NOTE:
Grades to which this improvement is to be constructed are shown on Plans and Profiles. Grade points for use at curb, centerline or street or corner line of alley are shown by circles on Profiles. At all points between occupied points the grade shall be established so as to conform to a straight line drawn between said designated points. Elevations are in feet above U.S.C.S. Datum or Mean Sea Level. This grading and the data hereon are hereby made a part of the specifications. Work shall be constructed according to specifications on file in the office of the County Engineer and shall be prosecuted only in the presence of the County Engineer. Before work can be started, the Contractor must obtain a Permit to excavate in County Streets from the L.A. County Road Dept. 104 County Engineering Bldg. and make a deposit with the County Engineer, 428 County Engineering Bldg. sufficient to cover the cost of Construction Inspection and Record Plans.
