SHOWING TYPICAL PAVING AT EXISTING SEWER MANHOLES
NOT AT SCALE

GENERAL SEWER NOTES

- Sanitary Sewers shall be constructed in accordance with the Standard Specifications for Public Works Construction 1970 Edition (hereinafter referred to as the Standard Specifications), Section B-24 of the Standard Provisions, Special Provisions for the Construction of Sanitary Sewers and Standard Plans on file in the office of the County Engineer.
- Existing sewer service and flow shall be maintained at all times.
- The following latest revised Standard Plans shall apply in the construction of this project: S-1, S-2, S-3, S-5, S-6, S-8, S-12, S-15, S-17, S-21 and S-33.
- No revision shall be made to these plans without the approval of the County Engineer.
- All cast iron sewer pipes and joints shall be in accordance with Section 207-91(b) and 207-97 of the Special Provisions for the Construction of Sanitary Sewers and 306-2.3.4 (b, d, e) of the Standard Specifications.

Note:
For General and Structural Notes see Sheet 1.
