

# SCRAPE YOUR PLATE

RECYCLE FOOD WASTE TO PRODUCE CLEAN ENERGY

1

Look for receptacles labeled

**FOOD  
WASTE  
ONLY**

2

Scrape food waste into receptacle

3

Place reusable items in the dishware bin

*Do your part!*

## REDUCE CLIMATE CHANGE

Capturing methane gas from food waste reduces environmental impacts

## LANDFILL DIVERSION

Recycling food waste preserves landfill space

## PRODUCE CLEAN ENERGY

Food waste can produce clean energy and fuel

#sustainableisattainable
