AUTHORIZED WASTE HAULER

The law states:

To conserve diminishing landfill space and natural resources, California adopted Assembly Bill 341, which sets a Statewide recycling goal of 75% and mandates recycling in the commercial sector. Effective July 1, 2012, businesses that produce at least 4 cubic-yards of trash a week must participate in recycling through one of the following:

- Subscribe to service that collects recyclables separately
- Send materials to a mixed waste processing facility that diverts recyclables
- Self-haul your own recyclables

Our services include:

- Trash collection
- FREE recyclables collection
- Recycling containers
- Site visit consultation
- Recycling guides
- Graffiti removal

Each customer will receive:

- Customer subscription order
- Summary of services
- Billing information

What items are recyclable?

yes

- Plastic (#1-5, 7)
- Glass bottles
- Aluminum & steel cans
- White & colored paper
- Newspapers
- Paperboard, cardboard
- Magazines, catalogs
- Junk mail, envelopes
- Telephone books
- Paper cups

Why recycle?

- It conserves natural resources and landfill space.
- It *saves you money* by reducing the amount you throw into the garbage dumpster, which we charge you for.

no

- Waxed paper cups
- Styrofoam
- Plant material
- Waxed cardboard
- Plastic binders
- Carbon paper
- Food wrappers
- Paper towels
- Photographs
- Hazardous waste
- Post-it Notes

- It is *mandatory* for businesses that produce at least 4 cubic-yards of trash a week.
- It protects the environment.

Select an option for a FREE recycling container

As our commercial franchise customer for trash collection, you can receive a free recycling container (including collection service at no cost) for your business by selecting one of these two options:

[One 1-cubic yard dumpster capacity]

OR

[Up to two 96-gallon carts for when space is tight]

Additional recycling containers or capacity will be charged at half the rate or less as those for trash service. Properties with space restrictions will have their waste hauled to a mixed waste processing facility to divert recyclables.
