State Capitol, Room 2187

Dear Senator Umberg:

**SUPPORT – ASSEMBLY BILL 818 (BLOOM) AS REVISED ON MAY 5, 2021 – SOLID WASTE: PREMOISTENED NONWOVEN DISPOSABLE WIPES**

The Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force (Task Force) **supports** Assembly Bill 818 (AB 818), as revised on May 5, 2021.

The proposed legislation, if enacted, would require certain premoistened nonwoven disposable wipes manufactured on or after July 1, 2022, to be labeled clearly and conspicuously with the phrase "Do Not Flush" and a related symbol. The bill would also prohibit manufacturers from making a representation about the flushable attributes, benefits, performance, or efficacy of premoistened nonwoven disposable wipes.

Additionally, AB 818, until January 1, 2017, would establish the California Consumer Education and Outreach Program, under which manufacturers and retailers would be required to participate in a collection study conducted in collaboration with wastewater agencies for the purpose of gaining understanding of consumer behavior regarding the flushing of premoistened nonwoven disposable wipes and to conduct a comprehensive multimedia education and outreach program in the state. Reports must be filed with the Legislature and the State Water Resources Control Board on activities under the program and would require the State Water Resources Control Board to post the reports on its internet website.

The Task Force supports the proposed legislation because the bill would help to ensure the proper disposal of the covered personal hygiene/cleaning products to protect public health, the environment, and combat problems to public sewage infrastructure caused by improperly flushing these products.
