

# ADVENTURE PARK

## Multi-Benefit Stormwater Capture Project

Project will include construction of a new drainage infrastructure to capture and treat stormwater and enhancements to the park, including drought tolerant landscaping with educational signs, new exercise equipment, walking paths and renovated ball fields.

### Community Benefits

Water Quality

Open Area Enhancement

Reduce Heat Island Effect

Water Supply

Recreational Opportunities

Increased Trees or Vegetation

Enhance Park/Habitat

Natural Processes

### VIRTUAL COMMUNITY MEETING

**July 23, 2020 | 6–7 p.m.**
