Notes:

Corner, and lot stakes, and points for street intersections, also curve points of old S.G.V.R.T.Ry. found, are marked thus o

Street centre lines run in — — — —

" " " from city records ———— —— ——

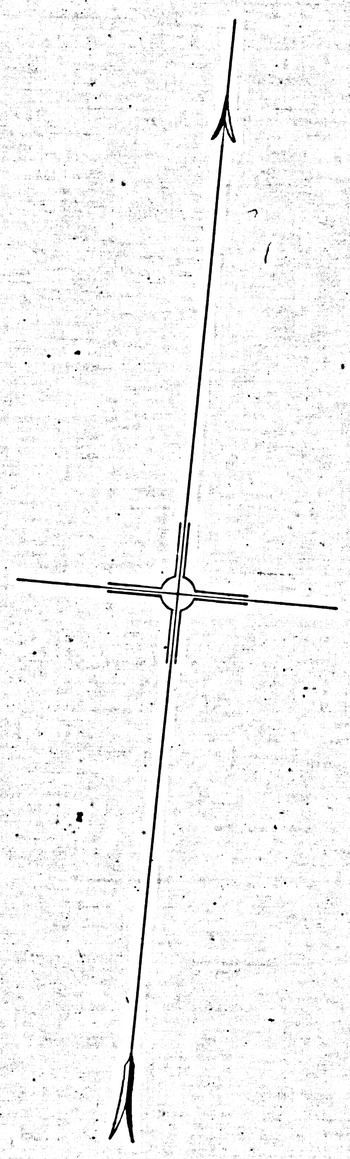

Auxilary street lines and ties - - - - - -

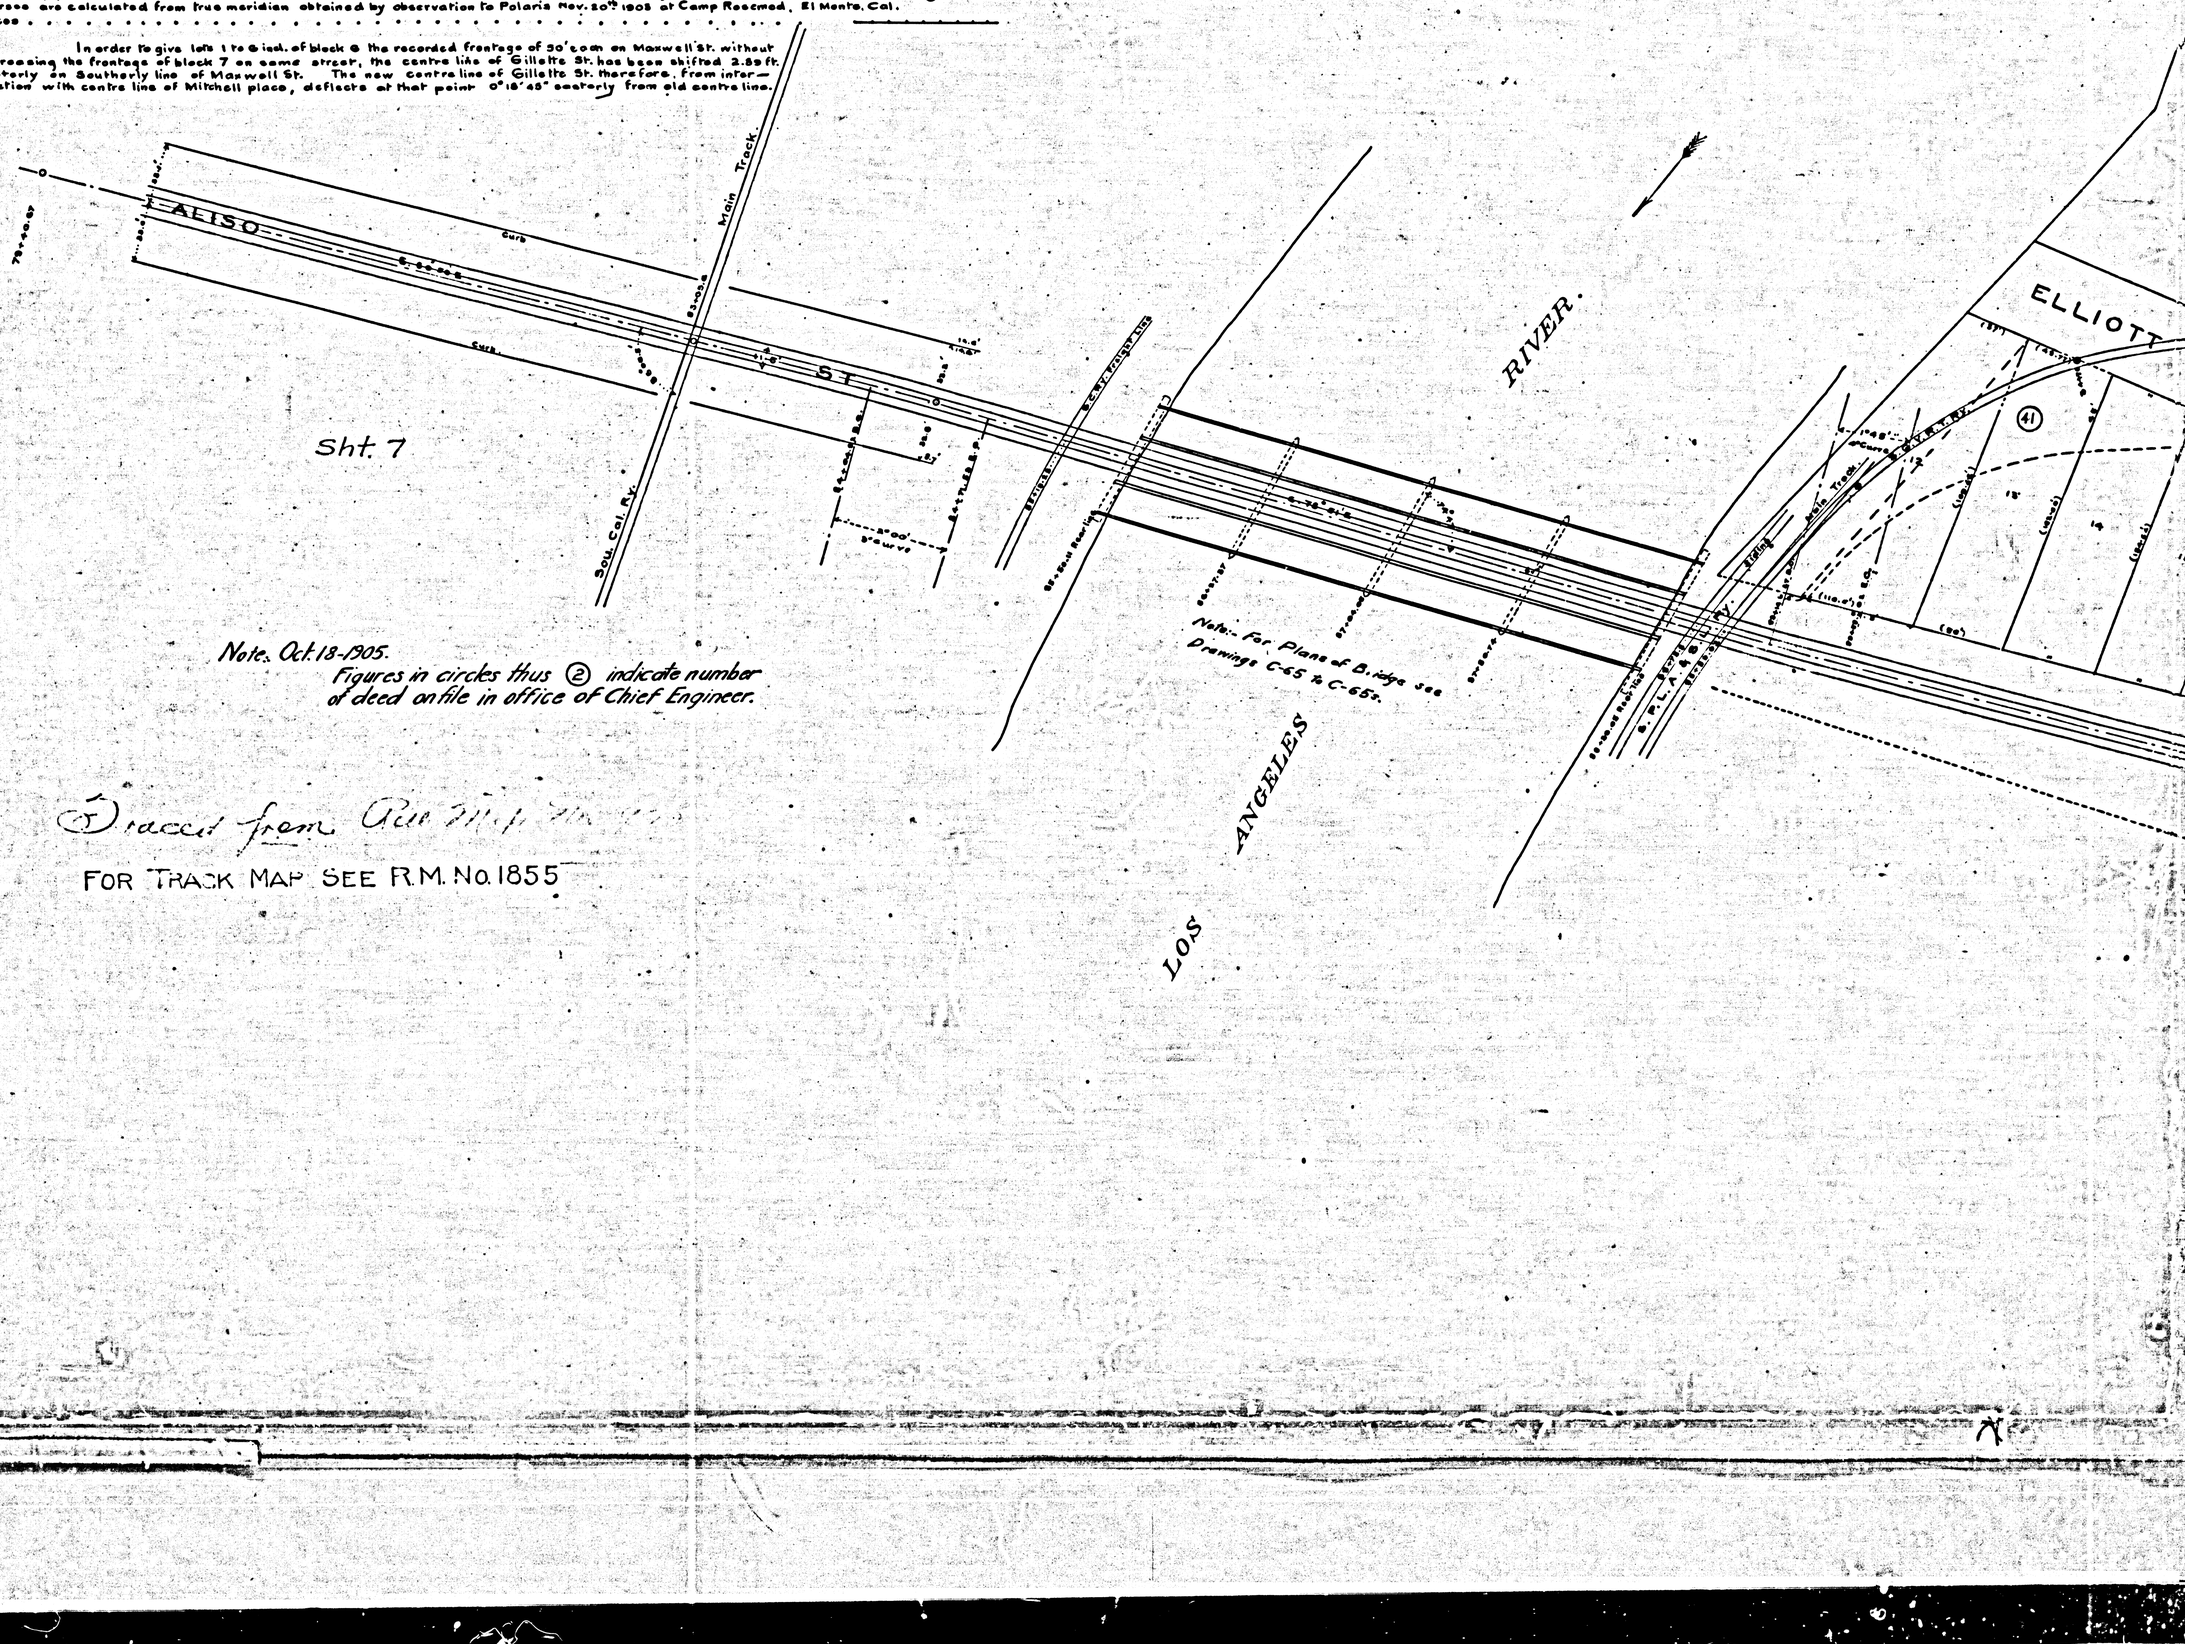

3 inch iron pipes set O

Courses are calculated from true meridian obtained by observation to Polaris Nov. 20th 1905 at Camp Rosemead, El Monte, Cal.

Fences

In order to give lots 1 to 6 incl. of block 6 the recorded frontage of 50' each on Maxwell St. without decreasing the frontage of block 7 on same street, the centre line of Gillette St. has been shifted 2.89 ft. easterly on Southerly line of Maxwell St. The new centre line of Gillette St. therefore, from intersection with centre line of Mitchell place, deflects at that point 0°18'45" easterly from old centre line.

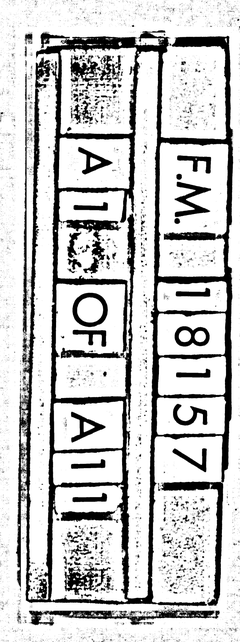

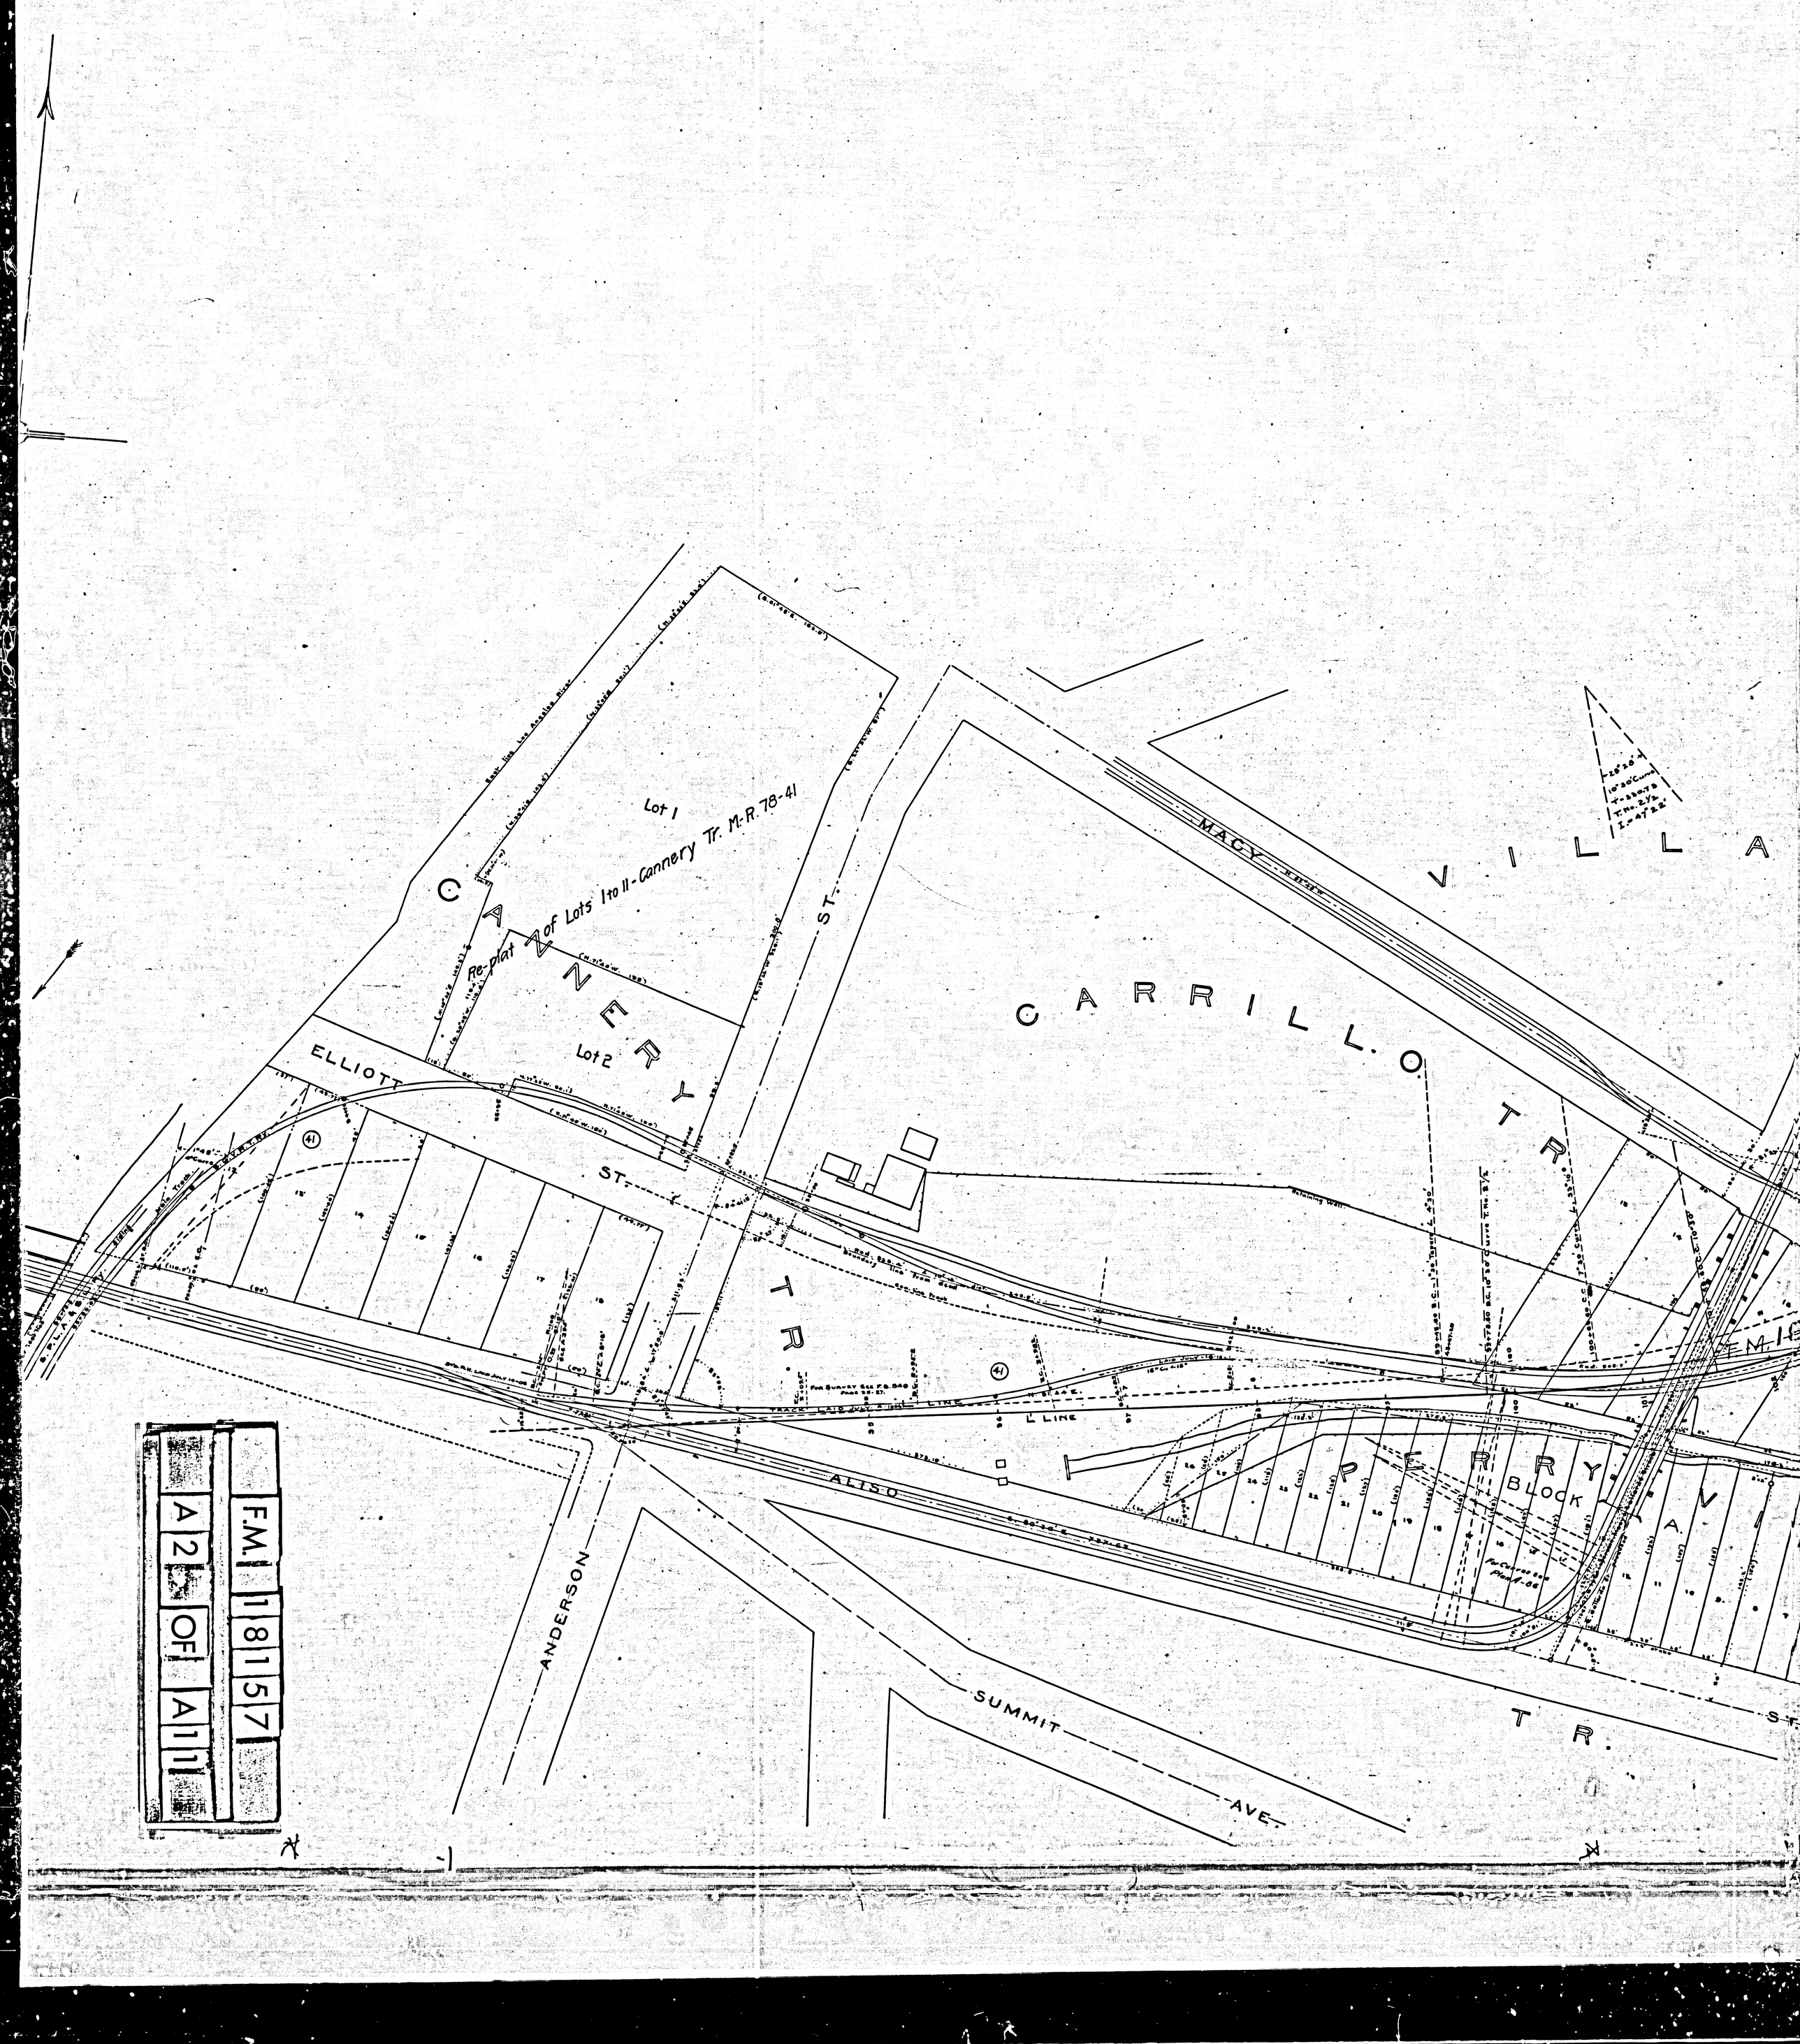

Note. Oct. 18-1905.
Figures in circles thus (2) indicate number of deed on file in office of Chief Engineer.

Traced from Rec. Map
