INDEX TO U.S. LAND OFFICE SURVEYS
 Morris (1844) (CS 971-104) (C.S. 975-976) (C.S. 977-978)
 Ochsman (1857) (CS 979-980) (C.S. 981-982)
 Pearson (1861) (CS 983-984) (C.S. 985-986)
 Morley (1864) (C.S. 987-988)

Note: Search was made by the County Surveyor for all U.S. Land Office corners on the Range line between the NE corner of Section 12, T.7N., R.16W. and the East 1/4 corner of Section 12, T.7N., R.15W. and none were found. See F.B. 527-143 to 149. For County Surveyors random line here. The U.S. Land Office has not yet run out the Range line south of the East 1/4 corner of Section 12, so it was not possible to proportion for the West 1/4 corner of Section 6, T.7N., R.16W. The County Surveyor, in order to fix an approximate location for the Angeles National Forest Boundary through Section 6, has determined an approximate location for the West 1/4 corner of Section 6 as shown above.
