MALIBU, CA 90265
Tel (877) 637-3661 • Fax (310) 317-4674

PLEASE COMPLETE AND SIGN APPLICATION.

Type of Application: New Renewal Relocation

NAME OF PROPERTY OWNER:	BILLING NAME:
LOCATION OF PROPERTY WHERE WATER WILL BE USED: (ADDRESS, APN, PARCEL MAP NO, OR TRACT NO)	BILLING ADDRESS:
METER REQUEST DATE: _____	
REMOVAL REQUEST DATE:	
DISTANCE FROM CONSTRUCTION METER TO PROPERTY:	PHONE NUMBER:

LOCATION OF HYDRANT WHERE CONSTRUCTION METER IS TO BE SET IN RELATION TO NEAREST CROSS STREET OR STREET ADDRESS:
(If applying for relocation, list current and proposed meter location):

CONSTRUCTION METER PURPOSE: (The District may require proof of construction in the form of a current Building or Grading Permit.)

I understand that this application is for temporary water (through a construction meter) for the sole purpose of construction work at the address/location stated above. I further understand that the District has the right to remove the construction meter without prior notice if the meter is being used in an improper manner as determined by the District, and will discontinue any water service to the properties until permanent water service is established. Time period for use of construction meter will expire upon the following (whichever occurs first): 1) Six months, 2) Expiration of the permit, 3) Completion of the permitted work, or 4) Permanent water service is established. I also understand that the water supplied through the meter may be subject to frequent or indefinite interruptions at any time by the District. I also understand that I am responsible for this meter and its usage until I give proper written notification to the District office that the meter is to be removed and the District has the meter back in its possession. I also understand that I will operate the meter in a responsible manner so as not to cause damage to the meter and/or the water system and agree to be held accountable for any and all damage caused from improper operation of the meter (i.e. damage from water pressure spikes caused by rotating the valve faster than one-quarter revolution every ____ second(s), failure to disconnect the hose when leaving the meter location, failure to close valve properly, etc.). A missing or stolen water meter will be assessed at the current replacement rate. Payment for the meter replacement must be made at the District office before re-installation. I also understand that by the District issuing this temporary meter, this action in no way obligates the District to provide me with permanent water service to the subject property. I understand that each temporary meter must be equipped with approved backflow prevention and/or pressure regulating assemblies for the duration of use provided by me. I also understand that I will be responsible for properly testing, installing, and operating these assemblies. I also understand that per Part 5 Section B-1d of the Los Angeles County Waterworks Districts Rules and Regulations, any existing temporary meter shall be removed in a Phase I Water Shortage.
