REQUEST FOR PROPOSALS

SECTION 1

INTRODUCTION

A. Proposers' Conference

Each Proposer or an authorized representative must attend a Proposers' Conference to be held at the place, date, and time announced in the Notice of Request for Proposals. **ALL INTERESTED PROPOSERS OR THEIR AUTHORIZED REPRESENTATIVE MUST ATTEND THIS CONFERENCE.** Proposals received from Proposers not signed in as attending this conference will be rejected as nonresponsive. Proposers are encouraged to be prepared to ask questions concerning the Request for Proposals (RFP), Contract requirements, specifications, terms, and conditions. For example, questions may address concerns, if any, that the application of minimum mandatory requirements, evaluation criteria, and/or business requirements would unfairly disadvantage Proposers or, due to unclear instructions, may result in the County not receiving the best possible responses from Proposers. Upon conclusion of the Proposers' Conference, Public Works will only provide further clarifications and/or answers concerning this solicitation through an addendum and/or informational update, to all who attended the conference.

B. Minimum Mandatory Requirements

Interested and qualified Proposers, who can demonstrate their ability to successfully provide the required services outlined in Exhibit A, Scope of Work, of this RFP are invited to submit a proposal, provided they meet the following requirement(s) at the time of proposal submission:

1. Proposer and subcontractors, if any, must have a minimum of 5 years of experience providing laboratory services as indicated in Exhibit A, Scope of Work.
2. Proposer's managing employees and subcontractors' managing employees, if any, must have a minimum of 5 years of experience providing laboratory services as indicated in Exhibit A, Scope of Work.
3. Proposer and subcontractors, if any, must submit a valid and active accreditation by the California State Water Resources Control Board's Environmental Laboratory Accreditation Program (with ELAP certification number).

4. Proposer and subcontractors, if any, must submit a valid and active California Department of Health Services (DHS) certification number issued by the California Department of Health Services.
5. Proposer and subcontractors, if any, that performs microbiological testing for drinking water and wastewater has an office and a stationary laboratory located in Los Angeles County capable of receiving and commencing bacteriological analysis within six (6) hours of sample collection.

C. Contract Analysts

Proposers are instructed not to contact any County personnel other than the Contract Analysts listed below regarding this solicitation. All contact regarding this RFP or any matter relating thereto must be in writing and may be mailed or e-mailed to:

If it is discovered that a Proposer contacted and received material information from any County personnel, other than the Contract Analysts named in the Notice of RFP and above, regarding this solicitation, the County, in its sole determination, may disqualify their proposal from further consideration.

D. Child Support Compliance Program

Proposers shall: 1) fully comply with all applicable State and Federal reporting requirements relating to employment reporting for its employees; and 2) comply with all lawfully served Wage and Earnings Assignment Orders and Notices of Assignment, and continue to maintain compliance during the term of any Contract that may be awarded pursuant to this solicitation. Failure to comply may be cause for termination of a Contract and/or initiation of debarment proceedings against the noncompliant Contractor (County Code, Chapter 2.202).

E. County Rights and Responsibilities

The County has the right to amend this RFP by written addendum prior to the proposal submission deadline. The County is responsible only for that which is expressly stated in this solicitation document and any authorized written addenda. Addendums shall be made available to each person or organization that attended

Addendums shall be made available to each person or organization that attended the Proposers' Conference. Should an addendum(s) require additional information not previously requested, failure to address the requirements of such addendum may result in the proposal not being considered, as determined in the sole discretion of the County. The County is not responsible for and shall not be bound by any representations otherwise made by any individual acting or purporting to act on its behalf.

F. Defaulted Property Tax and Reduction Program

1. The resultant Contract from this RFP will be subject to the requirements of the County's Defaulted Property Tax Reduction Program ("Defaulted Tax Program") (County Code, Chapter 2.206). The successful Contractors should carefully read the Defaulted Tax Program Ordinance, Exhibit E. Proposers should carefully read the pertinent Defaulted Tax Program provisions in Part II, Exhibit B, Service Contract General Requirements, Section 11, Compliance with County's Defaulted Property Tax Reduction Program. The Defaulted Tax Program applies to both Contractors and their Subcontractors, if any.
2. Proposers shall be required to certify that they are in full compliance with the provisions of the Defaulted Tax Program and shall maintain compliance during the term of any Contract that may be awarded pursuant to this solicitation or shall certify that they are exempt from the Defaulted Tax Program by completing Certification of Compliance with The County's Defaulted Property Tax Reduction Program (Form PW-16). Failure to maintain compliance, or to timely cure defects, may be cause for termination of a Contract or initiation of debarment proceedings against the noncompliant Contractor (County Code, Chapter 2.202). Proposals that fail to comply with the certification requirements of the Defaulted Tax Program will be considered nonresponsive and excluded from further consideration.

G. GAIN and GROW Programs

As a threshold requirement for consideration for Contract award, Proposers shall demonstrate a proven record of hiring participants in the County's Department of Public Social Services Greater Avenues for Independence (GAIN) or General Relief Opportunity for Work (GROW) Programs or shall attest to a willingness to consider GAIN/GROW participants for any future employment openings if they meet the minimum qualifications for that opening. Proposers shall attest to a willingness to provide employed GAIN/GROW participants access to the Proposers' employee mentoring program, if available, to assist these individuals in obtaining permanent employment and/or promotional opportunities.

Proposers who are unable to meet this requirement shall not be considered for Contract award. Proposers shall certify compliance on Form PW-10, GAIN and GROW Employment Commitment.

H. Indemnification and Insurance

The successful Contractor will be required to comply with the indemnification provisions contained in Exhibit B, Section 5, Indemnification and Insurance Requirements. The Contractor will be required to procure, maintain, and provide the County proof of insurance coverage for all programs of insurance along with associated amounts specified throughout the entire term of the proposed Contract without interruption or break in coverage.

I. Injury and Illness Prevention Program

The successful Contractor will be required to comply with the State of California's Cal/OSHA's regulations. Section 3203 of Title 8 in the California Code of Regulations requires all California employers to have a written, effective Injury and Illness Prevention Program that addresses hazards pertaining to the particular workplace covered by the program.

J. Interpretation of Request for Proposals

The definitions and other rules of interpretation set forth in Part II, Sample Agreement and Exhibit B, Section 1, Interpretation of Contract, also apply to interpretation of this RFP.

K. Jury Service Program

1. The resultant Contract from this RFP will be subject to the requirements of the County's Contractor Employee Jury Service Ordinance (Jury Service Program, County Code, Chapter 2.203). Proposers should carefully read the pertinent jury service provisions in the Part II, Exhibit B, Service Contract General Requirements, Section 7, Compliance with County's Jury Service Program. The Jury Service Program applies to both Contractors and their Subcontractors, if any. Proposals that fail to comply with the requirements of the Jury Service Program will be considered nonresponsive and excluded from further consideration.
2. The Jury Service Program requires Contractors and their Subcontractors, if any, to have and adhere to a written policy that provides that its employees shall receive from the Contractor, on an annual basis, no less than 5 days of regular pay for actual jury service. The policy may provide that employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the employee's regular pay the fees received for jury service. For purposes of the Jury Service Program, "employee" means any California resident who is a full-time employee of a Contractor, and "full-time" means 40 hours or more worked per week or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County; or 2) the Proposer has a long-standing practice that defines the lesser number of hours as full-time. Therefore, the Jury

Service Program applies to all of a Contractor's full-time California employees, even those not working specifically on the County project. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program.

3. There are two ways in which a Contractor might not be subject to the Jury Service Program. The first is if the Contractor does not fall within the Jury Service Program's definition of "Contractor." The Jury Service Program defines "Contractor" to mean a person, partnership, corporation, or other entity which has a Contract with the County or a Subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Contracts or Subcontracts. The second is if the Contractor meets one of the two exceptions to the Jury Service Program. The first exception concerns small businesses and applies to Contractors that have: 1) ten or fewer employees; and 2) annual gross revenues in the preceding 12 months which, if added to the annual amount of this proposed Contract is less than \$500,000; and 3) is not an "affiliate or subsidiary of a business dominant in its field of operation." The second exception applies to Contractors that possess a collective bargaining agreement that expressly supersedes the provisions of the Jury Service Program. The Contractor is subject to any provision of the Jury Service Program not expressly superseded by the collective bargaining agreement.
4. If a Contractor does not fall within the Jury Service Program's definition of "Contractor" or if it meets any of the exceptions to the Jury Service Program, then the Contractor must so indicate in the Contractor Employee Jury Service Program Application for Exception and Certification Form (Form PW-3) and include with its submission all necessary documentation to support the claim, such as tax returns or a collective bargaining agreement, if applicable. Upon reviewing the Contractor's application, the County will determine, in its sole discretion, whether the Contractor falls within the definition of "Contractor" or meets any of the exceptions to the Jury Service Program. The County's decision will be final.

L. County's Preference Programs

The County of Los Angeles has three preference programs. The Local Small Business Enterprise (LSBE), Disabled Veteran Business Enterprise (DVBE), and Social Enterprise (SE). The Board of Supervisors encourages business participation in the County's contracting process by continually streamlining and simplifying our selection process and expanding opportunities for these businesses to compete for County opportunities. The Preference Programs (LSBE, DVBE, and SE) requires that a business must complete certification prior to requesting a preference in a solicitation. In no case shall the Preference Programs (LSBE, DVBE, and SE) price or scoring

preference be combined with any other county preference program to exceed fifteen percent (15%) in response to any County solicitation. Sanctions and financial penalties may apply to a business that knowingly, and with intent to defraud, seeks to obtain or maintain certification as a certified LSBE, DVBE, or SE when not qualified.

1. Local Small Business Enterprise (LSBE) Preference Program

- a. To the extent permitted by State and Federal law and when the price category is scored, the County will give Local SBE preference during the solicitation process to businesses that meet the definition of an LSBE, consistent with Chapter 2.204.030C.1 of the Los Angeles County Code. An LSBE is defined as a business: 1) certified by the State of California as a small business and has had its principal place of business located in Los Angeles County for at least 1 year; or 2) certified as a small business enterprise with other certifying agencies pursuant to the Department of Consumer and Business Affairs (DCBA) inclusion policy that: a) has its principal place of business located in Los Angeles County, and b) has revenues and employee sizes that meet the State's Department of General Services requirements. The business must be certified by the DCBA as meeting the requirements set forth above prior to requesting the LSBE Preference in a solicitation.
- b. To apply for certification as an LSBE, businesses should contact the DCBA at <http://dcba.lacounty.gov>.
- c. Certified LSBEs may only request the preference if the certification process has been completed and certification is affirmed. Businesses must complete and submit Form PW-9, Request for County's Preference Program Consideration and CBE Firm/Organization Information Form and submit a letter of certification from the DCBA with their proposal.
- d. Information about the State's small business enterprise certification regulations is in the California Code of Regulations, Title 2, Subchapter 8, Section 1896 et seq., and is also available on the California Department of General Services Office of Small Business Certification and Resources website at <http://www.pd.dgs.ca.gov/smbus/default>.

2. Social Enterprise (SE) Preference Program

- a. The County will give preference during the solicitation process to businesses that meet the definition of an SE, consistent with Chapter 2.205 of the Los Angeles County Code. An SE is defined as:

- i. A business that qualifies as an SE and has been in operation for at least one year (1) providing transitional or permanent employment to a Transitional Workforce or providing social, environmental and/or human justice services; and
 - ii. A business certified by the DCBA as an SE.
 - b. Certified SE may only request the preference if the certification has been completed and certification is affirmed. Businesses must complete and submit Form PW-9, Request for County's Preference Program Consideration and CBE Firm/Organization Information Form and submit a letter of certification from the DCBA with their proposal.
 - c. Further information on SE also available on the DCBA's website at: <http://dcba.lacounty.gov>
3. Disabled Veteran Business Enterprise (DVBE) Preference Program
- a. The County will give preference during the solicitation process to businesses that meet the definition of a DVBE, consistent with Chapter 2.211 of the Los Angeles County Code. A DVBE vendor is defined as:
 - i. A business which is certified by the State of California as a DVBE; or
 - ii. A business which is verified as a Service-Disabled Veteran-Owned Small Business (SDVOSB) by the Veterans Administration.
 - iii. A business certified as DVBE with other certifying agencies pursuant to the DCBA inclusion policy that meets the criteria set forth by the agencies in 1 and 2 above.
 - b. The DCBA shall certify that a DVBE is currently certified by the State of California, by the U.S. Department of Veteran Affairs, or is determined by the DCBA inclusion policy that meets the criteria set forth by the agencies above.
 - c. Certified DVBE may only request the preference if the certification process has been completed and certification is affirmed. Businesses must complete and submit Form PW-9, Request for County's Preference Program Consideration and CBE Firm/Organization Information Form and submit a letter of certification from the DCBA with their proposal.

- d. Information about the State's DVBE certification regulations is found in the California Code of Regulations, Title 2, Subchapter 8, Section 1896 et seq., and is also available on the California Department of General Services Office of Disabled Veteran Business Certification and Resources website at <http://www.dgs.ca.gov/pd/Home.aspx>.
- e. Information on the Department of Veteran Affairs SDVOSB certification regulations is found in the Code of Federal Regulations, 38CFR 74 and is also available on the Department of Veterans Affairs website at: <http://www.vetbiz.gov>.

M. Notification to County of Pending Acquisitions/Mergers by Proposing/Bidding Company

The Proposer shall notify the County of any pending acquisitions/mergers of their company. This information shall be provided by the Proposer on Form PW-1, Verification of Proposal. The proposed Contract will only be awarded to the entity that submitted the proposal. Any acquisitions and merger will be handled pursuant to Exhibit B, Section 2.B, Assignment and Delegation, and evaluated in accordance with the Board's policy regarding Contractors engaged in mergers and acquisitions. Failure of the Proposer to provide this information may eliminate its proposal/bid from any further consideration.

N. Prompt Payment Program

It is the intent of the County that Certified Local SBE receive prompt payment for services they provide to County departments. Prompt payment is defined as 15 calendar days after the receipt of an undisputed and approved invoice.

O. Proposer's Charitable Contributions Compliance

California's "Supervision of Trustees and Fundraisers for Charitable Purposes Act" regulates receiving and raising charitable contributions. Among other requirements, those subject to the Charitable Purposes Act must register. The 2004 Nonprofit Integrity Act (SB 1262, Chapter 919) increases Charitable Purposes Act requirements. New rules cover California public benefit corporations, unincorporated associations, trustee entities, and may include similar foreign corporations doing business or holding property in California. Key Nonprofit Integrity Act requirements affect executive compensation, fundraising practices, and documentation. Charities with over \$2 million of revenues (excluding funds that must be accounted for to a governmental entity) have new audit requirements.

All prospective Contractors must determine if they receive or raise charitable contributions, which subject them to the Charitable Purposes Act and complete

the certification form attached as Form PW-12. A completed Form PW-12 is a required part of any agreement with the County.

In Form PW-12, prospective Contractors certify either that:

1. They have determined now that they do not receive or raise charitable contributions regulated under the California Charitable Purposes Act (including the Nonprofit Integrity Act) but will comply if they become subject to coverage of those laws during the term of a County contract; or
2. They are currently complying with their obligations under the Charitable Purposes Act, attaching a copy of their most recent filing with the Registry of Charitable Trusts.

Prospective County Contractors that do not complete Form PW-12 as part of the solicitation process may, in the County's sole discretion, be disqualified for Contract award. A County Contractor that fails to comply with its obligations under the Charitable Purposes Act is subject to either Contract termination or debarment proceedings or both (County Code, Chapter 2.202).

P. Proposal Requirements and Contract Specifications

1. Persons who wish to Contract with the County may respond to this RFP by submitting a proposal in the form described in the following Sections and Attachments. Proposers are instructed to carefully read these Terms, Requirements, Specifications, Conditions, Attachments, and Exhibits.
2. Requirements for proposals are explained in Part I of this RFP.
3. The proposed Contract's specifications and requirements are fully described in Part II, Sample Agreement; any Exhibits; and Attachments. Proposers are also requested to review Attachment 1, Policy on Doing Business with Small Business; Attachment 2, Listing of Contractors Debarred in Los Angeles County; and Attachment 3, County of Los Angeles Lobbyist Ordinance.
4. Dates and times of the Proposers' Conference and for the submission of proposals are set forth in the Notice of Request for Proposals.

Q. Security and Background Investigations

Background and security investigations of Contractor's staff may be required at the discretion of the County as a condition of beginning and continuing work under any resulting Contract. The cost of background checks is the responsibility of the Contractor.

R. Vendor Registration

Proposers must register online with the County's web-based vendor registration system to facilitate the Contract award process. Registration can be accomplished online via the Internet by accessing the County's home page at <https://camisvr.co.la.ca.us/webven/default.asp> and click on "New Registration". Being registered will assist the Proposer in receiving notifications of the release of County solicitations that may be of interest to the Proposer.

S. Time Off for Voting

The Contractor shall notify its employees, and shall require each Subcontractor to notify and provide to its employees, information regarding the time off for voting law (Elections Code, Section 14000). Not less than 10 days before every Statewide election, every Contractor and Subcontractors shall keep posted conspicuously at the place of work, if practicable, or elsewhere where it can be seen as employees come or go to their place of work, a notice setting forth the provisions of Section 14000.

T. Local Small Business Enterprise Utilization

When requested by the County, the Contractor shall provide to the County via methods specified by the County, such as submission of electronic live (or dynamic) data on invoices for the prime and all subcontractors using County-designated third party software system or to a County approved website, or other means of submitting expenditure information on subcontractors, including, but not limited to, the following information: the name, business address and telephone number/email address of each subcontractor.

In addition, the Contractor shall be required to provide each of the specified subcontractor Local Small Business Enterprise (LSBE), Disabled Veteran Business Enterprise (DVBE), and Social Enterprise status (i.e., whether any of the listed subcontractors are Local SBE) and the proposed monetary amount of the work the subcontractor will perform on each Notice to Proceed. At the time of submittal of each invoice, the Contractor shall indicate, via methods specified by the County, the actual dollar amounts paid to each listed subcontractor who performed work on the project. The subcontractor may be requested to confirm receipt of the actual payment to the subcontractor by the prime.

The parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure to the Contractor to comply with this Section. The parties will agree that under the current circumstances a reasonable estimate of such damages is specified in Exhibit F, Performance Requirements Summary, and that the Contractor shall be liable to the County for said amount.

If in the judgment of the Director of Public Works, or his/her designee, the Contractor is deemed to be in non-compliance with the terms and obligations, the Director or his/her designee, at his/her option, in addition to, or in lieu of, other remedies provided in Exhibit F, Performance Requirements Summary, may deduct and withhold liquidated damages from County's final payment to the Contractor.

U. Proposer's Acknowledgement of County's Commitment to Zero Tolerance Human Trafficking

Contractors are required to complete Form PW-17, Zero Tolerance Human Trafficking Policy Certification, certifying that they are in full compliance with the County's Zero Tolerance Human Trafficking provision as defined in Exhibit B, Section 2.00, Compliance with County's Zero Tolerance Human Trafficking Policy. Further, Contractors are required to comply with the requirements under said provision for the term of any contract awarded pursuant to this solicitation.

SECTION 3

GENERAL CONDITIONS OF REQUEST FOR PROPOSALS

A. Acceptance or Rejection of Proposals

The right is reserved to reject any or all proposals that, in the judgment of the Board or Director, are not in the best interests of the County/Public Works/Special Districts. The County further reserves the right to cancel this request for proposals at any time at its sole discretion. In the event of any such rejection of proposals or cancellation of this solicitation, the County will not be liable for any costs incurred in connection with the preparation and submittal of a proposal.

Proposals signed by an agent other than the president and secretary of a corporation or a member of a general copartnership must be submitted with a power of attorney or corporate resolution, certified by the secretary or assistant secretary, authorizing such signature; otherwise, the proposal may be rejected as unauthorized and nonresponsive.

No proposal will be considered unless the Proposer submits a proposal for all requested items. If the solicitation document requests multiple quotations, no Proposal will be considered unless the Proposer submits a price on all items within each category; however, the solicitation document may not require the Proposer to submit a price on all of the categories.

B. Altering Solicitation Document

The wording of the solicitation document shall not be changed. Any additions, conditions, limitations, or provisions inserted by the Proposer will render their Proposal irregular and may cause its rejection as nonresponsive.

C. County Responsibility

The County will not be responsible for representation made by any of its officers or employees prior to the execution of the proposed Contract unless such understanding or representation is included in the proposed Contract.

D. Determination of Proposer Responsibility

1. A responsible Proposer is a Proposer who has demonstrated the attribute of trustworthiness as well as quality, fitness, capacity, and experience to satisfactorily perform the proposed Contract. It is the County's policy to conduct business only with responsible Contractors.
2. Proposers are hereby notified that, in accordance with Chapter 2.202 of the Los Angeles County Code, the County may determine whether the Proposer is responsible based on a review of the Proposer's performance on any Contracts including, but not limited to, County Contracts. Particular attention will be given to violations of labor laws related to employee

compensation and benefits and evidence of false claims made by the Proposer against public entities. Labor law violations which are the fault of Subcontractors and of which the Proposer had no knowledge shall not be the basis of a determination that the Proposer is not responsible.

3. The County may declare a Proposer to be nonresponsible for purposes of the proposed Contract if the Board, in its discretion, finds that the Proposer has done any of the following: (1) violated a term of a Contract with the County or a nonprofit corporation created by the County; (2) committed an act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform a Contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or omission which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.
4. If there is evidence that the highest-rated Proposer may not be responsible, Public Works will notify the Proposer in writing of the evidence relating to the Proposer's responsibility and its intention to recommend to the Board that the Proposer be found not responsible. Public Works will provide the Proposer and/or the Proposer's representative with an opportunity to present evidence as to why the Proposer should be found to be responsible and to rebut evidence, which is the basis for Public Works' recommendation.
5. If the Proposer presents evidence in rebuttal to Public Works, Public Works will evaluate the merits of such evidence, and based on that evaluation, make a recommendation to the Board. The final decision concerning the responsibility of the Proposer will reside with the Board.
6. These terms shall also apply to any proposed Subcontractors of Proposer on County Contracts.

E. Disqualification of Proposers

More than one proposal from an individual, firm, partnership, corporation, or association under the same or different names will not be considered. Reasonable grounds for believing that any Proposer has an interest in more than one proposal for the work contemplated may cause the rejection of all proposals in which such Proposer has interest on the basis of nonresponsibility and/or nonresponsiveness. If there is reason for believing that collusion exists among the Proposers, such collusion by the participants may be cause for the rejection of their proposals or future proposals on the basis of nonresponsibility and/or nonresponsiveness and may subject such Proposers to debarment.

F. Gratuities

1. It is improper for any County officer, employee, or agent to solicit consideration, in any form, from a Proposer with the implication, suggestion, or statement that the Proposer's provision of the consideration may secure more favorable treatment for the Proposer in the award of the proposed Contract or that the Proposer's failure to provide such consideration may negatively affect the County's consideration of the Proposer's submission. A Proposer shall not offer or give, either directly or through an intermediary, consideration, in any form, to a County officer, employee, or agent for the purpose of securing favorable treatment with respect to the award of the proposed Contract.
2. A Proposer shall immediately report any attempt by a County officer, employee, or agent to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (800) 544-6861. Failure to report such a solicitation may result in the Proposer's submission being rejected on the basis of nonresponsibility and/or nonresponsiveness.
3. Among other items, such improper consideration may take the form of cash; discounts; services; and the provision of travel, entertainment, or tangible gifts.

G. Knowledge of Work to be Done

By submitting a proposal, Proposer shall be held to have carefully read this RFP, all attachments, and exhibits; satisfied themselves before the delivery of their proposal as to their ability to meet all of the requirements and difficulties attending the execution of the proposed work; and agreed that if awarded a Contract, no claim will be made against the County based on this RFP including, without limitation, claims based on any ambiguity or misunderstanding. Furthermore, the Proposer has carefully examined the location(s) of the proposed work, and is familiar with all of the physical and climatic conditions, and makes this proposal solely upon the Proposer's own knowledge. The Proposer has carefully examined these specifications and requirements, both in general and in detail, any drawings attached, and any additional communications sent and makes their proposal in accordance therewith. If Proposer's proposal is accepted, the Proposer will enter into a written contract with the County for the performance of the proposed work and will accept payment based on the prices shown in Form PW-2, Schedule of Prices, as full compensation for work performed. It is understood and agreed that the quantities set forth in Form PW-2, Schedule of Prices, and this RFP are only estimates, and the unit prices will apply to the actual quantities, whatever they may be.

H. Notice to Proposers Regarding the Public Records Act

1. Responses to this solicitation shall become the exclusive property of the County. Absent extraordinary circumstances, the recommended Proposer's proposal will become a matter of public record when (1) Contract negotiations are complete; (2) Department receives a letter from the recommended Proposer's authorized officer that the negotiated Contract is the firm offer of the recommended Proposer; and (3) Department releases a copy of the recommended Proposer's proposal in response to a Notice of Intent to Request a Proposed Contractor Selection Review under Board Policy No. 5.055. Notwithstanding the above, absent extraordinary circumstances, all proposals will become a matter of public record when the Department's proposer recommendation appears on the Board agenda. Exceptions to disclosure are those parts or portions of all proposals that are justifiably defined as business or trade secrets, and plainly marked by the Proposer as "Trade Secret," "Confidential," or "Proprietary."
2. The County shall not, in any way, be liable or responsible for the disclosure of any such record or any parts thereof, if disclosure is required or permitted under the California Public Records Act or otherwise by law. A blanket statement of confidentiality or the marking of each page of the proposal as confidential shall not be deemed sufficient notice of exception. The Proposers must specifically label only those provisions of their respective proposal which are "Trade Secret," "Confidential," or "Proprietary" in nature. Only those provisions labeled as "Trade Secret," "Confidential," or "Proprietary" in nature at the time of proposal submission will be accepted. The Proposers will not be granted opportunity to make any change or label any portion of their respective proposal as "Trade Secret," "Confidential," or "Proprietary" after the submission deadline of the proposals.
3. In the event County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "Trade Secret," "Confidential," or "Proprietary," Proposer agrees to defend and indemnify County from all costs and expenses, including reasonable attorney's fees, in connection with any requested action or liability arising under the Public Records Act.

I. Notice to Proposers Regarding the County Lobbyist Ordinance

The Board has enacted an ordinance regulating the activities of persons who lobby County officials. This ordinance, referred to as the "Lobbyist Ordinance," defines a County Lobbyist and imposes certain registration requirements upon individuals meeting the definition. The complete text of the ordinance can be found in Los Angeles County Code, Chapter 2.160. In effect, each person, corporation, or other entity that seeks a County permit, license, franchise, or Contract must

certify compliance with the ordinance. As part of this solicitation process, it will be the responsibility of each Proposer to review the ordinance independently as the text of the ordinance is not contained in this RFP. Each person, corporation, or other entity submitting a response to this solicitation, must certify that each County Lobbyist, as defined by Los Angeles County Code, Section 2.160.010, retained by the Proposer is in full compliance with Chapter 2.160 of the Los Angeles County Code and each County Lobbyist is **not** on the Executive Office's List of Terminated Registered Lobbyist. The Proposer's signature on the Proposal submission is its certification that it is in full compliance with Los Angeles County Code, Chapter 2.160. See Attachment 3 regarding County Lobbyist.

J. Opening of Proposals

Proposals will not be publicly opened.

K. Proposer Debarment

1. The Proposer is hereby notified that, in accordance with Chapter 2.202 of the Los Angeles County Code, the County may debar the Proposer from bidding or proposing on, or being awarded, and/or performing work on other County Contracts for a specified period of time, which generally will not exceed 5 years but may exceed 5 years or be permanent if warranted by the circumstance, and the County may terminate any or all of the Proposer's existing Contracts with County, if the Board finds, in its discretion, that the Proposer has done any of the following: (1) violated a term of a contract with the County or a nonprofit corporation created by the County; (2) committed an act or omission which negatively reflects on the Proposer's quality, fitness, or capacity to perform a Contract with the County or any other public entity, or a nonprofit corporation created by the County or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.
2. If there is evidence that the highest-rated Proposer may be subject to debarment, Public Works will notify the Proposer in writing of the evidence, which is the basis for the proposed debarment, and will advise the Proposer of the scheduled date for a debarment hearing before the Contractor Hearing Board.
3. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Proposer and/or the Proposer's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a tentative proposed decision, which will contain a recommendation regarding whether the Proposer should be debarred, and, if so, the appropriate length of time of the debarment. The Proposer and

Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

4. After consideration of any objections, or if no objections are received, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
5. If a Proposer has been debarred for a period longer than 5 years, that Proposer may, after the debarment has been in effect for at least 5 years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Proposer has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.
6. The Contractor Hearing Board will consider requests for review of a debarment determination only where (1) the Proposer has been debarred for a period longer than 5 years; (2) the debarment has been in effect for at least 5 years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.
7. The Contractor Hearing Board's proposed decision will contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board will have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
8. These terms shall also apply to proposed Subcontractors of Proposer on County Contracts.
9. Attachment 2 is the link to a Listing of Contractors Debarred in Los Angeles County.

L. Proposal Prices and Agreement of Figures

If the total amount arrived at by multiplying the unit price times the quantity does not agree with the total amount entered for the item or if the total amount is not entered, the unit price and the corrected total amount will be considered as representing the Proposer's intentions. If the total amount is entered for the item, but not the unit price, the unit price will be that which is derived by dividing the total amount proposed for the item by the number of units in the item as representing the Proposer's intentions. If the items are incorrectly calculated, the corrected total will be considered as representing the Proposer's intentions.

M. Proposer's Safety Record

A review of the Proposer's safety record will be made before the award. Proposers are required to submit this information, with their proposal, on Form PW-4, Contractor's Industrial Safety Record form provided. Nonsubmission or an adverse finding as to the Proposer's safety record may be cause for rejection of the Proposal on the basis of nonresponsibility and/or nonresponsiveness.

N. Qualifications of Proposer

No award will be made to any Proposer who cannot give satisfactory assurance as to its ability to carry out the intended Contract, based both on financial strength and experience as a Contractor on work of the nature contemplated in the proposed Contract. Proposers are encouraged to submit records of work of similar nature, size, or extent to that proposed under these specifications and requirements. A reasonable inquiry to determine the responsibility of a Proposer will be conducted. The unreasonable failure of a Proposer to promptly supply information in connection with such inquiry including, but not limited to, information regarding past performance, financial stability, and ability to perform on schedule, may be grounds for a determination of nonresponsibility and/or nonresponsiveness with respect to such Proposer. Unfamiliarity with the type of work required by Public Works may be cause for rejection of the proposal on the basis of nonresponsibility and/or nonresponsiveness.

O. Qualifications of Subcontractors

Proposers shall list all Subcontractors, if any, to be used on the List of Subcontractors (Form PW-8). The use of Subcontractors shall be subject to Public Works' approval. Subcontractors shall be properly licensed under the laws of the State of California for the type of work, which they are to perform. Alternate Subcontractors shall not be listed for the same work.

P. Safely Surrendered Baby Law

The Proposer shall notify and provide to its employees, and shall require each Subcontractor, if any, to notify and provide to its employees, a fact sheet

regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. The fact sheet is set forth in Part II, Exhibit D, of this solicitation document and is also available on the Internet at www.babysafela.org for printing purposes.

Q. Term of Proposals

All proposals shall be firm offers and may not be withdrawn for a period of 270 days following the deadline for submission of proposals.

R. Truth and Accuracy of Representations

False, misleading, incomplete, or deceptively unresponsive statements in connection with a proposal will be sufficient cause for the rejection of the proposal. The evaluation and determination in this area will be at the Director's sole judgment and the Director's judgment will be final.

S. Wages, Materials, and Other Costs

It is the responsibility of the Proposer to calculate the proposal price to take into consideration a possible escalation of wages, materials, and other costs during the Contract period. The Board, County, Public Works, District(s), or Director make no representations regarding future costs or the rate of wages that may become necessary to pay employees of the Contractor for the work performed during the Contract period.

T. Consultant Independent

Proposers that assisted the County in developing or preparing a solicitation document, pursuant to a consultant Contract, are precluded from subsequently being involved in the bidding process on that solicitation document.

U. Acceptance of Terms and Conditions

Each Proposer understands and agrees that submission of proposals in response to this RFP constitutes acknowledgment and acceptance of, and willingness to comply with, all terms and conditions of this RFP, including all addenda to the RFP.

SECTION 4

EVALUATION OF PROPOSALS, AWARD, AND EXECUTION OF CONTRACT

A. Award of Contract

Subject to the right of the Board to make the ultimate decisions concerning the award of Contracts, the County intends to award a Contract to the highest-rated Proposer based on the evaluation criteria in Part I, Section 4.E, Evaluation Criteria, whose proposal provides the most beneficial program and price with all other factors considered. The County retains the right to select a proposal other than the proposal receiving the highest number of points, if County determines, in its sole discretion, another proposal is the most overall qualified, cost-effective, responsive, responsible, and in the best interest of the County. The recommended awardee shall sign and return the Agreement within 14 calendar days of its mailing to the recommended awardee for signature by Public Works. The recommended awardee shall submit copies of its proof of insurance coverage, within 14 days after Board approval of the proposed Contract or at least 14 days prior to the proposed Contract's start date, whichever occurs last. Work under the proposed contract cannot begin before proof of valid insurance coverage is submitted to Public Works.

B. Final Contract Award by Board

Notwithstanding a recommendation by Public Works, the Board retains the right to exercise its judgment concerning the selection of a proposal, the terms of any resultant Contract/agreement, and to determine which proposal best serves the interests of the County. The Board is the ultimate decision-making body and makes the final determinations necessary to arrive at a decision to award, or not award, a Contract, or to award a Contract to a Proposer other than the highest-rated Proposer.

C. Evaluation of Proposals

1. All responses to this RFP become the property of the County. Upon receipt of the proposal as specified and evaluation of proposals in accordance with the evaluation criteria set forth below, Public Works may recommend the award of a Contract to one or more of those submitting proposals. The proposed Contract may be submitted to the Board for consideration and possible approval.
2. The County may require whatever evidence it deems necessary to determine the Proposer's overall and specific abilities to meet the requirements of proposed Contract over the entire Contract term. This determination will be based on, but not limited to, an evaluation of the Proposer's experience, personnel, financial stability and resources, work plan, cost to perform requested services, and staffing plan.

3. The County reserves the sole right to judge the Proposer's written and oral representations and to review, evaluate, and select the successful proposal(s).
4. The County may make on-site inspections of Proposer's current jobs and/or facilities.
5. The County, in its sole discretion, may elect to waive any error or informalities in the form of a proposal or any other disparity, if, as a whole, the proposal substantially complies with the RFP's requirements.
6. The County may utilize the services of appropriate experts to assist in the evaluation process.

D. Pass/Fail Review

Proposals will be reviewed on a Pass/Fail basis concerning the items listed below. Proposals not meeting all of these requirements may be rejected as nonresponsive:

1. Proposer is signed in as attending the Proposers' Conference.
2. Proposal was time stamped by the Cashier prior to the deadline for submission of the proposal. Any proposal without a Public Works time stamp verifying that the deadline for submission has been met will be rejected.
3. Proposer and Subcontractors, if any, has demonstrated that it complies with all minimum requirements as outlined in Part I, Section 1.B, Minimum Mandatory Requirements, and has submitted a completed and signed Form PW-18.
4. Proposer submitted information regarding Experience and Work Plan as outlined in Part I, Section 2.A.
5. Proposer and Subcontractors, if any, have completed and signed all appropriate forms.

E. Evaluation Criteria

All proposals will receive a composite score (rating) and be ranked in numerical sequence from high to low based on the following criteria:

1. Proposed Price (40 points)

The proposed price should accurately reflect the Proposer's cost of providing the required products and services and any profit expected during the Contract term. Prior to scoring, the proposed prices must be adjusted in accordance with the LSBE, DVBE, or SE Preference Programs, as applicable.

- LSBE, DVBE, or SE Preference Program: To the extent permitted by State and Federal law, should one or more of the Bidders qualify for the County's Preference Programs stated in Part I of Form PW-9.1, Request for County's Preference Program Consideration and CBE Firm/Organization Information Form, the price component points will be adjusted prior to scoring as follows: 15 percent of the lowest price proposed will be calculated, which shall not exceed \$150,000, and that amount will be deducted from the prices submitted by all LSBE, DVBE, or SE Bidders who requested and were granted the LSBE, DVBE, or SE Preference Programs. The LSBE, DVBE, or SE Preference Programs will not reduce or change the Proposer's payment, which is based on the Proposer's bid amount.

Subject to such adjustment(s), the lowest Total Adjusted Proposed Price for years 1 through 5, quoted in the Summary Sheet for Schedule of Prices, Form PW-2.5, will receive the full weight of this evaluated item. Other proposals will receive a prorated score calculated as follows: divide the lowest Total Adjusted Proposed Annual Price for years 1 through 4 by each other Proposer's Adjusted Total Proposed Annual Price for years 1 through 4 and multiply the result by the maximum possible points for this evaluation criterion. The proposal with the lowest Total Adjusted Proposed Annual Price for years 1 through 4 may not necessarily be awarded a Contract.

2. Performance History/References (20 points)

a. Potential Points

Public Works will attempt to obtain the required number of Proposer's references for overall satisfaction with Proposer's services, with priority given to services provided in the following order: County of Los Angeles departments, other counties, cities, governmental entities, nonprofit entities, private companies, etc. Proposer may receive up to a maximum of 10/3 points for each responding reference up to a total of three responding references. On Form PW-6, Proposer's Reference List, Proposers must identify all Contracts with the County of Los Angeles during the previous 3 years and must identify County's Contacts for each Contract. Public Works reserves the right to utilize any reference of Proposer, County or other, listed or not listed. Proposer shall receive zero points for each of the minimum required references not received.

b. Potential Deductions

In addition to the references provided, the review will include the County's Contract Database and Contractor Alert Reporting Database (CARD), if applicable, reflecting past performance history on County or other Contracts. If references fail to substantiate Proposer's description of services provided; references fail to support

that Proposer has a continuing pattern of providing capable, productive, and skilled personnel and services; or a significant unacceptable weakness in references may result in a low or zero score. Additionally, a Proposer's unacceptable performance on another County Contract(s), as documented by either the County's Contract Database or Contractor Alert Reporting Database (CARD) by an unfavorable reference, may result in point deductions up to 100 percent of the total points awarded in this evaluation category. A score of zero in this evaluation category may result in rejection of the proposal as nonresponsive.

References may be contacted by telephone, facsimile, mail, express delivery, or e-mail. It is the Proposer's responsibility to ensure that accurate and timely contact information is included in the proposal. Public Works will ordinarily not make repeated attempts to contact references and will ordinarily not contact the Proposer to correct bad phone numbers, etc. It is the Proposer's responsibility to ensure that its references respond promptly to Public Works' requests for information.

3. Experience (20 points)

Proposers will be evaluated on the Experience submitted as part of Section 2.A.5 (Experience). The evaluators may give reduced scores to any Proposer that omits or fails to sufficiently address any of the items specified in Section 2.A.5 of this RFP. Failure to demonstrate the minimum lengths of experience performing the service may result in rejection of the proposal as nonresponsive.

The evaluators may award higher points for the higher quality and quantity of experience of the Proposer, its key personnel, supervising employees, and Subcontractors, if any, in providing the requested services to organizations. Greater weight will be given to services provided to agencies of similar size and nature. The evaluators may consider the Proposer's description of its capabilities, resumes of key staff (Part I, Section 2.A.5), and any other relevant information including, but not limited to, pending litigation and judgments and a review of terminated Contract(s) reported on Form PW-13, Proposer's List of Terminated Contracts. The evaluators may consider the safety record of the Proposer and any Subcontractors to ensure that they have provided services in a safe manner. Significant unacceptable weakness in quality or quantity of experience may result in a low or zero score. A score of zero in this evaluation category may result in rejection of the proposal as nonresponsive.

4. Work Plan (20 points)

Proposers will be evaluated on the Work Plan submitted as part of Section 2.A.6 (Work Plan). The evaluators may give reduced scores to any Work Plan that omits or fails to sufficiently address any of the items specified

in Section 2.A.6 of this RFP. Evaluation and scoring of the Proposer's Work Plan will be based on the extent to which it demonstrates that the Proposer is likely to meet or exceed the performance requirements set forth in Exhibit A, Scope of Work; to demonstrate creativity and innovation that exceed the minimum requirements of the Scope of Work; to render timely and responsive service to Public Works; to respond to contingencies and emergencies; and to provide a professional level of quality in the service and work product. The highest scores will be awarded to the most comprehensive and detailed work plans that are highly likely to lead the Contractor to exceed minimum work requirements.

The evaluators will award higher scores to work plans that commit to specific staffing levels and staff qualifications that exceed the requirements of the work.

Comprehensiveness of the Work Plan will be evaluated based on detailed, specific discussion of all issues relevant to the work. These may include personnel management, training, subcontracting, recruitment and replacement, supervision, supplies, equipment, identification badges, safety, communications, quality control, and other issues.

The evaluation committee may make these determinations from all relevant information presented in the proposal, which may include the work plan, staffing plan, quality assurance plan, schedules, and other documents. If an interview or presentation is scheduled, it may also be considered.

The evaluation committee may also make this determination from all relevant information presented in the Proposer's written Quality Assurance Program (Program), which may include, but is not limited to, policies and procedures, inspection fundamentals as well as a description of quality control documentation, review, and reporting. Failure of the Proposer to designate a qualified inspector that will be provided by Proposer to monitor compliance of the Program and deal with customer complaints and inquiries will result in a reduced score in this category. If a Subcontractor is to perform Quality Assurance, the Program must detail how that Subcontractor will interface with the Proposer and comply with the Program.

Significant unacceptable weakness in any of the Work Plan subject areas or omission of a Work Plan from the proposal at the time of submission may result in a low or zero score. A score of zero in this evaluation category may result in rejection of the proposal as nonresponsive.

5. Optional Interview/Clarification

The County may, at its option, invite one or more Proposers to make a written or verbal clarification, presentation, and/or participate in an interview before a final selection is made. Evaluation criteria for any additional information provided is the same as that for written proposals.

A separate score will not be given for a presentation or interview, but the Proposer's performance may be considered as part of the overall evaluation. The evaluators may, in their sole discretion, limit the offer to give a presentation or interview, if any, to the one or more Proposers who receive the highest scores in a preliminary scoring of proposals in accordance with the evaluation criteria set forth in this Part I, Section 4.E, Evaluation Criteria.

6. Additional Criteria

These criteria are not exclusive. The County reserves the right to apply additional evaluation criteria.

F. Negotiation

The County reserves the right to negotiate the terms, conditions, and price of the Proposal, in the sole discretion of the County, to achieve the most beneficial program and price for the County. The County, in its sole discretion, may limit the negotiation, if any, to one or more responsive and responsible Proposers who receive the highest scores in a preliminary scoring of proposals in accordance with the evaluation criteria set forth in this Part I, Section 4.E, Evaluation Criteria. The negotiation with the Proposer(s) will not result in a change in the rating of the Proposers. If a satisfactory Contract cannot be negotiated, the County may, at its sole discretion, begin Contract negotiations with the next highest-rated Proposer who submitted a proposal, as determined by the County.

SECTION 5

PROTEST POLICY

A. Protest Policy Review Process

1. Under Board Policy No. 5.055 (Services Contract Solicitation Protest), any prospective Proposer may request a review of the requirements under a solicitation for a Board-approved services Contract, as described in paragraph C, Solicitation Requirements Review, below. Any Proposer may request a review of a disqualification or of a proposed Contract award under such a solicitation, as described respectively in Sections below. Additionally, any Proposer may obtain copies of proposals and Public Works evaluation documents as provided in Part I, Section 3, paragraph H. Under any such review, it is the responsibility of the Proposer challenging the decision of Public Works to demonstrate that Public Works committed a sufficiently material error in the solicitation process to justify invalidation of a solicitation or a proposed Contract award as the case may be.
2. Throughout the review process, the County has no obligation to delay or otherwise postpone an award of Contract based on a Proposer protest. In all cases, the County reserves the right to make an award when it is determined to be in the best interest of the County of Los Angeles to do so.

B. Grounds for Review

Unless State or Federal statutes or regulations otherwise provide, the grounds for review of a solicitation for Board-approved services Contract provided for under Board Policy No. 5.055 (Services Contract Solicitation Protest) are limited to the following:

- Review of the Solicitation Requirements
- Review of a Disqualified Bid/Proposal
- Review of the Proposed Contractor Selection

C. Solicitation Requirements Review

Any person or entity may seek a Solicitation Requirements Review by submitting a written request for review to Public Works conducting the solicitation as described in this paragraph. A Request for a Solicitation Requirements Review may be denied, in Public Works' sole discretion, if the request does not satisfy all of the following criteria:

1. The request for a Solicitation Requirements Review is made within 10 business days of the issuance of the solicitation document.

2. The request for a Solicitation Requirements Review includes documentation, which demonstrates the underlying ability of the person or entity to submit a proposal.
3. The request for a Solicitation Requirements Review itemizes in appropriate detail, each matter contested and factual reasons for the requested review.
4. The request for a Solicitation Requirements Review asserts either that:
 - a. Application of the minimum requirements, evaluation criteria, and/or business requirements unfairly disadvantages the person or entity; or,
 - b. Due to unclear instructions, the process may result in the County not receiving the best possible responses from prospective Proposers.
5. The Solicitation Requirements Review will be completed and Public Works' determination will be provided to the requesting person or entity, in writing, within a reasonable time prior to the bid/proposal due date.

D. Place to Submit Requests for Review

All Requests for Review shall be submitted to the Contract Analyst.

E. Disqualification Review

1. A bid/proposal may be disqualified from consideration because Public Works determined it was nonresponsive at any time during the review/evaluation process. If Public Works determines that a bid/proposal is disqualified due to nonresponsiveness, Public Works shall notify the Proposer in writing.
2. Upon receipt of the written determination of nonresponsiveness, the Proposer may submit a written request for a Disqualification Review within the time frame specified in the written determination.
3. A request for a Disqualification Review may, in Public Works' sole discretion, be denied if the request does not satisfy all of the following criteria:
 - a. The person or entity requesting a Disqualification Review is a Proposer.
 - b. The request for a Disqualification Review is submitted timely (i.e., by the date and time specified in the written determination).
 - c. The request for a Disqualification Review asserts that the determination of disqualification due to bid/proposal nonresponsiveness was erroneous (e.g., factual errors, etc.) and provides factual support on each ground asserted as well as copies of all documents and other material that support the assertions.

4. The Disqualification Review shall be completed and the determination shall be provided to the requesting Proposer, in writing, prior to the conclusion of the evaluation process.

F. Debriefing Process

For solicitations where proposals are evaluated and scored in accordance to Section 4, Evaluation of Proposals, the following provisions shall apply:

1. Upon completion of the evaluation, Public Works will notify the remaining Proposers in writing that Public Works is entering negotiations with another Proposer. Upon receipt of the letter, any nonselected Proposer may submit a written request for a Debriefing within the time frame specified in the letter. A request for a Debriefing may, in Public Works' sole discretion, be denied if the request is not received within the specified time frame.
2. The purpose of the Debriefing is to compare the requesting Proposer's response to the solicitation document with the evaluation document. The requesting Proposer shall be debriefed only on its response. Because Contract negotiations are not yet complete, responses from other Proposers shall not be discussed, although Public Works may inform the requesting Proposer of its relative ranking.
3. During or following the debriefing, Public Works will instruct the requesting Proposer of the manner and time frame in which the requesting Proposer must notify Public Works of its intent to request a Proposed Contractor Selection Review, below, if the requesting Proposer is not satisfied with the results of the Debriefing.

G. Proposed Contractor Selection Review

Any Proposer that has timely submitted a notice of its intent to request a Proposed Contractor Selection Review as described in paragraph F, above, may submit a written request for a Proposed Contractor Selection Review in the manner and time frame as specified by Public Works. For low-bid solicitations, where applicable, upon selection of the lowest-cost, responsive, and responsible bidder, Public Works will notify the remaining bidders in writing that Public Works is entering negotiations with another bidder. Public Works will instruct the remaining bidders of the manner and time frame in which each remaining bidder must notify Public Works of its intent to request a Proposed Contractor Selection Review, should such remaining bidder desire to have such a review performed.

A request for a Proposed Contractor Selection Review may, in Public Works' sole discretion, be denied if the request does not satisfy all of the following criteria:

1. The person or entity requesting a Proposed Contractor Selection Review is a Proposer.

2. The request for a Proposed Contractor Selection Review is submitted timely (i.e., by the date and time specified by Public Works).
3. The person or entity requesting a Proposed Contractor Selection Review asserts in appropriate detail with factual reasons one or more of the following grounds for review:
 - a. Public Works materially failed to follow procedures specified in its solicitation document. This includes:
 - i. Failure to correctly apply the standards for reviewing the proposal format requirements.
 - ii. Failure to correctly apply the standards, and/or follow the prescribed methods, for evaluating the proposals as specified in the solicitation document
 - iii. Use of evaluation criteria that were different from the evaluation criteria disclosed in the solicitation document.
 - b. Public Works made identifiable mathematical or other errors in evaluating bids/proposals, resulting in the Proposer receiving an incorrect score, and not being selected as the recommended Contractor.
 - c. For applicable solicitations where responses are evaluated and scored, a member of the Evaluation Committee demonstrated bias in the conduct of the evaluation.
 - d. Another basis for review as provided by State or Federal law.
4. The request for a Proposed Contractor Selection Review sets forth sufficient detail to demonstrate that, but for Public Works' alleged failure, the Proposer would have been the lowest-cost, responsive, and responsible bid or the highest-scored proposal, as the case may be.

Upon completing the Proposed Contractor Selection Review, Public Works representative shall issue a written decision to the Proposer within a reasonable time following receipt of the request for a Proposed Contractor Selection Review, and always before the date the Contract award recommendation is to be heard by the Board. The written decision shall additionally instruct the Proposer of the manner and time frame for requesting a review by a County Independent Review, paragraph H, below.

H. County Independent Review Process

1. Any Proposer that is not satisfied with the results of the Proposed Contractor Selection Review may submit a written request for a County Independent Review in the manner and time frame specified

by Public Works in Public Works' written decision regarding the Proposed Contractor Selection Review.

2. A request for a County Independent Review may, in the County's sole discretion, be denied if the request does not satisfy all of the following criteria:
 - a. The person or entity requesting review by a County Independent Review is a Proposer.
 - b. The request for a review by a County Independent Review is submitted timely (i.e., by the date and time specified by Public Works).
 - c. The person or entity requesting review by a County Independent Review has limited the request to items raised in the Proposed Contractor Selection Review and new items that (a) arise from Public Works' written decision and (b) are one of the appropriate grounds for requesting a Proposed Contractor Selection Review as listed in paragraph G above.
3. Upon completion of the County Independent Review's, Internal Services Department will forward its report to Public Works, which will provide a copy to the Proposer.

**ANALYTICAL METHOD REQUIREMENTS
SEWER MAINTENANCE DIVISION (SMD)**

The undersigned Proposer offers to perform the work described in the Request for Proposal (RFP) for the following price(s). The Proposer's rate(s) (hourly, monthly, etc.) shall include all administrative costs, labor, supervision, overtime, materials, transportation, taxes, equipment, sample containers, supplies, and laboratory consultation unless stated otherwise in the RFP. It is understood and agreed that quantities may vary for any project and the unit prices quoted in the Schedule of Prices will apply to the actual quantities, whatever they may be. Required turnaround times ("Required TAT") are listed in business days (i.e., 5 business days per week) and can be changed on a per project basis with Program Manager approval. Although not anticipated, the County may request analysis for test methods or additional laboratory services not listed below. Any test not listed on this Schedule of Prices will be paid at the Proposer's current published prices which include all costs for the testing as described above.

The following table provides an estimate of SMD's annual testing requirements. Required analyses shall be performed by laboratories certified by the State Water Resources Control Board to perform such analyses pursuant to Article 3, commencing with section 100825, of Chapter 4 of Part 1 of Division 101, Health and Safety Code. Unless directed otherwise by the State Board, analyses shall be made in accordance with U.S. EPA approved methods as prescribed at 40 Code of Federal Regulations parts 141.21 through 141.42, 141.66, and 141.89. Tests listed below are to be performed on water samples from wastewater treatment plant effluent, groundwater monitoring wells, and surface water monitoring locations. Samples are collected by treatment plant operators on a weekly basis mid-week and brought to a central treatment plant in the Malibu area for pickup by the Proposer's courier by noon on the prescheduled regular sampling day. Proposer shall deliver prepopulated COC and all necessary sample bottles/coolers at least two weeks in advance of sample pickup. Costs must include all electronic reporting (pdf report), sample bottle delivery, and courier service within applicable holding times to lab(s). If the Proposer can provide analysis by more than one analytical method of an individual analyte, the Proposer may add lines to the spreadsheet below to provide the different method(s), method detection limit(s), and unit cost(s).

SCHEDULE OF PRICES FOR
AS-NEEDED ENVIRONMENTAL LABORATORY SERVICES PROGRAM (2018-AN011)

**ANALYTICAL METHOD REQUIREMENTS
STORMWATER COMPLIANCE DIVISION - FLOOD CONTROL DISTRICT SECTION (SCD-FCDS)**

The undersigned Proposer offers to perform the work described in the Request for Proposal (RFP) for the following price(s). The Proposer's rate(s) (hourly, monthly, etc.) shall include all administrative costs, labor, supervision, overtime, materials, transportation, taxes, equipment, sample containers, supplies, and laboratory consultation unless stated otherwise in the RFP. It is understood and agreed that quantities may vary for any project and the unit prices quoted in the Schedule of Prices will apply to the actual quantities, whatever they may be. Required turnaround times ("Required TAT") are listed in business days (i.e., 5 business days per week) and can be changed on a per project basis with Program Manager approval. Although not anticipated, the County may request analysis for test methods or additional laboratory services not listed below. Any test not listed on this Schedule of Prices will be paid at the Proposer's current published prices which include all costs for the testing as described above.

The following table provides an estimate of SCD-FCDS's annual testing requirements. Required analyses shall be performed by laboratories certified by the State Water Resources Control Board to perform such analyses pursuant to Article 3, commencing with section 100825, of Chapter 4 of Part 1 of Division 101, Health and Safety Code. Unless directed otherwise by the State Board, analyses shall be made in accordance with U.S. EPA approved methods as prescribed at 40 Code of Federal Regulations parts 141.21 through 141.42, 141.66, and 141.89. Proposer shall also maintain Environmental Laboratory Accreditation Program (ELAP) certification for Field of Testing (FOT) subgroups, and special analysis for the following: **FOT 107** - Microbiology of Wastewater, **FOT 126** - Microbiology of Recreational Water, **FOT 108** - Inorganic Chemistry of Wastewater, **FOT 109** - Toxic Chemical Elements of Wastewater, **FOT 110** - Volatile Organic Chemistry of Wastewater, **FOT 111** - Semi-Volatile Organic Chemistry of Wastewater, **FOT 113** - Whole Effluent Toxicity of Wastewater, **Chlorophyll-a** - SM 10200H, and **Suspended Sediment Concentration** - ASTM D3977-97B. The frequency of the following tests will vary based on projects for the SCD-FCDS Program Manager, but on average a project with water quality sampling may have one to eight locations and up to six sampling events in both wet and dry weather. The tests required per project will also vary dependent upon the location of the Watershed project. The quantity provided below is estimated based on an average of six locations for six sampling events per year, and includes quality assurance/quality control samples for budgeting purposes.

**ANALYTICAL METHOD REQUIREMENTS
STORM WATER ENGINEERING DIVISION (SWED)**

The undersigned Proposer offers to perform the work described in the Request for Proposal (RFP) for the following price(s). The Proposer's rate(s) (hourly, monthly, etc.) shall include all administrative costs, labor, supervision, overtime, materials, transportation, taxes, equipment, sample containers, supplies, and laboratory consultation unless stated otherwise in the RFP. It is understood and agreed that quantities may vary for any project and the unit prices quoted in the Schedule of Prices will apply to the actual quantities, whatever they may be. Required turnaround times ("Required TAT") are listed in business days (i.e., 5 business days per week) and can be changed on a per project basis with Program Manager approval. Although not anticipated, the County may request analysis for test methods or additional laboratory services not listed below. Any test not listed on this Schedule of Prices will be paid at the Proposer's current published prices which include all costs for the testing as described above.

The following table provides an estimate of SWED's annual testing requirements. Required analyses shall be performed by laboratories certified by the State Water Resources Control Board to perform such analyses pursuant to Article 3, commencing with section 100825, of Chapter 4 of Part 1 of Division 101, Health and Safety Code. Unless directed otherwise by the State Board, analyses shall be made in accordance with U.S. EPA approved methods as prescribed at 40 Code of Federal Regulations parts 141.21 through 141.42, 141.66, and 141.89. SWED is responsible for the operation of Seawater Barriers. Chloride samples are obtained daily and custody is transferred to the lab at the end of each week. SWED staff collects approximately 50 samples per week. The lab's courier must meet with SWED staff at a convenient location (currently a field office in Long Beach) to transfer the samples to the lab. SWED also performs routine maintenance activities at its injection wells and discharges the produced water per NPDES permit No CAG994004. Two TSS samples are taken for each well that is maintained, resulting in about 2 samples per week. Additional screening is required at certain "key wells" that are identified in each individual permit. Since the Department discharges to multiple impaired water bodies, the list of constituents for each water body is different. The list below includes all constituents that may be tested for.

**ANALYTICAL METHOD REQUIREMENTS
LOS ANGELES COUNTY FIRE DEPARTMENT (LACFD)**

The undersigned Proposer offers to perform the work described in the Request for Proposal (RFP) for the following price(s). The Proposer's rate(s) (hourly, monthly, etc.) shall include all administrative costs, labor, supervision, overtime, materials, transportation, taxes, equipment, sample containers, supplies, and laboratory consultation unless stated otherwise in the RFP. It is understood and agreed that quantities may vary for any project and the unit prices quoted in the Schedule of Prices will apply to the actual quantities, whatever they may be. Required turnaround times ("Required TAT") are listed in business days (i.e., 5 business days per week) and can be changed on a per project basis with Program Manager approval. Although not anticipated, the County may request analysis for test methods or additional laboratory services not listed below. Any test not listed on this Schedule of Prices will be paid at the Proposer's current published prices which include all costs for the testing as described above.

The following table provides an estimate of LACFD's annual drinking water program and wastewater testing requirements. LACFD owns wastewater and potable water systems that require weekly, monthly, quarterly, and annual testing. Required analyses shall be performed by laboratories certified by the State Water Resources Control Board to perform such analyses pursuant to Article 3, commencing with section 100825, of Chapter 4 of Part 1 of Division 101, Health and Safety Code. Unless directed otherwise by the State Board, analyses shall be made in accordance with U.S. EPA approved methods as prescribed at 40 Code of Federal Regulations parts 141.21 through 141.42, 141.66, and 141.89.

**ANALYTICAL METHOD REQUIREMENTS
ENVIRONMENTAL PROGRAMS DIVISION (EPD)**

The undersigned Proposer offers to perform the work described in the Request for Proposal (RFP) for the following price(s). The Proposer's rate(s) (hourly, monthly, etc.) shall include all administrative costs, labor, supervision, overtime, materials, transportation, taxes, equipment, sample containers, supplies, and laboratory consultation unless stated otherwise in the RFP. It is understood and agreed that quantities may vary for any project and the unit prices quoted in the Schedule of Prices will apply to the actual quantities, whatever they may be. Required turnaround times ("Required TAT") are listed in business days (i.e., 5 business days per week) and can be changed on a per project basis with Program Manager approval. Although not anticipated, the County may request analysis for test methods or additional laboratory services not listed below. Any test not listed on this Schedule of Prices will be paid at the Proposer's current published prices which include all costs for the testing as described above.

The following table provides an estimate of EPD's annual testing requirements. Required analyses shall be performed by laboratories certified by the State Water Resources Control Board to perform such analyses pursuant to Article 3, commencing with section 100825, of Chapter 4 of Part 1 of Division 101, Health and Safety Code. Unless directed otherwise by the State Board, analyses shall be made in accordance with U.S. EPA approved methods as prescribed at 40 Code of Federal Regulations parts 141.21 through 141.42, 141.66, and 141.89. EPD is responsible for testing the quality of industrial wastewaters discharged to the public sewer and/or stormwater collection system or groundwater that may have been contaminated by leaks of hazardous materials or illegal disposal. The testing of soil samples that may have been similarly contaminated is also included. Proposer shall be able to perform the required Field of Testing (FOT) for each constituent listed and shall check the boxes under the column titled FOT (Field of Testing) indicating they are ELAP certified to analyze that specific constituent. Additionally, the Proposer shall indicate their Preferred/Proposed Method of analysis for each constituent. All analyses listed shall be performed within the allowable holding time from the time of collection as specified in the methodology promulgated by the U.S. EPA. Unless prior arrangements are made with the Program Manager, the Proposer shall deliver paperless reports with analytical results to the County on a routine basis within the Required Turnaround Time (TAT) of ten (10) calendar days after the date of delivery of the samples to the Proposer or specified point of transfer. All samples are to be treated as legal evidence and shall be preserved and stored in a secured refrigerated storage facility for one hundred eighty (180) days at no charge to the County, beginning with the date of the final report, unless otherwise notified or until custody is returned to the County or the County authorizes destruction.

**ANALYTICAL METHOD REQUIREMENTS
STORMWATER COMPLIANCE DIVISION - ENVIRONMENTAL PLANNING SECTION (SCD-EPS)**

The undersigned Proposer offers to perform the work described in the Request for Proposal (RFP) for the following price(s). The Proposer's rate(s) (hourly, monthly, etc.) shall include all administrative costs, labor, supervision, overtime, materials, transportation, taxes, equipment, sample containers, supplies, and laboratory consultation unless stated otherwise in the RFP. It is understood and agreed that quantities may vary for any project and the unit prices quoted in the Schedule of Prices will apply to the actual quantities, whatever they may be. Required turnaround times ("Required TAT") are listed in business days (i.e., 5 business days per week) and can be changed on a per project basis with Program Manager approval. Although not anticipated, the County may request analysis for test methods or additional laboratory services not listed below. Any test not listed on this Schedule of Prices will be paid at the Proposer's current published prices which include all costs for the testing as described above.

The following table provides an estimate of Stormwater Compliance Division - Environmental Planning Section's (SCD-EPS) annual testing requirements. Required analyses shall be performed by laboratories certified by the State Water Resources Control Board to perform such analyses pursuant to Article 3, commencing with section 100825, of Chapter 4 of Part 1 of Division 101, Health and Safety Code. Unless directed otherwise by the State Board, analyses shall be made in accordance with U.S. EPA approved methods as prescribed at 40 Code of Federal Regulations parts 141.21 through 141.42, 141.66, and 141.89. The frequency of the following tests will vary based on projects by the SCD-EPS Program Manager, but on average a project with water quality sampling may have one to four locations and up to 12 sampling events in both wet and dry weather conditions. The number of projects will vary annually but estimated between four to six per year. The tests required per project will also vary dependent upon the Watershed the project is located in. The estimated quantity provided below is an estimated based on an average of two locations for 12 sampling events for four projects per year, and includes quality assurance/quality control samples for budgeting purposes. Soil, sediment, solids, and tissue testing may be requested under special circumstances. Please provide the laboratory's rate for less than five samples per year. If the Proposer can provide analysis by more than one analytical method of an individual analyte, the Proposer may add lines to the spreadsheet below to provide the different method(s), method detection limit(s), and unit cost(s).

**COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM
APPLICATION FOR EXCEPTION AND CERTIFICATION FORM**

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Company Name:		
Company Address:		
City:	State:	Zip Code:
Telephone Number:		
(Type of Goods or Services):		

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

☐ My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost, and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.

☐ My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost, and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

☐ My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

☐ My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

COUNTY OF LOS ANGELES

Policy on Doing Business With Small Business

Forty-two percent of businesses in Los Angeles County have five or fewer employees. Only about 4 percent of businesses in the area exceed 100 employees. According to the Los Angeles Times and local economists, it is not large corporations, but these small companies that are generating new jobs and helping move Los Angeles County out of its worst recession in decades.

WE RECOGNIZE...

The importance of small business to the County:

- In fueling local economic growth.
- Providing new jobs.
- Creating new local tax revenues.
- Offering new entrepreneurial opportunity to those historically under-represented in business.

The County can play a positive role in helping small business grow:

- As a multi-billion dollar purchaser of goods and services.
- As a broker of intergovernmental cooperation among numerous local jurisdictions.
- By greater outreach in providing information and training.
- By simplifying the bid/proposal process.
- By maintaining selection criteria which are fair to all.
- By streamlining the payment process.

WE THEREFORE SHALL:

1. Constantly seek to streamline and simplify our processes for selecting our vendors and for conducting business with them.
2. Maintain a strong outreach program, fully coordinated among our departments and districts, as well as other participating governments to: (a) inform and assist the local business community in competing to provide goods and services; and, (b) provide for ongoing dialogue with and involvement by the business community in implementing this policy.
3. Continually review and revise how we package and advertise solicitations, evaluate, and select prospective vendors, address subcontracting, and conduct business with our vendors, in order to: (a) expand opportunity for small business to compete for our business; and, (b) to further opportunities for all businesses to compete regardless of size.
4. Ensure that staff who manage and carry out the business of purchasing goods and services are well-trained, capable, and highly motivated to carry out the letter and spirit of this policy.

County of Los Angeles *Lobbyist Ordinance*

IT'S THE LAW

It may affect you!

Chapter 2.160 of the Los Angeles County Code requires Lobbyists, Lobbying Firms and Lobbyist Employers to register with the Executive Office of the Board of Supervisors. This ordinance imposes extensive reporting requirements on individuals, businesses and other organizations. It places restrictions on the activities of anyone seeking to influence an official action of the County of Los Angeles including actions of the Board of Supervisors or the granting or denial of County contracts, licenses, permits, grants and franchises.

YOU MAY BE CONSIDERED A COUNTY LOBBYIST

If you are compensated to communicate directly (or through agents) with any County official for the purpose of influencing official action, then you may be required to register with the Executive Office of the Board of Supervisors. The requirement to register is the same whether you are an employee of, or on contract with, a firm or organization with business before the County. Additionally, an individual or business entity may be considered a County Lobbying Firm if it receives compensation to influence the County on behalf of any **other** persons or businesses. An individual, business entity or organization that employs or contracts with another individual or firm to represent or make contacts with a County agency on their behalf to influence County action may be considered a County Lobbyist Employer who must also register. If in doubt, it is best to register.

Furthermore, each person or entity who is not otherwise required to register as a County Lobbyist, Lobbying Firm or Lobbyist Employer, but who directly or indirectly expends \$5,000 or more during a calendar quarter to influence official action need not register BUT must report the expenditure to the Executive Office of the Board of Supervisors on a form available from the Executive Office.

REGISTERING IS IMPORTANT

Failure to comply with the ordinance may subject offending Lobbyists, Lobbying Firms, and Lobbyist Employers to **serious penalties including fines up to \$2,000 and denial of contracts, licenses, permits, grants or franchises.** Moreover, some violators may be refused permission to address the Board of Supervisors or any County commission.

HERE'S HOW TO COMPLY WITH THE LAW

Within 10 days of qualifying as a County Lobbyist, Lobbying Firm, or Lobbyist Employer as described in the ordinance, you must register with the Executive Office of the Board of Supervisors.

6. When complaints cannot be resolved informally, a system of follow-through shall be instituted which adheres to formal plans for specific actions and strict time deadlines.
7. Copies of all written responses shall be sent to the Contract Manager within three business days of mailing to the complainant.

Any legal defense pursuant to

Contractor's indemnification obligations under this paragraph shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense, as determined by County in its sole judgment, County shall be entitled to retain its own counsel including, without limitation, County Counsel, and to reimbursement from Contractor for all such costs and expenses incurred by County in doing so. Contractor shall not have the right to enter into any settlement, agree to any injunction or other equitable relief, or make any admission, in each case, on behalf of County without County's prior written approval.

G. Compliance with Civil Rights Laws

Contractor hereby assures that it will comply with Subchapter VI of the Civil Rights Act of 1964, 42 USC Sections 2000 (e)(1) through 2000 (e)(17), to the end that no person shall, on the grounds of race, creed, color, sex, religion, ancestry, age, condition of physical disability, marital status, political affiliation, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract. 2. Contractor shall indemnify, defend, and hold harmless County, its officers, employees, and agents from and against any and all claims, demands, damages, liabilities, losses, costs, and expenses including, without limitation, defense costs and legal, accounting and other expert, consulting or professional fees, arising from, connected with, or related to any failure by Contractor, its officers, employees, agents, or Subcontractors, to comply with this paragraph, as determined by County in its sole judgment. Any legal defense pursuant to Contractor's indemnification obligations under this paragraph shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense, as determined by County in its sole judgment, County shall be entitled to retain its own counsel including, without limitation, County Counsel, and to reimbursement from Contractor for all

such costs and expenses incurred by County in doing so. Contractor shall not have the right to enter into any settlement, agree to any injunction, or make any admission, in each case, on behalf of County without County's prior written approval.

3. Contractor shall inform all of its officers, employees, agents, and Subcontractors providing services hereunder of the confidentiality provisions of this Contract.

I. Conflict of Interest

1. No County employee whose position with County enables such employee to influence the award of this Contract or any competing Contract, and no spouse or economic dependent of such employee shall be employed in any capacity by Contractor or have any other direct or indirect financial interest in this Contract. No officer or employee of Contractor who may financially benefit from the performance of the work hereunder shall in any way participate in County's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence County's approval or ongoing evaluation of such work.
2. Contractor represents and warrants that it is aware of, and its authorized officers have read, the provisions of Los Angeles County Code, Section 2.180.010, "Certain Contracts Prohibited," and that execution of this Agreement will not violate those provisions. Contractor shall comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Contract. Contractor warrants that it is not now aware of any facts that create a conflict of interest. If Contractor hereafter becomes aware of any facts that might reasonably be expected to create a conflict of interest, it shall immediately make full written disclosure of such facts to County. Full written disclosure shall include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this paragraph shall be a material breach of this Contract subjecting Contractor to either Contract termination for default or debarment proceedings or both. Contractor must sign and adhere to the "Conflict of Interest Certification" (Form PW-5).

J. Consideration of Hiring County Employees Targeted for Layoffs or Former County Employees on Reemployment List

Should Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, Contractor shall give first consideration for such employment openings to qualified permanent County employees who are targeted for layoff or qualified, former County employees who are on a reemployment list during the life of this Contract.

K. Consideration of Hiring GAIN and GROW Participants

1. Should Contractor require additional or replacement personnel after the effective date of this Contract, Contractor shall give consideration for any such employment openings to participants in County's Department of Public Social Services Greater Avenues for Independence (GAIN) Program and General Relief Opportunity for Work (GROW) Program who meet Contractor's minimum qualifications for the open position. For this purpose, consideration shall mean that Contractor will interview qualified candidates. County will refer GAIN and GROW participants by category to Contractor.
2. In the event that both laid-off County employees and GAIN and GROW participants are available for hiring, County employees shall be given first priority.

L. Contractor's Acknowledgment of County's Commitment to Child Support Enforcement

Contractor acknowledges that County places a high priority on the enforcement of child support laws and the apprehension of child support evaders. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's L.A.'s Most Wanted: Delinquent Parents poster in a prominent position at Contractor's place of business. County's Child Support Services Department will supply Contractor with the poster to be used.

M. Contractor's Charitable Activities Compliance

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the Charitable Contributions Certification (Form PW-12), County seeks to ensure that all County Contractors which receive or raise charitable contributions comply with California law in order to protect County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either Contract termination for default or debarment proceedings or both. (Los Angeles County Code, Chapter 2.202).

N. Contractor's Warranty of Adherence to County's Child Support Compliance Program

1. Contractor acknowledges that County has established a goal of ensuring that all individuals who benefit financially from County through Contracts are in compliance with their court-ordered child, family, and spousal support obligations in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

2. As required by County's Child Support Compliance Program (Los Angeles County Code, Chapter 2.200), and without limiting Contractor's duty under this Contract to comply with all applicable provisions of law, Contractor warrants that it is now in compliance and shall during the term of this Contract maintain compliance with the employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code, Section 1088.5, and shall implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family, or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code, Section 5246(b).

O. County's Quality Assurance Plan

County or its agent will monitor the Contractor's performance under this Contract on not less than an annual basis. Such monitoring will include assessing Contractor's compliance with all this Contract's terms and conditions and performance standards. Contractor deficiencies which County determines are significant or continuing and that may place performance of this Contract in jeopardy, if not corrected, will be reported to the Board. The report will include improvement/corrective action measures taken by County and Contractor. If improvement does not occur consistent with the corrective action measures, County may suspend or terminate this Contract for default or impose other penalties as specified in this Contract.

P. Damage to County Facilities, Buildings, or Grounds

1. Contractor shall repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings, or grounds caused by Contractor, employees, or agents of Contractor.
2. Such repairs shall be made immediately after Contractor has become aware of such damage, but in no event later than 30 days after the occurrence. If Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined by County, for such repairs shall be repaid by Contractor by cash payment upon demand. County may deduct from any payment otherwise due Contractor for costs incurred by County to make such repairs.

Q. Employment Eligibility Verification

1. Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all of its employees performing work under this Contract meet the citizenship or alien status requirements set forth in Federal and State statutes and regulations. Contractor shall obtain, from all covered

employees performing services hereunder, all verification and other documentation of employment eligibility status required by Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986 (P.L. 99-603), or as they currently exist and as they may be hereafter amended. Contractor shall retain all such documentation for all covered employees for the period prescribed by law.

2. Contractor shall, defend, and hold harmless the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers from employer sanctions and any other liability which may be assessed against Contractor or County or both in connection with any alleged violation of Federal or State statutes or regulations pertaining to the eligibility for employment of persons performing services under this Contract.

R. Facsimile Representations

At the discretion of County, County may agree to regard facsimile representations of original signatures of Contractor's authorized officers, when appearing in appropriate places on the change notices and amendments prepared pursuant to this Exhibit's Amendments, and received via communications facilities, as legally sufficient evidence that such original signatures have been affixed to change notices and amendments to this Contract, such that the Contractor need not follow up facsimile transmissions of such documents with subsequent (nonfacsimile) transmission of "original" versions of such documents.

S. Fair Labor Standards

Contractor shall comply with all applicable provisions of the Federal Fair Labor Standards Act and shall indemnify, defend, and hold harmless the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers from any and all liability including, but not limited to, wages, overtime pay, liquidated damages, penalties, court costs, and attorneys' fees arising under any wage and hour law including, but not limited to, the Federal Fair Labor Standards Act, for work performed by Contractor's employees for which County may be found jointly or solely liable.

T. Force Majeure

1. Neither party shall be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's Subcontractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such

party (such events are referred to in this subparagraph as "force majeure events").

2. Notwithstanding the foregoing, a default by a Subcontractor of Contractor shall not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such Subcontractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for failure to perform, unless the goods or services to be furnished by the Subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this subparagraph, the term "Subcontractor" and "Subcontractors" mean Subcontractors at any tier.
3. In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

U. Governing Laws, Jurisdiction, and Venue

This Contract shall be governed by, and construed in accordance with the laws of the State of California. To the maximum extent permitted by applicable law, Contractor and County agree and consent to the exclusive jurisdiction of the courts of the State of California for all purposes concerning this Contract and further agree and consent that venue of any action brought in connection with or arising out of this Contract, shall be exclusively in the County of Los Angeles.

V. Most Favored Public Entity

If the Contractor's prices decline, or should the Contractor at any time during the term of this Contract provide the same goods or services under similar quantity and delivery conditions to the State of California or any county, municipality, or district of the State at prices below those set forth in this Contract, then such lower prices shall be immediately extended to the County.

W. Nondiscrimination and Affirmative Action

1. Contractor certifies and agrees that all persons employed by it, its affiliates, subsidiaries, or holding companies are and shall be treated equally without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State antidiscrimination laws and regulations.
2. Contractor shall certify to, and comply with, the provisions of Contractor's Equal Employment Opportunity (EEO) Certification (Form PW-7).

3. Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State antidiscrimination laws and regulations. Such action shall include, but not be limited to, employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection of training, including apprenticeship.
4. Contractor certifies and agrees that it will deal with its Subcontractors, bidders, or vendors without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation.
5. Contractor certifies and agrees that it, its affiliates, subsidiaries, or holding companies shall comply with all applicable Federal and State laws and regulations to the end that no person shall, on the grounds of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract.
6. Contractor shall allow County representatives access to Contractor's employment records during regular business hours to verify compliance with the provisions of this paragraph when so requested by County.
7. If County finds that any of the above provisions have been violated, such violation shall constitute a material breach of this Contract upon which County may terminate for default or suspend this Contract. While County reserves the right to determine independently that the antidiscrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has violated Federal or State antidiscrimination laws or regulations shall constitute a finding by County that Contractor has violated the antidiscrimination provisions of this Contract.
8. The parties agree that in the event Contractor violates any of the antidiscrimination provisions of this Contract, County shall, at its sole option, be entitled to a sum of \$500 for each violation pursuant to California Civil Code, Section 1671, as liquidated damages in lieu of terminating or suspending this Contract.

X. Nonexclusivity

Nothing herein is intended nor shall be construed as creating any exclusive arrangement with Contractor. This Contract shall not restrict County from acquiring similar, equal, or like goods and/or services from other entities or sources.

Y. No Payment for Services Provided Following Expiration/Suspension/Termination of Contract

Contractor shall have no claim against County for payment of any money or reimbursement, of any kind whatsoever, for any service provided by Contractor after the expiration, suspension, or other termination of this Contract. Should Contractor receive any such payment, it shall immediately notify County and shall immediately repay all such funds to County. Payment by County for services rendered after expiration/suspension/termination of this Contract shall not constitute a waiver of County's right to recover such payment from Contractor. This provision shall survive the expiration/suspension/termination of this Contract.

Z. Notice of Delays

Except as otherwise provided under this Contract, when either party has knowledge that any actual or potential situation is delaying or threatens to delay the timely performance of this Contract, that party shall, within one business day, give notice thereof, including all relevant information with respect thereto, to the other party.

AA. Notice of Disputes

Contractor shall bring to the attention of the Contract Manager any dispute between County and Contractor regarding the performance of services as stated in this Contract. If the Contract Manager is not able to resolve the dispute, the Director will resolve it.

BB. Notice to Employees Regarding the Federal Earned Income Credit

Contractor shall notify its employees, and shall require each Subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws. Such notice shall be provided in accordance with the requirements set forth in Internal Revenue Service Notice 1015 (Exhibit C).

CC. Notices

Notices desired or required to be given under these Specifications, Conditions, or Terms herein or any law now or hereafter in effect may, at the option of the party giving the same, be given by enclosing the same in a sealed envelope

addressed to the party for whom intended and by depositing such envelope with postage prepaid with the United States Post Office and any such notice and the envelope containing the same shall be addressed to Contractor at its place of business, or such other place as may be hereinafter designated in writing by Contractor. The notices and envelopes containing the same to County shall be addressed to:

Contracting Manager, Business Relations and Contracts Division
County of Los Angeles Department of Public Works
P.O. Box 1460
Alhambra, CA 91802-1460

In the event of suspension or termination of this Contract, notices may also be given upon personal delivery to any person whose actual knowledge of such suspension or termination would be sufficient notice to Contractor. Actual knowledge of such suspension or termination by an individual Contractor or by a copartner, if Contractor is a partnership; or by the president, vice president, secretary, or general manager, if Contractor is a corporation; or by the managing agent regularly in charge of the work on behalf of said Contractor shall in any case be sufficient notice.

DD. Publicity

Contractor shall not disclose any details in connection with this Contract to any person or entity except as may be otherwise provided hereunder or required by law. However, in recognizing Contractor's need to identify its services and related clients to sustain itself, County shall not inhibit Contractor from publicizing its role under this Contract within the following conditions:

1. Contractor shall develop all publicity material in a professional manner.
2. During the term of this Contract, Contractor shall not, and shall not authorize another to, publish or disseminate commercial advertisements, press releases, feature articles, or other materials using the name of County without the prior written consent of the Contract Manager. County shall not unreasonably withhold such written consent.
3. Contractor may, without prior written consent of County, indicate in its proposals and sales materials that it has been awarded this Contract with County, provided that the requirements of this paragraph shall apply.

EE. Public Records Act

1. Any documents submitted by Contractor; all information obtained in connection with County's right to audit and inspect Contractor's documents, books, and accounting records pursuant to this Exhibit's Record Retention and Inspection/Audit Settlement of this Contract; as well as those documents which were required to be submitted

in response to the RFP used in the solicitation process for this Contract, become the exclusive property of County. All such documents become a matter of public record and shall be regarded as public records, except those documents that are marked "Trade Secret," "Confidential," or "Proprietary" and are deemed excluded from disclosure under Government Code 6250 et seq. (Public Records Act). County shall not in any way be liable or responsible for the disclosure of any such records including, with limitation, those so marked, if disclosure is required by law, or by an order issued by a court of competent jurisdiction.

2. In the event County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "Trade Secret," "Confidential," or "Proprietary," Contractor agrees to defend and indemnify County from all costs and expenses, including reasonable attorney's fees, in connection with any requested action or liability arising under the Public Records Act.

FF. Record Retention and Inspection/Audit Settlement

Contractor shall maintain accurate and complete financial records of its activities and operations relating to this Contract in accordance with generally accepted accounting principles. Contractor shall also maintain accurate and complete employment and other records relating to its performance of this Contract. Contractor agrees that County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Contract. All such material including, but not limited to, all financial records, bank statements, cancelled checks, or other proof of payment, timecards, sign-in/sign-out sheets, and other time and employment records, and proprietary data and information shall be kept and maintained by Contractor and shall be made available to County during the term of this Contract and for a period of five years thereafter unless County's written permission is given to dispose of any such material prior to such time. All such material shall be maintained by Contractor at a location in County, provided that if any such material is located outside County, then, at County's option, Contractor shall pay County for travel, per diem, and other costs incurred by County to examine, audit, excerpt, copy, or transcribe such material at such other location.

1. In the event that an audit of Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by Contractor or otherwise, then Contractor shall file a copy of such audit report with County's Auditor-Controller within 30 days of Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. Subject to applicable law, County shall make a reasonable effort to maintain the confidentiality of such audit report(s).

2. Failure on the part of Contractor to comply with any of the provisions of this paragraph shall constitute a material breach of this Contract upon which County may suspend or terminate for default or suspend this Contract.
3. If, at any time during the term of this Contract or within five years after the expiration or termination of this Contract, representatives of County conduct an audit of Contractor regarding the work performed under this Contract, and if such audit finds that County's dollar liability for any such work is less than payments made by County to Contractor, then the difference shall be either: a) repaid by Contractor to County by cash payment upon demand or b) at the sole option of County's Auditor-Controller, deducted from any amounts due to Contractor from County, whether under this Contract or otherwise. If such audit finds that County's dollar liability for such work is more than the payments made by County to Contractor, then the difference shall be paid to Contractor by County by cash payment, provided that in no event shall County's maximum obligation for this Contract exceed the funds appropriated by County for the purpose of this Contract.

GG. Recycled-Content Paper Products

Consistent with Board policy to reduce the amount of solid waste deposited at County landfills, Contractor agrees to use recycled-content paper to the maximum extent possible under this Contract.

HH. Contractor's Employee Criminal Background Investigation

Each of Contractor's staff performing services under this Contract, who is in a designated sensitive position, as determined by County in County's sole discretion, shall undergo and pass a background investigation to the satisfaction of County as a condition of beginning and continuing to perform services under this Contract. Such background investigation must be obtained through fingerprints submitted to the California Department of Justice to include State, local, and federal-level review, which may include, but shall not be limited to, criminal conviction information. The fees associated with the background investigation shall be at the expense of the Contractor, regardless of whether the member of Contractor's staff passes or fails the background investigation.

If a member of Contractor's staff does not pass the background investigation, County may request that the member of Contractor's staff be removed immediately from performing services under the Contract. Contractor shall comply with County's request at any time during the term of the Contract. County will not provide to Contractor or to Contractor's staff any information obtained through the County's background investigation

County, in its sole discretion, may immediately deny or terminate facility access to any member of Contractor's staff that does not pass such investigation to the satisfaction of the County or whose background or conduct is incompatible with County facility access.

Disqualification of any member of Contractor's staff pursuant to this section shall not relieve Contractor of its obligation to complete all work in accordance with the terms and conditions of this Contract.

II. Subcontracting

The requirements of this Contract may not be Subcontracted by Contractor without the advance written approval of County. Any attempt by Contractor to Subcontract without the prior written consent of County may be deemed a material breach of this Contract and the County may suspend or terminate for this Contract default.

1. If Contractor desires to Subcontract, Contractor shall provide the following information promptly at County's request:
 - a. A description of the work to be performed by the Subcontractor.
 - b. A draft copy of the proposed Subcontract.
 - c. Other pertinent information and/or certifications requested by County.
2. Contractor shall indemnify, defend, and hold County harmless with respect to the activities of each and every Subcontractor in the same manner and to the same degree as if such Subcontractor(s) were Contractor employees.
3. Contractor shall remain fully responsible for all performances required of it under this Contract, including those that the Contractor has determined to Subcontract, notwithstanding County's approval of Contractor's proposed Subcontract.
4. County's consent to Subcontract shall not waive County's right to prior and continuing approval of any and all personnel, including Subcontractor employees, providing services under this Contract. Contractor is responsible to notify its Subcontractors of this County right.
5. County's Contract Manager is authorized to act for and on behalf of County with respect to approval of any Subcontract and Subcontractor employees.
6. Contractor shall be solely liable and responsible for all payments or other compensation to all Subcontractors and their officers, employees, agents, and successors in interest arising through services performed hereunder, notwithstanding County's consent to Subcontract.
7. Contractor shall obtain certificates of insurance, which establish that the Subcontractor maintains all the programs of insurance required by County from each approved Subcontractor. Contractor shall ensure delivery of all

such documents to Business Relations and Contracts Division, P.O. Box 1460, Alhambra, California 91802-1460, before any Subcontractor employee may perform any work hereunder.

8. Employee Leasing is prohibited.

JJ. Validity

If any provision of this Contract or the application thereof to any person or circumstance is held invalid, the remainder of this Contract and the application of such provision to other persons or circumstances shall not be affected thereby.

KK. Waiver

No waiver by County of any breach of any provision of this Contract shall constitute a waiver of any other breach of said provision or of any other provision of this Contract. Failure of County to enforce at anytime, or from time to time, any provision of this Contract shall not be construed as a waiver thereof.

LL. Warranty Against Contingent Fees

1. Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by Contractor for the purpose of securing business.
2. For breach of this warranty, County shall have the right, in its sole discretion, to suspend or terminate this Contract for default, deduct from amounts owing to the Contractor, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

MM. Time Off for Voting

The Contractor shall notify its employees, and shall require each Subcontractor to notify and provide to its employees, information regarding the time off for voting law (Elections Code, Section 14000). Not less than ten days before every Statewide election, every Contractor and Subcontractors shall keep posted conspicuously at the place of work, if practicable, or elsewhere where it can be seen as employees come or go to their place of work, a notice setting forth the provisions of Section 14000.

NN. Local Small Business Enterprise Utilization

When requested by the County, the Contractor shall provide to the County via methods specified by the County, such as submission of electronic live (or dynamic) data on invoices for the prime and all subcontractors using County-designated third party software system or to a County approved website, or other

means of submitting expenditure information on subcontractors, including but not limited to the following information: the name, business address and telephone number/email address of each subcontractor.

In addition, the Contractor shall be required to provide each of the specified subcontractor Local Small Business Enterprise (SBE), Disabled Veteran Business Enterprise (DVBE), and Social Enterprise (SE) status (i.e., whether any of the listed subcontractors are Local SBE's) and the proposed monetary amount of the work the subcontractor will perform on each Notice to Proceed. At the time of submittal of each invoice, the Contractor shall indicate, via methods specified by the County, the actual dollar amounts paid to each listed subcontractor who performed work on the project. The subcontractor may be requested to confirm receipt of the actual payment to the subcontractor by the prime.

The parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure to the Contractor to comply with this Section. The parties will agree that under the current circumstances a reasonable estimate of such damages is specified in Exhibit F, Performance Requirements Summary, and that the Contractor shall be liable to the County for said amount.

If in the judgment of the Director, or his/her designee, the Contractor is deemed to be in non-compliance with the terms and obligations, the Director or his/her designee, at his/her option, in addition to, or in lieu of, other remedies provided in Exhibit F, Performance Requirements Summary, may deduct and withhold liquidated damages from County's final payment to the Contractor.

OO. Compliance with County's Zero Tolerance Human Trafficking

Contractor acknowledges that the County has established a Zero Tolerance Human Trafficking Policy prohibiting contractors from engaging in human trafficking.

If a Contractor or member of Contractor's staff is convicted of a human trafficking offense, the County shall require that the Contractor or member of Contractor's staff be removed immediately from performing services under the Contract. County will not be under any obligation to disclose confidential information regarding the offenses other than those required by law.

Disqualification of any member of Contractor's staff pursuant to this paragraph shall not relieve Contractor of its obligation to complete all work in accordance with the terms and conditions of this Contract.

SECTION 3

TERMINATIONS/SUSPENSIONS

A. Termination/Suspension for Breach of Warranty to Maintain Compliance with County's Child Support Compliance Program

Failure of Contractor to maintain compliance with the requirements set forth in this Exhibit's Contractor's Warranty of Adherence to County's Child Support Compliance Program shall constitute a default under this Contract. Without limiting the rights and remedies available to County under any other provision of this Contract, failure of Contractor to cure such default within 90 calendar days of written notice shall be grounds upon which the County may suspend or terminate this Contract pursuant to this Exhibit's Termination/Suspension for Default, and pursue debarment of Contractor pursuant to Los Angeles County Code, Chapter 2.202.

B. Termination/Suspension for Convenience

1. This Contract may be suspended or terminated, in whole or in part, from time to time, when such action is deemed by County, in its sole discretion, to be in its best interest. Suspension or termination of work hereunder shall be effected by notice of suspension or termination to Contractor specifying the extent to which performance of work is suspended or terminated and the date upon which such suspension or termination becomes effective. The date upon which such suspension or termination becomes effective shall be no less than ten days after the notice is sent.
2. After receipt of a notice of suspension or termination and except as otherwise directed by County, Contractor shall:
 - a. Stop work under this Contract on the date and to the extent specified in such notice.
 - b. Complete performance of such part of the work as shall not have been suspended or terminated by such notice.
3. All material including books, records, documents, or other evidence bearing on the costs and expenses of Contractor under this Contract shall be maintained by Contractor in accordance with this Exhibit's Record Retention and Inspection/Audit Settlement.

C. Termination/Suspension for Default

1. County may, by written notice to Contractor, suspend or terminate the whole or any part of this Contract, if, in the judgment of the County:
 - a. Contractor has materially breached this Contract; or
 - b. Contractor fails to timely provide and/or satisfactorily perform any task, deliverable, service, or other work required under this Contract; or
 - c. Contractor fails to demonstrate a high probability of timely fulfillment of performance requirements under this Contract, or of any obligations of this Contract and in either case, fails to demonstrate convincing progress toward a cure within five working days (or such longer period as County may authorize in writing) after receipt of written notice from County specifying such failure.
2. 4. If, after County has given notice of termination or suspension under the provisions of this paragraph, it is determined by County that Contractor was not in default under the provisions of this paragraph or that the default was excusable under the provisions of this paragraph, the rights and obligations of the parties shall be the same as if the notice of termination or suspension had been issued pursuant to this Exhibit's Termination/Suspension for Convenience.

Failure to provide written notice of cancellation or any change in Required Insurance may constitute a material breach of the Contract, in the sole discretion of the County, upon which the County may suspend or terminate this Contract.
5. Failure to Maintain Insurance: Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the Contract, upon which County immediately may withhold payments due to Contractor, and/or suspend or terminate this Contract. Waivers of Subrogation: To the fullest extent permitted by law, the Contractor hereby waives its rights and its insurer(s)' rights of recovery against County under all the Required Insurance for any loss arising from or relating to this Contract. The Contractor shall require its insurers to execute any waiver of subrogation endorsements which may be necessary to effect such waiver.
9. Subcontractor Insurance Coverage Requirements: Contractor shall include all Subcontractors as insureds under Contractor's own policies, or shall provide County with each Subcontractor's separate evidence of insurance coverage. Contractor shall be responsible for verifying each

Subcontractor complies with the Required Insurance provisions herein, and shall require that each Subcontractor name the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, Volunteers, and Contractor as additional insureds on the Subcontractor's General Liability policy. Contractor shall obtain County's prior review and approval of any Subcontractor request for modification of the Required Insurance.

The County retains the right to require Contractor to reduce or eliminate policy deductibles and SIRs as respects the County, or to provide a bond guaranteeing Contractor's payment of all deductibles and SIRs, including all related claims investigation, administration, and defense expenses. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.
11. Claims Made Coverage: If any part of the Required Insurance is written on a claims made basis, any policy retroactive date shall precede the effective date of this Contract. Contractor understands and agrees it shall maintain such coverage for a period of not less than three years following Contract expiration, termination, or cancellation.

2. Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Contractor and/or Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, Contractor Hearing Board will prepare a tentative proposed decision, which shall contain a recommendation regarding whether Contractor should be debarred, and, if so,

the appropriate length of time of the debarment. Contractor and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

3. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of Contractor Hearing Board shall be presented to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.
4. If a Contractor has been debarred for a period longer than five years, that Contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of County.

The policy may provide that Employee deposit any fees received for such jury service with Contractor or that Contractor deduct from the Employee's regular pay the fees received for jury service.
2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity which has a Contract with County or a Subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Contracts or Subcontracts. "Employee" means any California resident who is a full-time employee of Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if:

Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If Contractor uses any Subcontractor to perform services for County under this Contract, the Subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such Subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.
3. If Contractor is not required to comply with the Jury Service Program when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Jury Service Program. In either event, Contractor shall immediately

implement a written policy consistent with the Jury Service Program. County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Jury Service Program.

4. Contractor's violation of this Section of this Contract may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract and/or bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

SECTION 8

Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a SE.

If Contractor has obtained County certification as a SE by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this contract to which it would not otherwise have been entitled, Contractor shall:

Notice 1015

(Rev. December 2016)

Have You Told Your Employees About the Earned Income Credit (EIC)?

What is the EIC?

The EIC is a refundable tax credit for certain workers.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whose wages you did not withhold income tax.

However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Allowance Certificate.

Note: You are encouraged to notify each employee whose wages for 2016 are less than \$53,505 that he or she may be eligible for the EIC.

How and When Must I Notify My Employees?

You must give the employee one of the following.

- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you give an employee a Form W-2 on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If you give an employee a substitute Form W-2, but it does not have the required information, you must notify

the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 7, 2017.

You must hand the notice directly to the employee or send it by first-class mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can download copies of the notice at www.irs.gov/formspubs. Or you can go to www.irs.gov/orderforms to order it.

How Will My Employees Know If They Can Claim the EIC?

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see Pub. 596, Earned Income Credit (EIC), or the instructions for Form 1040, 1040A, or 1040EZ.

How Do My Employees Claim the EIC?

An eligible employee claims the EIC on his or her 2016 tax return. Even an employee who has no tax withheld from wages and owes no tax may claim the EIC and ask for a refund, but he or she must file a tax return to do so. For example, if an employee has no tax withheld in 2016 and owes no tax but is eligible for a credit of \$800, he or she must file a 2016 tax return to get the \$800 refund.

Safely Surrendered *Baby Law*

*Babies can be safely surrendered

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a baby, let her know there are other options. For three days (72 hours) after birth, a baby can be surrendered to staff at any hospital or fire station in Los Angeles County.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés *Sin Peligro*

Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles

Sin pena. Sin culpa. Sin nombres.

En el Condado de Los Ángeles: 1-877-BABY SAFE • 1-877-222-9723

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.
