Note: The County Surveyor considers Ocean Ave. from Railroad Ave. (now Colorado St.) southeasterly for 450 feet, to be 100 feet wide. The northeasterly 80 feet was declared a public highway by the Board of Supervisors November 10th 1896, in Road Book 2-226. We find no deed or dedication for the southwesterly 20 feet, but consider it a public highway by prescription. The Insurance & Trust Co. considers Ocean Ave. 100 feet wide at this point by prescription. The County Assessor does not assess same.
