36. **Question:** "Effective 2014, the Affordable Health Care Act will incur significant costs to contractors in the area of personnel benefits.

Since its signing into law in 2010, the Act has had little impact on bid pricing, and many contractors have chosen to disregard the cost implications of this act in price proposals. While we consistently budget these costs in our operations, our company has been challenged in procurements when competing against those companies whose price has been artificially lowered by failure to comply with the provisions of this law. In an effort to ensure compliance with the Affordable Health Care Act, we respectfully requests Department of Public Works takes one of the following actions:

- Mandate that all bidders comply (in both technical and price proposals) with the provisions of this act effective January 2014, and submit official certification of compliance; and / or
- Provide benchmark costs per employee for healthcare obtained through the Affordable Health Care Act; thus ensuring that all bidders are using the same per person costs when projecting participation levels and overall cost relative to benefits; or
- Provide adequate assurances that Department of Public Works will open contract negotiations at the time that this Act impacts employers (and not before); thus allowing bidders to submit price proposals based on the current costs of doing business, with this Act not yet set into law."

Response: Please note Part I, Section 3.S, Wages, Materials, and other Costs, on page 1.30, which clearly states that it is the responsibility of the Proposer to

calculate the proposal price and to take into consideration a possible escalation of wages, materials, and other costs during the contract period.

Response: No, there is no Disadvantaged Business Enterprise goal.

38. **Question:** Will the Department of Public Works allow proposers to submit alternate proposals that may result in cost savings achieved through contract synergies of combining the Whittier and East LA projects or should these bids be considered totally separate with no cost synergies allowed?

Response: The Whittier, et al., Dial-A-Ride Service and the East Los Angeles Dial-A-Ride Service will be awarded and evaluated independently. Proposers may submit one proposal for one service or two separate proposals packaged separately, one for each service. Cost synergies will not be considered during the evaluation process.
