The DACIP is charged with working collaboratively using a consensus-based approach to implement a Funding Area-wide Disadvantaged Community Involvement Program that meets the following objectives in accordance with the DWR IRWM Grant Program:

1) Work collaboratively to involve DACs, community-based organizations, and stakeholders in IRWM planning efforts to ensure balanced access and opportunity for participation in the IRWM planning process

2) Increase the understanding, and where necessary, identify the water management needs of DACs on a Funding Area basis

3) Develop strategies and long-term solutions that appropriately address the identified DAC water management needs
