REQUEST FOR PROPOSALS - ADDENDUM 1 ON-CALL UNDERGROUND AND ABOVEGROUND STORAGE TANK TESTING AND CERTIFICATION SERVICES (BRC0000083)

Thank you for attending our mandatory Proposers' Conference for On-Call Underground and Aboveground Storage Tank Testing and Certification Services (BRC0000083) held on Tuesday, August 27, 2019.

Please note that the deadline for Proposal submission is **September 10, 2019, by 5:30 p.m.**

All addenda and informational updates will be posted at <http://pw.lacounty.gov/brcd/servicecontracts>. Please check the website frequently for any changes to this solicitation.

Please take note of the following revisions to the Request for Proposals (RFP). Section A is the Addendum and Section B is the Questions and Answers.

A. Addendum

Form PW-2 (Schedule of Prices) of the RFP is deleted in its entirety and replaced with a revised form entitled Form PW-2.1 (Schedule of Prices).

Please use the revised Form PW-2.1 (Schedule of Prices), attached hereto as Enclosure A, when submitting your proposal. Proposals submitted with the old Form PW-2 may be rejected as nonresponsive.

B. Question and Answer to On-Call Underground and Aboveground Storage Tank Testing and Certification Services

The following answers are in response to the request for information and clarification and other questions submitted by Proposers for the On-Call Underground and Aboveground Storage Tank Testing and Certification Services (BRC0000083). Questions presented in this Addendum represent the questions asked by the Proposers in the form and context submitted.

1. **Question:** Ms. Turner, My company is planning on bidding on the project and I wondered if there was any way I could get a copy of the current contract with pricing? We want to be competitive and it would really help.

Response: The current contract for the Underground and Aboveground Storage Tank Testing and Certification Services has been uploaded to the website listed above.

2. **Question:** Can the Proposer's Conference PowerPoint Presentation slides be uploaded so that we may access them?

Response: The Proposer's Conference PowerPoint Presentation slides for the Underground and Aboveground Storage Tank Testing and Certification Services (BRC0000083) has been uploaded to the website listed above.

3. **Question:** Can the Form PW-2 line 5 Overfill Prevention Equipment Inspection Unit Description be changed to Per Device, or EACH? Overfill prevention devices come in several forms, sometimes with multiple devices on a single tank. A typical example would be an overfill prevention device drop tube in conjunction with a ball float device.

Response: Please refer to Section A, Addendum, listed above.

If you have any questions concerning the above information, please contact Ms. Amber Turner at (626) 458-4199 or Ms. Anna Leung at (626) 458-4072, Monday through Thursday, 7 a.m. to 5 p.m.
