

1. Use Standard Manhole Frames and Covers, S-a-117.
2. Use Standard Strength Pipe, except as noted.
3. Use Cement mortar for all vitrified clay pipe joints.
4. All structures shall be brick sewer structures, S-a-104.
5. Resurface all trench within paved area to meet L.A. County Road Department requirements.
6. Construct House Connections with invert at Property Line 5 feet below alley grade, except as noted.
7. Construct tops of all Structures in Rights Of Way 6" above finished grade.

B.M. #4 L & T. in S. C. of 135th St of S.W. Cor. 135th & McKinley Ave. E.I. 10,075 R.D.F.B. LX 217-137

NOTE: No representative of the County Engineer will survey or lay out any portion of the work. The owner or his authorized representative shall furnish the County Engineer with grade elevations for all house connections and fire hydrants and shall provide stakes for them at their proper locations with numbering plainly marked. Any change in locations shall be requested in writing by the owner or his representative. No revisions shall be made in these plans without approval of the County Engineer.

GLEN ROAD

NOTE: Grades to which this improvement is to be constructed are shown on the profile. Grade points for top of curb, center line of street or center line of alley shall be established by the contractor. All points between designated points the grade shall be established by a straight line drawn between said designated points. Elevations are in feet above U.S.G.S. datum or mean sea level. This drawing and the data hereon are hereby made a part of the contract. Work shall be constructed according to specifications on file in the office of the County Engineer and shall be prosecuted only in the presence of the County Engineer. Before work can be started the contractor must obtain a permit to excavate in County Right-of-Way from the L.A. County Road Dept. 271 So. Main St., and make a deposit with the County Engineer, for Fidelity League \$500, sufficient to cover the cost of construction inspection and record plans. If work is to be done in a State Highway a permit must be obtained from the State of California, Division of Highways, 808 State Bldg. after making the deposit with the County Engineer.
