RE: Meeting of Local Water Agencies

Dear John:

After meeting with several people regarding the Antelope Valley Adjudication, it has come to my attention that we, as water agencies, need to join together as one.

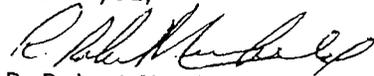

I am suggesting that we meet to discuss any and all water management issues that currently or could in the future affect the Antelope Valley Groundwater Basin. Palmdale Water District has agreed to host this meeting on November 20, 2006, at 10:00 a.m.

Please come to this meeting prepared to share the 5 key items that reflect your agencies most important groundwater needs. The purpose of this meeting will be to establish common goals and to begin a more formal process of working together and speaking with one voice. This is an informal meeting and we are requesting that you attend without legal representation present.

I have enclosed a tentative agenda for your perusal. Depending upon the Key Issues raised, the actual agenda may be revised.

If you have any questions, please feel free to contact me at 661-256-5807.

Thank you,

R. Robert Neufeld
 General Manager
