The Honorable Bill Quirk, Chair
Assembly Committee on Environmental Safety
and Toxic Materials
1020 N Street, Room 171
Sacramento, CA 95814

Dear Assembly Member Quirk:

**SUPPORT – SENATE BILL 1215 (NEWMAN) AS AMENDED ON APRIL 21, 2022 –
RESPONSIBLE BATTERY RECYCLING ACT OF 2022**

The Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force (Task Force) is pleased to **support** Senate Bill 1215 (SB 1215), as amended on April 21, 2022.

If enacted, the proposed legislation, among other things, would enact the Responsible Battery Recycling Act of 2022 (ACT), which would require producers to either individually or through the creation of one or more stewardship organizations, establish a stewardship program for the free and convenient collection and recycling of covered batteries and covered battery-embedded products. The bill would require a producer or stewardship organization to develop and submit a stewardship plan for review and approval for the covered batteries and battery-embedded products. The bill would require a stewardship organization or producer to have a complete stewardship plan approved by the Department of Resources and Recovery (CalRecycle) on or before December 31, 2025. Furthermore, this bill would provide for enforcement of the ACT, including authorizing CalRecycle to impose an administrative civil penalty on a stewardship organization, producer, manufacturer, distributor, retailer, importer, recycler, or collection site in violation of the ACT not to exceed \$10,000 per day, unless the violation is intentional, knowing, or reckless, then in that case not to exceed \$50,000 per day.

The Task Force is in support of this measure as it would create a proper and safe collection program for batteries and products embedded with batteries which are often discarded in curbside solid waste containers or recyclable bins posing battery fire threats to solid waste collection personnel, transportation vehicles, and recycling facilities.

The Honorable Bill Quirk

Pursuant to Chapter 3.67 of the Los Angeles County Code and the California Integrated Waste Management Act of 1989 (Assembly Bill 939), the Task Force is responsible for coordinating the development of all major solid waste planning documents prepared for the County of Los Angeles and the 88 cities in Los Angeles County with a combined population in excess of ten million. Consistent with these responsibilities and to ensure a coordinated and cost-effective and environmentally sound solid waste management system in Los Angeles County, the Task Force also addresses issues impacting the system on a countywide basis. The Task Force membership includes representatives of the League of California Cities-Los Angeles County Division, County of Los Angeles Board of Supervisors, City of Los Angeles, waste management industry, environmental groups, the public, and a number of other governmental agencies.

Based on the foregoing, the Task Force **supports** SB 1215 as amended on April 21, 2022. If you have any questions, please contact Mr. Mike Mohajer, a member of the Task Force, at MikeMohajer@yahoo.com or (909) 592-1147.

Sincerely,

Sam Shammas, Vice-Chair
Los Angeles County Solid Waste Management Committee/
Integrated Waste Management Task Force
