This exclusive franchise contract (CONTRACT) is made and entered into on September 28, 2022, by and between COUNTY of Los Angeles Board of Supervisors, acting in their capacity as the governing body COUNTY of Los Angeles (COUNTY), and Ware Disposal, Inc., a California Corporation, located at 1035 East 4th Street, Santa Ana, California 92701, (hereinafter referred to as CONTRACTOR).

## SECTION 0 - RECITALS:

**Purpose.** To limit the wear and tear on COUNTY streets, reduce pollution from Collection and Vehicle exhaust, increase customer service accountability, ensure compliance with Federal, State, and local laws, including Assembly Bills (AB) 341, 939, 1826, and Senate Bill (SB) 1383, by improving program implementation performance and reporting accuracy, and facilitate more efficient CONTRACT administration and enforcement by COUNTY staff.

**Solid Waste Haul Permits.** County of Los Angeles Department of Public Health issues permits to haulers for the hauling of Solid Waste with requirements to protect public health and safety, including frequency of Collection and Collection Vehicle maintenance. CONTRACTOR shall continue to obtain that permit and comply with all its provisions throughout the life of this CONTRACT; and

**Mandatory Solid Waste Diversion.** The State of California has found and declared that the amount of Solid Waste generated in California coupled with diminishing landfill space and potential adverse environmental impacts from land filling have created an urgent need for State of California and local agencies to enact and implement an aggressive, new integrated waste management program. Through enactment of AB 939, the State of California has directed agencies, such as COUNTY to Divert 50 percent of all Solid Waste through source reduction, recycling, and composting activities. The California Department of Resources Recycling and Recovery (CalRecycle) had granted COUNTY a timeline to achieve compliance with the AB 939 Diversion requirements to which COUNTY had met. Additionally, with the passage of Senate Bill 1383, COUNTY must comply with CalRecycle's requirements related to diversion of Organic materials such as Food Waste, Green Waste, and food-soiled paper, for the purpose of reducing short-lived climate pollutants such as methane and its impact on climate change. Non-compliance may subject the County to penalties and fines of up to $10,000 per day. Continued compliance is based in part on executing and implementing this CONTRACT to secure cooperation with CONTRACTOR's AB 939 waste Diversion programs, record keeping, and reporting; and

**County Zero Waste Plan.** COUNTY Board of Supervisors adopted the Roadmap to a Sustainable Waste Management Future in 2014. It is a comprehensive plan for a waste free future and is a proactive approach to developing innovative policies for managing waste that further reduces COUNTY's reliance on landfills. It established the following intermediate and long-term disposal reduction targets: 80 percent Diversion from landfills by 2025, 90 percent Diversion from landfills by 2035, and at least 95 percent Diversion from landfills by 2045. The COUNTY updated the plan in 2021, referred to as the Zero Waste Plan; and

**Municipal Solid Waste Discarded in Containers.** The County has determined to provide for Municipal Solid Waste (MSW) Management Services in portions of Los Angeles County under the terms of this CONTRACT for reasons including the following:

- To enable businesses and residents located in the Service Area that discard Solid Waste in Dumpsters to receive quality MSW Management Services, and
- To provide COUNTY with programs, records, and reports that will help COUNTY comply with AB 939, AB 341, SB 1383, and other Laws.

**Compliance with Law.** CONTRACTOR shall perform Contract Services in accordance with all the Laws governing the safe Collection, transport, Recycling, and Disposal of Residential and Commercial Solid Waste, Including AB 939 and AB 341, SB 1383, Recovered Conservation and Recovery Act (RCRA), and Comprehensive Environmental Response Compensation and Liability Act (CERCLA).

**CONTRACTOR / "Arranger".** Under this Contract, COUNTY may exercise control over the Disposal or other disposition of the Solid Waste handled by the CONTRACTOR, commonly referred to as flow control. It may designate or determine the use of any given Solid Waste Facility. Although minimum scope of Contract Services, Service Specifications, and Service Standards are set forth in this CONTRACT, COUNTY has not, and by this CONTRACT does not, supervise Contract Services or assume title to Solid Waste; and

**Competitive Procurement.** COUNTY issued a Request for Proposals (RFP) or Invitation for Bids (IFB) to provide Contract Services under this CONTRACT. Private waste hauling companies submitted proposals or bids, including their proposed schedule of rates and charges. COUNTY selected the CONTRACTOR based, among other things, on CONTRACTOR's price proposal and work plan for Collection Services.

**Compensation**. The following describes the compensation allowed under this CONTRACT:

- Exhibit 7 provides for CONTRACTOR's compensation under Collection Services. Under this CONTRACT, the CONTRACTOR cannot charge its Customers more than the Customer Service Rates as stipulated in Attachment 7-2 Service Rates in Exhibit 7.
- Except as otherwise allowed under this CONTRACT, CONTRACTOR is not allowed to add any surcharges in addition to the fees that were entered on Form PW-2 and PW-3, Schedule of Prices. Any fuel, environmental, or other fees must be included in the original bid and may not be added later.

**Franchise Authorization.** PRC Section 40059 specifically authorizes COUNTY to prescribe the terms and conditions of Solid Waste management services, including:

- The nature, location, and level/extent of services;
- The frequency of Collection;
- The means of Collection and transportation;

- The Service Rates and fees; and
- Whether the services are to be provided by means of nonexclusive, partially exclusive, or wholly exclusive franchise, contract, license, permit or otherwise.

County Code Chapter 20.70 authorizes Director to require franchises in any part of the unincorporated territory of COUNTY that is not served by a Garbage Disposal District.

**Franchise Development.** COUNTY and representatives of the private hauling industry met many times to discuss the scope of services, service specifications, Service Standards, and other Performance Obligations and to address the industry's questions, comments, and concerns.

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

This CONTRACT applies to all Contract Services, unless specifically indicated otherwise.

**CONTRACTOR Obligations Applicable to all Exclusions from Service**

CONTRACTOR shall report to the COUNTY and maintain a record of all Customers located within their Service Area that qualify for exclusion of services such as Customers that Self-Haul or self-manage Organic Waste. Upon determining a Customer is Self-Hauling or self-managing their Organic Waste, the CONTRACTOR shall provide a written notice to the Customer informing them that they must register with the COUNTY as a Customer that Self-Hauls or self-manages Organic Waste, as applicable. ## D. Fees to COUNTY

In consideration for exclusive franchise rights granted under this CONTRACT, CONTRACTOR shall pay COUNTY the Franchise Fee at the time and in the amount and manner established from time to time by COUNTY ordinance or resolution of the Board of Supervisors. CONTRACTOR shall not separately identify the Franchise Fee in correspondence with Customers, including in Terms and Conditions, bills, or invoices.

CONTRACTOR acknowledges the following:

- The franchise fee is a consideration for the County's direct and indirect costs and expenses associated with the franchise rights granted under the Agreement.
- The elimination of competition with private persons for Contract Services under this exclusive franchise has significant monetary value to CONTRACTOR, and the franchise fee is consideration for that exclusivity.
- The franchise fee is a cost of doing business, like capital, fuel and labor costs.
- Paying COUNTY the franchise fee is an obligation of CONTRACTOR and not an obligation of Customers.

## E. Ownership of Solid Waste

This CONTRACT does not purport to grant CONTRACTOR ownership over Solid Waste. The right to possession or ownership of Solid Waste placed at the Set-Out Site for Collection, Organic Waste (including Green Waste and Food Waste), Recyclables, and E-waste, will be determined in accordance with existing law and is not affected by this CONTRACT. The COUNTY makes no representations or warranties with respect to content of Solid Waste, any Solid Waste Disposal characterization study, or projections by Solid Waste material type. COUNTY expressly disclaims any representations and warranties, either express or implied, as to the merchantability or condition of Solid Waste for any purpose.

  - Customer A will have 40 cubic yards service
  - Customer B will have 80 cubic yards service
- CONTRACTOR identifies total tonnage collected is 15 tons (via weigh tickets) and tip fee is $110/ton = $1650
- CONTRACTOR identified $10/mile and total single-pass route is 20 miles = $200
- Customer A rate = $1850/120CY x 40CY = $616.66
- Customer B rate = $1850/120CY x 80CY = $1233.33

### 2. No Late Fees

CONTRACTOR shall not charge late fees on bills unpaid amount incurred during the emergency. Not applicable to debt prior to the emergency.

### 3. Extended Payment Option

CONTRACTOR shall allow Customers up to 12 months after an emergency to make monthly payments to debt incurred during the emergency. Not applicable to debt prior to the emergency.

### 4. Adjustment of Existing Services

COUNTY shall consider implementing changes such as:

- **Non-essential services suspend**
  - Cart exchanges if they are still usable
- **Bulky Item collection may be delayed up to 3 weeks** from call-in (not applicable to service areas where call-in is not required)

- **Collection hours are expanded to 6 am to 8 pm**
- **Time required to speaking to a live customer service representative** may be extended but Public Works must be notified if the average time exceeds 20 minutes.
- **Weekly collection modified**
  - Biweekly Organic Waste
  - Biweekly Recyclables (residents stockpile and compact their Containers to fit more)
  - Alternating weeks of Recyclables and Organic Waste
  - Comingled trash with Recyclables and/or Organic waste.

### 5. Adjustment of Franchise Fees

#### *a. Debt Incurred During Emergency*

12 months after an emergency, COUNTY will pay to the CONTRACTOR half the amount of any debt incurred as a result of Customers not paying their bills during an emergency. CONTRACTOR must submit documentation to the satisfaction of the Director demonstrating the amount of any such debt. Future Franchise Fees invoices will be adjusted by Director. For example, if the CONTRACTOR has $100,000 of unpaid bills 12 months after an emergency, Director will reduce the Franchise Fee invoice by $50,000. If CONTRACT will terminate prior to the 12 months, Director will consider an alternate timeline.

At any time after the Director has authorized the debt to be deducted from Franchise Fee and CONTRACTOR is able to recover additional payments from Customers, or former Customers, those recovered funds must be shared equally with COUNTY.

#### *b. Franchise Fee Payment Extension*

Director will consider adjusting Franchise Fees during an emergency, extending the deadline to pay an invoice.

## C. Backup Service Plan

CONTRACTOR shall implement its Backup Service Plan within seven days of Director request if Customer's Solid Waste is not Collected at Customer's Set-Out Site, including uncontrollable circumstances. Examples of circumstances include CONTRACTOR's employees on strike or mudslides, wildfires, or earthquakes that cause blocked or damaged roads. In the event there is a protracted service disruption due to any cause, CONTRACTOR will institute proactive actions to sustain Solid Waste Collection Services. Since Customers are expecting services that CONTRACTOR is not providing, CONTRACTOR shall propose the appropriate services below for Director approval and must not charge Customer or COUNTY for providing these services, unless noted below.

## 1. Provide Conveniently Located Dumpsters or Roll-off Containers

CONTRACTOR will place 3 or 4-yard Dumpsters and/or Roll-off Containers throughout the community in key locations approved by Director.

## 2. Offer Self-hauling of Solid Waste to a Facility

CONTRACTOR will use Reasonable Business Efforts to make arrangements with the Solid Waste Disposal Facility normally used by CONTRACTOR for this Contract to allow each Occupant to direct haul and dispose of their Solid Waste, 6 days per week. The facility shall only charge the Customer for Disposal costs for quantities exceeding 100 pounds and there shall be no minimum quantities.

Additionally, if Director determines the distance to the CONTRACTOR's usual facility is too far from Occupants, CONTRACTOR will arrange for a local facility to allow each Occupant to drop-off the Solid Waste.

## 3. Inform Customers of Temporary Procedures

CONTRACTOR will use Reasonable Business Efforts to inform Customers and Occupants of the above service and Disposal options. CONTRACTOR will provide Customers and Occupants with information on where and how to dispose of the Occupant's Solid Waste by the following means:

- A recording on its customer service line.
- Arrange for the broadcast of COUNTY's 30-second Public Service Announcement video on local cable access channels with CONTRACTOR to customize it to the situation, such as having text appear on the screen announcing date, times, and addresses.
- Contact local print media and produce a press release.
- Contact Customers and Occupants via phone, e-mail, or text messages.

## 4. Credit Policy for Missed Contract Services

### *a. Missed Curbside Collection*

Since Occupant is expecting a Collection Service not provided, CONTRACTOR shall automatically credit Customer for each missed Collection. For example, if a strike disrupts 2 weeks of the 13 Collections in a quarter, CONTRACTOR would credit Customer 2/13 of that quarter's fee toward the next quarter's fee.

### *b. Other Customer Services*

When CONTRACTOR is unable to offer Collection Services other than curbside Collection, such as Bulky Item Collection, Community Meetings, or other required services, CONTRACTOR shall provide evidence of cost associated with those services and offer alternate services acceptable to Director.

#### 5. Provide Replacement Drivers and Security

CONTRACTOR shall use Reasonable Business Efforts to require all properly trained and licensed employees to operate Collection Vehicles to maintain core Disposal and Diversion services. As described in the above paragraphs, CONTRACTOR shall be properly staffed to provide drop-off services for each Occupant. In addition to CONTRACTOR staff, CONTRACTOR shall use drivers or Vehicles from other operations and other waste haulers.

Finally, in cases of a strike, CONTRACTOR shall work closely with a private security firm to guarantee a safe and consistent operation.

#### 6. Identify Customers Requiring Priority Service

CONTRACTOR shall contact the elderly and disabled Occupants and shall use Reasonable Business Efforts to Collect putrescible Solid Waste from their residence.

### D. Use of Goods, Services and Property

#### 1. Dumpsters and Cart Acquisition Contracts

CONTRACTOR acknowledges that COUNTY must have full use and possession of Dumpsters and Carts to secure its rights under this Contract, including both the following:

- Providing substitute service in accordance with its remedies under Part 3 of Exhibit 5 for Breach or default, and
- Purchasing Dumpsters and Carts upon termination of this Contract.

Therefore, if CONTRACTOR does not own Dumpsters and Carts outright without encumbrance, any Dumpster and Cart Acquisition Contract shall allow the Guarantor, COUNTY or COUNTY designee, to do all the following:

- Assume CONTRACTOR's obligations under the Dumpster and Cart Acquisition Contract,
- Take use and possession of the Dumpsters and Carts, and
- Obtain the benefits of any outstanding Cart warranties.

"**Dumpsters and Cart Acquisition Contract**" means an instrument establishing a security interest in the Dumpsters and Carts or that otherwise encumbers or limits CONTRACTOR's interest in Dumpsters and Carts, including any of the following:

- Lease or lease-purchase agreement,
- Installment sales or other financing contract, or
- Note or other loan documentation.

## 2. Inventory

CONTRACTOR shall store unused Dumpsters and Carts in a secure location. CONTRACTOR shall update its Dumpsters and Carts inventory at both following times:

- In each Monthly Report and Annual Report, and
- Within one week of COUNTY request

## 3. Insurance

If COUNTY or Customers have possession and use of Goods, Services and Property, CONTRACTOR shall execute whatever documentation its liability insurers require to ensure that COUNTY and Customers are protected and covered by CONTRACTOR's general and automobile policies, including requesting and executing endorsements to those policies. CONTRACTOR is not obligated to pay any additional cost of those endorsements unless COUNTY reimburses CONTRACTOR for those costs. COUNTY may pay for any endorsements, additional premiums or other costs. CONTRACTOR authorizes COUNTY to call and confer with CONTRACTOR's insurance broker to determine what, if any, documentation or actions are necessary to achieve protection satisfactory to COUNTY. Upon COUNTY REQUEST, CONTRACTOR shall direct its insurance broker to cooperate with COUNTY.

## 4. Vehicle Certification for FEMA

CONTRACTOR shall cooperate with COUNTY to certify all Vehicles to be used for emergency work. CONTRACTOR shall not use non-certified Vehicles unless approved by Director.

## SECTION 12 - ENFORCEMENT OF CONTRACT

### A. As Provided by Law

Either Party may avail itself of any remedy available under law.

### B. COUNTY's Additional Remedies

Without limiting COUNTY's remedies otherwise available under this CONTRACT in law or equity, at its option, COUNTY may enforce a Breach in any or all the following ways:

- Execute alternative CONTRACTs for MSW Management Services in the event of CONTRACTOR Default
- Seek to obtain injunctive relief and/or damages
- Assess damages under item D of this Exhibit
- With respect to a CONTRACTOR Default under Part 3B3 of Exhibit 5 (Failure to Provide Insurance, Bonds), immediately withhold payments due CONTRACTOR
- Draw on Performance Assurance / Letter of Credit under Section 15

### C. Injunctive Relief

CONTRACTOR acknowledges that COUNTY's remedy of damages for a Breach may be inadequate for reasons including the following:

- The urgency of timely, continuous, and high-quality Collection Services, including Collection, transportation, and/or transfer for Disposal of wastes which constitute a threat to public health;

- The long time and significant commitment of money and personnel and elected officials (both COUNTY staff and private consultants, including engineers, procurement counsel, citizens, public agency colleagues, and elected County officials) invested in this CONTRACT, including developing COUNTY's Option Analysis dated February 2001 and implementing its recommendations through numerous meetings of a Working Group comprised of Solid Waste industry representatives from small and large businesses, requesting and evaluating qualifications and proposals for this CONTRACT (including CONTRACTOR's), reviewing and commenting on documentation submitted by CONTRACTOR in conjunction with execution of this CONTRACT, and review of CONTRACTOR Documentation;

- The time and investment of personnel and elected officials described in the preceding paragraph to develop alternative Solid Waste services for the price provided under this CONTRACT, and to negotiate new contracts therefore; and

- COUNTY's reliance on CONTRACTOR's technical Solid Waste management expertise.

Consequently, COUNTY is entitled to all available equitable remedies, including injunctive relief.

## D. Recovery of Damages

### 1. Compensatory

Subject to CONTRACTOR's opportunity to cure under Exhibit 5 Part 3, and mitigation of any damages by COUNTY, in the event that COUNTY seeks recovery of damages for a Breach, COUNTY may seek either compensatory damages or liquidated damages, as follows.

- Amounts equal to any Franchise Fees, liquidated damages, or other amounts that CONTRACTOR has previously paid to COUNTY but are subsequently recovered from COUNTY by a trustee in bankruptcy as preferential payments or otherwise;

- If COUNTY terminates this CONTRACT for a CONTRACTOR Default or in the event of Criminal Activity in accordance with Part 3D2c of Exhibit 5, costs incurred by COUNTY to provide or reprocure MSW Management Services in lieu of Collection Services;

- If COUNTY terminates this CONTRACT before expiration for a CONTRACTOR Default or in the event of Criminal Activity in accordance with Part 3D2c of Exhibit 5, costs of MSW Management Services provided or reprocured in lieu of Collection Services more than Customer Service Rates for the balance of the Term remaining if this CONTRACT had not been terminated; and

- In the event of CONTRACTOR Default under Part 3B3 of Exhibit 5 (Failure to Provide Insurance, Bond), in COUNTY's sole discretion, obtain damages resulting from that Default.

COUNTY may draw upon the performance bond, letter of credit, certificate of deposit, or other form of performance assurance provided by CONTRACTOR in accordance with Section 15 to pay compensatory damages.

For CONTRACTOR's misrepresentation regarding contingent fees in Attachment 5-8H, in addition to terminating this CONTRACT, COUNTY may recover from CONTRACTOR the full amount of the proscribed commission, percentage, brokerage, or contingent fee.

## 2. Liquidated Damages

COUNTY may seek liquidated damages listed in Attachment 12-D2.

The Parties have set these liquidated damages in recognition of the following circumstances existing at the time of the formation of this CONTRACT:

*a.* COUNTY incurred considerable time and expense procuring this CONTRACT to secure an improved level of Collection quality and increased Customer and Occupant satisfaction. Therefore, consistent and reliable Collection Services are of the utmost importance to COUNTY and Customers and Occupants.

*b.* COUNTY has considered and relied on CONTRACTOR's representations as to its quality-of-service commitment in entering into this CONTRACT, and CONTRACTOR'S Breach represents a loss of bargain to COUNTY. CONTRACTOR is experienced in providing services like those described in Collection Services.

*c.* Quantified standards of performance are necessary and appropriate to ensure quality, consistent, and reliable Collection, and if CONTRACTOR fails to meet its Performance Obligations, COUNTY will suffer damages (including its Customers and Occupants' inconvenience; anxiety, frustration, potential political pressure, criticism, and complaint by Customers and Occupants; lost Supervisors and staff time; deprivation of the benefits of this CONTRACT and loss of bargain) in subjective ways and in varying degrees of intensity that are incapable of measurement in precise monetary terms, and that it is and will be impracticable and extremely difficult to ascertain and determine the value thereof. It would be difficult for COUNTY to prove its loss resulting from CONTRACTOR's Breaches and nonperformance or untimely, negligent, or inadequate performance of County Services.

*d.* The CONTRACT contains a reasonable statement of Collection Services in order that the Parties will realize their expectations. COUNTY expects that CONTRACTOR shall perform Collection Services with due care in a workmanlike, competent, timely, and cost-efficient manner. CONTRACTOR expects to realize a profit by performing Collection Services in accordance with the terms and conditions of the CONTRACT for County Service Fees.

*e.* In addition, in the event of Breach or CONTRACTOR Default, urgency of protecting public health and safety may necessitate that COUNTY enter into emergency or short-term arrangements for services without competitive procurement at prices substantially

greater than under this CONTRACT, and the monetary loss resulting there from is impossible to precisely quantify. Time is of the essence.

*f.* The CONTRACTOR accepts COUNTY's assessment of liquidated damages for certain Breaches as part of the consideration CONTRACTOR offers to COUNTY for the award of this CONTRACT to CONTRACTOR.

*g.* Lastly, termination of this CONTRACT for CONTRACTOR Default and other remedies provided in this CONTRACT are, at best, a means of future correction and not remedies that make COUNTY whole for past Breaches and CONTRACTOR Defaults.

Therefore, the Parties agree that the liquidated damages listed in Exhibit 12-D2 represent a reasonable estimate and fair approximation of the amount of damages COUNTY would incur as a consequence of CONTRACTOR's Breach corresponding to each item of specified liquidated damages, considering all the circumstances existing on the date of this CONTRACT, including the relationship of the sums to the range of harm to COUNTY that reasonably could be anticipated and anticipation that proof of actual damages would be costly or inconvenient.

In signing this CONTRACT, each Party specifically confirms the following:

- The accuracy of the statements made above, and
- The fact that each Party had many opportunities to consult with legal counsel and obtain an explanation of this liquidated damage provision at the time that this CONTRACT was made.

## E. County's Reimbursement Costs

CONTRACTOR shall pay COUNTY promptly upon request, COUNTY's Reimbursement Costs of conducting a nonroutine investigation of any alleged Breach, when appropriate in judgment of Director. CONTRACTOR shall reimburse COUNTY for COUNTY's Reimbursement Costs incurred because of CONTRACTOR's Breach, including failure to maintain insurance.

## F. Waiver

No waiver by COUNTY of any Breach of any provision of this CONTRACT constitutes a waiver of any other Breach of that provision. Failure of COUNTY to enforce at any time, or from time to time, any provision of this CONTRACT will not be construed as a waiver thereof. The rights and remedies set forth in this item F are exclusive and are in addition to any other rights and remedies provided by law or under this CONTRACT.

## SECTION 13 - UNPERMITTED WASTE SCREENING AND REPORTING

### A. Protocol

CONTRACTOR shall develop and implement the Unpermitted Waste Screening Protocol in compliance with Applicable Law and including the following provisions:

- Ongoing employee training in identification, safety and notification procedures, including leaving Non-Collection Notices, when safe;
- Means of driver inspection, such as visual inspection during tipping of Carts into Vehicles;
- Immediate driver response, such as load segregation;
- Driver notification, such as calling CONTRACTOR's dispatcher or field supervisor;
- Notification of appropriate local agency or department;
- Appropriate action, such as segregation and containerization for manifesting and transport for Disposal in accordance with Applicable Law or securing services of permitted handling and transport company;
- Compliance with Applicable Law, including regulations of the United States Department of Transportation (DOT) (Title 49 CFR) and of the United States Environmental Protection Agency (Title 40 CFR); and
- Labels on Containers, described in item D of this Section.

### B. Prohibition on Collection

CONTRACTOR shall not Collect any Unpermitted Waste that it finds in Refuse, Recyclables, or Organic Waste unless it is licensed under Applicable Law. If CONTRACTOR finds Unpermitted Waste it shall notify all Persons as required by Applicable Law.

### C. Notice to Director

If CONTRACTOR sees anything that it reasonably believes or suspects may be Unpermitted Waste on any public property in COUNTY, CONTRACTOR shall immediately notify Director and all Persons in compliance with Applicable Law. Public property includes storm drains, streets, and other public rights of way.

### D. Labels

CONTRACTOR shall conspicuously label Containers with embossing or other secure means prohibiting Customers from discarding Unpermitted Waste. CONTRACTOR shall submit the label and text for Director approval prior to placing any purchase order for Containers. Item C3 of Exhibit 3A1 contains additional Container requirements.

## SECTION 14 - EXECUTION OF CONTRACT

### A. Execution in Counterparts

This CONTRACT, including dated signatures on amended Exhibits and attachments to those Exhibits, may be signed by the parties hereto in any number of original separate counterparts, including both counterparts that are executed on paper and counterparts that are in the form of electronic signatures. Electronic signatures include facsimile or e-mail electronic signatures. Each executed counterpart shall be deemed an original. All counterparts, taken together, constitute the executed CONTRACT.

The parties hereby acknowledge and agree that electronic records and electronic signatures, as well as facsimile signatures, used in connection with the execution of this CONTRACT and electronic signatures, facsimile signatures or signatures transmitted by electronic mail in so-called pdf format shall be legal and binding and shall have the same full force and effect as if a paper original of this CONTRACT had been delivered had been signed using a handwritten signature. CONTRACTOR and COUNTY (i) agree that an electronic signature, whether digital or encrypted, of a party to this CONTRACT is intended to authenticate this writing and to have the same force and effect as a manual signature, (ii) intend to be bound by the signatures (whether original, faxed or electronic) on any document sent or delivered by facsimile or, electronic mail, or other electronic means, (iii) are aware that the other party will reply on such signatures, and (iv) hereby waive any defenses to the enforcement of the terms of this CONTRACT based on the foregoing forms of signature. If this CONTRACT has been executed by electronic signature, all parties executing this document are expressly consenting under the United States Federal Electronic Signatures in Global and National Commerce Act of 2000 ("E-SIGN") and California Uniform Electronic Transactions Act ("UETA")(Cal. Civ. Code § 1633.1, et seq.), that a signature by fax, e-mail or other electronic means shall constitute an Electronic Signature to an Electronic Record under both E-SIGN and UETA with respect to this specific transaction.

### B. Authority to Execute

COUNTY warrants that the individual signing this CONTRACT has been duly authorized by COUNTY to sign this CONTRACT on behalf of COUNTY and has the full right, power, and authority to bind COUNTY to this CONTRACT. CONTRACTOR warrants that the individual signing this CONTRACT below has been duly authorized by CONTRACTOR to sign this CONTRACT on behalf of CONTRACTOR and has the full right, power, and authority to bind CONTRACTOR to this CONTRACT.

## SECTION 15 - PERFORMANCE ASSURANCE

### A. Performance Bonds, Other Security

CONTRACTOR shall secure and maintain throughout the Term and until CONTRACTOR has complied with all its obligations that survive the Expiration Date a faithful performance bond, approved by COUNTY. The performance bond must be in a form satisfactory to COUNTY or, at COUNTY's sole and absolute discretion, any alternative security acceptable to Director, including cash, certified check payable to COUNTY, certificate of deposit, or letter of credit (together, "**Performance Assurance**"), in the amount not less than $50,000.

The Performance Assurance secures full and timely satisfaction of Performance Obligations for Collection Services.

CONTRACTOR shall provide a Performance Assurance in the amount listed in the table below for the period beginning on the Execution Date and ending on the last day of the first Contract Year.

| Service Area | Amount of Performance Assurance |
|---|---|
| San Gabriel Valley West | $50,000 |

Beginning on the first day of the next Contract Year, and in all subsequent Contract Years, that amount must be not less than the sum of:

15 percent of CONTRACTOR's Gross Receipts from Collection Services minus any Franchise Fees for the prior Contract Year;
\+ 110 percent of any Franchise Fees paid by CONTRACTOR during the first six months of the prior Contract Year;
\+ 110 percent of any liquidated damages assessed CONTRACTOR by COUNTY during the first six months of the prior Contract Year; and
\+ Up to $50,000, at the discretion of Director; .
= SUM OF PERFORMANCE ASSURANCE ($50,000 MINIMUM)

A performance bond must be payable to COUNTY and executed by a corporate surety licensed to transact business (admitted) as a surety in the State of California. The corporate surety must have an A.M. Best Rating of not less than A:VII, unless otherwise approved by Director. The form of performance bond may not allow the bond surety to substitute another Person to perform Collection Services but must provide for payment of moneys to COUNTY to; (1) secure substitute Collection Services; (2) remedy damages incurred by COUNTY, including reasonable expenses, attorney's fees, and liquidated and compensatory damages; (3) ensure satisfaction of all Performance Obligations, including payment of Franchise Fees; and, (4) repay any money recovered from COUNTY in any bankruptcy or similar proceedings relating to CONTRACTOR. The

performance bond must be conditioned on faithful performance by CONTRACTOR of all the terms and conditions of this CONTRACT, including payment of Franchise Fees and any liquidated damages.

Each Performance Assurance must be renewed to provide for continuing liability in the above amount notwithstanding any payment or recovery thereon. At least 30 days prior to the Execution Date and 30 days prior to any renewal of the Performance Assurance, CONTRACTOR shall deliver the Performance Assurance to Director.

Director may verify the accuracy and authenticity of the Performance Assurance submitted.

**"Assurance of Performance"** means any or all of the following actions, as COUNTY requests:

CONTRACTOR shall assist COUNTY with Customer waiver/exemption requests as specified in Section J2.

CONTRACTOR must provide Collection Services to Premises of the following:

### 1. County Commercial Franchise Customers

#### *a. Commercial Businesses*

The CONTRACTOR shall provide such services to all Commercial Businesses regardless of whether the Customer utilizes Cart and/or Dumpsters for Collection. However, the Director in its sole discretion may allow the Authorized Residential Franchise Waste Hauler to service a Commercial Business Customer with all Carts if Director finds such service would be more efficient or cost-effective.

#### *b. Multifamily Premises (5 Units or More)*

CONTRACTOR shall provide such services to Multifamily Premises (5 Units or More) including mobile home parks that have Carts service per individual unit and no Dumpsters. The Authorized Residential Franchise Waste Hauler shall be the default service provider for Multifamily Premises (4 Units or Less).

#### *c. Multifamily Premises with Carts and Dumpsters Services*

The CONTRACTOR shall provide such services to Multifamily Premises Including a Homeowner's Association (HOA) that selects to utilize Carts for individual tenants and Dumpster Containers for common areas onsite.

### *d. Residential Premises with Dumpster Services*

This may include Residential Premises that have Manure-only Dumpster services. Additionally, Customers who are being serviced under the Residential Franchise contract (Single Family and Multifamily of 4 Units or Less) that have Carts for Collection Services but only utilize Dumpsters for Manure Collection only, can receive Manure Collection Services by either the Authorized Commercial Franchise Waste Hauler or the Authorized Residential Franchise Waste Hauler. This provision also applies to Residential Premises operating a business on the property.

## 2. Collection Methods

Collection methods must be in compliance with Article 3, Section 18984 of SB 1383 regulations. The Director at its sole discretion may require the CONTRACTOR to implement any Collection method as indicated in Forms PW-2 and PW-3 Schedule of Prices.

All Collection methods and Processing facilities must be approved by the COUNTY and shall meet requirements set forth under item D1, CONTRACTOR Solid Waste Designated Facility in this Exhibit.

## 3. Commercial, Multifamily, and Residential Collection Services

CONTRACTOR shall provide the Minimum Default Collection Service for the Collection of Solid Waste (Refuse, Recyclables, and Organic Waste) to all County Commercial Franchise Customers including to some applicable Residential Customers that utilize Dumpster services for the Collection of Solid Waste.

The Service Rates Schedule in Attachment 7-2 of Exhibit 7 includes the uniform rates that shall be applied to all Customers in each CONTRACTOR designated Service Area.

The Minimum Default Collection Service includes a minimum base rate for the level of service for Refuse which is agreed upon by the Customer and CONTRACTOR and shall be charged accordingly to the rates set forth in the Service Rates Schedule in Attachment 7-2 of Exhibit 7. The Refuse rate will automatically include a 64-gallon Cart of weekly Organic Waste Collection and a 96-gallon Cart of weekly Recyclables Collection Service per Customer, both at no additional charge unless the Customer requires service beyond the minimum. While the first Food Waste Container is to be provided at no additional charge, CONTRACTOR must allow the purchase of additional Containers for the fee indicated in Exhibit 7, Attachment 7-2, Extra Services Fees. CONTRACTOR may request approval from the Director to not provide in-home Food Waste Containers if selected Collection Method does not include Source Separating Organic Waste.

CONTRACTOR shall maintain an adequate inventory of Containers and lids of each type and capacity to provide Customers and Occupants replacements within two Service Days of request. When determining adequacy, CONTRACTOR shall consider the nature of Set-Out Sites. For example, Carts and/or Dumpsters placed on unlevel Set-Out Sites, such as in mountainous areas without curb and gutter, may be damaged more frequently than those placed in level Set-Out Sites. Therefore, CONTRACTOR must maintain a larger inventory of Carts and Dumpsters for those areas.

CONTRACTOR shall notify Director if inventory is inadequate, including an explanation of why inventory dropped below the two-Service Day standard as mentioned in subsection 8c of this Section. For example, CONTRACTOR might submit its timely order for Containers but receive them later than manufacturer originally represented due to manufacturer's backlog or other delay.

## 10. Container and/or Cart Lids Purchase Option

Upon expiration of this Collection CONTRACT, COUNTY may purchase some or all entire Containers' bodies with lids, or only Cart lids, or both, at a price equal to the then book value of amortized on a straight-line basis over ten years beginning on the Execution Date. If a Customer has landscaping service, separate Green Waste only Collection Container, or generates no Green Waste then such Green Waste material does not have to be included in the Organic Waste Container.

### 14. Alternative Container Sizes

If a Customer or Occupant requests alternate Container sizes, CONTRACTOR shall provide the type of Containers described in Contractor Documentation in Exhibit 17. For the purposes of this CONTRACT, Carts with a capacity between 95 and 100 gallons are equivalent to 0.5 cubic yards. CONTRACTOR shall provide the number of alternative Containers having the same aggregate capacity as CONTRACTOR would have provided to that Occupant. For example:

- Three 32-gallon Carts instead of one 96-gallon Cart.
- One 64-gallon Cart and one 32-gallon Cart instead of one 96-gallon Cart.

## D. Solid Waste Transportation, Processing, Diversion, and Disposal

### 1. CONTRACTOR-Designated Solid Waste Facilities

CONTRACTOR shall transport Solid Waste only to the Solid Waste Facility or Facilities that CONTRACTOR has designated in Contractor

Documentation in Exhibit 17, for Processing, Diversion, or Disposal or those facilities as directed by Director in subsection 6 below.

For Construction and Demolition Debris, CONTRACTOR shall only utilize facilities approved by the COUNTY for Processing Construction and Demolition (C&D) Debris. All facilities utilized by the CONTRACTOR must be approved by the COUNTY as designated in Contractor Documentation in Exhibit 17. Additionally, CONTRACTOR shall allow the County at its own expense to conduct a third-party verification for Recyclables Recovery Rate of Solid Waste Facilities and materials recovery facilities utilized. The County will provide the CONTRACTOR a one week notice with scheduling options for CONTRACTOR to select for what is best for their operation. COUNTY may utilize CalRecycle's facility diversion audits if available in efforts to meet this requirement.

CONTRACTOR may designate a Solid Waste Facility or Facilities that utilizes Conversion Technology or provides feedstock to Conversion Technology facilities. Prior to any change in designated facilities, CONTRACTOR must provide Notification to Director for approval of change. Failure to receive approval from Director will result in rate adjustments being calculated based on the less expensive of the existing and previous facility. Director will review information such as fees, distance, Recycling rates, ability to Recycle Solid Waste.

If CONTRACTOR requests to take Solid Waste to a facility that charges more, Director may approve such requests without authorizing the CONTRACTOR to pass the increased cost to the Customer. At the Director's discretion, some or all the increased costs may be passed to the Customer under special circumstances such as changing Organic Waste Diversion from a cheaper but poorly managed composting facility to a highly efficient and closer anaerobic digestion facility that is more expensive.

## 2. Backup Disposal Facility

### *a. COUNTY Direction*

If the Disposal facility is not accepting permitted waste, upon COUNTY approval CONTRACTOR will transport permitted waste to a backup Disposal facility identified by the COUNTY.

### *b. Transport Fee*

The COUNTY will pay the CONTRACTOR the following transport fee for transporting permitted waste from the transfer station to the backup disposal facility for longer haul or CONTRACTOR shall decrease rates for shorter haul as described below:

(1) Transport Fee Schedule lists both of the following amounts:

(a) Price for transporting one ton of waste for one mile ("$X.XX / ton-mile") as listed in Exhibit 7, Attachment 7-2, Schedule of Prices, and

(b) The number of round-trip miles from the transport station to the Disposal facility ("# primary Disposal facility-miles").

The number of miles is calculated on the shortest route on which CONTRACTOR can transport waste, for example, roads that support the weight of the loaded waste transport trucks.

(c) **Longer Haul**. If the backup Disposal Facility is farther from the transfer station than is the primary Disposal facility, then the transport service fee will be increased as follows to reflect the additional transport miles:

$X.XX [INSERT FROM PROPOSAL] transported tons X increased miles = $X.XX.

(d) **Shorter Haul**. If the back-up primary Disposal Facility is closer to the transfer Station than is the primary Disposal facility, then the transport service fee will be decreased to reflect the reduced transport miles as follows:

$X.XX [INSERT FROM PROPOSAL] transported tons X decreased miles = $X.XX.

## 3. Facility Standards

Director reserves the right to review documentation and inspect facilities in the future and not allow use of facilities that do not meet Director's satisfaction.

## 4. Processing Facility for E-Waste

CONTRACTOR shall utilize a Processing Facility to Recycle and dismantle all E-waste that it Collects into materials that meet commercial standards for marketable commodities such as metals, plastic, and glass in a facility that operates within the United States. CONTRACTOR shall not ship or utilize a Processing Facility that ships any other E-waste or E-waste components outside the United States. CONTRACTOR shall demonstrate compliance with this subsection in the form of an affidavit from the proposed E-waste recycler.

## 5. Processing Facility Temporary Equipment or Operational Failure Waiver

### *a. Notification to the County*

The CONTRACTOR, or their Subcontractor (such as a Facility operator), shall notify the COUNTY immediately of any unforeseen operational restrictions that have been imposed upon the designated Solid Waste Facility by a regulatory agency or any unforeseen equipment or operational failure that will temporarily prevent the designated Solid Waste Facility from Processing and recovering different types of Solid Waste such as Recyclables, Organic Waste and Mixed Waste.

The CONTRACTOR or Subcontractor shall notify the COUNTY immediately from the time of the incident. The notification shall include the following: (i) name of designated Solid Waste Facility; (ii) the Recycling and Disposal Reporting System Number of the designated Solid Waste Facility; (iii) date the designated Solid Waste Facility became unable to Process Recyclables, Organic Waste and Mixed Waste; (iv) description of the operational restrictions that have been imposed upon the designated Solid Waste Facility by a regulatory agency or unforeseen equipment failure or operational restriction that occurred; (v) the period of time the CONTRACTOR anticipates the temporary inability of the designated Solid Waste Facility to Process Recyclables, Organic Waste, or Mixed Waste; (vi) CONTRACTOR's proposed action plan to deliver materials to an Alternative Solid Waste Facility for Processing (Contractor Documentation in Exhibit 17) or CONTRACTOR's request for a waiver to deliver Recyclable, Organic Waste, or Mixed Waste to the designated Solid Waste Disposal Facility.

### *b. Use of Alternative Facility or Waiver for Disposal of Materials*

Upon notification by CONTRACTOR or Subcontractor of the designated Solid Waste Facility's inability to Process materials, COUNTY shall evaluate the notification and determine if County shall require CONTRACTOR to use an alternative Solid Waste Facility or allow the CONTRACTOR to Transport Recyclables, Organic Waste, or Mixed Waste to the designated Solid Waste Facility for Disposal on a temporary basis for a time period specified by the COUNTY. Upon COUNTY's decision, the COUNTY shall notify the CONTRACTOR of its requirement to use an alternative Solid Waste Facility for Processing or to use the designated Solid Waste Facility for Disposal, and the period of time that the COUNTY will allow Recyclables, Organic Waste, or Mixed Waste to be redirected to the alternative Solid Waste Facility or designated Solid Waste Disposal Facility.

## H. Compliance with COUNTY's Jury Service Program

### 1. Jury Service Program

This CONTRACT is subject to the provisions of COUNTY's ordinance entitled CONTRACTOR Employee Jury Service (Jury Service Program) as codified in Sections 2.203.010 through 2.203.090 of County Code.

### 2. Written Employee Jury Service Policy

a. Unless CONTRACTOR has demonstrated to COUNTY's satisfaction either that CONTRACTOR is not a "CONTRACTOR" as defined under the Jury Service Program (Section 2.203.020 of County Code) or that CONTRACTOR qualifies for an exception to the Jury Service Program (Section 2.203.070 of County Code), CONTRACTOR shall have and adhere to a written policy that provides that its Employees shall receive from CONTRACTOR, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employee deposit any fees received for such jury service with CONTRACTOR or that CONTRACTOR deduct from the Employee's regular pay the fees received for jury service.

b. For purposes of this Section, "CONTRACTOR" means a Person, partnership, corporation, or other entity which has a contract with COUNTY or a subcontract with a COUNTY contractor and has received or will receive an aggregate sum of $50,000 or more in any 12-month period under one or more COUNTY contracts or subcontracts. If CONTRACTOR uses any Subcontractor to perform services for COUNTY under this CONTRACT, the

Subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract CONTRACT and a copy of the Jury Service Program shall be attached to the CONTRACT.

c. If CONTRACTOR is not required to comply with the Jury Service Program when this CONTRACT commences, CONTRACTOR shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and CONTRACTOR shall immediately notify COUNTY if CONTRACTOR at any time either comes within the Jury Service Program's definition of "CONTRACTOR" or if CONTRACTOR no longer qualifies for an exception to the Jury Service Program. In either event, CONTRACTOR shall immediately implement a written policy consistent with the Jury Service Program. COUNTY may also require, at any time during this CONTRACT and at its sole discretion, that CONTRACTOR demonstrate to COUNTY's satisfaction that CONTRACTOR either continues to remain outside of the Jury Service Program's definition of "CONTRACTOR" and/or that CONTRACTOR continues to qualify for an exception to the Jury Service Program.

d. CONTRACTOR's violation of this Section of this CONTRACT may constitute a material breach of this CONTRACT. In the event of such material breach, COUNTY may, in its sole discretion, suspend or terminate this CONTRACT and/or bar CONTRACTOR from the award of future COUNTY contracts for a period consistent with the seriousness of the breach.

By requiring CONTRACTOR's to complete the Charitable Contributions Certification (Form PW-12), COUNTY seeks to ensure that all COUNTY CONTRACTOR's which receive or raise charitable contributions comply with California law to protect COUNTY and its taxpayers. A CONTRACTOR which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination for default or debarment proceedings or both. (County Code Chapter 2.202)

## J. Social Enterprise Preference Program

This CONTRACT is subject to the provisions of COUNTY's ordinance entitled Social Enterprise (SE) Preference Program, as codified in Chapter 2.205 of County Code.

The above penalties shall also apply to any business that has previously obtained proper certification, however, as a result of a change in their status would no longer be eligible for certification and fails to notify the State and the Department of Consumer and Business Affairs of this information prior to responding to a solicitation or accepting a contract award.

## L. Disabled Veteran Enterprise Preference Program

This CONTRACT is subject to the provisions of COUNTY's ordinance entitled Disabled Veteran Business Enterprise (DVBE) Preference Program, as codified in Chapter 2.211 of County Code.

CONTRACTOR shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a DVBE.

CONTRACTOR shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, Report, or other representation, to a COUNTY official or employee for the purpose of influencing the certification or denial of certification of any entity as a DVBE.

Notwithstanding any other remedies in this contract, the above penalties shall also apply to any business that has previously obtained proper certification, however, as a result of a change in their status would no longer be eligible for certification and fails to notify the State and the Department of Consumer and Business Affairs of this information prior to responding to a solicitation or accepting a contract award.

## M. CONTRACTOR Responsibility and Debarment

### 1. Responsible CONTRACTOR

A responsible CONTRACTOR is a contractor who has demonstrated the attribute of trustworthiness as well as quality, conditions, capacity, and experience to satisfactorily perform the CONTRACT. It is COUNTY's policy to conduct business only with responsible contractors.

### 2. Chapter 2.202 of County Code

CONTRACTOR is hereby notified that, in accordance with Chapter 2.202 of County Code, if COUNTY acquires information concerning the performance of CONTRACTOR on this or other contracts which indicates that CONTRACTOR is not responsible, COUNTY may, in addition to other remedies provided in this CONTRACT, debar CONTRACTOR from bidding or proposing on, being awarded, and/or performing work on COUNTY contracts for a specified period of time, which generally will not exceed 5 years but may exceed 5 years or be permanent if warranted by the circumstances, and suspend or terminate any or all existing contracts CONTRACTOR may have with COUNTY.

COUNTY, any other public entity, or a nonprofit corporation created by COUNTY, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against COUNTY or any other public entity.

## 4. Contractor Hearing Board

a. If there is evidence that CONTRACTOR may be subject to debarment, Public Works will notify CONTRACTOR in writing of the evidence which is the basis for the proposed debarment and will advise CONTRACTOR of the scheduled date for a debarment hearing before Contractor Hearing Board.

b. Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. CONTRACTOR and/or CONTRACTOR's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, Contractor Hearing Board will prepare a tentative proposed decision, which shall contain a recommendation regarding whether CONTRACTOR should be debarred, and, if so, the appropriate length of time of the debarment. CONTRACTOR and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.

c. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of Contractor Hearing Board shall be presented to the Board. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.

d. If a CONTRACTOR has been debarred for a period longer than five years, that CONTRACTOR may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. COUNTY may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that CONTRACTOR has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of COUNTY.

been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, Contractor Hearing Board will provide Notice of the hearing on the request. At the hearing, Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.

f. Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. Contractor Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.

Among other items, improper consideration may take the form of cash; discounts; service; or the provision of travel, entertainment, or tangible gifts.

## O. COUNTY's Quality Assurance Plan

COUNTY or its agent will monitor CONTRACTOR's performance under this CONTRACT on not less than an annual basis. Such monitoring will include assessing CONTRACTOR's compliance with all this CONTRACT's terms and conditions and performance Standards. CONTRACTOR deficiencies which COUNTY determines are significant or continuing and that may place performance of this CONTRACT in jeopardy, if not corrected, will be reported to the Board. The Report will include improvement/corrective action measures taken by COUNTY and CONTRACTOR.

If improvement does not occur consistent with the corrective action measures, COUNTY may suspend or terminate this CONTRACT for default or impose other penalties as specified in this CONTRACT.

## P. Local Small Business Enterprise Utilization

When requested by COUNTY, CONTRACTOR shall provide to COUNTY via methods specified by COUNTY, such as submission of electronic live (or dynamic) data on invoices for the prime and all Subcontractors using COUNTY-designated third-Party software system or to a COUNTY approved website, or other means of submitting expenditure information on Subcontractors, including but not limited to the following information: the name, business address and telephone number/e-mail address of each Subcontractor.

In addition, CONTRACTOR shall be required to provide each of the specified Subcontractor Local Small Business Enterprise (SBE), Disabled Veteran Business Enterprise (DVBE), and Social Enterprise (SE) status (i.e., whether any of the listed Subcontractors are Local SBE's) and the proposed monetary amount of the work the Subcontractor will perform on each Notice to Proceed. At the time of submittal of each invoice, CONTRACTOR shall indicate, via methods specified by COUNTY, the actual dollar amounts paid to each listed Subcontractor who performed work on the project. The Subcontractor may be requested to confirm receipt of the actual payment to the Subcontractor by the prime.

The Parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure to CONTRACTOR to comply with this Section. The Parties will agree that under the current circumstances a reasonable estimate of such damages is specified in Exhibit F, Performance Requirements Summary, and that CONTRACTOR shall be liable to COUNTY for said amount.

If in the judgment of Director, or his/her designee, CONTRACTOR is deemed to be in non-compliance with the terms and obligations, Director or his/her designee, at his/her option, in addition to, or in lieu of, other remedies provided in Exhibit F, Performance Requirements Summary, may deduct and withhold liquidated damages from COUNTY's final payment to CONTRACTOR.

## Q. Compliance with COUNTY’s Zero Tolerance Human Trafficking

CONTRACTOR acknowledges that COUNTY has established a Zero Tolerance Human Trafficking Policy prohibiting contractors from engaging in human trafficking.

If a CONTRACTOR or member of CONTRACTOR's staff is convicted of a human trafficking offense, COUNTY shall require that CONTRACTOR or member of CONTRACTOR’s staff be removed immediately from performing services under the CONTRACT. COUNTY will not be under any obligation to disclose confidential information regarding the offenses other than those required by law.

Disqualification of any member of CONTRACTOR's staff pursuant to this paragraph shall not relieve CONTRACTOR of its obligation to complete all work in accordance with the terms and conditions of this CONTRACT.

## R. Method of Payment and Required Information

The County may, at its sole discretion, determine the most appropriate, efficient, secure, and timely form of payment for any amounts due for goods and/or services provided under a Contract with the County. Proposers/Contractors further agree that the default form of payment shall be EFT or direct deposit, unless an alternative method of payment is deemed appropriate by the A-C.

Upon Contract award and at the request of the A-C and/or Public Works, the Contractor shall provide the A-C with electronic banking and related information for the Contractor and/or any other payee that the Contractor designates to receive payment pursuant to this Contract. Such electronic banking and related information includes, but is not limited to: bank account number and routing number, legal business name, valid taxpayer identification number or TIN, a working e-mail address capable of receiving remittance advices and other payment related correspondence, and any other information that the A-C determines is reasonably necessary to process the payment and comply with all accounting, recordkeeping, and tax reporting requirements.

Any provision of law, grant, or funding agreement requiring a specific form or method of payment other than EFT or direct deposit shall supersede this requirement with respect to those payments. Upon Contract award or at any time during the duration of the Contract, a Contractor may submit a written request for an exemption to this requirement. Such request must be based on specific legal, business or operational needs and explain why the payment method designated by the A-C is not feasible and an alternative is necessary. The A-C, in consultation with Public Works, shall decide whether to approve exemption requests.

## S. Compliance with Fair Chance Employment Practices

Contractor shall comply with fair chance employment hiring practices set forth in California Government Code Section 12952, Employment Discrimination: Conviction History. Contractor's violation of this paragraph of the Contract may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract.

## T. Compliance with the County Policy of Equity

The Contractor acknowledges that the County takes its commitment to preserving the dignity and professionalism of the workplace very seriously, as set forth in the County Policy of Equity (CPOE) (https://ceop.lacounty.gov/). The contractor further acknowledges that the County strives to provide a workplace free from

discrimination, harassment, retaliation and inappropriate conduct based on a protected characteristic, and which may violate the CPOE. The Contractor, its employees and Subcontractors acknowledge and certify receipt and understanding of the CPOE. Failure of the Contractor, its employees or its Subcontractors to uphold the County's expectations of a workplace free from harassment and discrimination, including inappropriate conduct based on a protected characteristic, may subject the Contractor to termination of contractual agreements as well as civil liability.

## U. Contractor Independence

A Contractor or its subsidiary or Subcontractor (Contractor), is prohibited from submitting a bid or proposal in a County solicitation if the Contractor has provided advice or consultation for the solicitation. A Contractor is also prohibited from submitting a bid or proposal in a County solicitation if the Contractor has developed or prepared any of the solicitation materials on behalf of the County. A violation of this provision shall result in the disqualification of the Contractor from participation in the County solicitation or the termination or cancellation of any resultant County contract. This provision shall survive the expiration, or other termination of this CONTRACT.

## V. Contractor Alert Reporting Database (CARD)

The County maintains databases that track/monitor Contractor performance history. Information entered into such databases may be used for a variety of purposes, including determining whether the County will exercise a contract term extension option.

## W. Federally Funded Work

This provision will apply when federally funded or potentially federally funded work is needed by County. In accordance with Federal Executive Order 12549 and 12689 (Debarment and Suspension), individuals or entities that have been debarred by the Federal government may not receive work under this Contract as a Contractor or Subcontractor. Contractors and/or Subcontractors listed on the governmental exclusions in the System for Award Management (SAM) are not eligible to receive federally funded work under this contract. See Office of Management and Budget guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension”. The System for Award Management exclusions contains the names of parties debarred, suspended, or otherwise excluded by Federal agencies as well as parties declared ineligible under statutory or regulatory authority.

For federally funded work, the Contract Manager will, before assigning work to the Contractor, verify that the Contractor is not listed on the governmental exclusions in the System for Award Management (SAM) as a party excluded or ineligible by

Federal agencies to participate in federally funded projects. For your reference, a List of Debarred Contractors by U.S. Department of Labor's (DOL) Office of Federal Contract Compliance Programs (OFCCP) may be obtained by going to the following website: https://www.sam.gov/portal/SAM/.

If the Contractor is listed on the governmental exclusions in the System for Award Management (SAM) as a party excluded or ineligible by Federal agencies to participate in federally funded projects, then said Contractor will not be offered the work. The Contract Manager will notify the Contractor of their negative standing in the SAM. The Contract Manager will also notify the Contractor of their ineligibility to receive any federally funded work under this contract, until the Contractor is able to satisfactorily correct the issue. The Contractor shall notify the Contract Manager when the Contractor has corrected their negative standing in the SAM, and the Contractor is no longer listed on the governmental exclusions in the SAM.

If the Contractor is **not** listed on the governmental exclusions in the System for Award Management (SAM) as a party excluded or ineligible by Federal agencies to participate in federally funded projects, Public Works may offer said Contractor the federally funded work.

The Contractor is required to verify that its subcontractors are not listed on the governmental exclusions in the System for Award Management (SAM), before assigning federally funded work to its subcontractors.

# EXHIBIT 7 – Rate Adjustments

## A. Service Rates Schedule

CONTRACTOR shall charge Service Rates (Customer Service Rates) in amounts less than or equal to the Service Rates set forth in the Service Rates Schedule in Attachment 7-2 of this Exhibit.

### 1. Time, Conditions, Changes

#### *a. Annual Adjustments*

##### (1) Annual CPI Calculation:

Beginning at least 6 months after the Commencement Date, Director will adjust the Service Rates each July 1 based on the percentage change in the average annual published CPI, for Trash and Garbage Collection (CUUR0000SEHG02), U.S. City average, as published by the United States Department of Labor, Bureau of Labor Statistics. The annual change is a comparison of the average monthly rate for the two previous Calendar Years.

A minimum of 6 months must elapse between Commencement Date and July 1 of the current year. The CPI component of the Service Rate will be the percent change, if any, between the following:

- The monthly average CPI during the 12-month period commencing March 1 of the previous year to the last day of February of the current year, and
- The monthly average CPI during the 12-month period commencing March 1 of the prior previous year to the last day of February of the previous year.

For example, a contract that started April 1, 2021, will not be eligible for a Rate Adjustment for CPI on July 1, 2021. On July 1, 2022, the Rate Adjustment would compare March 1, 2021 through February 28, 2022, to March 1, 2020 through February 28, 2021.

The index to be used is the Consumer Price Index for Trash and Garbage Collection (CUUR0000SEHG02), U.S. City average, as published by the United States Department of Labor, Bureau of Labor Statistics at https://beta.bls.gov/dataViewer/view/timeseries/CUUR0000SEHG02.

#### (3) Extraordinary Circumstances

Change in CONTRACTOR's Direct Costs of providing Contract Services due to unforeseeable events.

### *c. No Adjustment*

Service Rates will not be adjusted:

- During any of the six possible one-month extensions under item A3 of Section 2.
- If there are any uncured Breaches.
- For any slight increase or decrease in Customers due to inaccuracies in Customer data and Service Area boundaries.

All calculations are rounded to the nearest 1/100$^{th}$ decimal place (for example, 10.9656 percent to 10.97 percent, or 10.9637 percent to 10.96). The decimal 5 is rounded up (for example, 10.965 percent to 10.97 percent). Adjustments in Service Rates are rounded to the nearest penny (for example, $25.34).

## 3. Maximum Rate Adjustment

Adjustments to the Service Rates cannot exceed the percentages in the following table, except for changes due to acts of the State in item A1b(1) of this exhibit:

| Contract Period (on July 1)* | Maximum Adjustment** |
|---|---|
| **Years 0 to 0.5**<br>(Less than 6 months from Commencement Date to July 1) | 0 percent |

| **Any time**<br>(Changes in direct costs due to Change in Law by the State) | Actual Direct Costs |

* Rate Adjustments due to Changes in Laws or Contract Services under subsection A1 above may be implemented at any time during the Term.

** Any change in Service Rates for direct costs due to Changes in Law promulgated by the State in item A1b(1) of this exhibit are not included in the percentage calculations of the Maximum Cumulative Service Rate Adjustment. They are added to the percentage calculations.

For example, during the first ten years of the CONTRACT, the Service Rate could increase 35 percent plus an additional amount due to an increase of $4 per Ton on the State-mandated Disposal fee.

## 4. Customer 30-Day Notice

CONTRACTOR shall provide all Customers a minimum of 30-days written Notice of the implementation of changes in any Customer Service Rates.

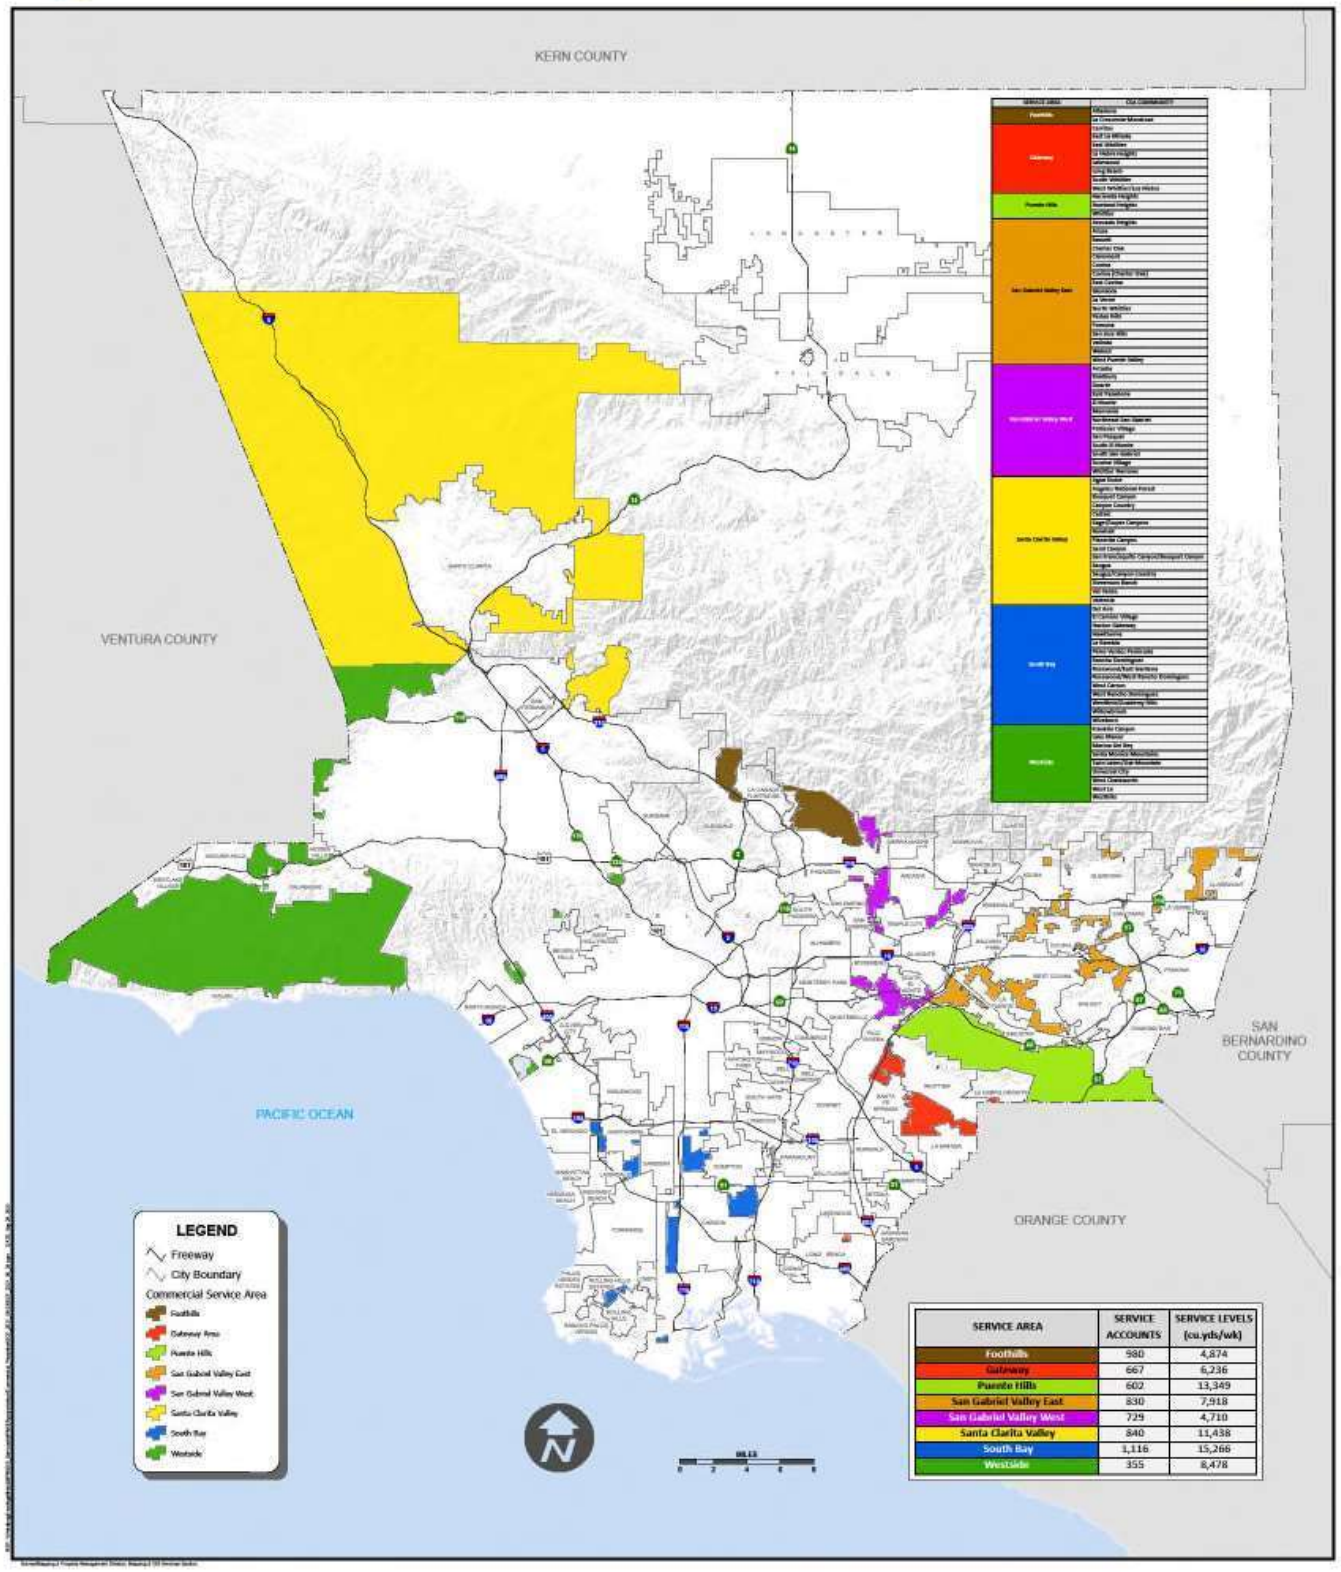

# EXHIBIT 16 – Contract Service Area Information

## A. Maps

## B. Service Areas Data Information

## C. Outreach

## 16.A.1- Map of Exclusive Commercial Franchise Service Areas

Service Areas Description:

The distribution of the zones balances the geography – in a rather contained capacity, as evident by the color grouping – with the total service accounts and service levels, emphasizing the latter.

The average size (and services) of the territories, which resulted in eight (8) zones, was based on Customer data, as determined to be appropriate capacity for waste haulers, though this is done with a greater emphasis on larger waste volumes to enable investment in Processing infrastructure.

This resulted in a natural variation among the Service Areas by size and services, which allows for different waste haulers to apply for a Service Area(s) based on their own operational capacities. Some Service Areas are intended to remain smaller to ensure viability for small waste haulers.

Foothills and San Gabriel Valley West Service Areas are the two (2) designated smaller Service Areas that have substantially lower total weekly service levels than the other six (6) Service Areas.

### 16.B.1- Exclusive Commercial Franchise Service Areas Data

The data provided by the existing Non-Exclusive Commercial Franchise (NECF) solid waste haulers was extracted to fit within each Service Area.

This data enabled COUNTY to compile a recent history of the Solid Waste Tonnage, and number of accounts and service levels from 2019 in the Communities that compose the new Exclusive Service Areas:

**Historical Solid Waste (Tonnage)**

| Service Area | 2020 | 2019 | 2018 |

## Projected 2022 Service Levels

COUNTY contracted for an independent analysis of all 2019 accounts located in the eight (8) identified Service Areas to project new service levels for all accounts to have a Three-Container system of Refuse, Recycling and Organic waste. The accounts were further organized into three (3) sectors: Commercial, Multifamily and Residential. The projected service levels for each Service Area per account type and per waste stream are indicated in Forms PW-2 and PW-3 Schedule of Prices.

The following assumptions were made for the Three-Container service level projection analysis:

1) There were 413 accounts, of which approximately 6% were identified as questionable (i.e., for Commercial, Multifamily and Residential sectors), not included in the analysis;

2) Dumpsters that are greater than or equal to eight (8) cubic yards (CY) were grouped into a Container size category of “8 CY to 40 CY”;

    a. For the purpose of estimating the volume of material for this category, an average Dumpster size of 35 CY was used;

3) It was also noted that some of the accounts were listed to have zero (0) Collection frequency. The accounts with zero (0) frequency were included in the analysis as 1 time per week frequency;

4) Green Waste is managed by third party landscapers unless a Customer has existing Green Waste service;

5) The average Organic Waste percentage of total Refuse (CalRecycle, 2019) for each account type was estimated as follows:

a. Commercial – 20% (except as noted below)

    i. This is based on the average Organic Waste composition of 20+ industries;

    ii. For accounts that are part of the Accommodation sector, the Organic Waste composition used was 32%;

    iii. For accounts that are part of the Restaurant sector, the Organic Waste composition used was 51%;

    iv. For accounts that are part of the Grocer sector, the Organic Waste composition used was 42%; and,

    v. For accounts that are part of the Arts and Entertainment (includes amusement parks and event venues) sector, the Organic Waste composition used was 34%.

b. Multifamily – 25%

c. Residential – 18%

6) Less than 1% of the accounts had existing Organic Waste Collection in the 2019 dataset. The projected Organic Waste volume was estimated based on the size of the Refuse Containers, estimated Refuse density for the respective sector and the Organic Waste composition assumption above for all accounts.

7) The average recycling percentage of total Refuse (CalRecycle, 2019) for each sector is estimated as follows:

    a. Commercial – 46%

        i. This is based on the average Recycling composition of 20+ industries.

    b. Multifamily – 42%

    c. Residential – 22%

8) Approximately 25% of accounts had existing Recycling Collection Services. The remaining projected Recycling volume was estimated based on the volume of the Refuse Containers for the accounts that do not have Recycling Collection;

9) For the purposes of the new projected service levels, the Organic Waste and Recycling volume is conservatively based on 100% capture rate;

10) The average Refuse percentage for each sector is estimated as followed:

    a. Commercial – 58%

        i. Assumed a 100% capture of Organic Waste and 50% capture of Recycling; and,

ii. For accounts that have high Organic Waste composition, it is assumed to have 75% capture of Organic Waste and 50% capture of Recycling.

1. For accounts that are part of the Accommodation sector, the Refuse composition used was 55%;

2. For accounts that are part of the Restaurant sector, the Refuse composition used was 40%;

3. For accounts that are part of the Grocer sector, the Refuse composition used was 47%; and,

4. For accounts that are part of the Arts and Entertainment (includes amusement parks and event venues) sector, the Refuse composition used was 55%.

b. Multifamily – 54%

i. Assumed a 100% capture of Organic Waste and 50% capture of Recycling.

c. Residential – 80%

i. Assumed a 50% capture of Organic Waste and 50% capture of Recycling.

The following assumptions were made for the Two-Container service level projections analysis, applicable to all Customer types:

1) Two-Container A (Gray and Blue Containers)

i. Gray Container (Refuse and Organic Waste) - Utilized existing Non-Exclusive Commercial Franchise Customer Refuse service level data.

ii. Blue Container (Recyclables)- Utilized Recycling projected service levels from the three-container service level projections analysis.

2) Two-Container B (Gray and Green Containers)

i. Gray Container (Refuse and Recyclables) - Utilized existing Non-Exclusive Commercial Franchise Customer Refuse service level data.

ii. Green Container (Organic Waste) - Utilized Organic Waste projected service levels from the three-container service level projections analysis.

The following assumptions were made for the One-Container service level projections analysis, applicable to all Customer types:

1) One-Container (Gray Container)
    i. Utilized existing Non-Exclusive Commercial Franchise Customer Refuse service level data.

**Item A.2 - Container Specifications**

This item consists of 20 pages (including this page).

Ware Disposal has the experience and capacity to collect and process all waste generated within each service area awarded using a three (3) single-stream system. This method of collection and processing will use a blue, green or brown, and black bin separation process which also includes wet and dry routes to maximize post-collection diversion and minimize contamination.

Ware Disposal will collect the following organic waste materials in accordance with SB 1383guidelines:

Black or Brown Container: Organic food waste which means source separated food scraps, food-soiled paper and compostable plastics. Food waste is a subset of SSGCOW. “Food Scraps” means all food such as, but not limited to, fruits, vegetables, meat, poultry, seafood, shellfish, bones, rice, beans, pasta, bread, cheese, and eggshells. Food Scraps excludes fats, oils, grease when such materials are source separated from other food scraps. “Food-Soiled Paper” means compostable paper material that has come in contact with food or liquid, such as, but not limited to, compostable paper plates, paper coffee cups, napkins, pizza boxes, and milk cartons. Edible Food separated for food recovery will not be considered food waste. It is noted that food-soiled paper and plastics of any type are excluded from delivery of food wastes to the Puente Hill MRF since their Doda process cannot process such materials.

Green Container: “Yard trimmings” include all organic materials from the yard or landscaping such as plant trimmings, branches, and flowers, grass clippings, leaves and branches, fruits and vegetables, including only fruits or vegetables grown in your yard/garden that are whole, uneaten, and unprepared. All other food and food scraps should be placed in the black or brown bin for proper disposal. It is not expected that we will be collecting much in the way of green materials with the exception that single family residential properties may generate and have available materials. Typically, multifamily complexes and commercial premises have third-parties conduct landscaping work and usually require groundskeepers to haul away cut greens for recycling. In any event, Ware Disposal will work with all its accounts to assure that third-party landscapers recycle their collected materials. If they don’t, Ware Disposal will work with them and affected complexes to arrange for weekly green waste service using a roll off or other container.

*(rest of page left blank intentionally)*

Recycling Blue Container: “Paper” to include all clean dry paper; “cardboard” to include paperboard boxes and chipboard, cardboard boxes (broken down and flattened); “cartons” to include all refrigerated, shelf-stable, aseptic packaging; “metals” to include all aluminum, tin, metal, and bi-metal cans (wiped clean, if possible); “glass” to include all glass bottles and jars, wiped clean, if possible (including broken bottles); “plastics” to include all plastics numbers 1 through 7 (empty plastic containers, wiped clean, if possible), all clean plastic bags (grocery bags, dry cleaner bags, and film plastics), and car seats (cloth removed)

Ware Disposal will provide standard containers for all waste streams collected. We provide a summary of the containers in the table below.

This order is not valid unless signed and accepted by dealer

1. TRADE-IN(S). Purchaser shall deliver trade-in(s) in the same condition as at the time of inspection and appraisal by Seller reasonable wear and tear excepted, except as disclosed in the Agreement. Purchase represents that each truck shall be free and clear of all liens and encumbrances and warrants that the trade-in(s) are that type and condition described in this Agreement, including any attachments hereto.

2. TERMS OF PAYMENT. Unless otherwise agreed, net payment shall be due on delivery. Late payments shall bear interest at the rate of 18% per annum, or the maximum permitted by law, whichever is less. If acceptance of delivery is delayed by Purchaser, payment shall become due on the date when Seller is prepared to deliver. If the financial condition of Purchaser at any time does not, in the judgment of Seller, justify continuance of the work to be performed by Seller hereunder on the terms of payment as agreed upon, Seller may suspend such work, or postpone delivery, and require such assurances of Purchaser's performance as Seller deems adequate, including payment in advance, or Seller may cancel this order and shall receive reimbursement for its reasonable and proper cancellation charges. In the event of bankruptcy or insolvency of Purchaser, voluntary or involuntary, Seller shall be entitled to cancel any order then outstanding at any time and seek reimbursement for its reasonable and proper cancellation charges.

3. CANCELLATION. Purchaser may cancel this order only if Seller is able to cancel said order with the manufacturer, and only upon written notice. Upon cancellation or failure to accept delivery, Purchaser shall pay Seller reasonable cancellation changes and expenses, not to be less than Seller's out-of-pocket expenses including carrying costs.

4. SALES AND OTHER TAXES. Unless otherwise specified herein, Seller's price does not include federal excise, sales, use, or other taxes. Consequently, in addition to the price specified herein, the amount of any other excise, sales, use or other tax applicable to the sale or use of the trucks purchased hereunder shall be paid by Purchaser, or in lieu thereof Purchaser shall provide Seller with a tax exemption certificate acceptable to the taxing authorities. Purchaser agrees that all taxes related to this transaction, whether arising at the time of the transaction or in the future, are Purchaser's responsibility and further agrees to promptly pay any such taxes.

5. DELIVERY. All trucks furnished hereunder shall be delivered to Purchaser at the Seller's dealership location or other location as designated in this Agreement. Unless otherwise provided, delivery will be made via carriers and routes designated by manufacturer with freight charges to be included in the purchase price. Delivery dates are approximate and are based upon receipt of all necessary information from Purchaser. Seller shall not be liable for delays in delivery or manufacturing, or other causes beyond Seller's control.

6. TECHNICAL CHANGES. Purchaser acknowledges that the manufacturer and Seller reserve the right to change the specifications of the truck(s) at any time without obligation to make such changes in other trucks previously delivered to Purchaser. In addition, manufacturer and Seller reserve the right to make design changes and substitution of materials subsequent to the receipt of the order which, in manufacturers or Seller's opinion are necessary to improve the truck. Purchaser agrees to accept any such changes as fulfillment of Seller's obligations under this order.

7. REQUIRED EQUIPMENT. This order shall be deemed to include, whether or not specified herein, all equipment or accessories required by the National Highway Traffic Safety Act or other regulations in effect at the time of order of receipt. It is agreed that any additional or different equipment not specified which is required at the time of delivery to meet the foregoing Act or other regulations will be added and the costs shall be paid by Purchaser. Purchaser understands that certain safety equipment is available that is not legally required and is available at Purchasers request for an additional fee.

8. TITLE AND REMEDIES. Until full payment by Purchaser of all amounts due hereunder, Seller reserves the title to all equipment furnished hereunder. If Purchaser defaults in payment or performance hereunder or becomes subject to insolvency, receivership, or bankruptcy proceedings, or makes an assignment for the benefit of creditors, or without the consent of Seller voluntarily or involuntarily sells, transfers, leases, or permits any lien or attachment on the equipment delivered hereunder, Seller may treat all amounts then or thereafter owing hereunder by Purchaser as immediately due and payable (subject only to credits required by law) and Seller may repossess said equipment by any means available by law and shall enjoy any and all other remedies of a secured creditor under the Uniform Commercial Code. Purchaser shall execute and deliver to Seller such financing statements and other documents, as Seller may deem appropriate to evidence, perfect, and protect the priority of its security interest in the truck(s) subject to this order.

9. GENERAL. Any assignment by Purchaser of this order or any rights hereunder, without written consent of Seller, shall be void. Clerical errors in this order may be automatically corrected by giving written notice thereof to Purchaser by a duly authorized representative of Seller. No waiver, alteration, or modification of any of the provisions hereof shall be binding unless and until in writing and signed by a duly authorized representative of Seller. To the extent not covered by other terms herein, including terms of warranty and limitation of liability, etc., the provisions of the Uniform Commercial Code shall govern this sale.

10. IMPORT TARIFFS: Purchaser acknowledges that any import tariffs imposed by the government are the sole responsibility of the Purchaser and will result in an increase in the Seller's price equal to the amount of the obligatory tariff.

This Agreement (including by reference the provisions set out in manufacturer's standard warranty or warranties) shall constitute the entire agreement between Purchaser and Seller, and no understandings or obligations not expressly set forth herein or in manufacturer's standard warranty or warranties are binding upon Purchaser or Seller.

ALL WARRANTIES, IF ANY, BY A MANUFACTURER OR SUPPLIER OTHER THAN SELLER ARE THEIRS, NOT SELLER'S, AND ONLY SUCH MANUFACTURER OR OTHER SUPPLIER SHALL BE LIABLE FOR PERFORMANCE UNDER SUCH WARRANTIES. SELLER HEREBY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

## Bill of Rights

### EXCLUSIVE COMMERCIAL FRANCHISE

### CUSTOMER BILL OF RIGHTS

**What We Will Collect**. We will collect trash (also known as refuse), organic waste, and commingled recyclables in containers we provide. You must place refuse, recyclable materials, and organic waste in the appropriate collection containers. We may not pick up materials that are discarded outside of containers and as such may be considered a non-collection event unless you have made previous arrangements with us, as described below.

**Mandatory Organic Waste Collection Services.** The Los Angeles County Board of Supervisors adopted the Mandatory Organic Waste Disposal Reduction Ordinance, which enforces all persons (residents and business/property owners) in the County unincorporated communities to subscribe to organic waste collection services. To comply with this law, you may self-haul, self-manage organic waste on site, utilize an authorized Micro-Hauler (Limited to Organic Waste Collection Only), or you may choose to receive organic waste collection services with us. Additionally, all our customers will be provided a 64-gallon cart of weekly organic waste collection services at no additional charge, along with their weekly refuse collection services.

Should you need more containers, we can offer a variety of sizes at a cost. Please contact us for your needs.

**Mandatory Commercial Recycling**. Commercial businesses and multifamily residences (of 5 or more units) that generate four (4) cubic yards or more of solid waste per week are required by California law to recycle. To comply with the law, you may donate or sell any of, or all, your recyclables elsewhere, such as recycling centers or reuse enterprises, or subscribe to recycling services with us. Additionally, all our customers will be provided a 96-gallon cart of weekly recycling collection services at no additional charge, along with their weekly refuse collection services. Larger containers will be offered at half the rate for the same type and capacity of refuse container and same frequency of a refuse collection service. To evaluate and determine whether your existing levels of refuse, recycling, and organic waste services are appropriate, and promote and implement recycling services, a free site visit and waste assessment will be provided upon the start of collection services. Ongoing site visits and waste assessments will be provided every other year thereafter or as needed.

**We Will Not Collect Hazardous Waste**. State law prohibits disposal of hazardous materials in your collection containers. Hazardous waste includes most paints, pesticides, petroleum derivatives such as motor oil and solvents, batteries, thermostats, aerosol cans, fluorescent lights, and certain mercury-containing devices. If we identify these items in your containers, we will tag your containers and they will not be collected. For additional safe and legal disposal options, call 1 (888) CLEAN LA or visit www.CleanLA.com.

**When We Will Collect**. We will collect your containers on your scheduled collection day(s) each week. We will notify you in advance if we make a permanent change in your scheduled collection

day. If your scheduled collection day falls on or after a holiday, or during a holiday week, collection will be delayed by one (1) day. (Friday customers will receive their collection on Saturday.) We observe the following holidays: Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas, and New Year's Day.

**Where We Will Pick Up**. You must set your containers(s) at the set-out site as agreed upon unless you have roll-out/scout service. If we agreed to collect on private driveways or pavement, we will ask you to sign a waiver of damage liability. We must repair or replace, to your satisfaction, damaged property, and reimburse you for cost of personal injury caused by our negligence or willful acts or omissions. In addition to enforcing your rights under the franchise agreement, you may institute civil suits allowed under law.

**Container Enclosure Maintenance and Litter**. You are responsible for keeping your container enclosure or set-out site clean and in good repair. We will clean up all litter caused during collection.

**Weight Limitations of Carts or Dumpsters**. We will not pick up carts weighing more than 250 pounds or dumpsters weighing more than: Standard three (3) cubic yard dumpster=350 pounds.

**Repair/Replacement**. At no additional charge, we will repair or replace damaged containers within two service days after we have observed damaged containers while providing service and upon your request, unless the container damage is deemed to be due to customer negligence.

**Bulky Items and Electronic Waste Pickups for Multifamily and Residential Customers**. We will provide a specified maximum amount of bulky item pickups per year at no charge (limit of ten (10) items per pickup) based on the number of units on the premises, as specified in the chart below.

We may terminate your service if you do not pay your service fees by the end of the billing cycle, i.e., June 30th. We will charge $25 to restart the service after a service interruption and a $25 fee on returned checks.

**Refunds.** We will refund any overcharges (including advance payments for services that you subsequently cancel) within 30 days after we receive them. Within six (6) months of your new service, we will amend any written subscription order you may have with us to grant you your customer termination rights. You may terminate service at any time by giving us 14-days' notice, your notice must include a reason for the termination. You also have the right to self-haul some of, or all, your solid waste in addition to, or instead of, subscribing to our service.

**Item B.4 - Unpermitted Waste Screening Protocol (Section 13)**

This item consists of 2 pages (including this page).

Ware Disposal handles Unpermitted Waste through an Unpermitted Waste Screening Protocol, including our Safe Disposal Education Program (pursuant to Part II, Sample Contract, Section 13). Our plan includes the following.

Ongoing employee training in identification, safety and notification procedures, including leaving non-collection notices, when safe; all drivers are provided rigorous training prior to operating any refuse, recycling and organics collection truck and scout vehicle, and given periodic refresher training in accordance with our employee safety manual

Drivers visually inspect contents during tipping of containers into vehicles, as well as video recording

Where unpermitted wastes are identified as being loaded into the truck, drivers are given instruction to immediately report the issue, whereupon the vehicle is directed to Madison Materials for subsequent load segregation

Drivers are required to provide immediate notification, such as calling dispatch or the active field supervisor

Ware Disposal manager is then required to provide notification of appropriate local agency or department

Appropriate action, such as segregation and containerization for manifesting and transport for disposal in accordance with applicable law or securing services of permitted handling and transport company, is then conducted

Ware Disposal assures compliance with applicable law, including regulations of the United States Department of Transportation (DOT) (Title 49 CFR) and of the United States Environmental Protection Agency (Title 40 CFR)

Where unpermitted wastes are segregated, material is stored in appropriate containers, which are then properly labeled

**Annually Renewable Performance and Payment Bond**

KNOW ALL MEN BY THESE PRESENTS: That Ware Disposal, Inc.

("Principal") and RLI Insurance Company ("Surety"), are held and firmly bound unto the COUNTY OF LOS ANGELES, State of California ("Obligee"), in the penal sum of Fifty Thousand and 00/100 dollars ($ 50,000.00 ) dollars for the payment of which sum, the Principal and Surety bind themselves, and each of their heirs, administrators, executors, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, the Principal has entered into a contract with the Obligee entitled (Title) San Gabriel Valley West

(the "Franchise Agreement") for the performance of the terms, conditions, covenants and obligations and services set-forth in the Franchise Agreement, including but not limited to providing Franchise services in bins or dumpsters and roll-off boxes in the unincorporated areas of Los Angeles County and payment of the applicable franchise fee; and payment of any liquidated damages assessed pursuant to the Franchise Agreement; and

WHEREAS, the Franchise Agreement is hereby referred to and made a part hereof as fully and to the same extent as if copied at length herein;

NOW, THEREFORE, THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, that if the Principal shall well and truly perform each and every covenant and obligation in the Franchise Agreement at the time and in the manner specified in the Franchise Agreement during the term of this bond, shall reimburse the Obligee for all loss and damage, which the Obligee may sustain by reason of failure or default on the part of the Principal, then this obligation shall be void, otherwise it shall remain in full force and effect.

PROVIDED, however that this bond is subject to the following conditions and provisions:

1. This bond is for the term beginning 09/01/2022 and ending 08/31/2023.
2. In the event of default by the Principal in the performance of the Franchise Agreement during the term of this bond, the Surety shall be liable only for the loss to the Obligee due to damages as described in Section 15 of the Franchise Agreement. The Surety, after investigation, shall with reasonable promptness determine, the amount for which it may be liable to the Obligee as soon as practicable after the amount is determined, and tender payments to the Obligee to secure substitute services, remedy damages incurred, and ensure satisfaction of all performance obligations as set-forth in Section 15 of the Franchise Agreement and only for the purpose of enforcing such Franchise Agreement obligations as they pertain to this bond.
3. Except for a claim for compensatory damages as defined in Section 12, D.1 of the Franchise Agreement, no claim, action, suit or proceeding, except as hereinafter set-forth, shall be had or maintained against the Surety on this instrument unless it be brought or instituted and process served upon the Surety within two years after the expiration of the stated terms of this bond.
4. Neither non-renewal by the Surety, nor the failure or inability of the Principal to file a replacement bond in the event of non-renewal, shall itself constitute loss by the Obligee recoverable under this bond, notwithstanding any language in the Franchise Agreement to the contrary.
5. The bond may be extended for additional one-year terms at the option of the Surety, by Continuation Certificate executed by the Surety.
6. The liability of the Surety under this bond and all Continuation Certificates shall not be cumulative and under no circumstances shall the Surety's liability exceed the penal sum stated herein.
7. No right of action shall accrue on this bond to or for the use of any person, entity, or corporation other than the Obligee and this bond cannot be assigned to any other party without the written consent of the Surety.
8. Other than the Surety's right to renew this bond to extend its termination date, the Surety stipulates and agrees that any change, extension of time, alteration or addition to the terms of the Contract, including alterations in the work to be done, or increase or decrease of the material to be furnished, shall not in any way release either the Principal or Surety, and Surety hereby waives notice of any such change, extension of time, alteration or addition.
9. In the event that suit is brought against this bond, the Surety will pay, in addition to the penal sum herein, costs and reasonable expenses and fees, including reasonable attorney's fees, as awarded and fixed by the court.

# Notice 1015

(Rev. December 2021)

## Have You Told Your Employees About the Earned Income Credit (EIC)?

### What Is the EIC?

The EIC is a refundable tax credit for certain workers.

### Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whose wages you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Certificate.

**Note:** You are encouraged to notify each employee whose wages for 2021 are less than $57,414 that he or she may be eligible for the EIC.

### How and When Must I Notify My Employees?

You must give the employee one of the following.

- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you give an employee a Form W-2 on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If you give an employee a substitute Form W-2, but it does not have the required information, you must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 7, 2022.

You must hand the notice directly to the employee or send it by first-class mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can download copies of the notice at www.irs.gov/FormsPubs. Or you can go to www.irs.gov/OrderForms to order it.

### How Will My Employees Know if They Can Claim the EIC?

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see Pub. 596, Earned Income Credit (EIC), or the Instructions for Forms 1040 and 1040-SR.

### How Do My Employees Claim the EIC?

An eligible employee claims the EIC on his or her 2021 tax return. Even an employee who has no tax withheld from wages and owes no tax may claim the EIC and ask for a refund, but he or she must file a tax return to do so. For example, if an employee has no tax withheld in 2021 and owes no tax but is eligible for a credit of $800, he or she must file a 2021 tax return to get the $800 refund.

Ware Disposal has secured written and/or oral commitments from (1) the Rialto BioEnergy Facility (RBF) – which will provide ample organic waste recycling capacity – and (2) Universal Waste Systems 24th Street Facility for receipt and processing into RBF-required dewatered filter cake. The resultant material will be processed at about 95% recovery which will more than exceed the mandated diversion requirements within the County.

The RBF is a solid waste-permitted organics waste diversion facility (SWIS #36-AA-0446) as defined by SB 1383, and is located at 503 East Santa Ana Avenue Rialto, CA 92376. RBF has committed to accept supplies of pre-processed digestible organic wastes either in diluted (slurry) form or in filter cake (solid) form.

The RBF operates an in-vessel anaerobic digestor which can receive and process by permit up to 700 tons per day (tpd) of digestible organic wastes derived from municipal solid waste generators. The facility recycles organics into Renewable Natural Gas (RNG) and digestate suitable for direct land application and for composting into valuable soil amendment with negligible residuals.

Prior to any change in designated facilities, Ware Disposal will provide notification to the Director for approval of change. If a new facility is chosen with a higher fee than the prior facility, Ware Disposal will not increase the Service Rate of its customers or to the county.

**Re: Letter of Intent to Accept SB 1383 Defined Organic Wastes at Rialto BioEnergy Facility**

Dear Mr. Ware:

The Rialto BioEnergy Facility (RBF) is a solid waste-permitted organics waste diversion facility (SWIS #36-AA-0446) as defined by SB 1383, and is located at 503 East Santa Ana Avenue Rialto, CA 92376. The RBF operates an in-vessel anaerobic digestor which can receive and process by permit up to 1080 tons per day (tpd) of digestible organic wastes derived from municipal solid waste generators. The facility recycles organics into Renewable Natural Gas (RNG) and digestate suitable for direct land application and for composting into valuable soil amendment with negligible residuals.

RBF is interested in securing supplies of pre-processed digestible organic wastes either in diluted (slurry) form or in filter cake (solid) form. All received digestible organics must be delivered by truck from solid waste-permitted transfer and processing facilities authorized to process organic wastes in accordance to SB 1383 regulatory requirements.

RBF is pleased to offer this letter of intent to accept up to 100 tons per day of pre-processed organics for a period not to exceed 10 years.

In addition, RBF is prepared to assist Ware Disposal to acquire our proprietary OREX® pre-processing technology for installation at its facility named Madison Materials Resource Recovery Facility which is a solid waste-permitted facility (SWIS #30-AB-0386) and located at 1035 E. 4th Street, Santa Ana, CA 92701.

This letter does not confer to Ware Disposal an exclusive right to facility capacity at RBF, nor does it commit Ware Disposal to put-or-pay terms in the event of delivery of insufficient weight of materials. Standard terms of contract will apply prior to actual delivery of organic wastes. RBF reserves the right to inspect the pre-processed materials at any time, and the right to reject any load at the supplier's own liability for failure to meet acceptable material and specification requirements as listed above.

**Item B.21 - Contamination Monitoring Plan**

This item consists of 4 pages (including this page).

In accordance with Section 18984.5 of the SB 1383 regulations Ware Disposal will, at its sole expense, conduct hauler route reviews for prohibited container contaminants in each customer's recycling and organic waste containers. The reviews will be done in a manner that is deemed safe; is approved by the County and results in all hauler routes being reviewed at a minimum annually.

Additionally, Ware Disposal, at the request of the County will conduct route reviews for contamination minimization with large organic waste customers once per quarter. Large organic waste customers will be identified as customers who have 4 CY or more of organic waste collection once per week.

Ware Disposal will develop a hauler route review methodology to minimize container contaminants in collection containers and such methodology shall comply with the requirements of 14 CCR Section 18984.5(b). Ware Disposal will submit its proposed hauler route review methodology to the County for approval. Ware Disposal's proposed hauler route review methodology will include not only its plan for container inspections, but also may include physical visual inspections of containers by Ware Disposal drivers using video screen monitoring to capture contamination of customers out of compliance. Ware Disposal may commence with the proposed methodology upon approval.

Today, the average contamination rate among communities and businesses sits at around 25%. That means that roughly 1 in 4 items placed in a recycling container is actually not recyclable through curbside programs, and this creates enormous problems for the recycling economy. Contamination significantly increases the cost to process recyclables while commodity prices for recyclables has fallen significantly.

The higher the recycling contamination, the less we can recycle – that is the challenge we are all facing, and it is a national problem.

Ware Disposal's recycling containers shall be considered contaminated if it contains more than twenty percent (20%) non-recyclable material by weight or volume. The organic waste containers shall be considered contaminated if it contains more than twenty percent (20%) non-organic waste material by weight or volume.

Ware Disposal will take appropriate actions following contamination monitoring. These actions will be submitted for approval to the County and will likely include but not limited to the following:

| Item | Description |
|---|---|
| 1st Incident | Upon finding Container Contaminants, Ware Disposal will photograph and provide written notice to the customer. **Item B.22 - Procurement of Recovered Organic Waste Products (Item J4 of Exhibit 3A1)**

This item consists of 3 pages (including this page).

Alternative procurement amount shall be equivalent to RNG procurement amounts of 25% of total fuel usage for the Service Area. The amounts specified are provided above in Environmental Programs, page 39 of this document. Ware Disposal will meet SB 1383 procurement obligations for the County through partnership with U.S. Gain, a division of U.S. Venture Inc., a leader in development and distribution of alternative fuel and renewable natural gas. U.S. Gain has committed to piping in SB 1383 qualified RNG directly to Ware Disposal's Fullerton yard where all Ware Disposal trucks will refuel overnight. The utilization of onsite fueling will reduce driver time and operational costs through elimination of time spent refueling, reducing Ware Disposal's environmental footprint, positively impacting County congestion and air quality. We will also provide mulch and compost without charge at the County's direction.

**Re: RNG Delivered to Ware Disposal CNG station**

Dear Administrator,

This letter shall serve as Clean Energy's confirmation that Ware Disposal will receive 100% RNG supply when fueling at its CNG fueling station in Fullerton, California.

Clean Energy sources RNG from an established portfolio of producers across North America. The RNG Clean Energy delivers into the vehicle fuel market is from EPA and California Air Resource Board (ARB) registered RNG production facilities.

The station above dispensed 100% RNG in 2020, and Clean Energy will continue provide RNG to this station, along with the rest of our California CNG infrastructure. While a portion of our RNG supply includes RNG produced in California, this volume cannot be guaranteed, and we will deliver California RNG on an as-available basis.

If you need any further information or wish to discuss Clean Energy's RNG supply, please feel free to reach out to Sahar Kamali at 949-437-1260 or Sahar.kamali@cleanenergyfuels.com.

Sincerely,

Sahar Kamali
