Coordinates, bearings and distances are based upon the California Coordinate System, Zone V.
To convert from grid to ground distance, multiply by 1.000018.
Note: Information in parentheses is that used for the State's acquisition and is of record, but which is no longer valid due to existing conditions.
All distances are shown in feet. To convert feet to metres multiply feet by .3048006.

Coordinates, bearings and distances are based upon the California Coordinate System, Zone V
 To convert from grid to ground distance, multiply by 1.000306
 Note: Information in parentheses is that used for the States acquisition and is of record but which is no longer valid due to existing conditions.
 All distances are shown in feet. To convert feet to metres multiply feet by .3048006.
