NOTE:
 Grades to which this improvement is to be constructed are shown on plans and profiles. Grade points for top of curbs, center line of streets, or center line of alleys are shown by circles or profiles. As all points between designated points the grade shall be established so as to conform to a straight line drawn between said designated points.
 Elevations are in feet above U.S.G.S. datum or mean sea level.
 This drawing and the data hereon are hereby made a part of the specifications for the work. Work shall be constructed according to specifications on file in the office of the County Engineer and shall be prosecuted only in the presence of the County Engineer.
 Before work can be started, the contractor must obtain a permit to encroach in County streets from the L.A. County Road Dept., 108 W. 2nd St. and make a deposit with the County Engineer, \$18, 255 Co. Bond, sufficient to cover the cost of construction inspection and record plans.
 Approval of this plan by the County of Los Angeles does not constitute a representation as to the accuracy of the location of or the existence or non-existence of any underground utility, pipe, or structure within the limits of this project. This note applies to all sheets.
 If work is to be done in a State Highway, a permit must be obtained from the State of California, Division of Highways, 120 South Spring Street.
