Submittal Requirements:

- 1. Four sets of final construction plans (seven if the Corps is involved) with structural details and profiles of the existing and proposed facilities.
2. Two sets of letter size structural and/or hydraulic and hydrology calculations. The plans and calculations must be stamped and signed by a registered civil/structural engineer licensed to practice in the State of California.
3. Four copies of the As-Built drawings of the District's facility impacted by the proposed work and two of the right-of-way map.
4. Letter from Owner/Applicant authorizing Agent/Contact to request a permit on their behalf.
5. For storm drain connections, complete EXHIBIT "A" when applicable, and submit SUSMP.
6. Fees will be charged according to the current ordinance established by the Board of Supervisors
7. Certificate of Liability Insurance (\$1 Million minimum coverage) and additional insured endorsement naming the County of Los Angeles, the Los Angeles County Flood Control District, and, when applicable, the U.S. Army Corps of Engineers as co-insured.
8. Complete and sign acknowledgement that Applicant has read, understands, and agrees to fully comply with the Best Management Practices (BMP) Attachment to this permit per Los Angeles County Code Chapter 12.80 Stormwater and Runoff Pollution Control.
The applicant must show that the proposed work will not adversely affect the District's interests; i.e., (1) Hydraulic and Hydrologic Design; (2) Structural integrity; (3) Maintenance standards; (4) District's property rights, etc.
