Mayor City of Los Angeles  
200 North Main Street  
Los Angeles, CA 90012-4801

Dear Mayor Hahn:

#### **BRADLEY LANDFILL AND RECYCLING CENTER EXPANSION**

At its meeting of August 19, 2004, the Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force took action regarding Waste Management, Inc.'s request for a Finding of Conformance for the expansion/regrade of the Bradley Landfill and Recycling Center. The Task Force denied the request because the project is in conflict with the goals, policies, and objectives of the Los Angeles County Countywide Siting Element dated June 1997. The conflicts are specifically in relation to:

- conflicting documentation of the facility's land use permit
- applicant's failure to obtain a Finding of Conformance prior to the approval of the facility's 1998 Solid Waste Facility Permit
- inadequacy of the facility's existing gas control system to protect the public health and safety of the buildings adjacent to the facility and their occupants

Enclosed is a copy of the letter dated September 9, 2004, transmitting the Task Force's action.
