Vehicle leaves the yard during days of operation. Providing access to live streaming of video or GPS data to Director is not required but CONTRACTOR must provide COUNTY any software or licenses required to view recording or data.

Reports submitted to Director are to include maps of the vehicle's location with times as recorded based on the pinging and the video captured by the cameras, both with time and date stamps.

On a weekly basis, Director may request copies of Reports for one specific location and a second location within a Hot Zone, if applicable to the Service Area. This will typically be for one block of a street or alley. Director may request additional locations if Director suspects that the terms of the CONTRACT are being violated. For example, a high number of missed Collections or complaints of Collection after 6 pm would be an indicator for requesting additional Reports.

On a monthly basis, Director may request a copy of Reports for one entire Collection route that a specific Collection Vehicle travels in one day. This will typically be from the time the Vehicle leaves the yard until it returns at the end of the day.

CONTRACTOR shall provide copies of Reports within two business days of receiving Director request. Request may be for a specific time or a geographic location (e.g. between 10:00 a.m. and 11:00 a.m., or 1200 block of Main St.). CONTRACTOR's failure to provide Reports requested by Director within time specified by Director may be considered an admission of fault for the purposes of assessing Liquidated Damages. For example, if CONTRACTOR does not give Director a requested Report, within a period specified by Director, to verify that a Vehicle Collected all Containers on an identified block, Director may assume that CONTRACTOR did not Collect those Containers and assess Liquidated Damages.

a. Video Equipment

Video must be geotagged for location, time/date stamped, and at a resolution adequate to clearly identify the location being serviced and typically not less than 1280 x 720 at 30 frames per second. Recording of the video must be segmented for each Collection and not continuous for the entire route. Video must be geo-tagged to each Collection.

CONTRACTOR shall retain all videos in an electronic format for a minimum of 14 calendar days, or other duration as approved by Director.

(1) Forward Facing Camera

CONTRACTOR's automated Collection Vehicles shall be equipped with functioning, forward facing, or angled slightly to the right, video recording equipment to validate service complaints such as missed Collections and other items that may be of interest to Director.

(2) *Waste Collection Facing*

CONTRACTOR's automated Collection Vehicles shall be equipped with functioning, video recording equipment to validate Occupant compliance with County Disposal practices and applicable laws. Camera is to face forward on a front-loading Vehicle and toward the curb/passenger side for side-loading Vehicles. Video may be of interest to Director for use in conducting route reviews and contamination investigations required under SB 1383.

CONTRACTOR is to conduct a route review for prohibited Container contaminants on randomly selected Containers in a manner that results in all Collection routes being reviewed annually. The fee shall be separated into two components.

- Disposal/Diversion - This is the expense related to process the waste at a more expensive facility. It may be charged to each Customer, per Container
- Transportation - This is the added expense related to sending one special truck from CONTACTOR's yard to the Service Area and then to the MRF. It may be charged as a cost shared equally by all single-pass service Customers.

For example, if one block with 12 homes on a private road was approved to use the service and each Customer requested two Containers. Assuming CONTRACTOR had bid \$10 for Diversion/Disposal and \$250 for transportation, the cost billed to each home would be the Basic Service Fee + (2 x \$10) + (\$250/12) = \$40.83. Similarly, if there were only 2 homes, the cost billed to each home would be the Basic Service Fee + (2 x \$10) + (\$250/2) = \$145.00.

That COUNTY may need to respond to claims under CERCLA or similar applicable laws with respect to Disposal of Solid Waste.

CONTRACTOR may maintain Records outside of COUNTY (1) if it promptly provides copies thereof to Director at Director's offices, (2) if Director, in its sole discretion, agrees to travel outside COUNTY and CONTRACTOR pays COUNTY's Reimbursement Costs.

In addition to travel costs, COUNTY will bear the expense of the review and of obtaining a copy of Records; however, within 30 days of Director Notice, CONTRACTOR shall reimburse COUNTY for COUNTY'S Reimbursement Cost of the expenses for the review if the review reveals a discrepancy of the lesser of 3 percent or \$2,500 between:

- The amount contained in the Records (e.g., the amount of Solid Waste Collected or Diverted), and
- Any representation or Report that CONTRACTOR made to COUNTY; Franchise Fee or other money paid to COUNTY; County Service Fees paid by COUNTY, or information that CONTRACTOR submitted to Director.

Director may give Notice to CONTRACTOR identifying any discrepancy.

CONTRACTOR shall pay any discrepant shortfall in Franchise Fee or other payments due COUNTY, or excess of County Service Fees, upon Director demand, including fees and charges for the late payment of Franchise Fees. Failure to make those payments will constitute a CONTRACTOR Default in accordance with Part 6 of Exhibit 5. In lieu of payment, Director in its sole discretion may (1) deduct that shortfall from amounts that COUNTY owes CONTRACTOR under this CONTRACT, other contracts, or any other obligation, or (2) draw that shortfall from the performance bond, letter of credit, certificate of deposit, or other form of performance assurance provided by CONTRACTOR in accordance with Section 16.

COUNTY will pay any discrepant shortfall in County Service Fees due CONTRACTOR up to COUNTY'S maximum obligation for County Service Fees appropriated by COUNTY for purpose of this CONTRACT.

Subject to Applicable Law, COUNTY shall make a reasonable effort to maintain the confidentiality of such audit report(s)

- Any Record or other document that Director obtains about Director's audit or inspection under this CONTRACT, including books and accounting records.

The above Records or other documents become a matter of public record and shall be regarded as public records, *except* if CONTRACTOR marks them as a "trade secret," "confidential," or "proprietary," they will be deemed excluded from disclosure under Government Code 6250 et seq. (Public Records Act). However, if a requestor seeking records marked "trade secret," "confidential," or "proprietary" does not agree that the records are exempt, then COUNTY will notify the CONTRACTOR that such records will be produced, unless the CONTRACTOR intercedes and files an injunction or other action to legally prevent disclosure.

CONTRACTOR agrees that COUNTY shall not in any way be liable or responsible for the disclosure of any such records including, with limitation, those so marked, if law requires disclosure, or by an order issued by a court of competent jurisdiction.

2. Defend, Indemnify and Hold COUNTY Harmless

a. Unable for a Period of 48 Hours to Collect

- For 48 consecutive hours CONTRACTOR does not Collect and Dispose of any type of Solid Waste for any reason, including Uncontrollable Circumstances, or
- Director determines there is danger to public health, safety, or welfare.

b. COUNTY Suspends or Terminates CONTRACT

County suspends or terminates all or a portion of the CONTRACT.

COUNTY has no obligation to continue providing any or all Contract Services. It may stop providing them at any time, in its sole discretion. However, COUNTY may continue to provide those Contract Services until either of the following occurs:

- CONTRACTOR demonstrates to Director's satisfaction that CONTRACTOR is ready, willing, and able to resume providing timely and full Contract Services, or
- Director can make alternative arrangements for providing MSW Management Services comparable to Contract Services in scope and price. Alternative arrangements may include contracting with another, third-party service provider.

2. Notice

Director may give CONTRACTOR oral notice that Director is exercising its right to perform Task 1 and Task 2 Services, which notice is effective immediately, but must confirm oral notice with a Notice within 24 hours thereafter.

3. Stipulations

CONTRACTOR stipulates that COUNTY'S exercise of rights under this Section does not constitute a taking of private property for which COUNTY must compensate CONTRACTOR, shall not create any liability on the part

of COUNTY to CONTRACTOR, and does not exempt CONTRACTOR from any Indemnities, which Parties acknowledge are intended to extend to circumstances arising under this Section. However, CONTRACTOR is not required to indemnify COUNTY against claims and damages arising from the negligence or misconduct of COUNTY officers and employees (other than employees of CONTRACTOR at the time COUNTY began performing Task 1 and Task 2 Services) and agents driving Vehicles. COUNTY shall indemnify CONTRACTOR, its Affiliates and its and their officers, directors, employees, and agents from and against damages, costs, or other expenses or losses they incur arising out of or relating to that negligence or misconduct.

4. Rental and Other Compensation

(1) *Rental Fees*

Rental fees for the use of equipment equal to fair market value thereof as determined by an independent appraiser selected by the Parties.

(2) *Vehicles*

CONTRACTOR'S Direct Costs of providing Vehicles with fuel, oil, and other maintenance.

(3) *Personnel*

CONTRACTOR'S Direct Costs of making CONTRACTOR'S personnel available to COUNTY, including Direct Costs of using CONTRACTOR's personnel to operate CONTRACTOR's equipment or vehicles.

The Parties shall select an appraiser as follows: within ten days after CONTRACTOR requests payment of rental fees in events described in item (i) of this subsection 8a, each Party will prepare a separate list of five Persons who do not work for either Party having experience in solid waste equipment appraisal, in numerical order with the first preference at the top, and exchange and compare lists. The Person ranking highest on the two lists by having the lowest total rank order position on the two lists is the appraiser. In case of a tie in scores, the Person having the smallest difference between the rankings of the two Parties is selected; a coin toss determines other

ties. If no Person appears on both lists, this procedure is repeated. If selection is not completed after the exchange of three lists or 60 days, whichever comes first, then each Party will select one Person having the qualifications and experience described above and those two Persons will together select an appraiser.

b. Other Than Uncontrollable Circumstances

If an event enumerated in items A1a or A1b in Section 11 is not due to Uncontrollable Circumstances, then COUNTY will not be obligated to pay the compensation and CONTRACTOR shall pay County's Reimbursement Costs within 10 days of COUNTY'S submitting an invoice therefore. If CONTRACTOR does not so timely pay, COUNTY may draw upon any performance bond, letter of credit, or other security provided under this CONTRACT.

B. Task 1 Customer Services - Response to Emergencies

Depending on the extent and magnitude of an emergency, Customers may encounter issues with making payments and CONTRACTOR may be unable to fulfill all CONTRACT requirements. Upon declaration of a Federal, State or Local emergency, Director may implement the policies below with written Notice to whom? regarding Task 1 Customer Services. CONTRACTOR is not required to promote items 1, 2 or 3 to the public.

CONTRACTOR shall not stop service to any account for delinquent payment during an emergency. This is not applicable to debt incurred by Customer? prior to the emergency.

2. No Late Fees

CONTRACTOR shall not charge Customer late fees on unpaid bills incurred during the emergency. This is not applicable to debt incurred by Customer prior to the emergency.

3. Extended Payment Option

CONTRACTOR shall allow Customers up to 12 months after an emergency to make monthly payments to debt incurred during the emergency. This is not applicable to debt predating the emergency.

4. Adjustment of Existing Services

COUNTY shall consider implementing changes such as:

- **Non-essential services suspend**

- Annual Cleanup Events delayed

For example, if a global pandemic is declared a state-wide emergency and Director requests no stoppage of service, no late fees, and an extended payment option, over a period of 12 months, Director may also consider extending the Term of the CONTRACT? by 12 months.

6. **Adjustment of Franchise Fees**

a. Debt Incurred During Emergency

12 months after an emergency, COUNTY will match the debt incurred as a result of Customers not paying their bills during an emergency. CONTRACTOR must submit documentation to the satisfaction of the Director. Invoices for future Franchise Fees will be adjusted by Director. For example, if the CONTRACTOR has \$100,000 of unpaid bills 12 months after an emergency, Director will reduce the Franchise Fee invoice by \$50,000. If CONTRACT will terminate prior to the 12 months, Director will consider an alternate timeline.

At any time after the Director has authorized the debt to be deducted from Franchise Fee and CONTRACTOR is able to recover additional payments from Customers, or former Customers, those recovered funds must be shared equally with COUNTY.

b. Franchise Fee Payment Extension

Director will consider adjusting Franchise Fees during an emergency, extending the deadline to pay an invoice.

C. Backup Service Plan

CONTRACTOR shall implement its Backup Service Plan within seven days of Director request if Customer's Solid Waste is not Collected at Customer's Set-Out Site or Abandoned Waste is not Collected for any reason, including uncontrollable circumstances. Examples of circumstances include CONTRACTOR'S employees on strike or mudslides, wildfires, or earthquakes that cause blocked or damaged roads. In the event there is a protracted service disruption due to any cause, CONTRACTOR will institute proactive actions to sustain Solid Waste Collection Services. Since Customers are expecting services that CONTRACTOR is not providing, CONTRACTOR shall propose the appropriate services below for Director approval and must not charge Customer or COUNTY for providing these services, unless noted below.

1. Provide Conveniently Located Dumpsters or Roll-off Containers

CONTRACTOR will place 3 or 4-yard Dumpsters and/or roll-off Containers throughout the community in key locations approved by Director.

2. Offer Self-hauling of Solid Waste to a Facility

CONTRACTOR will use Reasonable Business Efforts to make arrangements with the Solid Waste Disposal Facility normally used by CONTRACTOR for this Contract to allow each Occupant to direct haul and dispose of their solid waste, 6 days per week. The facility shall only charge the Customer for disposal costs for quantities exceeding 100 pounds and there shall be no minimum quantities.

Additionally, if Director determines the distance to the CONTRACTOR'S usual facility is too far from Occupants, CONTRACTOR will arrange for a local facility to allow each Occupant to drop-off the Solid Waste.

3. Inform Customers of Temporary Procedures

CONTRACTOR will use Reasonable Business Efforts to inform Customers and Occupants of the above service and disposal options. CONTRACTOR will provide Customers and Occupants with information on where and how to dispose of the Occupant's Solid Waste by the following means:

- A recording on its customer service line.
- Arrange for the broadcast of COUNTY'S 30-second Public Service Announcement video on local cable access channels with

CONTRACTOR to customize it to the situation, such as having text appear on the screen announcing date, times, and addresses.

- Contact local print media and produce a press release.
- Contact Customers and Occupants via phone, e-mail, or text messages.

4. Credit Policy for Missed Contract Services

a. Missed Curbside Collection

Since Occupant is expecting a Collection Service not provided, CONTRACTOR shall automatically credit Customer for each missed Collection. For example, if a strike disrupts 2 weeks of the 13 Collections in a quarter, CONTRACTOR would credit Customer 2/13 of that quarter's fee toward the next quarter's fee.

b. Other Customer Services

When CONTRACTOR is unable to offer Customer Services other than curbside collection, such as Annual Curbside Cleanup, Mulch/Compost Giveaway events, or other required services, CONTRACTOR shall provide evidence of cost associated with those services and offer alternate services acceptable to Director.

5. Provide Replacement Drivers and Security

CONTRACTOR shall use Reasonable Business Efforts to require all properly trained and licensed employees to operate Collection Vehicles to maintain core Disposal and Diversion services. As described in the above paragraphs, CONTRACTOR shall be properly staffed to provide drop-off services for each Occupant. In addition to CONTRACTOR staff, CONTRACTOR shall use drivers or Vehicles from other operations and other waste haulers.

Finally, in cases of a strike, CONTRACTOR shall work closely with a private security firm to guarantee a safe and consistent operation.

6. Identify Customers Requiring Priority Service

CONTRACTOR shall contact the elderly and disabled Occupants with Roll-out Service and shall use Reasonable Business Efforts to Collect putrescible Solid Waste from their residence.

D. Use of Goods, Services and Property

1. Cart Acquisition Contracts

CONTRACTOR acknowledges that COUNTY must have full use and possession of Carts to secure its rights under this Contract, including both the following:

- Providing substitute service in accordance with its remedies under Part 6 of Exhibit 5 for Breach or default, and
- Purchasing Carts upon termination of this Contract.

Therefore, if CONTRACTOR does not own Carts outright without encumbrance, any Cart Acquisition Contract must allow the Guarantor, COUNTY or COUNTY designee to do all the following:

- Assume CONTRACTOR's obligations under the Cart Acquisition Contract,
- Take use and possession of the Carts, and
- Obtain the benefits of any outstanding Cart warranties.

“**Cart Acquisition Contract**” means an instrument establishing a security interest in the Carts or that otherwise encumbers or limits CONTRACTOR's interest in Carts, including any of the following:

- Lease or lease-purchase agreement,
- Installment sales or other financing contract, or
- Note or other loan documentation.

2. Inventory

CONTRACTOR shall store unused Carts in a secure location. CONTRACTOR shall update its Cart inventory at both following times:

- In each Monthly Report and Annual Report, and
- Within one week of COUNTY request

3. Insurance

If COUNTY or Customers have possession and use of Goods, Services and Property, CONTRACTOR shall execute whatever documentation its liability insurers require to ensure that COUNTY and Customers are protected and covered by CONTRACTOR's general and automobile policies, including requesting and executing endorsements to those policies. CONTRACTOR is not obligated to pay any additional cost of those endorsements unless COUNTY reimburses CONTRACTOR for those costs. COUNTY may pay for any endorsements, additional premiums or other costs. CONTRACTOR

authorizes COUNTY to call and confer with CONTRACTOR's insurance broker to determine what, if any, documentation or actions are necessary to achieve protection satisfactory to COUNTY. Upon COUNTY REQUEST, CONTRACTOR shall direct its insurance broker to cooperate with and take direction from COUNTY. CONTRACTOR may not rescind that authorization without COUNTY consent.

4. Vehicle Certification for FEMA

CONTRACTOR shall cooperate with COUNTY to certify all Vehicles to be used for emergency work. CONTRACTOR shall not use non-certified Vehicles unless approved by Director.

SECTION 12 - ENFORCEMENT OF CONTRACT

A. As Provided by Law

Either Party may avail itself of any remedy available under law.

B. COUNTY'S Additional Remedies

Without limiting COUNTY'S remedies otherwise available under this CONTRACT in law or equity, at its option, COUNTY may enforce a Breach in any or all the following ways:

- Execute alternative CONTRACTs for MSW Management Services in the event of CONTRACTOR Default
- Seek to obtain injunctive relief and/or damages
- Assess damages under item D of this Exhibit
- With respect to a CONTRACTOR Default under Part 6B3 of Exhibit 5 (Failure to Provide Insurance, Bonds), immediately withhold payments due CONTRACTOR
- Draw on Performance Assurance / Letter of Credit under Section 15

C. Injunctive Relief

CONTRACTOR acknowledges that COUNTY'S remedy of damages for a Breach may be inadequate for reasons including the following:

- The urgency of timely, continuous, and high-quality Task 1 and Task 2 Services, including Collection, transportation, and/or transfer for Disposal of wastes which constitute a threat to public health;
- The long time and significant commitment of money and personnel and elected officials (both COUNTY staff and private consultants, including engineers, procurement counsel, citizens, public agency colleagues, and elected County officials) invested in this CONTRACT, including developing COUNTY'S Option Analysis dated February 2001 and implementing its recommendations through numerous meetings of a Working Group comprised of Solid Waste industry representatives from small and large businesses, requesting and evaluating qualifications and proposals for this CONTRACT (including CONTRACTOR'S), reviewing and commenting on documentation submitted by CONTRACTOR in conjunction with execution of this CONTRACT, and review of CONTRACTOR Documentation;
- The time and investment of personnel and elected officials described in the preceding paragraph to develop alternative Solid Waste services comparable to Task 1 and Task 2 Services for the price provided under this CONTRACT, and to negotiate new contracts therefore; and

- COUNTY'S reliance on CONTRACTOR'S technical Solid Waste management expertise.

Consequently, COUNTY is entitled to all available equitable remedies, including injunctive relief.

D. Recovery of Damages

1. Compensatory

COUNTY may seek compensatory damages, including, but not limited to the following:

- Amounts equal to any Franchise Fees, liquidated damages, or other amounts that CONTRACTOR has previously paid to COUNTY but are subsequently recovered from COUNTY by a trustee in bankruptcy as preferential payments or otherwise;
- If COUNTY terminates this CONTRACT for a CONTRACTOR Default or in the event of Criminal Activity in accordance with Part 6D2a of Exhibit 5, costs incurred by COUNTY to provide or reprocur MSW Management Services in lieu of Task 1 and Task 2 Services;
- If COUNTY terminates this CONTRACT before expiration for a CONTRACTOR Default or in the event of Criminal Activity in accordance with Part 6D2a of Exhibit 5, costs of MSW Management Services provided or reprocured in lieu of Task 1 and Task 2 services more than Customer Service Fees/County Service Fees for the balance of the Term remaining if this CONTRACT had not been terminated; and
- In the event of CONTRACTOR DEFAULT under Part 6B3 of Exhibit 5 (Failure to Provide Insurance, Bond), in COUNTY'S sole discretion, obtain damages resulting from that DEFAULT.

COUNTY may draw upon the performance bond, letter of credit, certificate of deposit, or other form of performance assurance provided by CONTRACTOR in accordance with Section 15 to pay compensatory damages.

For CONTRACTOR'S misrepresentation regarding contingent fees in Attachment 5-9H, in addition to terminating this CONTRACT, COUNTY may recover from CONTRACTOR the full amount of the proscribed commission, percentage, brokerage, or contingent fee.

2. Liquidated Damages

COUNTY may seek liquidated damages listed in Attachment 12-D2.

The Parties have set these liquidated damages in recognition of the following circumstances existing at the time of the formation of this CONTRACT:

- a.** COUNTY incurred considerable time and expense procuring this CONTRACT to secure an improved level of Collection quality and increased Customer and Occupant satisfaction. Therefore, consistent and reliable Task 1 and Task 2 Services are of the utmost importance to COUNTY and Customers and Occupants.
- b.** COUNTY has considered and relied on CONTRACTOR'S representations as to its quality of service commitment in entering into this CONTRACT, and CONTRACTOR'S Breach represents a loss of bargain to COUNTY. CONTRACTOR is experienced in providing services like Task 1 and Task 2 Services.
- c.** Quantified standards of performance are necessary and appropriate to ensure quality, consistent, and reliable Collection, and if CONTRACTOR fails to meet its Performance Obligations, COUNTY will suffer damages (including its Customers and Occupants' inconvenience; anxiety, frustration, potential political pressure, criticism, and complaint by Customers and Occupants; lost Supervisors and staff time; deprivation of the benefits of this CONTRACT and loss of bargain) in subjective ways and in varying degrees of intensity that are incapable of measurement in precise monetary terms, and that it is and will be impracticable and extremely difficult to ascertain and determine the value thereof. It would be difficult for COUNTY to prove its loss resulting from CONTRACTOR'S Breaches and nonperformance or untimely, negligent, or inadequate performance of County Services.
- d.** The CONTRACT contains a reasonable statement of Task 1 and Task 2 Services in order that the Parties will realize their expectations. COUNTY expects that CONTRACTOR shall perform Task 1 and Task 2 Services with due care in a workmanlike, competent, timely, and cost-efficient manner. CONTRACTOR expects to realize a profit by performing Task 1 and Task 2 Services in accordance with the terms and conditions of the CONTRACT for County Service Fees.
- e.** In addition, in the event of Breach or CONTRACTOR Default, urgency of protecting public health and safety may necessitate that COUNTY enter into emergency or short-term arrangements for services without competitive procurement at prices substantially

greater than under this CONTRACT, and the monetary loss resulting there from is impossible to precisely quantify. Time is of the essence.

- f.** The CONTRACTOR accepts COUNTY'S assessment of liquidated damages for certain Breaches as part of the consideration CONTRACTOR offers to COUNTY for the award of this CONTRACT to CONTRACTOR.
- g.** Lastly, termination of this CONTRACT for CONTRACTOR Default and other remedies provided in this CONTRACT are, at best, a means of future correction and not remedies that make COUNTY whole for past Breaches and CONTRACTOR Defaults.

Therefore, the Parties agree that the liquidated damages listed in Exhibit 12-D2 represent a reasonable estimate and fair approximation of the amount of damages COUNTY would incur as a consequence of CONTRACTOR'S Breach corresponding to each item of specified liquidated damages, considering all the circumstances existing on the date of this CONTRACT, including the relationship of the sums to the range of harm to COUNTY that reasonably could be anticipated and anticipation that proof of actual damages would be costly or inconvenient.

In signing this CONTRACT, each Party specifically confirms the following:

- The accuracy of the statements made above, and
- The fact that each Party had many opportunities to consult with legal counsel and obtain an explanation of this liquidated damage provision at the time that this CONTRACT was made.

E. County's Reimbursement Costs

CONTRACTOR shall pay COUNTY promptly upon request, COUNTY'S Reimbursement Costs of conducting a nonroutine investigation of any alleged Breach, when appropriate in judgment of Director. CONTRACTOR shall reimburse COUNTY for COUNTY'S Reimbursement Costs incurred because of CONTRACTOR'S Breach, including failure to maintain insurance.

F. Waiver

No waiver by County of any Breach of any provision of this CONTRACT constitutes a waiver of any other Breach of that provision. Failure of COUNTY to enforce at any time, or from time to time, any provision of this CONTRACT will not be construed as a waiver thereof. The rights and remedies set forth in this item F are exclusive and are in addition to any other rights and remedies provided by law or under this CONTRACT.

SECTION 13 - UNPERMITTED WASTE SCREENING AND REPORTING (Contract Services)

A. Protocol

CONTRACTOR shall develop and implement the Unpermitted Waste Screening Protocol in compliance with Applicable Law and including the following provisions:

- Ongoing employee training in identification, safety and notification procedures, including leaving Non-Collection notices, when safe;
- Means of driver inspection, such as visual inspection during tipping of Carts into Vehicles;
- Immediate driver response, such as load segregation;
- Driver notification, such as calling CONTRACTOR'S dispatcher or field supervisor;
- Notification of appropriate local agency or department;
- Appropriate action, such as segregation and containerization for manifesting and transport for disposal in accordance with Applicable Law or securing services of permitted handling and transport company;
- Compliance with Applicable Law, including regulations of the United States Department of Transportation (DOT) (Title 49 CFR) and of the United States Environmental Protection Agency (Title 40 CFR); and
- Labels on Containers, described in item D of this Section.

B. Prohibition on Collection

CONTRACTOR shall not Collect any Unpermitted Waste that it finds in Refuse, Recyclables, or Organic Waste unless it is licensed under Applicable Law. If CONTRACTOR finds Unpermitted Waste it shall notify all Persons in compliance with Applicable Law.

C. Notice to Director

If CONTRACTOR sees anything that it reasonably believes or suspects may be Unpermitted Waste on any public property in COUNTY, CONTRACTOR shall immediately notify Director and all Persons in compliance with Applicable Law. Public property includes storm drains, streets, and other public rights of way.

D. Labels

CONTRACTOR shall conspicuously label Containers with embossing or other secure means prohibiting Customers from discarding Unpermitted Waste. CONTRACTOR shall submit the label and text for Director approval prior to placing any purchase order for Containers. Item D9 of Exhibit 3A1 contains additional Container requirements.

SECTION 14 - EXECUTION OF CONTRACT

A. Execution in Counterparts

This CONTRACT, including dated signatures on amended Exhibits and attachments to those Exhibits, may be signed by the parties hereto in any number of original separate counterparts, including both counterparts that are executed on paper and counterparts that are in the form of electronic signatures. Electronic signatures include facsimile or email electronic signatures. Each executed counterpart shall be deemed an original. All counterparts, taken together, constitute the executed CONTRACT.

The parties hereby acknowledge and agree that electronic records and electronic signatures, as well as facsimile signatures, used in connection with the execution of this CONTRACT and electronic signatures, facsimile signatures or signatures transmitted by electronic mail in so-called pdf format shall be legal and binding and shall have the same full force and effect as if a paper original of this CONTRACT had been delivered had been signed using a handwritten signature. CONTRACTOR and COUNTY (i) agree that an electronic signature, whether digital or encrypted, of a party to this CONTRACT is intended to authenticate this writing and to have the same force and effect as a manual signature, (ii) intend to be bound by the signatures (whether original, faxed or electronic) on any document sent or delivered by facsimile or, electronic mail, or other electronic means, (iii) are aware that the other party will rely on such signatures, and (iv) hereby waive any defenses to the enforcement of the terms of this CONTRACT based on the foregoing forms of signature. If this CONTRACT has been executed by electronic signature, all parties executing this document are expressly consenting under the United States Federal Electronic Signatures in Global and National Commerce Act of 2000 ("E-SIGN") and California Uniform Electronic Transactions Act ("UETA")(Cal. Civ. Code § 1633.1, et seq.), that a signature by fax, email or other electronic means shall constitute an Electronic Signature to an Electronic Record under both E-SIGN and UETA with respect to this specific transaction.

B. Authority to Execute

COUNTY warrants that the individual signing this CONTRACT has been duly authorized by COUNTY to sign this CONTRACT on behalf of COUNTY and has the full right, power, and authority to bind COUNTY to this CONTRACT. CONTRACTOR warrants that the individual signing this CONTRACT below has been duly authorized by CONTRACTOR to sign this CONTRACT on behalf of CONTRACTOR and has the full right, power, and authority to bind CONTRACTOR to this CONTRACT.

SECTION 15 - PERFORMANCE ASSURANCE

A. Performance Bonds, Other Security

CONTRACTOR shall secure and maintain throughout the Term and until CONTRACTOR has complied with all its obligations that survive the Expiration Date a faithful performance bond, approved by COUNTY. The performance bond must be in a form satisfactory to COUNTY or, at COUNTY'S sole and absolute discretion, any alternative security acceptable to Director, including cash, certified check payable to COUNTY, certificate of deposit, or letter of credit (together, "**Performance Assurance**"), in the amount not less than \$50,000.

The Performance Assurance secures full and timely satisfaction of Performance Obligations for both Task 1 and Task 2 services.

CONTRACTOR shall provide a Performance Assurance in the amount listed in the table below for the period beginning on the Execution Date and ending on the last day of the first Contract Year.

Service Area	Amount of Performance Assurance
[Name of Contract Area]	[Amount]

Beginning on the first day of the next Contract Year, and in all subsequent Contract Years, that amount must be not less than the sum of:

- 15 percent of CONTRACTOR'S Gross Receipts from Task 1 Services;
- + 15 percent of CONTRACTOR'S Gross Receipts from Task 2 Services for the prior Contract Year
- + 110 percent of any liquidated damages assessed CONTRACTOR by COUNTY during the first six months of the prior Contract Year; and
- + Up to \$50,000, at the discretion of Director;
- = **SUM OF PERFORMANCE ASSURANCE (\$50,000 MINIMUM)**

A performance bond must be payable to COUNTY and executed by a corporate surety licensed to transact business (admitted) as a surety in the State of California. The corporate surety must have an A.M. Best Rating of not less than A:VII, unless otherwise approved by Director. The form of performance bond may not allow the bond surety to substitute another Person to perform Task 1 and Task 2 services but must provide for payment of moneys to COUNTY to; (1) secure substitute Task 1 and Task 2 services; (2) remedy damages incurred by COUNTY, including reasonable expenses, attorney's fees, and liquidated and compensatory damages; (3) ensure satisfaction of all Performance Obligations, including payment of Franchise Fees; and, (4) repay any money recovered from COUNTY in any bankruptcy or similar proceedings relating to CONTRACTOR. The performance bond must be conditioned on faithful performance by CONTRACTOR

of all the terms and conditions of this CONTRACT, including payment of Franchise Fees and any liquidated damages.

Each Performance Assurance must be renewed to provide for continuing liability in the above amount notwithstanding any payment or recovery thereon. At least 30 days prior to the Execution Date and 30 days prior to any renewal of the Performance Assurance, CONTRACTOR shall deliver the Performance Assurance to Director.

Director may verify the accuracy and authenticity of the Performance Assurance submitted.

B. Further Assurances

In addition to all other rights and remedies it may have, within five days of County request CONTRACTOR will provide reasonable assurances that it can timely and fully meet its obligations under this CONTRACT in any or all of in the following events:

1. Labor

CONTRACTOR is the subject of any labor unrest (including work stoppage or slowdown, sick-out, picketing and other concerted job actions).

2. Tipping Fees

CONTRACTOR does not pay an Identified Solid Waste Facility for services.

3. Employee Wages

CONTRACTOR does not pay wages to its employees, provide workers' compensation insurance required by law, or pays employment-related taxes or fees.

4. County

CONTRACTOR does not pay COUNTY any amount that COUNTY has charged CONTRACTOR.

5. Meet Obligation

In the COUNTY's judgment, the occurrence of either of the following events jeopardizes CONTRACTOR's ability to timely and fully meet its obligations under this CONTRACT:

- CONTRACTOR does not regularly pay its bills when due, or
- The entering of any judgment against CONTRACTOR or any Guarantor with respect to Criminal Conduct by CONTRACTOR or Guarantor.

“Assurance of Performance” means any or all of the following actions, as COUNTY requests:

- Reduction or elimination of insurance deductibles or self-insured retention,
- Providing or increasing the size of a letter of credit, or
- Providing an additional performance bond, certificate of deposit or other instrument.

CONTRACTOR shall schedule Collection in the Service Area on the Service Days as indicated on the schedule in item A1 of Exhibit 16 (Collection Schedule), or other schedule approved by Director if it significantly improves efficiencies.

Any proposed changes in the Collection schedule shall have the Service Day be one to two Service Days before streets are swept as provided in Director's schedule for street sweeping in the Service Area. Director may amend this schedule at any time, and CONTRACTOR shall use Reasonable Business Efforts to implement this amendment. CONTRACTOR shall prepare a Notice notifying the affected Customers and Occupants of the change and send such Notice to these Customers and Occupants upon receiving approval from Director.

(2) Facility Standards

Director reserves the right to set Processing facility standards, review documentation, and inspect facilities in the future and not allow use of facilities that do not meet Director's standards. This may be similar to what the City of Los Angeles Bureau of Sanitation has done under their Commercial Franchise system.

(3) E-Waste

CONTRACTOR shall Recycle and dismantle all E-waste that it Collects into materials that meet commercial standards for marketable commodities such as metals, plastic, and glass in a facility that operates within the United States. CONTRACTOR shall not ship any other E-waste or E-waste components outside the United States. CONTRACTOR shall demonstrate compliance with this subsection in the form of an affidavit from the proposed E-waste recycler.

c. *Organic Waste Transport and Processing*

(1) Facility Designated in Exhibit 17

CONTRACTOR shall transport all Organic Waste (Green Waste and Food Waste) that it Collects from Green Waste Containers and/or Food Waste Containers to the Processing Facility that it designates in Contractor Documentation in Exhibit 17.

(2) SB 1383 Compliance

Facilities to which CONTRACTOR transports Organic Waste must be compliant with SB 1383 requirements in Article 2, Section 18983.1(b), except that land application is not allowed under this CONTRACT. Land application will only be allowed with written approval by Director due to a lack of other viable facilities.

CONTRACTOR shall secure adequate, verifiable Organic Waste Diversion capacity to handle all of the Organic Waste that it Collects in accordance with this CONTRACT.

d. Manure Transport and Processing

If CONTRACTOR must Collect Manure in the Service Area, CONTRACTOR shall transport it to the Processing Facility that it designates in Contractor Documentation in Exhibit 17.

CONTRACTOR shall Dispose the items, listed in this subsection, Collected from Customers and Occupants pursuant to this CONTRACT in accordance with the following hierarchy:

a. Reuse, as-is

b. Disassemble, for reuse or Recycling

c. Recycle

d. Conversion

e. Disposal

CONTRACTOR shall not Dispose of the items, listed in this subsection, in a landfill unless the items cannot reasonably be reused or Recycled.

3. Source Separation and Organic Diversion

CONTRACTOR is required to assist COUNTY to comply with all applicable laws, including SB 1383 which requires the State to achieve Organic Waste Disposal reduction targets.

COUNTY intends to have Organic Waste Diverted from landfills at the start of this CONTACT. However, COUNTY reserves the right to either delay implementation, stop, or start Organic Waste Diversion at any time. Therefore, CONTRACTOR is to include amounts for Diversion and Disposal in Form PW-2, Task 1 Schedule of Prices.

COUNTY has determined that compliance with Article 3, Section 18984.1: Three-Container Organic Waste Collection Services of SB 1383 is the best methodology to implement the requirements of SB 1383 and must be used by CONTRACTOR, unless otherwise approved by Director. CONTRACTOR may submit an alternate method with a corresponding bid price.

CONTRACTOR is required to do the following:

- Green Waste Container will be for all Organic Waste and its contents shall be transported to a facility that recovers source separated Organic Waste, unless a separate Food Waste Container is provided.
- Recyclables will include wood, dry lumber, and textiles as part of the Bulky Item Collection but are not to be placed in the Recyclables Cart.
- Occupants will not be permitted to place Organic Waste, including Food Waste, in the Refuse Container and must source separate it in the Green Waste or Food Waste Container.
- Food Waste Containers may be provided to Occupants that generate significant quantities of Food Waste and must have a brown lid.
- Containers at Homeless Encampments will be treated as public receptacles and therefore not considered Unsegregated Single-Container Collection Services as set forth in Section 18984.3 of SB 1383 and therefore their waste is not required to go to a high diversion Organic Waste processing facility.

In accordance with Section 18984.5 of SB 1383, CONTRACTOR will conduct a route review for Prohibited Container Contaminants on randomly selected Containers in a manner that results in all Collection routes being reviewed annually. This may include CONTRACTOR's driver monitoring the live video screen to look for contamination or reviewing video later to detect such contamination.

- Upon finding Prohibited Container Contaminants, CONTRACTOR shall provide written notice to Occupants.
- CONTRACTOR's written notice to Occupants shall include information regarding how to properly separate materials. The CONTRACTOR shall leave written notice on the Container, on the door, or mailed/emailed to Occupant so that Occupant receives the notice prior to the next Collection.
- CONTRACTOR shall provide to Director a quarterly Report of the number of Containers reviewed, number of violations noted or observed, the date of the violations, and the locations or routes where violations were noted/observed.
- For each location with an observed violation, CONTRACTOR is to review that same location during the next scheduled Collection and report any violations to Director.
 - If a second consecutive violation is noted/observed, CONTRACTOR is to review that same location during the next scheduled Collection and report any violations.
 - If a third consecutive violation is observed, CONTRACTOR is to review that same location during the next scheduled Collection and report any violations and include photos or videos of the contamination in the Report.

D. Containers

1. Standard Containers

CONTRACTOR shall provide to each Occupant the following:

- a. One 96-gallon Refuse Cart;*
- b. One 96-gallon Recyclables Cart;*
- c. One 96-gallon Green Waste Cart or upon Occupant request one 32-gallon Food Waste Cart with one 64-gallon Green Waste Cart..*

2. Extra or Larger Capacity Containers

If Customer requests an extra Container or larger capacity Container for Refuse, Recyclables or Green Waste/Food Waste beyond the carts as described above, the Customer shall pay CONTRACTOR the surcharge, as provided in Attachment 7-2, Task 1 Service Fees of Exhibit 7.

3. Delivery, Removal, and Exchanges

Within seven calendar days after receiving a Customer's or Occupant's request for commencement or changes in Collection of Solid Waste, CONTRACTOR shall deliver Container of the Customer or Occupant's requested capacity or replace existing Container with substitute Containers

of the Customer or Occupant's requested capacity. CONTRACTOR shall charge a fee according to the following:

a. *Starting or Stopping Service*

CONTRACTOR shall not charge for delivery or removal of Containers upon starting or terminating service.

b. *One Annual Exchange of Containers*

CONTRACTOR shall exchange one or more Containers for one or more Containers of a different size if requested by Customer or Occupant once each Calendar Year at no extra charge.

For example, a Customer or Occupant may ask CONTRACTOR to exchange its 96-gallon Refuse and Recyclable Containers for 64-gallon Container at no charge.

c. *Multiple Exchanges of Container(s)*

If a Customer asks CONTRACTOR to exchange Container(s) more than once each Calendar Year as described in item b above, CONTRACTOR may charge Customer the amount provided in Attachment 7-2, Task 1 Service Fees of Exhibit 7.

CONTRACTOR shall inform Customer of the fee prior to the exchange and give Customer the option of waiting for the exchange until the next Calendar Year to avoid the charge.

d. *Cleanliness of Containers*

While CONTRACTOR is not obligated to provide new Containers to Occupants, they must provide clean Containers. This includes the delivery of additional Containers, exchange of Containers, or power washing existing Containers within 60 days of Commencement Date if incumbent is continuing to use Containers from previous contract.

(1) *At Contract Start for Used Containers*

Starting within 2 months of Commencement Date, CONTRACTOR is to arrange and coordinate a cleaning of the inside of Customer's Containers once per Contract Year.

(2) *Annual Cleaning of Green Waste and Food Waste Containers*

Starting in the 2nd Contract Year, CONTRACTOR is to arrange and coordinate a cleaning of the inside of Customer's Green Waste Containers once per Contract Year. If

applicable, Food Waste Containers are to be included in the cleaning. The service is to be promoted in an article in the outreach materials.

(3) Monthly Cleaning by Customer Request

Starting within 6 months of Commencement Date, CONTRACTOR is to arrange and coordinate a cleaning of the inside of Customer's Containers up to monthly, or other frequency determined by Director. CONTRACTOR may pass the cost of the cleaning on to Customers for the surcharge provided in Attachment 7-2, Task 1 Service Fees of Exhibit 7. The service is to be promoted in an article in the quarterly newsletter, requiring Customers to contact CONTRACTOR to request the service and agree to pay for it. While this service is intended for Containers with Food Waste, it is to be available for any or all Containers.

e. Removal of Carts or Dumpsters Stored in the Public Right-of-Way

The storage of Solid Waste is not allowed within the public right-of-way. Furthermore, Containers left out after Collection may be an eyesore for the community, a threat to public health, and a nuisance to traffic. Therefore, Director may require CONTRACTOR to assist in dealing with these Containers.

(1) Third-Party Containers

At the request of Director, for containers not owned by CONTRACTOR, CONTRACTOR shall, at no charge to COUNTY or Customer:

- Remove any container, including Carts, Dumpsters and roll-off bins that COUNTY deems abandoned, within two Service Days of request.
- Arrange for the Disposal or Diversion of Solid Waste within the container.
- Reuse, Recycle, or resell container.
- Notify Director to confirm removal.

(2) CONTRACTOR's Containers

At the request of Director, for Containers owned by CONTRACTOR, CONTRACTOR shall, at no charge to COUNTY:

Warn (only upon direction from Director)

- Tag Containers with a warning Notice that Solid Waste may not be stored in the right-of-way and the further leaving out of the Containers may result in their removal and a fee to return them.

Remove (only upon further direction from Director)

- Take photographs of Containers and make available to Customer and Director, upon request.
- Remove any Cart or Dumpster from the Right-of-Way, within two Service Days.
- On the same day as removal, contact Occupant and Customer by telephone and by text or email to notify them of the removal, the reason for it, and how to have it returned.
- Charge Customer the surcharge, as provided in Attachment 7-2, Task 1 Service Fees of Exhibit 7. Note that this surcharge may be increased by 25 percent for each additional occurrence within the past, rolling 12 months. For example, if the first time the fee was \$20, one month later it would be \$25, three months after that would be \$31.25, but 14 months later it would be back to \$20 (or whatever the current Basic Service Fee is with applicable rate adjustments).
- Charge an additional surcharge, as provided in Attachment 7-2, Task 1 Service Fees of Exhibit 7, if the Set-Out Site contains Solid Waste that CONTRACTOR places inside Containers upon their return.

Return

- Return Container(s) to Occupant within two service days of Customer's willingness to pay the return fee, such as having it added to the next quarterly bill.

Notify Director

- Notify Director of the status of removals, payment of surcharges, and the return of Containers.

4. Repair and Replacement

a. Identification/Reporting

CONTRACTOR shall repair or replace damaged Carts that it observes are damaged when providing service and upon request from Director, Customer, or Occupant.

b. Fee

CONTRACTOR will repair or replace Containers without cost, except in the circumstances below. CONTRACTOR may charge the Customer for the actual cost of repair or replacement of Containers when:

- A Container is missing but Customers or Occupants do not report the theft of the Container to the police.
- The Container is damaged due to Occupant negligence such as disposing of hot ashes inside the Container or over-filling the Container so that lifting it damages the Collection Vehicle. Director's determination of Occupant negligence is final.

c. Repair or Replacement

CONTRACTOR shall repair or replace damaged Containers within two Service Days after CONTRACTOR observes the damaged Container or when requested by Director, Customer or Occupant. "Damage" includes missing or inoperable lids.

5. Placement (Set-Out Site)

CONTRACTOR shall arrange for the location of a Set-Out Site directly with Customer or Occupant. If no arrangement is made, then the default location is the curb of the street for the address of the Customer or Occupant or in the alley behind the Customer or Occupant's property. If CONTRACTOR Collects from any other location CONTRACTOR may be required to provide roll-out service under item I of this Exhibit.

CONTRACTOR shall return empty Containers upright and to their Set-Out Sites. CONTRACTOR shall not impede pedestrian or vehicular traffic. The Set-Out Site should be located at the curb or as otherwise provided in County Code Section 20.72.100, except during heavy rains when CONTRACTOR shall return Containers approximately 2 feet from the curb to keep the gutter unobstructed and prevent the Containers from being washed away.

6. Inventory

CONTRACTOR shall maintain an adequate inventory of Containers and lids of each type and capacity to provide Customers and Occupants replacements within two Service Days of request. When determining adequacy, CONTRACTOR shall consider the nature of Set-Out Sites. For

example, Carts placed on unlevel Set-Out Sites, such as in mountainous areas without curb and gutter, may be damaged more frequently than those placed in level Set-Out Sites. Therefore, CONTRACTOR must maintain a larger inventory of Carts for those areas.

CONTRACTOR shall notify Director if inventory is inadequate, including an explanation of why inventory dropped below the two-Service Day standard. For example, CONTRACTOR might submit its timely order for Containers but receive them later than manufacturer originally represented due to manufacturer's backlog or other delay.

7. Graffiti

CONTRACTOR shall remove any graffiti and other markings that deface or detract from the aesthetic quality of the Containers within seven calendar days of its Vehicle drivers' or route supervisors' observation and report, or upon request of Director or any other Person. If the graffiti is comprised of obscenities, removal shall be within two Service Days. Instead of removing graffiti or markings, CONTRACTOR may replace defaced Containers with clean Containers.

8. Alternative Container Sizes

If a Customer or Occupant requests alternate Container sizes, CONTRACTOR shall provide the type of Containers described in Contractor Documentation in Exhibit 17. For the purposes of this CONTRACT, Carts with a capacity between 95 and 100 gallons are equivalent to 0.5 cubic yards. CONTRACTOR shall provide the number of alternative Containers having the same aggregate capacity as CONTRACTOR would have provided to that Occupant. For example:

- Three 32-gallon Carts instead of one 96-gallon Cart.
- One 64-gallon Cart and one 32-gallon Cart instead of one 96-gallon Cart.

9. Additional Specifications

CONTRACTOR shall provide to Occupant wheeled Containers compatible with automated Collection Vehicles having the specifications described in Contractor Documentation in Exhibit 17. Director approval is required for labeling and any alternatives to the specifications below. All containers must comply with Article 3, Organic Waste Collection Services, Section 18984.7 of SB 1383.

All Container bodies shall be a uniform color with color coded lids. Lid colors shall distinguish the type of materials that go in each Container such as gray for Refuse, blue for Recyclables, green for Green Waste, and brown for Food Waste. If a Manure Container is to be used, Director approval of the proposed color is required.

As an alternative when Containers are being reused, with approval from Director, the Refuse Container body may be gray, the Recyclables Container body may be blue, and the Green Waste Container body may be green, or other Director approved color.

a. Carts

(1) Capacity

CONTRACTOR shall provide Carts of an approximate capacity of 96, 64, and 32 gallons. If a Food Waste Cart is to be used, Director shall approve the proposed size.

(2) Labeling of Body

Containers shall clearly display CONTRACTOR's name in a contrasting color, with reflective paint. If Containers are purchased from previous waste hauler, a reflective sticker with the new logo may be placed over the old logo but stickers must be replaced if they fade or fall off. If CONTRACTOR is reusing their own Containers, there must be a reflective sticker or paint somewhere on the Container.

(3) Labeling of Lids

Cart lids shall be labeled similar to the template in item B1 of Exhibit 16 and shall clearly display CONTRACTOR's phone number, website, and contents for which the Container is designated, a warning that the Disposal of Unpermitted Waste in the Container is prohibited, and acceptable/not acceptable contents.

(4) Recycled Content

Each plastic Cart shall be constructed of recyclable content at a minimum of 25 percent post-consumer materials.

(5) Cart Reuse

While Carts provided to Occupants are not required to be new, they must be in reasonably good condition, including cleanliness, as required in Item D(3) of this exhibit. Director may require Refuse Carts to be washed prior to reuse.

(6) Weight Limits

(a) Refuse and Recyclables

CONTRACTOR shall specify the weight limits of these Containers based on manufacturer's specifications, typically between 300 and 330 pounds.

(b) Green Waste and Food Waste

CONTRACTOR is to specify the weight limits of these Containers as 150 pounds. Occupants are to be limited to placing approximately two-thirds of a 96-gallon Green Waste Container with Food Waste. Customers can be required to request additional Food Waste Carts if their Green Waste Carts regularly exceed this limitation.

The purpose of this limitation is to restrict the abuse of Containers for Organic Waste Diversion. For example, a business may try to completely fill the two included 96-gallon Green Waste Carts with Food Waste, but this would not be allowed.

b. Dumpsters

The following conditions apply when Dumpster service is provided.

(1) Lids

A lid shall prevent intrusion of rainwater, rodents, birds, and flies; shall prevent the contents from being carried or deposited by the elements onto the ground; and shall reduce the emission of odors.

(2) Labeling of Body

Dumpster bodies shall be labeled similar to the template in item B2 of Exhibit 16 and shall clearly display CONTRACTOR's phone number, website, and contents for which the Container is designated, a warning that the Disposal of Unpermitted Waste in the Container is prohibited, and acceptable/not acceptable contents. Examples of Recyclables is an important part of educating Customers and Occupants.

10. Customer or Occupant Declines a Portion of Collection Service

A Customer or Occupant may decline Refuse, Recycling, or Green Waste Collection services and therefore they may not need all three types of Containers, or may not need all the alternative Containers as provided for

in Section D(1) of this Exhibit. Fees shall not be reduced for Customers declining a portion of the basic Collection services.

11. Container and/or Cart Lids Purchase Option

In the event of Breach or termination, COUNTY may purchase some or all Containers and/or Cart lids on the effective date of the contract termination Notice at a price equal to the then book value of Containers and/or Cart lids amortized straight-line over the initial seven-year Term of the CONTRACT. This includes Containers and/or Cart lids stored in CONTRACTOR's inventory for future use under the requirements of subsection 6 of this Section. CONTRACTOR shall transfer or assign to COUNTY all rights necessary to give COUNTY ownership, possession and use of Containers and/or Cart lids, including under any Containers and lid acquisition agreement.

12. Bear-Resistant Carts

If required under Exhibit 3A3, CONTRACTOR shall offer bear-resistant 96-gallon Manure Carts.

13. Manure Service

If required under Exhibit 3A3, CONTRACTOR shall offer Manure Collection service from Manure-only Containers for the Customer Service Fees provided on the Attachment 7-2, Task 1 Service Fees of Exhibit 7.

14. Cart with Gravity Lock

Upon Customer request, CONTRACTOR shall sell to Customer, with no financial gain to CONTRACTOR, Carts with gravity locks to prevent scavenging or small animal intrusion, at the price listed on Attachment 7-2, Task 1 Service Fees of Exhibit 7. After transferring ownership to Customer, CONTRACTOR is no longer responsible for repair or replacement of the Carts. CONTRACTOR shall disclose to Customer and receive written acknowledgement from Customer, CONTRACTOR is no longer responsible for the Carts purchased by Customer. If CONTRACTOR cannot provide Director evidence of Customer's acknowledgment, CONTRACTOR shall continue to be responsible for repair or replacement of the Carts.

If CONTRACTOR is unable to Collect from Cart due to failure of the lock, CONTRACTOR shall require Customer to repair it, offer to repair it for a reasonable charge, or replace Cart with standard non-locking Cart at no charge.

CONTRACTOR is not obligated to deliver Carts with gravity locks within seven days of request under subsection 3, but CONTRACTOR must deliver those Carts within 21 days of request.

E. No Longer Used (Vehicles Moved to item C of Section 3)

F. Solid Waste Transportation, Processing, Diversion, and Disposal

1. CONTRACTOR-Designated Solid Waste Facility

CONTRACTOR shall transport Solid Waste only to the Solid Waste Facility or Facilities that CONTRACTOR has designated in Contractor Documentation in Exhibit 17 for Processing, Diversion, or Disposal or those facilities as directed by Director in subsection 2 below. CONTRACTOR may designate a Solid Waste Facility or Facilities that utilizes Conversion Technology or provides feedstock to Conversion Technology facilities. Prior to any change in designated facilities, CONTRACTOR must provide Notification to Director for consent of change. Failure to receive approval from Director will result in rate adjustments being calculated based on the less expensive of the existing and previous facility. Director will review information such as fees, distance, Recycling rates, ability to Recycle Recyclables.

If CONTRACTOR requests to take Solid Waste to a facility that charges more, Director may approve such requests without authorizing the CONTRACTOR to pass the increased cost to the Customer. At the Director's discretion, some or all the increased costs may be passed to the Customer under special circumstances such as changing Green Waste Diversion from a landfill that was using it as Alternate Daily Cover to a more expensive composting facility.

Some Service Areas may require CONTRACTOR to use specific sites or facilities for Disposal, Diversion, or Processing of Solid Waste without additional compensation, as designated in Exhibit 3A3 if applicable to this.

2. Flow Control

Director reserves the right to direct Solid Waste to a specific site or facility. COUNTY will compensate CONTRACTOR for any direct costs, if any, such as increased tipping fees and transportation costs which CONTRACTOR incurs as a result of the delivery of materials to a COUNTY-designated Solid Waste Facility instead of to the Solid Waste Facility selected by CONTRACTOR. CONTRACTOR must submit verifiable evidence demonstrating increased costs.

If CONTRACTOR had been using a CONTRACTOR owned facility before being redirected to a different facility, Director will not compensate CONTRACTOR for any lost profits incurred by the CONTRACTOR as a result of being redirected to a different facility. In addition, Director will not compensate CONTRACTOR for any losses incurred to the extent that it had any general obligations to provide a minimum tonnage to a facility (often referred to as put or pay) but will compensate CONTRACTOR for additional

out-of-pocket costs directly resulting from an obligation agreed to specific to this CONTRACT. For example, if CONTRACTOR signed an agreement to bring 100,000 tons per month of Refuse to Landfill X, Director will not compensate the CONTRACTOR for redirecting waste under this CONTRACT to a different facility. But if CONTRACTOR had agreed to bring 1,000 tons of Refuse from this Service Area to Landfill X, Director will compensate CONTRACTOR for additional out-of-pocket costs that CONTRACTOR incurs as a direct result of being redirected to a different facility.

Some Service Areas may require CONTRACTOR to use specific sites or facilities for Disposal, Diversion, or Processing of Solid Waste without additional compensation, as designated in Exhibit 3A3 if applicable to this CONTRACT.

3. Land Application of Organic Waste

Land application of Organic Waste will not be allowed without the written approval of Director.

G. Recyclables

1. Scavenging - Discouragement

CONTRACTOR shall use Reasonable Business Efforts to enforce the "Collection by Unauthorized Persons" law, pursuant to Public Resources Code Section 41950, et seq., and County Code Chapter 20.72.196 ("anti-scavenging laws"), including the following:

Marking Recyclables Containers with language that the materials are to only be picked up by CONTRACTOR as the "authorized agent" and that CONTRACTOR is picking up the material for Recycling purposes.

Orally advising any Person, other than CONTRACTOR, observed removing recyclable materials which have been segregated from Solid Waste materials and placed at a designated Collection location for the purposes of Collection and Recycling that such conduct is a misdemeanor, per COUNTY Ordinance, and carries civil penalties.

Instituting civil actions against a Person alleged to have violated California Public Resources Code Section 41950 for treble damages, as measured by the value of the material removed, or a civil penalty of not more than \$2,000, whichever is greater, for each unauthorized removal, in accordance with California Public Resources Code Section 41953(a).

Instituting civil actions against a Person alleged to have violated California Public Resources Code Section 41950 for a second, or subsequent time in a 12-month period, for treble damages, as measured by the value of the

material removed, or a civil penalty of not more than \$5,000, whichever is greater, for each unauthorized removal, in accordance with California Public Resources Code Section 41953(b); and

Taking actions under County Code Section 20.72.196 to discourage Scavenging.

2. Prohibition on Mixing Recyclables, Organic Waste, and Refuse

Unless CONTRACTOR is obligated under this CONTRACT or approved by Director to conduct a single-pass service for certain Occupants per item M of Section 4 (such as on a private road) to Process Refuse for recovery of Recyclables, or unless as otherwise approved by Director, CONTRACTOR shall not:

- a. Mix the contents Collected from Recyclables, Green Waste, and Refuse Containers; or*
- b. Dispose of Recyclables or Organic Waste Collected, except for:*

- (1) Incidental amounts of Recyclables or Organic Waste that an Occupant commingles with discarded Refuse;
- (2) Contaminated Recyclables or Organic Waste that cannot be Diverted using Reasonable Business Efforts if CONTRACTOR has previously exercised Reasonable Business Efforts to provide Occupant education with respect to reducing that contamination.

3. Residuals

- a. Minimize Quantity of Residuals*

CONTRACTOR shall not use facilities that have a significant quantity of Solid Waste residuals remaining after Processing Recyclables, as determined by Director, including considering operating and recovery efficiencies and maximum levels of residuals that CalRecycle may establish to qualify the Processing as Diversion.

- b. Maximize Diversion of Residuals*

CONTRACTOR shall use Reasonable Business Efforts to Divert residual Solid Waste remaining after Processing Recyclables.

4. Diversion of Recyclables

CONTRACTOR shall Divert all Recyclables whether Diversion is a net cost or profit. Where the cost of Diversion of a material exceeds the cost of

Disposal, CONTRACTOR may seek permission from Director to Dispose of the material.

5. No Longer Used

6. Changes in Materials

Director may add or delete materials from the definition upon Notice to CONTRACTOR. Within 14 days of receiving that Notice, CONTRACTOR shall give Director a draft Notice informing Customers of changes in materials. Following COUNTY's approval, CONTRACTOR shall distribute those Notices to Customers and Occupants in the manner that Director requests in accordance with Item L4b of this Exhibit.

CONTRACTOR may request an adjustment to the Service Fee under item F of Exhibit 7, Change in Contract Services, including submission of documentation supporting the adjustment, to the Director. COUNTY and CONTRACTOR must agree on the adjustment.

Examples of adjustments (or no adjustments) might be:

- No Adjustment

No incremental or net cost of Collection or Processing.

- Possible Adjustment

- Incremental cost of acquiring new Containers, establishing additional Set-Out Sites, and adding an additional Collection route, not offset by materials sales.
- Additional cost to Process material.

7. Waste Characterizations

On a quarterly basis as required in item A2a of Section 10, CONTRACTOR is to submit a copy of any waste characterizations performed on Recyclables, whether done by CONTRACTOR or the Materials Recovery Facility.

H. Special Services

CONTRACTOR shall provide the services prescribed in this Section without additional cost to Customers or charge to COUNTY except for subsection E of this Exhibit, Additional On-Call Pickup with Additional Cost.

1. Christmas Tree Collection

For a minimum of three weeks following December 25, or another period established by Director, CONTRACTOR shall Collect, transport, process, and Divert all Christmas trees stripped of ornaments, garlands, tinsel, flocking, and stands, placed for Collection at the Set-Out Site, on the Occupant's regularly scheduled Collection day. Trees Collected under this program are not required to be cut to a smaller size by Occupant. Trees set out after the three-week period are to be Collected as Green Waste and therefore limited to 4-feet in length. All materials Collected shall be Diverted to the maximum extent feasible.

2. Annual Curbside Cleanup Event

Once each Calendar Year, CONTRACTOR shall Collect unlimited quantities of Bulky Items or bagged/bundled Excess Solid Waste, discarded at each Set-Out Site by the Occupant, including Construction and Demolition debris which is limited to two 70-pound bags, containers, or bundles. Any Construction and Demolition debris or other items not Collected shall be tagged with a Non-Collection Notice explaining the reason for it not being removed.

CONTRACTOR shall use Reasonable Business Efforts to ensure that this event is held the same weekends as previous year and no changes shall be made without Director's approval. See item C of Exhibit 3A3 for months or dates of previous year's events. CONTRACTOR shall schedule events in succeeding Saturdays assigning one Service Day for each Saturday, except on a Holiday weekend and the following weekend if Collection service was delayed and Friday service is now on Saturday. CONTRACTOR shall avoid Holiday weekends and other weekends with celebrations or parades. Multiple Service Days may be combined into one Saturday upon approval by Director.

One week prior to the day of each event, CONTRACTOR shall provide Director with information regarding the event such as:

- Route maps with starting and ending points,
- Vehicles,
- Number of workers,
- Primary contact Person, and
- Other information requested by Director.

CONTRACTOR shall instruct Occupants to place their items at the Set-Out Site prior to 6 a.m. of the day of their event. CONTRACTOR shall start the event no earlier than 6 a.m. and end by 6 p.m. on the Saturdays during the event, or as instructed by Director.

CONTRACTOR is to anticipate that some Occupants will place items at the Set-Out Site after 6 a.m. and after CONTRACTOR has passed that

Occupant's home. Therefore, prior to the end of each day's event, CONTRACTOR shall return to each street one time to ensure that all discarded materials placed at Set-Out Site were Collected. CONTRACTOR is not required to use a Collection Vehicle for the second pass. For example, CONTRACTOR's route supervisor may check the Set-Out Sites. If any discarded material is found, CONTRACTOR shall Collect it that same day. Any items in the Public Right-of-Way after CONTRACTOR has returned one time are considered Abandoned Waste.

CONTRACTOR may be required, upon oral or text message request of Director to return to any event route and Collect discarded materials left out at the Set-Out Site. This shall be accomplished on the same day of the request. If Director makes such a request, it shall not be considered a violation of the service hours.

b. Unpermitted Wastes

If CONTRACTOR identifies any Unpermitted Waste, CONTRACTOR shall immediately follow its Unpermitted Waste Protocol in accordance with item A of Section 13.

Service under this Section includes the furnishing of all labor, supervision, administration, material, and equipment.

3. No Longer Used

CONTRACTOR shall ensure that all alleys including but not limited to wall to wall and/or fence to fence within the Service Area are in a state of cleanliness.

The Contractor shall carry on each truck, hand tools such as rakes, shovels, and brooms to aid with the clean-up of incidental litter and debris.

If the Service Areas does not currently have any alleys requiring service, then the miles listed in item C1 of Exhibit 16 will be 0 or n/a. Director may add alleys.

5. Daily Monitoring and Clean up in Hot Zones

Hot Zones are areas where Abandoned Waste is dumped frequently, or areas Director deems important to keep free of Abandoned Waste. CONTRACTOR shall monitor, remove and clean up Abandoned Waste in Hot Zones daily, Monday through Friday (or the day after a Holiday) between the hours of 6 a.m. and 6 p.m. for the following locations:

- The locations of Hot Zone are shown in item A2 of Exhibit 16.

6. Payment

COUNTY will pay CONTRACTOR a fee for monitoring, Collecting, transporting, and Disposing of Abandoned Waste as provided in item C of Section 7, even though under County Code the cost of removing Abandoned Waste is the responsibility of the Person, if known, who discards the waste.

B. Public Curbside Receptacles Collection Service

The work to be accomplished shall include the furnishing of all labor, supervision, administration, material, and equipment for the clean-up, Collection, transportation, Diversion/Disposal, and management of discards from designated public curbside receptacles, in unlimited quantities of waste, in the Service Area. Item C3 of Exhibit 16 contains a list of the number of receptacles and item A6 of Exhibit 16 contains a map of the locations.

1. Collection

CONTRACTOR shall Collect discards from public curbside, typically located along business districts with high pedestrian activity. A public receptacle may include one intended for pet waste. The quantities and locations of the applicable public curbside receptacles are identified on item A6 of Exhibit 16 and may be subject to change by Notice from Director.

Public receptacle design varies and may include a steel outer housing with a plastic liner inside, concrete outer housing with plastic liner inside, steel outer housing with 96-gallon Cart inside, or solar compacting housing with plastic liner. For receptacles with liners, Collection must include removing the plastic bag and its contents from the inner liner and replacing with a new

plastic bag or removing the Refuse or Recyclables from the bag if there were only a few items inside. CONTRACTOR shall supply and use its own plastic bags. A plastic bag must not be used for 96-gallon Carts acting as liners.

2. Maintenance

a. *Cleanliness*

As needed, CONTRACTOR shall also clean and wipe down the outside and liner of the public curbside receptacles as well as clean and Collect, all loose litter and debris, within three feet of the base of the public curbside receptacles, such as paper, bottles, cans, dirt, organic material, and other incidental litter. The standard of cleanliness shall be that there are no odors detectable from outside the receptacle once waste is removed and no visible spills, stains, markings, dust, or dirt on the inside or outside of the receptacles. At a minimum, receptacles are to be cleaned every two weeks. CONTRACTOR shall carry on each truck, rags and hand tools such as rakes, shovels, and brooms to aid with the clean-up of incidental litter and debris.

b. *Liners*

The public curbside receptacle outer housings are furnished by COUNTY but interior liners are the responsibility of CONTRACTOR. If any plastic liner is missing or damaged beyond repair, such liner shall be replaced at CONTRACTOR's expense. Once a liner is placed inside a public receptacle, CONTRACTOR automatically transfers ownership to COUNTY.

COUNTY is considering a new receptacle design that utilizes plastic, 96-gallon wheeled Carts, in-lieu of dedicated plastic liner. For any receptacle that using that design, CONTRACTOR must provide and maintain a Cart similar to those used for Refuse.

c. *Graffiti*

CONTRACTOR shall notify Director of the presence of any graffiti or other markings that deface or detract from the aesthetic quality of the public receptacles. If the graffiti is comprised of obscenities, notification shall be within 24 hours.

d. *Damaged Receptacle*

CONTRACTOR shall notify Director of damaged or missing public receptacles.

3. Collection Schedule

a. Standard Public Receptacles

CONTRACTOR shall Collect discards from the non-compactor public curbside receptacles, twice per day, Monday through Saturday, with the first Collection occurring between the hours of 7 a.m. and 9 a.m., and the second Collection between the hours of 2 p.m. and 4 p.m. Director reserves the right to reduce the frequency of Collection throughout the Service Area at any time during the Term of this CONTRACT at the sole discretion of Director. See Exhibit 3A3 for possible modifications to the days or times.

b. Solar Compacting Public Receptacles

CONTRACTOR shall Collect discards from the solar compacting public curbside receptacles as-needed, Monday through Saturday, based on the need indicated on the Internet based monitoring software. The schedule shall not be more frequent than twice per day or longer than seven days for receptacles with Refuse.

c. Alternate Collection Frequency

While the default schedule requires Collection twice per day, Monday through Saturday, for a total of 12 times per week, this may be excessive for locations that receive infrequent use. To decrease Greenhouse Gas emissions during Collection, CONTRACTOR shall monitor locations that are often empty or nearly empty and report those to Director. Director may instruct CONTRACTOR to Collect certain receptacles less frequently.

4. Other

a. Adjustments to Quantity and Location

In the event the quantities, and locations of the public curbside receptacles or if recyclables receptacles are added during the Term of this CONTRACT, Director will notify CONTRACTOR of such change in writing. Collections from any additional public curbside receptacle or reduction in public curbside receptacles will be adjusted at the Annual Total identified on Attachment 7-3 Task 2 Service Fees but the rate for individual receptacles will not be adjusted. The number of receptacles over the Term may be increased.

CONTRACTOR will Collect Refuse in additional receptacles within two weeks of Director's request, subject to possible adjustment of the Service Fee for change orders under Section 3B.

If the Service Area does not have any designated public curbside receptacles as of the Execution Date, the number listed in item A6 of Exhibit 16 will be 0 or n/a.

b. Solar Refuse/Recyclables compactors

Director reserves the right to replace the current public curbside receptacles with solar Refuse/Recyclables compactors. In the event the current receptacles are replaced, the cost for servicing and maintaining cleanliness of each compactor shall remain the same as the current cost for servicing each public curbside receptacle.

c. Verification

If the public receptacles have a service log sheet inside, CONTRACTOR must sign, date, and record the time of Collection service or indicate the receptacle was empty upon inspection and record when the receptacle was cleaned. Alternatively, Director may develop cloud-based smartphone software to verify Collection.

d. Receptacle Locks

CONTRACTOR shall keep all receptacles locked to prevent access by the public. Director shall furnish keys.

e. Damaged Receptacles

CONTRACTOR shall report damage to the receptacles with 48 hours of observing such damage. Damage includes but is not limited to missing components or malfunctioning parts. CONTRACTOR shall not attempt to repair any receptacles, except for plastic liners. Liners are CONTRACTOR's responsibility to repair or replace regardless of the cause of damage.

f. Recyclables

As of the Execution Date designated public curbside receptacles in the Service Area primarily contain Refuse. CONTRACTOR will Collect and Divert Recyclables discarded in existing or additional Recyclable receptacles within two weeks of Director's request, subject to possible adjustment of the Service Fee for change orders under item B of Section 3.

- C. No Longer Used (moved to item D of Exhibit 3A1)
- D. No Longer Used (Vehicles moved to item C of Section 3)
- E. Homeless Encampments

CONTRACTOR acknowledges:

- Homeless Encampments are temporary and homeless individuals are transient,
- Homeless Encampments are not Customers and therefore Solid Waste generated and discarded in the Right-of-Way is considered Abandoned Waste, and
- Public health and safety requires that Solid Waste generated in Homeless Encampments must be removed not only when individuals abandon a Homeless Encampment, but also when they occupy it.
- Providing regular trash service to People Experiencing Homelessness (PEH) is a new service and therefore difficult to predict the exact level of services needed and problems that may be encountered.

CONTRACTOR shall not enter a Homeless Encampment or remove anything from a Homeless Encampment except upon Director request. CONTRACTOR shall not intentionally remove any Unpermitted Waste, including biological or hazardous waste. CONTRACTOR shall include a rate in Attachment 7-3, Task 2 Service Fees of Exhibit 7 fees.

1. Abandoned Homeless Encampments

Within two business days of Director request, CONTRACTOR shall Collect, transport, and Divert or Dispose of, all Solid Waste discarded in a Homeless Encampment that has been abandoned and the camp location identified by Director. CONTRACTOR shall Collect Solid Waste, including litter and Abandoned Waste whether it is discarded in containers or on the ground. CONTRACTOR will provide that Contract Service in accordance with COUNTY policy. For example, COUNTY policy may require CONTRACTOR to place Abandoned Waste and other discards in containers and deliver them to a COUNTY storage facility pending a retrieval by the individual owner. As part of these Contract Services, CONTRACTOR shall provide all equipment such as Container (including such as Carts, Dumpsters and roll-off bins) and Vehicles (including as Refuse Collection and flatbed trucks), and labor. CONTRACTOR shall use the Director's Trash Monitoring Program (TMP) smartphone application, or other system as determined by Director, to record information such as the location, brief description, and photograph of Collected Solid Waste.

2. Occupied Homeless Encampments

Upon Director request, CONTRACTOR shall assist in preventing Abandoned Waste in the Public Right-of-Way near occupied Homeless Encampments. This is to be accomplished using 32 or 96-gallon Carts, 3-cubic yard Dumpsters, 35-gallon bags, cardboard event boxes, scout trucks, or whatever equipment is necessary. The use of Dumpsters is the preferred method, but Carts, bags, and boxes provide more options for unique situations. The use of 32-gallon Carts may work better for providing service to Recreation Vehicles where the smaller Cart is to be stored inside the RV and set outside on Collection day. Where Carts are provided to PEH for their long-term use, CONTRACTOR may require a deposit from the user that is equal to the value of the Container.

Local homeless service providers may be able to assist in distribution of flyers and bags. If bags are used for the purpose of Collecting loose litter not placed in Containers, they shall be:

- Translucent color to prevent bag from being turned inside-out to hide printing, or a solid color if printing is also on the inside.
- Preprinted with multiple, large font "TRASH" and "BASURA" plus the mirror image (if the bag is turned inside-out)
- Preprint Bilingual Disposal procedures on the bag
- Approximately 35-gallon capacity with drawstrings or a tie
- At least 3 millimeters in thickness to deter puncture by needles

Following consultation with the Director and upon Director consent, CONTRACTOR may change its method of Collection. For example, if cardboard boxes are frequently destroyed or removed from the Set-Out Site, CONTRACTOR may request providing Dumpsters without wheels or bags. As another example, if bags are frequently blown away or used by homeless individuals for storage, CONTRACTOR may request providing Carts or Dumpsters.

a. Quantity

The number of Containers needed of each location is not specified and unique to each area.

b. Transportation/Delivery

CONTRACTOR shall place Containers (including Carts and Dumpsters), bags, and/or cardboard boxes, in a safe and accessible location. CONTRACTOR shall provide notice of the proposed locations to Director for approval prior to implementing service. At any time, Director reserves the right to change the proposed

locations or require CONTRACTOR to place them at a particular location.

There are two options for Containers, those left at the location overnight and those placed during business hours. Director will indicate which is needed. For those not left overnight, CONTRACTOR shall either deliver the Containers between 6 and 7 a.m. and removing them later that day between 3 and 4 p.m., or other times as approved by Director or if Director obtains a permit, Containers may be left in-place.

Following consultation with and approval of Director, each week or whatever interval determined necessary by Director, CONTRACTOR shall transport Containers (including Carts and Dumpsters), bags and cardboard boxes, to an encampment.

The Set-Out Site is difficult to determine in advance and will need to be determined case-by-case as set forth in item E.1.a. of this section. For bags, it may be necessary to Collect from outside each individual shelter or from a central pile. Property owners may not want a pile near their property and a pile may attract other Abandoned Waste.

It is anticipated that Dumpster transportation will be with a stake bed truck with a hydraulic lift gate with the capacity of five Dumpsters. Therefore, there would be one delivery charge for up to five dumpsters in an area (within 15 minutes of each other). Significantly more Carts will fit during transport but the same concept as with Dumpsters applies, one delivery charge for all Carts in an area (within 15 minutes of each other). CONTRACTOR may charge a fee for delivery that includes removal, equal to that indicated on Attachment 7-3 – Task 2 Service Fees. Director may authorize the use of a smaller vehicle for transportation.

c. *Dumpster Placement*

Dumpster placement shall comply with section 16.19.090 of the County Code. Dumpsters shall not be placed on or project onto any road in such a manner as to constitute a hazard to pedestrians or vehicular traffic. Dumpsters shall not be placed on or project onto any road:

- Within 15 feet of any crosswalk;
- Within 15 feet of any street corner, fire hydrant or disabled access ramp;
- On any portion of any sidewalk that does not allow for 3 feet of clearance for pedestrians;
- On roads with grades in excess of six percent;

- Where clear space for the safe passage of pedestrians within the highway is reduced to less than three feet in width;
- Where the road is reduced to less than 15 feet in width;
- Where a motorist's ability to see traffic control devices such as stop signs, traffic lights, etc., is impaired;
- Where the Dumpster will block or unreasonably interfere with access to neighboring property;
- Where parking is prohibited along the road;
- Where the sight distance of the Dumpster would be less than:
 - 150 feet on roads posted with speed limits of 25 miles per hour or less,
 - 345 feet on roads posted with speed limits greater than 25 miles per hour and up to 40 miles per hour,
 - 680 feet on roads posted with speed limits greater than 40 miles per hour.

d. Collection

CONTRACTOR shall anticipate that prior to offering regular Refuse Collection services to an encampment and during the service, there will be piles of Solid Waste, either Bulky Items or bagged or loose litter, that will need to be removed. This is an as-needed, upon Director's request service at each encampment. CONTRACTOR shall use all necessary equipment including brooms rakes, shovels, bags, Carts or Dumpsters to Collect, transport, and Dispose of Refuse. Prior to Collecting a Container, CONTRACTOR shall use Best Efforts to ascertain that no one is sheltered inside the Container. CONTRACTOR shall Collect any loose litter within 3 feet of Containers, bags, and boxes.

(1) Contaminated Containers

Prior to Collecting a Container, CONTRACTOR shall use Best Efforts to ascertain that the Container is not contaminated with Sharps, hazardous waste, Universal Waste, or biological waste. CONTRACTOR may charge a fee for contamination equal to that indicated on Attachment 7-3 – Task 2 Service Fees.

(2) Overflowing Containers

Additional Collections may be required upon Director's request to prevent waste from overflowing the Containers. However, when overflowing Containers are encountered, CONTRACTOR may charge a surcharge as verified with a photograph. CONTRACTOR may charge a fee for overflow

equal to that indicated on Attachment 7-3 – Task 2 Service Fees.

e. Diversions/Disposal

CONTRACTOR shall Divert or Dispose of all Solid Waste that it Collects. Any contaminated loads that cannot be Disposed without further processing may be charged at the higher rate indicated in Attachment 7-3 Task 2 Service Fees.

f. Documentation

To maximize efficient Collections, CONTRACTOR is to inform Director of the number of bags and the fullness of Containers in an area and include the data in the monthly County Services invoices. Within 3 months of the start of CONTRACT services, CONTRACTOR shall use the Director's Recreational Vehicle Program (RVP) smartphone application, or other system as determined by Director, to record information such as the location, approximate volume, and photographs.

g. Additional Cart or Dumpster Services

COUNTY is designating additional funds on Attachment 7-3 – Task 2 Service Fees related to service being provided under this CONTRACT, such as additional areas, more contaminated Containers, or higher frequency of Collections.

F. Emergency Assistance (Contract Services)

CONTRACTOR shall provide MSW Management Services requested by Director in the following circumstances:

- Solid Waste that is not collected in any part of Southern California including incorporated cities and/or unincorporated areas within the County of Los Angeles or adjacent counties, and
- In the judgment of Director, the uncollected solid waste creates a danger to public health, safety, or welfare.

Reasons for non-collection may include earthquake, fire, mudslide, storm, riot, or civil disturbance, and terminated hauler contracts. Examples of MSW Management Services to be provided by CONTRACTOR include:

- Providing Vehicles and staff to cleanup, Collect, transport, and Dispose/Divert any Solid Waste.
- Assisting in the transport and Disposal/Diversion of natural debris, such as rubble, mud, and fallen trees, from the Public Right-of-Way.

- Holding a drop-off event or providing Dumpsters/roll-offs for the public to bring their Solid Waste when their hauler is not providing service or additional services when needed.

CONTRACTOR acknowledges that when providing emergency services, CONTRACTOR may be required to Collect Solid Waste from another waste hauler's Containers. Also, another waste hauler may Collect Solid Waste from CONTRACTOR's Containers.

Prior to performing any work, CONTRACTOR is to consult with Director regarding the number of Vehicles and staff, and duration of cleanup. This includes vehicle certification discussed in more detail below. CONTRACTOR shall charge COUNTY for requested MSW Management Services in amounts not greater than the following, as negotiated between Director and CONTRACTOR:

1. Automated Collection Services

Fees with respect to Solid Waste discarded in Containers and/or Bulky Item Collection. Examples include:

- Provide an additional day of service to Occupants; or
- Provide service to Persons outside the Service Area such as to the City of Glendora residents if their waste hauler is unable to Collect Refuse after a major earthquake and the city has an agreement with COUNTY for assistance. If location is not near Service Area, COUNTY will pay a fair price for additional transportation or Disposal costs based on comparable MSW Management Services.

2. Solid Waste Not Discarded in Containers

Fees per ton for Disposal* (with respect to Solid Waste, including Abandoned Waste, not discarded in Containers) as provided in Attachment 7-4, Task 2 Emergency Service Fees of Exhibit 7. Director may require CONTRACTOR to obtain consent or acknowledgement from property owners prior to removal of Solid Waste or debris.

3. Roll-Off Containers or Drop-Off Events

Fees the CONTRACTOR charges for comparable MSW Management Services (with respect to Solid Waste not discarded in Containers) such as roll-off containers or drop-off events.

4. Palm Frond Collection

Fees per hour per vehicle* as proposed in Attachment 7-4, Task 2 Emergency Service Fees of Exhibit 7 if significant amounts of palm fronds

fall from trees, CONTRACTOR shall Sweep areas requested, Collect from Right-of-Way, and Dispose of palm fronds.

5. Waste in Right-of-Way Collection Services

Fees with respect to waste discarded in the Public Right-of-Way. Examples include:

- Collection of Abandoned Waste
- Collection from public receptacles
- Collection from Homeless Encampments
- Collection of human waste including from Recreational Vehicles, buckets, or portable public toilets

None of these fees can be greater than the limits provided in item C10 of Section 7, Most Favored Public Entity, unless Director, at his sole discretion, provides authorization based on information provided by CONTRACTOR substantiating the need for an increase.

CONTRACTOR shall cooperate with all Regulatory Agencies, including COUNTY, State of California, and Federal officials in filing information related to a regional, State, or Federally-declared state of emergency or disaster as to which CONTRACTOR has provided equipment and drivers under this CONTRACT. Each vehicle used to transport Solid Waste must be assigned a unique number for tracking and invoice reconciliation. CONTRACTOR shall keep records of relative information, found on a typical weigh ticket, including the location of the source of Collection, location of Disposal/Diversion, vehicle number, tonnages, and type of material. CONTRACTOR shall have any vehicles used during an emergency certified for compliance with Federal Emergency Management Agency (FEMA) requirements for reimbursement. Additionally, if Director has directed residences or businesses to place their debris in the Public Right-of-Way outside the terms of Contract Services, including bulky items, excess solid waste, or Construction and Demolition in quantities that exceeds the limit of two 70-pound containers, Director may request CONTRACTOR to take geotagged photographs of the debris that include adequate background to provide evidence of the location.

Director may direct CONTRACTOR to deliver Solid Waste to any location specified by Director, including a materials recovery facility, landfill, sediment placement site, or a debris placement sight.

CONTRACTOR shall give first consideration to COUNTY in the event of a major disaster such as an earthquake, fire, mudslide, storm, riot, or civil disturbance as declared by the President of the United States, Governor of California, or the Board of Supervisors.

CONTRACTOR shall follow the practices identified in Section 7 for billing. However, when providing services to other jurisdictions/agencies, it may be

possible to arrange billing and payment directly between CONTRACTOR and the other jurisdiction/agency. Director will determine the billing procedure prior to CONTRACTOR providing service.

All terms and conditions of this CONTRACT remain in effect while performing any work under this subsection, even when it is on behalf of another jurisdiction/agency.

G. Litter Collection

Director has determined the need to efficiently remove litter and prevent it from becoming a community eyesore, decreasing neighborhood property values, posing a safety hazard, providing a breeding ground for disease carrying rodents, insects, and other vermin, and in general, lowering the quality of life for residents. This service is not a Sweep of the entire Service Area but rather an as-needed service. CONTRACTOR shall provide all necessary equipment and temporary Containers including brooms rakes, shovels, bags, or Dumpsters to Collect, transport, and Dispose of litter in the following circumstances:

- As requested by Director
- Upon observation by CONTRACTOR, when requested by Director to provide this service

Examples include a pile of Refuse on the sidewalk or an undeveloped portion of land within the Public Right-of-Way. CONTRACTOR shall Collect litter within 48 hours of request by Director and submit before and after photos to Director along with the monthly invoices for County Services. CONTRACTOR may also Collect large piles of Refuse it observes and submit before and after photos.

Litter Collection under this section does not include litter already required to be Collected near Bulky Items, alleys, public curbside receptacles, or Homeless Encampment Containers.

CONTRACTOR shall use the Director's Trash Monitoring Program (TMP) smartphone application, or other system as determined by Director, to record information such as the location, brief description, and photograph of Collected Solid Waste.

H. Method of Payment for Task 2 Services

For County Services, CONTRACTOR shall bill COUNTY directly, in accordance with item C of Section 6.

EXHIBIT 3A3 – Additional Services

C. Annual Curbside Cleanup Events Services (Item H2 of Exhibit 3A1)

CONTRACTOR shall conduct the Annual Curbside Cleanup Event in the same month designated by Director, for each Calendar Year, unless otherwise instructed Director or requested by CONTRACTOR and approved by Director.

D. Manure Service (Item D13 of Exhibit 3A1)

1. Scope of Services and Specifications

Upon Customer request, CONTRACTOR shall arrange to provide separate, automated Collection, transportation, and Diversion of Manure, on the Service Day or days agreed with Customer, at least weekly, from either the Set-Out Site or by scout service.

CONTRACTOR shall provide upon Customer request any of the following Containers for the Customer Service Fees provided on the Attachment 7-2, Task 1 Service Fees of Exhibit 7:

- One or more 64-gallon Carts (or other capacity Cart approved by Director) exclusively for Manure, or
- One or more two-cubic yard Dumpsters exclusively for Manure
- Green Waste mixed with Manure requires Direct approval.

CONTRACTOR shall offer Manure Dumpster scout services when the larger Collection Vehicle cannot Collect the Container at the Set-Out Site, for an additional charge

If CONTRACTOR observes Manure discarded in an Occupant's Refuse or Green Waste Cart, CONTRACTOR shall provide Notice explaining that Customer is responsible for any Cart damage due to discarded Manure. CONTRACTOR may charge Customer the cost to repair or replace such a Cart damaged by Manure.

While providing service, CONTRACTOR shall minimize the noise when near horses. The Collection vehicle shall not operate the Collection arm or compact the load while within 100 feet of a horse that is walking in the Public Right-of-Way or compact the load within 100 feet of a horse on private property.

To minimize traffic, emissions, and truck trips, CONTRACTOR shall use the same vehicle to service Manure Carts and Dumpsters, unless otherwise approved by Director. The front/rear loading trucks must be capable of servicing both Carts and Dumpsters. CONTRACTOR shall not use a side loader Vehicle for Carts and a front or rear loader for Dumpsters unless there are sufficient accounts to fill each vehicle. For instance, if three Vehicles were required to service an area, two front loaders and one side loader could be used.

2. CONTRACTOR—Designated Facility

CONTRACTOR shall transport Manure from Manure Container only to the facility or facilities that CONTRACTOR has designated in Contractor Documentation in Exhibit 17 for Solid Waste Facilities.

E. Bear-Resistant Carts (Item D12 of Exhibit 3A1) [not applicable to South Bay]

CONTRACTOR shall provide each Occupant within the designated bear zone, bear-resistant Carts at no additional charge. Bear Zones are approximately one-quarter of one mile from the Angeles National Forest boundary and are indicated in the lists and maps in Exhibit 17. Director may alter the bear zone boundary at any time, based on bear activity. CONTRACTOR must expect that the number of accounts requiring bear-resistant Carts will increase over the term of the contract as the food sources from within the bear zone are decreased and bears forage further into the urban area.

CONTRACTOR shall provide Occupants outside of the bear zones, upon Customer request, Carts for the Customer Service Fees provided on the Attachment 7-2, Task 1 Service Fees of Exhibit 7. Customers that want more than three Carts shall pay an additional fee for each Cart but shall not receive a discount for using less than three Carts. Customers outside of bear zones may want these types of containers to prevent other wildlife from accessing their waste or are near bear zones but want to be extra cautious.

Any Carts used must be designed to resist access by bears and be certified by a recognized agency, such as the Interagency Grizzly Bear Committee. Carts lids are to be clearly color-coded to identify contents, Refuse, Recyclables, or Green Waste. CONTRACTOR is to provide the same weekly Collection services as required in Section 3 of Exhibit 3A1 for bear-resistant and regular Carts.

CONTRACTOR retains ownership of the Carts and is responsible for maintaining or replacing Cart including lost or damaged Carts.

Carts in this section are not bound by subsection 6 of Exhibit 3A1 regarding the inventory requirement of delivery within 7 days of request but must be delivered within a reasonable timeframe.

F. Minimum Service (Up to Ten feet) (Item I3 of Exhibit 3A1)

This service is not currently required but may be requested by Director for implementation at any time.

This service is like services in Item I1 of Exhibit 3A1 but for areas with Set-Out Site limitations and a distance up to approximately ten feet as measured between the Set-Out Site and the location the Occupant places Carts, for the surcharge not to

exceed 5 percent of the monthly basic rate. See location in the maps in item A7 of Exhibit 16 or a list of locations in item C4 of Exhibit 16.

This service is to help prevent Carts from being a hazard in the street. This is for locations where there is not adequate space for Collection. CONTRACTOR is to move Cart to the street temporarily for Collection and return Carts to where Occupant had placed them. CONTRACTOR shall not leave the Carts in the street for Collection for more than 30 minutes.

This distance will be measured as either for the following situations:

- Occupant's temporary location in Public Right-of-Way to the Set-Out Site, such as the grass parkway.
- Occupant's permanent storage location on private property, such as behind a fence at the front property line.

Examples of situations with Set-Out Site limitations include but are not limited to:

- Many parked cars and Occupant temporarily place Carts in the grass parkway behind cars.
- Many parked cars and Occupant temporarily place Carts on the sidewalk behind cars, provided there is adequate space on the sidewalk to not interfere with pedestrians.
- Striped bike paths where Occupant would ordinarily place Carts in the bike path.
- Hillside communities where Carts may impede the flow of vehicular traffic.

G. Special Community Events

Some communities may hold special events that may impact the ability for CONTRACTOR to perform Contract Services. These may include parades or fairs. While events are typically on weekends, the set up may occur during the week, especially on the Friday immediately prior. Not only may access to the immediate area be limited during the event, the increased pedestrians and vehicles in the area may make it advisable for CONTRACTOR to avoid a larger area to ensure the safety of participants.

CONTRACTOR must coordinate Solid Waste Collection services within the area with Director. Abandoned Waste is to be removed from the area as close to the event as possible.

EXHIBIT 5 – Additional Contract Language

PART 1 - Part no longer used.

PART 2 - Part no longer used.

CONTRACTOR shall not make any claims against or assert an interest in any account, fund, or reserve that COUNTY may establish or set aside from the proceeds of the Franchise Fee or otherwise or maintains to cover Liabilities relating to Unpermitted Waste, which established fund or reserve COUNTY is under no obligation to establish or maintain.

B. Insurance

Without limiting its Indemnities, and in the performance of this CONTRACT and until all its Performance Obligations pursuant to this CONTRACT have been met, CONTRACTOR shall provide and maintain the following programs of insurance at its own expense. Performance Obligations under this Section are in addition to and separate from any other Performance Obligation in this CONTRACT. COUNTY reserves the right to review and adjust the insurance requirements in this Section if COUNTY determines that there have been changes in risk

exposures. COUNTY makes no warranty that the insurance coverage terms, types, and limits in this Part 4B is sufficient to protect CONTRACTOR for Liabilities that may arise from or in relation to this CONTRACT.

1. Primary, Excess, Non-Contributory

All CONTRACTOR's insurance carried under this Part 4B shall be primary with respect to any other insurance or self-insurance programs available to COUNTY.

Neither COUNTY'S failure to obtain, nor COUNTY'S receipt of, or failure to object to a noncomplying insurance certificate or endorsement or any other insurance documentation or information provided by CONTRACTOR, its insurance broker(s) and/or insurer(s), shall be construed as a waiver of any Performance Obligation under this Part 4B. If CONTRACTOR does not provide and maintain those programs of insurance, COUNTY may purchase required insurance coverage without further Notice to CONTRACTOR, and COUNTY may charge CONTRACTOR any premium costs advanced by COUNTY for that insurance and draw on the Performance Assurance provided by CONTRACTOR.

4. Evidence of Insurance: COIs and copies of policies

At least 30 days prior to the Execution Date and thereafter 30 days prior to each policy renewal and within two business days of any Director request, CONTRACTOR shall deliver a certificate or certificates of insurance or other evidence of coverage acceptable to Director at the address provided for Notices. The full policy limits and scope of protection must apply to each of those additional insureds even if those limits or scope exceed the minimum required insurance specifications in this CONTRACT. CONTRACTOR may use an automatic additional insured endorsement if the endorsements meet the requirements of this Part 4B.

(2) Waiver of Subrogation Endorsements. Include copies of subrogation endorsements necessary to effect CONTRACTOR's waiver of its and its insurer(s)' rights of recovery against COUNTY under all insurance under this Section 14B, to the fullest extent permitted by law.

e. *Deductibles and SIRs*

Identify any deductibles or self-insured retention ("SIR") exceeding \$50,000 for Director's approval. CONTRACTOR's policies shall not obligate COUNTY to pay any portion of any CONTRACTOR deductible or SIR.

COUNTY retains the right to require CONTRACTOR to reduce any deductibles or self-insured retention as they apply to COUNTY or to require CONTRACTOR to provide a bond, letter of credit, or certificate of deposit guaranteeing payment of all retained losses and

related costs, including expenses, or both, related to investigations, claims administrations, and defense. The bond must be executed by a corporate surety licensed to transact business in the State of California; the letter of credit must be issued by a bank or other financial institution acceptable to Director.

- **Disposal Tipping Fees (16 Months After Commencement Date):** Annual change of the monthly average, if any, in CONTRACTOR's Direct Costs of Refuse Disposal, such as changes in publicly-posted tipping fees, at the Solid Waste Facility it has designated in Contractor Documentation, Exhibit 17, and any other supporting documentation, submitted to Director by March 1; or
- **Diversion of Recyclables (16 Months After Commencement Date):** Annual changes of the monthly average, if any, in CONTRACTOR's costs of Diversion of Recyclables, based on the change in rates at Puente Hills Materials Recycling Facility, and any other supporting documentation; or
- **Diversion of Green Waste with Food Waste (16 Months After Commencement Date):** Annual changes of the monthly average in CONTRACTOR's costs of Diversion of Green Waste, such as public tipping fees, from the Solid Waste Facility it has designated in Contractor Documentation in Exhibit 17, and any other supporting documentation, submitted to Director by March 1.
- **Diversion of Manure (16 Months After Commencement Date):** Annual changes of the monthly average in CONTRACTOR's costs of Diversion of Manure, such as public tipping fees, from the Solid Waste Facility it has designated in Contractor Documentation in Exhibit 17, and any other supporting documentation, submitted to Director by March 1.

12-Month Comparisons - Because the contract start date may not be January 1 and the first year of service requires at least 6 months of data, the first rate adjustment must prorate expenses for the Calendar Year over 12 months to make the comparison of costs between two 12-month periods. For example, a contract that begins service on April 1 will have only 9 months of Disposal/Diversion expenses and therefore those costs must be divided by 9 months and multiplied by 12 months to estimate what the expenses would have been over a 12-month period.

b. Adjustments at Any Time

If CONTRACTOR requests Director by Notice or Director Notifies CONTRACTOR at any time, following agreement with CONTRACTOR, the Director may adjust the Service Fees in either of the following events, subject to maximums in Refuse Disposal, or Recyclables or Green Waste Diversion in subsection A4, and limitations in A6:

(1) Changes in Law

Change in CONTRACTOR's Direct Costs of providing Contract Services due to Changes in Law. Any adjustment in the Service Fee due to a Change in Law by the State is not included in the Maximum Rate Adjustment in subsection 4. However, any increases due to Changes in Law cannot increase more than 10 percent per Contract Year but increases in excess of 10 percent may be carried over to the next Contract Year or years.

(2) Changes in Scope of Service

CONTRACTOR's Direct Costs of providing Contract Services due to changes in Contract Services or Standards. For example, if Director requests a new service such as Collection of Bulky Items from Occupant's front doors instead of the Set-Out Site, the rate increase would be implemented when the service begins and not limited to July 1.

(3) Extraordinary Circumstances

Change in CONTRACTOR's Direct Costs of providing Contract Services due to unforeseeable events.

c. No Adjustment

Service Fees will not be adjusted:

- Within 6 months of the Commencement Date with respect to labor and fuel in item A1a (1).
- Within 16 months with respect to Disposal/Diversion in items A1a (2-3).
- During any of the six possible one-month extensions under item A3 of Section 2.
- If there are any uncured Breaches.
- For Changes other than changes explicitly listed in preceding subsections a and b, including for changes in the price of fuel.
- For any commodity (Refuse, Recyclables, Organic Waste, and Manure) where:
 - Data is missing
 - Tonnages Collected or
 - Fees associated with the Disposal and Diversion of those materials.
 - CONTRACTOR failed to Notify Director of a facility change.

d. Sample Calculation

A sample calculation is attached in Attachment 7-1 of this Exhibit.

2. Rounding

All calculations are rounded to the nearest 1/100th decimal place (for example, 10.9656 percent to 10.97 percent, or 10.9637 percent to 10.96). The decimal 5 is rounded up (for example, 10.965 percent to 10.97 percent). Adjustments in Service Fees are rounded to the nearest penny (for example, \$25.34).

3. Weighted Adjustment - Serviced Fee Components

Rather than asking for employee's actual salaries and the actual amount of fuel used, the monthly Service Fees for Contract Services will be divided into the following cost components and adjusted by these percentages:

Labor (and other general costs of Contract Services)	60%
Fuel	5%
Refuse Disposal	Actual
Green Waste Diversion with Food Waste	Actual
Green Waste Diversion without Food Waste	Actual
Food Waste Only	Actual
Recyclables Diversion	Actual

For the purposes of rate adjustments, it is assumed that CONTRACTOR's labor related expenses are 60 percent of the total CONTRACT costs and fuel related expenses are 5 percent of the total CONTRACT costs.

Items C and D of this exhibit have further details on method of the calculation of the labor and fuel values. Items E and F of this exhibit have further details on method of the calculation of the actual values. A sample calculation is attached in Attachment 7-1 of this Exhibit.

4. Maximum Rate Adjustment

Adjustments to the Service Fees cannot exceed the percentages in the following table, except for changes due to acts of the State in item A1b(1) of this exhibit:

Contract Period (on July 1)*	Maximum Adjustment**
Years 0 to 0.5 (Less than 6 months from Commencement Date to July 1)	0 percent
Years 0.5 to 7 (July 1 to the scheduled Termination Date under Section 2)	35 percent
Years 8 to 11 / Extension(s), if any (July 1 of any first 2-year extension to June 30 on the extended Termination Date)	5 percent, per year
Any time (Changes in direct costs due to Change In Law by the State)	Actual Direct Costs
Six 1-month extensions, if any	No Change

* Rate adjustments due to Changes in Laws or Contract Services under subsection A1 above may be implemented at any time during the Term.

** Any change in Service Fees for direct costs due to Changes in Law promulgated by the State in item A1b(1) of this exhibit are not included in the percentage calculations of the Maximum Cumulative Service Fee Adjustment. They are added to the percentage calculations.

For example, during the first seven years of the CONTRACT, the Service Fee could increase 35 percent plus an additional amount due to an increase of \$4 per Ton on the State-mandated Disposal fee.

5. Customer 30-Day Notice

CONTRACTOR shall provide all Customers a minimum of 30-days written Notice of the implementation of changes in any Customer Service Fees.

6. Adjustment Limitations

No adjustment will be effective until Notice thereof has been provided by COUNTY to the Board of Supervisors.

Service Fees will be adjusted only if there are no uncured Breaches.

While COUNTY will automatically adjust the labor (CPI) and fuel components, adjustments to the Disposal and Diversion components requires the submittal of documentation by CONTRACTOR by March 1 of each year. Failure to submit data will result in no adjustment to either the Disposal or Diversion components, or both.

If CONTRACTOR and Director fail to reach an agreement to adjust the Service Fees because of Changes in Law or changes in Contract Services or Standards described below, COUNTY will have the option to not adjust the rate for changes in law, changes in scope of service, or extraordinary circumstances for the upcoming Fiscal Year.

- Container Size Exchanges Beyond One (Exhibit 3A1 D3c)
- Container Removal and Return (Exhibit 3A1 D3e)
- Roll-Out Service for non-Elderly or Disabled (Exhibit 3A1 I and Section 7A2d)
- Difficult to Service (Exhibit 3A1 O & Section 7A2c)
- Cart Cleaning (Exhibit 3A1 D3d)

B. This item is no longer used

C. Service Fee Adjustment for Annual Changes in CPI

A minimum of 6 months must elapse between Commencement Date and July 1 of the current year. The CPI component of the Service Fee will be the percent change, if any, between the following:

- The monthly average CPI during the 12-month period commencing March 1 of the previous year to the last day of February of the current year, and
- The monthly average CPI during the 12-month period commencing March 1 of the prior previous year to the last day of February of the previous year.

For example, a contract that started April 1, 2018, will not be eligible for a rate adjustment for CPI on July 1, 2018. On July 1, 2019, the rate adjustment would

compare March 1, 2018 through February 28, 2019, to March 1, 2017 through February 28, 2018.

The index to be used is the Consumer Price Index for “Water and sewer and trash collection services in U.S. city average, all urban consumers, not seasonally adjusted”, Series ID CUSR0000SEHG, published by the United States Department of Labor, Bureau of Labor Statistics at <https://data.bls.gov/timeseries/CUSR0000SEHG>.

D. Service Fee Adjustment for Annual Changes in Fuel

A minimum of 6 months must elapse between Commencement Date and July 1 of the current year. The DOE CNG component of the Service Fee adjustment will apply only to the percentage of Vehicles in a fleet that use compressed natural gas. The adjustment of the DOE LNG component will apply only to the percentage of Vehicles in a fleet that use LNG. The adjustment of the RNG component will apply only to the percentage of Vehicles in a fleet that use RNG.

DOE CNG means the West Coast Average Price for Fuel – Compressed Natural Gas Average Prices by Region from Clean Cities Sources, published quarterly in Energy Efficiency and Renewable Energy/Clean Cities Alternative Fuel Price Report from the United States Department of Energy website, www.afdc.energy.gov/fuels/prices.html or if that is permanently discontinued, another CNG price published by a State or the Federal government selected by Director.

EIA LNG means the average for fuel – Product/All Types for Area/California (Period: Annual) price published monthly in the Official Energy Statistics from the United States Energy Information Administration website, http://tonto.eia.doe.gov/dnav/ng/ng_pri_sum_dcu_SCA_m.htm or if that is permanently discontinued, another CNG price published by a State or the Federal government selected by Director.

RNG Indices means the average for fuel for RNG price published by a State or the Federal government selected by Director.

1. Adjustment Due to Change in DOE CNG

The CNG Fuel Component of the Service Fees will be adjusted by the percent change, if any, between the following:

- The DOE CNG quarterly averages commencing in January of the previous year and ending in December of the previous year (averages for the fourth quarter are not available early enough to be used), and
- The DOE CNG quarterly averages commencing January of the prior previous year through December of the prior previous year.

2. Adjustment Due to Change in Energy Information Administration (EIA) LNG

The EIA LNG Fuel Component of the Service Fees will be adjusted by the percent change, if any, between the following:

- The EIA LNG monthly average during the 12-month period commencing March 1 of the previous year to the end of February of the current year, and
- The EIA LNG monthly average during the 12-month period commencing March 1 of the prior previous year to the end of February of the previous year.

3. Adjustment Due to Change in RNG

At the time of the writing of this CONTRACT, limited information was available regarding RNG. The language here is a placeholder until more specific information becomes available. Director intends to use a method similar to that for CNG and LNG.

The RNG Fuel Component of the Service Fees will be adjusted by the percent change, if any, between the following:

- The average of the CNG and LNG quarterly averages commencing in January of the previous year and ending in December of the previous year.

4. Adjustment Due to Change in Electricity or Other Fuels

The average for fuel price published by a State or the Federal government selected by Director, similar to methods established for CNG and LNG.

E. Service Fee Adjustment for Changes in Refuse Disposal, Organic Waste Diversion, and Manure Diversion Facility Fees

A minimum of 16 months must elapse between Commencement Date and July 1 of the current year. The Disposal and Diversion Components of Net Service Fees will be adjusted for any change in Refuse Disposal, Organic Waste Diversion, and Manure Diversion tipping fees charged CONTRACTOR by the Solid Waste Facility designated by CONTRACTOR in Contractor Documentation in item B17 of Exhibit 17.

Prior to any change in designated facilities, CONTRACTOR must provide Notification to Director for consent of change. Failure to receive approval from Director will result in rate adjustments being calculated based on the less expensive of the existing and previous facility. Director may conditionally approve changing the Solid Waste Facilities to a more expensive facility by not allowing the increased cost to be passed down to the Customer.

CONTRACTOR is to notify Director of any rate changes at facilities within 7 days of the increase. Failure to notify Director will impact how rate adjustments are calculated. Director will only use rates that have been sent to Director. For example, if a facility raises its rates from \$60 per ton to \$65 per ton on March 1 but CONTRACTOR notified Director on July 1, Director will use the \$60 per ton for January 1 through June 30 for the rate adjustment calculations. The \$65 rate will be used for July 1 through December 30.

The expectation is that if CONTRACTOR was awarded this CONTRACT based on a bid price for a certain facility, that facility or a less expensive one is to be continued to be used for the term of CONTRACT. CONTRACTOR can petition Director for a change to a more expensive facility for unusual circumstances, such as a facility closure or significant environmental benefit.

The annual cost is the difference of:

- Average monthly fee during the current Calendar Year multiplied by the actual tons reported (see Item A1 of Section 10) for that year, and
- Average monthly fee during the prior Calendar Year multiplied by the actual tons reported (see Item A1 of Section 10) for that year.

The above annual cost is divided by the number of Customers on March 1 of the current year and then divided by 12 months to determine the monthly component for Refuse Disposal, Organic Waste Diversion, and Manure Diversion.

1. Facilities Open to Public

The Refuse Disposal, Organic Waste Diversion, and Manure Diversion components of the Service Fees will be adjusted by the percent change, if any, between the monthly average fee for the year for Refuse Disposal, Organic Waste Diversion, and Manure Diversion for the previous two years.

2. Facilities Not Open to Public

The Refuse Disposal, Organic Waste Diversion, and Manure Diversion components of the Service Fees will be adjusted by the percent change, if any, between the monthly average fee for Refuse Disposal, Organic Waste Diversion, and Manure Diversion for the previous two years.

CONTRACTOR must substantiate to the satisfaction of Director changes in tipping fees CONTRACTOR is paying at the Solid Waste Facility by submitting before March 1, monthly invoices from the Solid Waste Facility, showing the total Tons and rate paid for Disposal/Diversion.

- If CONTRACTOR owns the Solid Waste Facility, it must show the posted gate rate paid by the public that has no financial agreement

with CONTRACTOR, by contract or letter-of-agreement, unless there is no posted gate rate.

- If CONTRACTOR owns the Solid Waste Facility but has no posted gate rate, CONTRACTOR must substantiate changes in tipping fees by submitting other documentation acceptable to Director.

For example, CONTRACTOR may own the Solid Waste Facility it designated for Disposal and consequently internalize Disposal costs at the Solid Waste Facility. The costs must be adequately explained. If CONTRACTOR does not substantiate to the satisfaction of Director that CONTRACTOR is experiencing that change in tipping fees, the Disposal/Diversion Component will not be adjusted.

3. Transfer (Trans) Loading Plus Disposal/Diversion Elsewhere

The Refuse Disposal, Organic Waste Diversion, and Manure Diversion components of the Service Fees will be adjusted by the percent change, if any, between the monthly average cost for Refuse, Organic Waste, and Manure Transferring, transporting, and Disposal/Diversion for the previous two years.

CONTRACTOR must substantiate to the satisfaction of Director fees CONTRACTOR is paying by submitting before March 1, invoices from the facility, showing the total Tons and rate paid for Transfer loading, expenses for transporting to another facility, Disposal/Diversion at another facility, and any other documentation to support expenses. If CONTRACTOR does not substantiate to the satisfaction of Director that CONTRACTOR is experiencing that change in tipping fees, the Disposal/Diversion Component will not be adjusted.

F. Service Fee Adjustment for Changes in Recyclables Diversion Facility Fees

A minimum of 18 months must elapse between Commencement Date and July 1 of the current year. Regardless of the actual facility used by CONTRACTOR, the Recyclables Diversion Components of Net Service Fees will be adjusted for the change in Recyclables Diversion tipping fees charged at the Puente Hills Materials Recycling Facility. The adjustment is calculated based on the difference of:

- Average monthly fees/refunds during the current Calendar Year multiplied by the actual tons reported (see Item A1 of Section 10) for that period, and
- Average monthly fees/refunds during the prior Calendar Year multiplied by the actual tons reported (see Item A1 of Section 10) for that period.

The above annual profit/loss is divided by the number of customers and divided by 12 months to determine the monthly component for Recyclables.
