

NOTICE
RANCHO VISTA TANK REPAIRS
AND WATER DISCHARGE

Los Angeles County Public Works will be working to clean and make repairs to an existing water storage tank at the Rancho Vista Tank site as part of regularly scheduled maintenance. The tank will need to be drained and completely emptied as part of the maintenance work. Your water service will not be interrupted at any time.

Most of the water will percolate into the ground at the tank site and recharge the aquifer. However, there will be a small flow of water onto Gemelos Court and Claro Way which will then flow to the Rancho Vista Golf Course via storm drain and percolate there.

An updated notification will be sent to notify when the tank is emptied and when repairs are complete. Your patience during this work is greatly appreciated.

Location: Approximately 40406 Gemelos Court, Palmdale, CA

Work site: Within the property of the tank site.

Date: February 22, 2023, through March 3, 2023

For water use information or questions, contact (877) 637-3661 from 8 a.m. to 5 p.m. Monday through Friday.

For additional project information, contact the project manager at (626) 300-3389 from 8 a.m. to 5 p.m. Monday through Thursday.

For after-hours assistance, call:

LA County Public Works 24-hour Dispatch Center at (800) 675-4357 (HELP).
