

Safe Car Cruising

QUICK FACT SHEET

Background: Car cruising is the custom of driving a vehicle at a leisurely or slow pace for the purposes of socializing, enjoying the road, and showcasing cars to onlookers or spectators. On October 13, 2023, the Governor signed Assembly Bill 436 which allows car cruising across California as of January 1, 2024. While it is important to celebrate the acceptance of car cruising and lowriding in California, please remember that the California Vehicle Code still applies.

The County is working with the car cruising community, residents, and businesses to help develop a system where everyone can appreciate car cruising together.
