July 6, 2020

Dear Athens/Woodcrest/Olivita Garbage Disposal District Residents, Property Owners, and Business Owners:

Republic Services, also known as Consolidated Disposal Service, has had the pleasure of meeting the solid waste needs of your community for many years now. The County of Los Angeles Board of Supervisors recently awarded a contract to Republic Services to continue to provide trash, recycling, and green waste collection services to all residents and businesses in the Athens/Woodcrest/Olivita Garbage Disposal District (District). The new contract is scheduled to begin on August 1, 2020 for a term of 7 years, with two, 2-year renewal options. Please note that your trash day will not change and the fee for basic services paid on your annual property tax bill will not increase.

All properties in the District are enrolled for basic services, which are funded through an assessment on the annual property tax bill. However, additional services are available upon request. Please refer to the enclosed customer Terms and Conditions and Rate Sheet for more information. To make changes to your current service or for additional services, please contact our Customer Service Representatives at the number below. Additional services will be billed by and payable directly to Republic Services.

To better provide residents with information regarding services under the new contract and to answer any questions, Republic Services will be conducting community information meetings scheduled as follows:

- Tuesday, July 14, at 7:00 p.m.
- Saturday, July 18, at 1:00 p.m.

Due to the current health crisis caused by COVID-19, these meetings will be conducted through the Internet. Watch these meetings and type in questions at www.cleanla.com. If you are unable to view these events live, you can watch a recording afterwards.

Should you have any questions or concerns, please contact us toll-free at (800) 299-4898 Monday through Friday from 7:30 a.m. to 5:00 p.m. and Saturdays from 8:00 a.m. to 1:00 p.m.

Sincerely,
Republic Services
