

Hello from the Los Angeles County Waterworks Districts. We are excited to introduce our new quarterly e-newsletter as another way of communicating important information with you. To unsubscribe from these updates, click [SafeUnsubscribe](#) at the end of this message.

Winter Watering Tips

Winter is here! It is time to save even more water by turning off your sprinklers or adjusting your watering schedules to at most two days per week. Remember to also protect your water pipes to prevent them from freezing. [Read More](#)

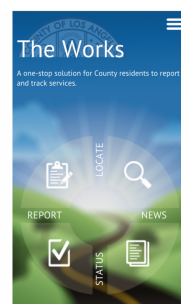

Cash for Grass Extended - Thanks to AVEK

Great news! Beginning January 1, 2015, we are offering the Cash for Grass Rebate Program to provide \$2 per square foot for removing grass and replacing it with water-efficient landscaping to customers in Acton and the Antelope Valley. Antelope Valley-East Kern Water Agency (AVEK) is contributing additional funds to expend the program for District 40 (Antelope Valley). Funding is limited - [Apply Now](#)

Reporting Water Waste

Due to the drought emergency in California, we need your help to stop water waste. If you notice water waste occurring within the LACWD service area, you can submit an online report, download "The Works" app and submit the report through your smartphone, or call 1-800-675-HELP. [Read More](#)
