

# MAP

SHOWING THE AMENDED DEFINITE LOCATION OF THE  
**FAIRMONT RESERVOIR**

Being a Portion of the System of the

# Los Angeles Aqueduct

Lying within the Los Angeles, California, Land District. Filed by the City of Los Angeles, California, under the Provisions of the Act of Congress approved June 30, 1906, granting rights of way to said City

SCALE: 1 INCH = 400 FEET.

1M72

STATE OF CALIFORNIA

County of Los Angeles,

WILLIAM MULHOLLAND, being duly sworn, says he is the Chief Engineer of the Bureau of the Los Angeles Aqueduct in the Department of Public Works of the City of Los Angeles; that the amended survey of said City's Fairmont Reservoir, in the Los Angeles, California, Land District, described as follows:  
 Beginning at Station 0+00 of said reservoir survey in Section Twelve (12), Township Seven (7) North, Range Fifteen (15) West, S.B.M., from whence bears South 48° 57' West, distant 1335.8 feet, the corner common to Sections 11, 12, 13 and 14, of said Township and Range, the same being the nearest existing corner outside the reservoir along a line which does not cross an area that will be covered with water when the reservoir is in use, the said initial point being also station 196+96.00, which is the closing station of said reservoir survey; said reservoir having a total area of 181.5 acres, and a total capacity of 920 acre feet; was made under his direction, as Chief Engineer of said Bureau, and under the authority of the said City of Los Angeles, commenced on the 15th day of February, 1908, and ending on the 15th day of March, 1908; and that the amended survey of the said Fairmont Reservoir in the Los Angeles, California, Land District, accurately represents a level line which is the proposed water line of the said reservoir, and that such survey is accurately represented upon this map, and by the accompanying field notes. And no lake or lake bed, stream or stream bed, is used for the said reservoir, except as shown on this map.

Subscribed and sworn to before me this 8th day of May, 1908.  
 Notary Public in and for the County of Los Angeles, State of California.

Chief Engineer of the Bureau of the Los Angeles Aqueduct, in the Department of Public Works of the City of Los Angeles.

Be it remembered, A. C. HARPER, H. J. LELANDE, A. A. HUBBARD and HORACE B. FERRIS, do hereby certify that we are, respectively, the Mayor, the City Clerk, the President of the Board of Public Works, and the Secretary of the Board of Public Works of the City of Los Angeles; that William Mulholland, who subscribed the accompanying affidavit, is the Chief Engineer of the Bureau of the Los Angeles Aqueduct, in the Department of Public Works of the said City of Los Angeles; that the amended survey of the said City's Fairmont Reservoir, in the Los Angeles, California, Land District, as accurately represented on this map, and by the accompanying field notes, was made by the authority of the said City of Los Angeles; that said City is duly authorized by its Charter to construct the said reservoir upon the location shown upon this map; that the said reservoir, as represented on this map, and by said field notes, was adopted by the said City, by resolutions of its Council and Board of Public Works, on the 15th day of February, 1908.  
 Beginning at Station 0+00 of said reservoir survey in Section Twelve (12), Township Seven (7) North, Range Fifteen (15) West, S.B.M., from whence bears South 48° 57' West, distant 1335.8 feet, the corner common to Sections 11, 12, 13 and 14, of said Township and Range, the same being the nearest existing corner outside the reservoir along a line which does not cross an area that will be covered with water when the reservoir is in use, the said initial point being also station 196+96.00, which is the closing station of said reservoir survey; said reservoir having a total area of 181.5 acres, and a total capacity of 920 acre feet; and that no lake or lake bed, stream or stream bed, is used for the said reservoir, except as shown on this map, and that this map has been prepared to be filed for the approval of the Secretary of the Interior, in order that the said City of Los Angeles may obtain the benefits of the Act of Congress, approved June 30, 1906, and entitled "An Act Authorizing and Directing the Secretary of the Interior to sell to the City of Los Angeles, California, certain public lands in California, and granting rights in, over and through the Sierra Forest Reserve, the Santa Barbara Forest Reserve, and the San Gabriel Timber Land Reserve, California, to the City of Los Angeles, California."  
 And we further certify that the reservoir site herein described is desired for use in connection with the construction, operation, and maintenance of canals, ditches, pipes, pipe lines, flumes, tunnels and conduits for conveying water to the City of Los Angeles.

Mayor of the City of Los Angeles

City Clerk of the City of Los Angeles

President of the Board of Public Works of the City of Los Angeles

Secretary of the Board of Public Works of the City of Los Angeles
