A. B.		W. S. 9	RECORD PLANS		

Abandon existing 10" C.I.P. sewer to the Old Hall of  
 Records' connection, approximately 360' Southwaly  
 in pedestrian tunnel. Two lengths of pipe to be  
 removed from each end of abandoned section  
 and existing pipe plugged at the Old Hall of  
 Records' connection.

There are a number of existing conduits in the tunnel  
 which are not shown on these plans. There will be no  
 direct interference with the proposed rerouting of the  
 existing 10" C.I.P. sewer. However working space will be  
 of a minimum. The contractor shall familiarize himself  
 with this condition.
